Rich Mellow Tones and Finishes of Matchless Beauty
Handworked by Europe's Old Master Craftsmen

Violin Making—A True Art

All really fine pieces of handicraft owe their superiority to the genuine affection the maker has for his art. Such sincerity of effort is nowhere better exemplified than in the workshops of the violin makers of Germany, where violin making is more than a profession—where it is a beloved art, handed down from father to son for generations.

To assure Ward's customers of good Violins, I go to Europe every year and visit the houses of these Old World craftsmen—and in these homely but exacting workshops I make my selections. There is no better way to be certain of the dependable quality that must distinguish every violin we sell. And you appreciate, too, that buying from the maker and selling direct to you is certain to make any one of our instruments a most unusual value.

The more expensive models, particularly those made by Eugene Meinel, have repeatedly won unusual comment from critics and accomplished musicians. They possess a rare loveliness of tone—mellow, radiant and exquisitely sweet—which rises always above the commonplace.

A violin built of select, well seasoned woods and hand-made by craftsmen who devote their entire working lifetime to the subject, cannot fail to be anything but a perpetual investment. Its tone—the true value of the instrument—will improve with age. Such is the violin you receive from Ward's.

John L. Mitchell
Manager Music Department.

"I am well pleased with the Violin I bought from you. I could not equal it anywhere else at so low a price. Everyone remarks that it is the best they have seen." Clyde McMurtry, Mountain Grove, Mo. Printed by Permission

"My brother, George P. Howard of McGregor, Tex., still has the first Violin he ever owned. It was bought from Montgomery Ward & Co. in 1898. He would not take ten times its cost." Edgar G. Howard, West Fork, Ark. Printed by Permission

Our Masterpiece Genuine Meinel

For Professionals

Hand-Made—Oil Varnished

Our finest violin, the Masterpiece, is made by Eugene Meinel in Markneukirchen, Germany. It is fashioned with exquisite skill after an original by Stradivarius—the great master of all violin makers. Such a violin would cost you at least twice our price if you were to buy it anywhere else.

In my yearly visits to Markneukirchen, I contract to buy direct from this famous maker, thus avoiding the usual middleman's profits, and enabling us to sell to you at a fraction of its actual value.

John L. Mitchell
Mgr. Music Department

Top of perfectly aged mountain spruce, back of beautifully flamed maple and the finest ebony tailpiece, fingerboard and pegs.

Pure oil varnish used that brings out the delicate amber colored shading and fine grain. Best grade of strings—G string, pure silver; D string, aluminum. Shipping weight, 11 pounds.

551 F 700— Violin only..... **$45.00**

$45.00 Our Finest Violin

Violin and Outfit

$14.85

Violin, Bow, Case, Rosin, Tuner, Set of 4 Strings, Two Instruction Books, Fingerboard Chart

The "Stainer"

A Real Bargain

This Stainer model Violin will win enthusiastic praise from students and instructors who favor this type of instrument. It is expertly copied from a genuine Stainer, with the gently bulging front and back, and has the pure full tone for which the Stainer is famous. An outfit with a violin of this quality usually retails elsewhere for about $25. Buying direct from the makers in Europe, enables us to make this low price. Thoroughly seasoned spruce is used for the front, with beautifully figured and matched maple for the back and sides. Tailpiece, fingerboard and pegs are genuine ebony. Included with the Stainer are a bow, of polished Brazil wood, pearl trimmed frog; violin case, flannel lined; set of four imported gut strings; chin rest; four-pipe tuner; rosin; fingerboard chart and two books. Shipping weight, 11 pounds.

551 F 711— Complete outfit.... **$14.85**

The "Symphony"

Outfit Includes Violin, Bow, Case, Rosin, Set Of 4 Strings, Tuner, Fingerboard Chart, Two Instruction Books, Chin Rest

$17.85 Complete Outfit 9 Pieces

The Symphony, a beautiful instrument of the famous Stradivarius model, is the choice of advanced students and professional students because of its full rich tone and beauty of construction. Carefully seasoned and selected mountain spruce front and perfectly matched back, sides, neck and carved scroll. Fingerboard, tailpiece and pegs are made of genuine ebony. Well balanced bow of polished Brazil wood, with pearl trimmed ebonized frog. Violin case, flannel lined, fully protects the instrument. Imported gut strings, the best you can buy; rosin; four-pipe tuner; fingerboard chart; chin rest; and two books are included. Shipping weight, 11 pounds.

551 F 692— Complete outfit..... **$17.85**

Complete Equipment for the Young Student

$5.55 Violin, Bow, Case, Rosin, Set of 4 Strings, Instruction Book, Fingerboard Chart

The "Melody"

You may search the country over without finding another Beginners' Outfit to compare with this for genuine value. The Melody Violin, while not expensive, is excellently suited for the beginners' first lessons. It is beautifully grained and polished and is one that any student will be proud to own. It is an exact copy of the Stradivarius with back and sides made of maple. Front is of straight grained, seasoned spruce. With it we include a cardboard case or canvas case, Brazil wood bow, set of strings, rosin, fingerboard chart and instruction book. Three-quarter size is for student 6 to 12 years old.

"Better New Violins Could Not be Purchased At Any Price — I Own Six of Them" G.R. Clements, Hugo, Okla.

$29.75 Violin Bow And Case

Copy of a Genuine Guarnerius

A true copy of the famous master, Joseph Guarnerius—recognized as one of the greatest violin makers. It is an instrument possessing unusual tone volume and carrying power with exceptional sweetness and mellowness of tone. The wood is specially selected and seasoned for years before painstaking craftsmen fashion it into the beautiful instrument shown here. The back and sides are choice quality curly maple; top is a beautiful narrow grain spruce. Finished in an attractive reddish amber, shading from a dark to a light color and highly polished. Outfit consists of the violin, Violin Case lined with silk plush and Pernambuco bow. Shipping weight, 8 pounds.

551 F 698— Violin, case and bow **$29.75**

$24.95 Genuine Meinel

Hand Made

Oil Varnished

Hand made copy of Stradivarius by Meinel—conclusive proof of its tested tone quality and perfect workmanship. Easily a $50 violin.

Although the wood used is not so old as that of the Masterpiece, it is nevertheless toned to delight either a beginner or a professional.

Seasoned maple back and mountain spruce top. Oil-varnished to dark amber color. Finest genuine ebony trimmings. Best grade of strings. G String Pure Silver, D String Aluminum. Shipping weight, 6 lbs.

551 F 695— Violin only **$24.95**

For Professionals

Copy of Genuine Amati $35.75 Violin Bow And Case

The Amati is different from the Stradivarius and the Guarnerius in that the body is not quite so broad but has greater depth through the middle section, which gives a large, velvety tone that is responsive and sympathetic. Every construction detail has been carefully handled by experts and the result is this extra fine Violin. One-piece back of beautifully flamed maple; sides also of maple; top is finely grained spruce. The color is a brownish red shading from dark to light color and highly polished. Full ebony trimmed. Silk lined plush case and genuine Pernambuco wood bow included. Shipping weight, 8 pounds.

551 F 696 ..... **$35.75**

$12.75 Complete Outfit

Tested Quality Concertone Band

Beautifully Finished–Hand Engraved

TRADE MARK

Concertone Band Instruments are a quality brand, made especially for us by one of the leading European manufacturers. They are made to conform to approved American standards after our own specifications and under our strict supervision.

Our professional models are especially well made and embody the very latest developments in band instruments, they have drawn brass tubing with bores carefully tapered and horns properly shaped to insure freedom from blasting or cracking tones. They have the latest type boxed valves, which are short and light with an action that is noiseless and rapid. The fine high polished finish and hand engraved bells give these instruments an appearance that will be a credit to any band or orchestra.

NOTE: Nickel and silver plated instruments are plated after we receive your order, to insure a bright fresh finish. This generally takes about 10 days.

$63.45

Most Popular Instrument

Concertone C Melody Saxophone

A COMPARISON of this Instrument with those selling elsewhere for $90 or more will prove the exceptional value we offer. It is entirely American made, of high quality materials by craftsmen of long experience and is an instrument that can take its place capably in any orchestra. The extra heavy sockets provide an assurance against leaking. Plays the melody from organ, piano, violin, flute, oboe, voice or any other music written in the key of C—without transposing. Decorative engraving on the bell. Instruction book, finger chart, music lyre and cord with snap included. Length, 27½ inches. Ship. wt., each, 13 lbs.

B-Flat Trumpet Cornet

The Trumpet Cornet is very popular in both bands and orchestras for its peculiar, brilliant tone. It has been especially designed to meet the demand for a dependable instrument at a price that is within the reach of all. Considering the quality of tone and workmanship it is a far better instrument than you would expect to receive for such a low price. It has the true trumpet tone, is easy to blow, and has a remarkably light and rapid valve action. Built in B-flat low pitch with quick change to A. Plays with a loud, clear tone that is sweet and resonant. This is an exceptionally graceful model throughout, well built and of perfect bore. Inlaid pearl valve buttons; beautiful hand engraving on bell. Length, 19 inches; diameter of bell, 4¾ inches. Complete with music lyre, mouthpiece and instruction book. Shipping weight, each, 5 pounds. $12.45

"I have just received the professional B-flat Trumpet and I am very well pleased with it. It's easy to play and easy to blow. I can reach high C easily on this Trumpet.

"We now have three Concertone Instruments in our band and they are much appreciated."

Lewey Bauer,
Lucinda, Pa.

Printed by Permission

A fair comparison will soon prove to you that Concertone Quality cannot be equaled anywhere else at such low prices as we offer. So confident are we that these instruments are superior to any others of the same price, we will send you any one for ten days trial. You may test it thoroughly, and return it if you are not satisfied. We also guarantee that for a period of five years we will repair, free of charge, any band instrument on which a brace or joint has become loose.

Elastic Hosiery

Woven to Your Measure

Chart

Ward's Elastic Stockings, Leggings, Anklets and Knee Caps exert a steady pressure and give comfortable support for varicose veins and ulcers; bruises, swollen and weak limbs; sprains, wrenched joints and strained muscles. You may have them hand woven or machine made and seamed or seamless. All washable.

Seamless hosiery. Gives an even pressure at all points, is more comfortable and less noticeable. Remember Ward's never sacrifice quality to make lower prices. We use only the very best materials.

Seamed hosiery. Best where greater pressure is desired.

Machine made seamed hosiery. Will give satisfactory service for temporary wear and for athletes.

How to Order Elastic Stockings

As soon as you arise in the morning—before leg has swollen—measure around leg at points shown by letters on Measuring Chart. Lowest point on stockings is A; on leggings, C. Also measure length on inner side of leg. Give exact measurements; we allow for stretching. State whether right or left leg. Prices for one garment only. Allow 8 to 10 days for making.

Garments correctly made to your measure cannot be returned.

Garter Leggings

Reach from C to E on measuring chart. Read "How to Order Elastic Stockings." Measure around leg at points C, D, E. For length, measure from C to E (on inside of leg).

Our line of Garter Leggings is very complete. We supply machine woven garments or hand woven garments. We furnish them seamed or seamless, according to pressure desired; and in cotton or silk, as preferred.

Our seamless silk leggings are the best that money can buy, and are priced low. Shipping weight, each, 6 ounces.

Seamless Silk

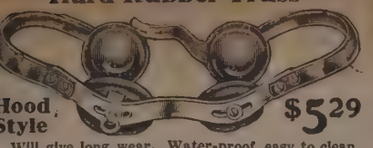
Hard Rubber Truss



Hood Style

$5.29

Will give long wear. Water-proof, easy to clean, and not affected by perspiration. All pads and the covering of the waistband are of the best polished black hard rubber. It is closed in front, the pressure being regulated from the back by a strap joining the back pads. Small dummy pad on unaffected side of single truss helps hold it in place. Springs are of hand-forged, oil tempered steel. Read "How to Order" at right. Shipping weight, each, 1 lb. 8 oz.

SIZES: 30, 32, 34, 36, 38, 42, and 44 inches. State size wanted.

53 F 6025—Single, reversible (right or left)..... $5.29

53 F 6026—Double (both right and left)..... 5.79

Are You Wearing The Correct Truss?

Your Truss ought to be carefully chosen to hold the rupture firmly and press upward and inward at the rupture ring without causing more discomfort than is necessary. Often the proper truss will effect a cure. Our trusses are all comfortable, serviceable, and economical. They are the best made. We can supply your size.

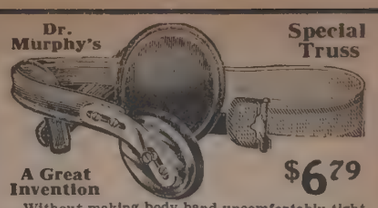
Be sure to consult your physician before ordering, if you have not worn a truss before, to determine the correct truss for your particular case.

Trusses Not Returnable After Being Worn

How to Order Trusses

Place tapeline across the back, about one inch below waist line and one inch below hip joints on sides, drawing tightly to place of rupture. Avoid any fullness in abdomen. A truss to fit correctly should fit snugly around the body slightly above the fleshy part of the buttock. We carry in stock the following sizes of all trusses: 30, 32, 34, 36, 38, 40, 42, 44 inches. For sizes between, order next smaller size. Trusses larger than those listed are made to order. Shipped from Factory. Allow 8 to 10 days. Extra charge of 75¢.

Dr. Murphy's Special Truss



A Great Invention

$6.79

Without making body band uncomfortably tight, upward and inward pressure to suit each case is obtained, simply by tightening strap at back which lifts hip extension. Leather covered steel spring, on affected side; strong elastic webbing on unaffected side. More comfort than an all-spring Truss. Soft kid covered composition pad. Instructions with each truss. Shipping weight, each, 1 pound 4 ounces. Read "How to Order" at left.

Pure Imported Olive Oil

A splendid food, wholesome and nutritious. While largely used for salad dressings it also has many uses as a medicine. Being mildly laxative it is useful in cases of constipation. It is often prescribed as a tissue building tonic. Used externally it is soothing and healing for burns, scalds and some irritations of the skin. This Oil, clear in color, with full rich flavor, is the first pressing of select mature olives. Guaranteed absolutely pure.

Mulsified

Cocoanut Oil Shampoo

4-Ounce Bottle **39¢**

Your "Crowning Glory" Is Too Precious To Neglect

Try this quick and simple method and see the difference it makes in the appearance of your hair. Note how soft and silky, bright and glossy your hair will look. Beautiful hair needs constant careful attention to preserve it. For a while its natural vitality will keep it abundant and apparently vigorous, but if left without proper care, it soon falls a victim of neglect. Dandruff appears, the hair becomes faded, oily, and thin. Sometimes it is then too late to save the growth that was once your pride.

Mulsified Cocoanut Oil Is the Ideal Shampoo

Regular and frequent washing with Cocoanut oil shampoo is all the care necessary. Under this treatment your hair gains life, beauty, and vitality. Becomes glossy and bright. The shampoo contains no free alkali to dry the scalp and make the hair brittle. Acts by gently, but thoroughly, cleansing the scalp, removing the dry and dead foreign matter, thus giving the hair a chance to grow and gain color in a natural way.

Beautiful Hair More Necessary with Modern "Bobs"

The styles of today with their simplicity and lack of ornament make thin, scraggly hair more undesirable than ever. No "switches" to cover up the lack of abundance. To make the best possible appearance with your "Bob," shampoo regularly with Mulsified Cocoanut Oil.
53 F 1779—Regular 50¢ size. 4 ounces. Shipping weight, 1 pound..... **39¢**
53 F 1778—Regular $1.00 size. 9 ounces. Shipping weight, 1 pound 8 ounces..... **79¢**

Bring Back the Color to Gray and Fading Hair

SARINA Hair Color Restorer

Why allow those telltale streaks of gray to reveal the approach of age? With this scientific, harmless preparation you can give a beautiful and youthful color to hair that has become streaked, faded or permanently gray. Make yourself look as young as you really are. Can be easily used by anyone at home if directions are closely followed. Before using the first time wash your hair thoroughly. After you have obtained the correct shade, one application lasts a long time. No interference with shampooing, curling or waving. Desirable for men as well as women. Does not harm the hair. Shipping weight, 1 pound.

COLORS: Black; dark brown; medium brown; light brown, or auburn. Be sure to state the color wanted.

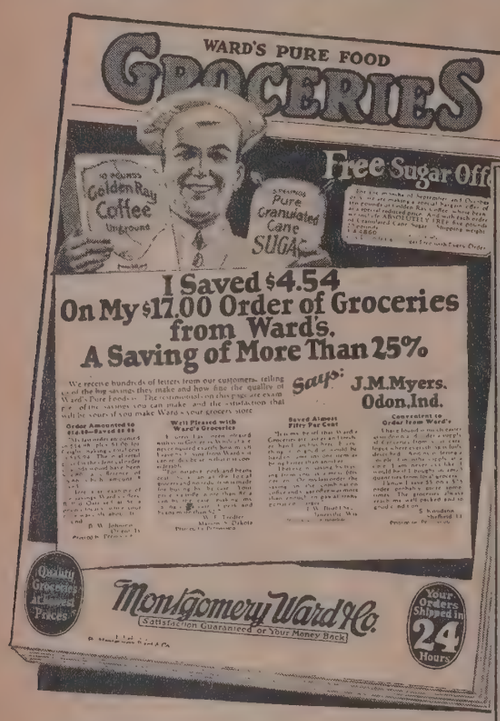
These Useful Catalogues



More Savings

ALTHOUGH this large catalogue offers you many thousands of bargains, you will find new ways to save by consulting these five special catalogues.

Any or all of them will be sent to you without charge, on receipt of a post card request. In them you will see convincing evidence of Ward's buying power. Quality is ever the foremost consideration. But it is natural that, supplying eight million families, we should be able to buy quality merchandise for less—and, therefore, to sell it for less.

Send for these free catalogues. Study them carefully. Select the merchandise which appeals to you, and price that same merchandise in your own locality, remembering that Ward's quality always means guaranteed satisfaction.

Order Blanks and Envelopes

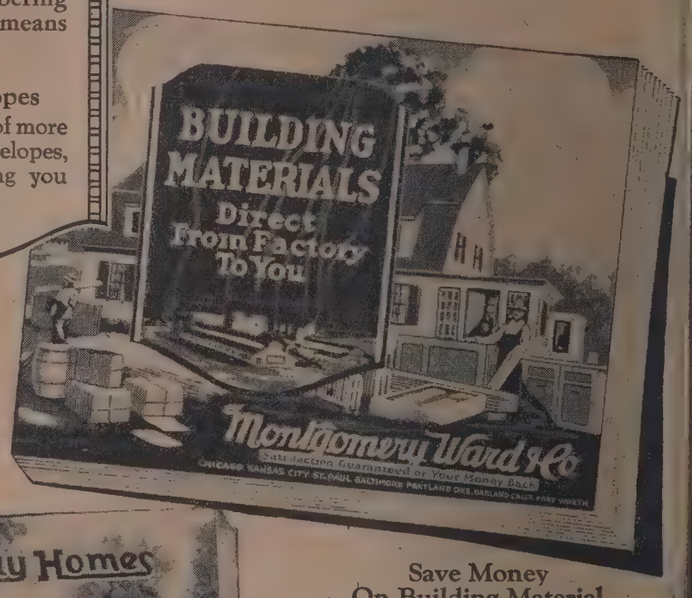
Whenever you are in need of more order blanks or addressed envelopes, a post card request will bring you a new supply by return mail.

100 Actual Samples
Newest Patterns—3¢ a Roll and Up

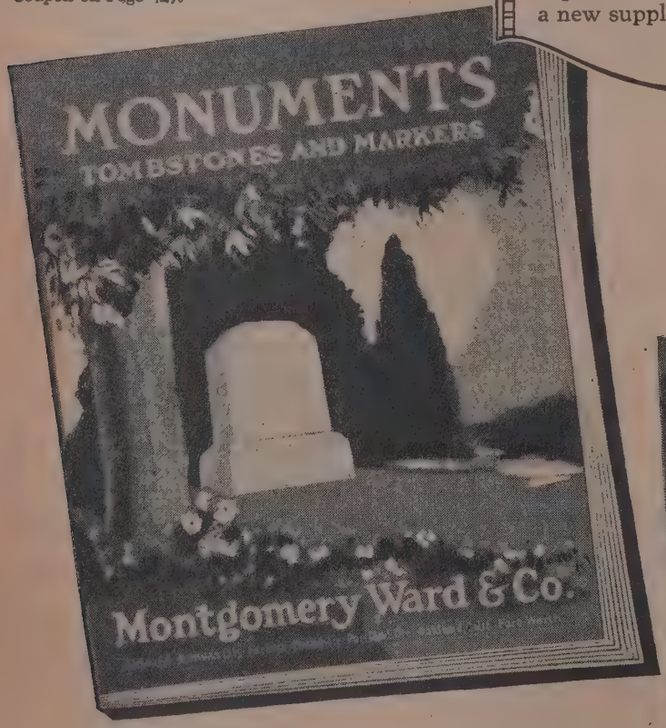
Whether you plan to redecorate only one or two rooms, or to paper every room of a new home according to the latest styles of interior decoration, you will find just the designs and colors you are seeking in Ward's Wall Paper Sample Book. Big samples—measuring 9 by 11 inches—enable you to judge accurately what the finished effect will be. And in addition to saving on the price of the paper itself, you make a further saving by doing your own paper-hanging. It's surprisingly easy with the aid of our complete instructions. Send for the new Wall Paper Book, and see for yourself. A post card will do, or you may use the coupon on Page 439.

All That Is Best in Staple Groceries

More than a million families saved money last year by ordering their Staple Groceries from Ward's Grocery Catalogue. And they saved in quality, too—for they received fresh, high-grade merchandise. A post card request will bring it by return mail, or you will find a coupon on Page 427.



BUILDING MATERIALS
Direct From Factory To You
Montgomery Ward & Co.
Satisfaction Guaranteed or Your Money Back
CHICAGO KANSAS CITY ST. PAUL BALTIMORE PORTLAND ORE. OAKLAND CALIF. FORT WORTH



Appropriate Memorials for All Time

Graceful—imposing—permanent—a tribute to the memory of a useful life. This Monument Catalogue will show you many beautiful designs in granite and marble—monuments, tombstones or markers—together with artistic iron railings and settees for cemetery use—at a substantial saving. A post card request will bring you Ward's Monument Catalogue by return mail.

Save Money
On Building Material

Everything you need for any building requirement from a dog kennel to an addition to your house—you'll find listed in Ward's Building Material Catalogue, at prices that represent tremendous savings to you. Everything is of the best—all millwork is the product of one of the world's greatest mills.

Wardway Homes
On Easy Payments

Wardway Homes are now offered to you on Easy Payments. You may read about them in detail on Pages 428 and 429—or better still, write for the catalogue and study the many attractive plans. There you'll find cozy, coveniently arranged modern homes in a wide range of styles and prices. And our low prices, together with your saving in labor on the job through the use of ready-cut materials, will result in a saving of from 25 to 40 per cent on any Wardway home, erected complete.

BIG DOLLAR BARGAINS

New Rayon Chemise

32 F 793—Flesh pink.
32 F 794—Honeydew.
SIZES: 34, 36, 38, 40, 42-inch bust. State size wanted.
Shipping weight, each, 6 ounces.

Just about the finest value ever offered in a Step-in Chemise. Of lustrous, good quality knitted Rayon with picot stitch edging around shoulder straps. Bodice top style, and a Rayon ribbon draw. Bottom is edged with Rayon in pretty contrasting color. Buy several—for yourself or for gifts.

Unbleached Cotton Toweling

Width, 17 inches
Shipping weight, 10 yards, 1 lb. 8 oz.
16 F 6003—Cream color only.

Ten yards of extra wide, heavy weight Cotton Toweling for a dollar! Made of good, absorbent cotton yarns. Will gradually bleach with washing. Neat colored border. Sold in 10-yard bolts only.

Bleached Turkish Towels

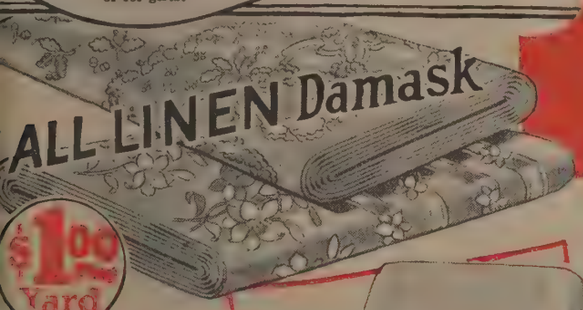
Size, hemmed, about 15 by 16 inches
Shipping weight, 12 towels, 2 pounds.
16 F 9230—Bleached white.

An unusual bargain in medium quality Turkish Towels. They're made of single loop cotton yarns, bleached a pure white. Soft, absorbent, and durably finished with neatly hemmed ends. Sold in lots of twelve only.

Fine Check Nainsook

29 F 547—White only.
SIZES: 34 to 46-inch chest. State size.
Shipping weight, 2 suits, 7 ounces.

Here is the biggest bargain we could get in men's Union Suits for this money saving page. Two suits made of firm, closely woven checked nainsook—an extremely durable quality that we have never been able to offer at a price so low. V neck, athletic style with ribbed knit insert across the back to relieve any strain on garments. Taped armholes. Closed crotch. Roomy, one-button, lapped seat. Sizes are cut as full and roomy as any of our higher priced union suits.



Width, about 64 inches
Shipping weight, per yard, 10 oz.
20 F 8368—PATTERNS: rose; pansy; chrysanthemum, or lily on stripe.
State pattern wanted.

If you are looking for a long wearing Linen Damask at a low price, you will be more than pleased with this pure white material of medium weight. The quality is most dependable and the patterns very attractive. It is seldom that we are able to offer so excellent a value in linen damask for tablecloths.

Feature Trousers Bargain Worth Talking About!

A Work Trousers value that men the whole country over are talking about. No other store ever before offered trousers of this quality at $1.00. This is the result of our efforts to give you a value that would be truly remarkable. First our representative carried through a deal with a mill, receiving its absolute bottom price on the material. We then made an agreement with a manufacturer of high repute in which we were to keep his help busy during the slack season. In return we were to get the lowest price possible on the making of the trousers. They are strongly and durably made of a good cotton fabric. Stitching and workmanship worthy of $2 trousers.

SIZES: Waist 30, 32, 34, 36, 38, 40, 42, 44 inches. Inseam 29, 30, 31, 32, 33, 34 inches.
State waist and inseam measurements wanted. Read "How to Order" on Page 214.
Shipping weight, 1 pound 8 ounces.
42 F 5049 $1.00

A Good Bargain

Width, 42 inches
Shipping weight, 4 yards, 1 pound.
16 F 7420—Bleached white.

A big bargain in Pillow Tubing. The handy way to make your pillow slips—no side seams are necessary. Woven of good cotton yarns, bleached a pure white. Seamless. Sold in 4-yard bolts only.

Our Greatest Value In a Flapper Suit

Without any doubt, it is the greatest value of its kind we have ever offered.

Of a fine, strongly twilled jean cloth that will wash beautifully. It is cut over a full generous pattern and double sewed throughout for the added strength a boy's garment needs. There are two pockets in the pants. Fancy adjustable sports belt with leather trimmings. This garment would be an excellent value at $1.60.

SIZES: 3, 4, 5, 6, 7, 8 years.
State size wanted. Read "How to Order" on Page 224.
Shipping weight, 14 ounces.
20 F 3906—Olive drab only $1.00

Here is a specially planned bargain that will certainly help mothers to save money. They're only $1.00 a pair, but they'll wear like $2 shoes; and because they are footform shape, they are best for growing feet. The black *Wonder-Wear* composition soles are stitch-down sewed. Fine, soft, brown grain leather. Shipping weight, per pair, 1 pound 8 ounces.
SIZES: 6 to 12. State size wanted.
24 F 2458—Oxfords.
24 F 2553—Shoes. $1.00

Women's Chamois Fabric Gloves Best Quality

35 F 5730—Mode.
35 F 5731—Sand.
35 F 5732—Oak.
35 F 5733—Gray.
35 F 5734—Beaver.
SIZES: 6, 6½, 7, 7½, 8, 8½. State size wanted. Shipping weight, per pair, 3 ounces.

A last minute bargain of which we are proud! Fine Gloves of a quality that usually retail for about $1.50, and offered in all this season's most popular colors. Of best quality imported chamois fabric with that soft, velvety finish which so closely resembles suede leather. Latest style French turnover cuffs with fancy contrasting stitched pattern. Fancy embroidered backs to match. One clasp fastener. Fully shrunk—you can wash them repeatedly, they will not lose shape.

Women's Silk and Rayon Hose

30 F 775—Black.
30 F 776—Nude.
30 F 777—Tanbark (Medium Tan).
30 F 778—Peach.
SIZES: 8½, 9, 9½, 10. State size wanted.
Shipping weight, per pair, 3 oz.

Just think, two pairs of good looking, serviceable Stockings for only $1.00! Knit from Pure Silk and Rayon from tops to toes, they have a lovely sheen and are smart for wear with the shortest of frocks. Reinforced heels and toes insure good service. Neat seam up back of leg. Seamless feet.

Does the Boy Want a Lumberjack? Here's a Bargain!

32 F 436—Tan check pattern.
32 F 437—Blue check pattern.
SIZES: 3 to 6 years. State size wanted.
Shipping weight, each, 12 ounces.

It's just the kind of Lumberjack the little fellows look best in! Of good medium weight cotton flannel, with knitted band and cuffs; two button-through flap pockets and a collar he can wear up or down. Wonderful value, mother!

3 For $1.15

Waist Union Suits For Boys and Girls

29 F 729—Bloomer knee style for girls.
29 F 730—Straight leg style for boys or girls.

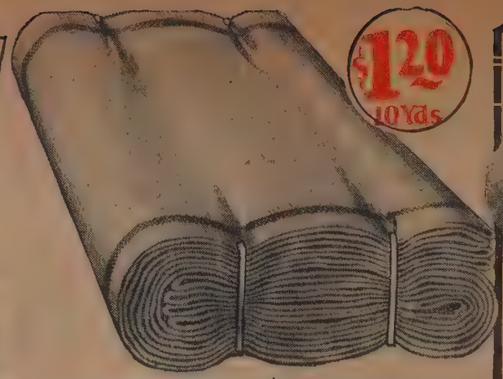
SIZES: 2 to 12 years. State age wanted.

Shipping weight, 3 garments, 8 ounces.

Splendidly serviceable under-garments of firmly woven checked nainsook—cool, long wearing and easily laundered. Choice of two styles, both with two-button shoulder fastening and bound around neck and armholes. Continuous binding around seat to prevent rips is a feature found only on best quality union suits. Metal pin tubes at sides for attaching hose supporters. Three-button drop seat has taped-on buttons.

You May Order Three Suits Of Either Style

The style for girls has full roomy bloomer knees finished with elastic bands. The other style, suitable for boys or girls, is made with straight knees, has self material straps over shoulders and taped on buttons at waist for attaching outer garments. This style has flyfront. Sizes are full cut.



$1.20 10 Yds

Boys' Fine Shirts of "Mirro-Chine"

35 F 907—Tan; gray, or helio with neat checks and figures.

35 F 909—Blue; tan, or gray with neat figures.

HALF SIZES: 12 to 14-inch neck. State size wanted. Shipping weight, each, 7 ounces.

It isn't often that you can buy well made Boys' Shirts of this quality for only 89 cents each. Material is fine "Mirro-Chine," a serviceable shirting similar to cotton pongee. Choice of neat figured patterns. Coat style with well fitting attached collar. One pocket. One button cuffs. Tie not included.

All Wool—Durable Warm U. S. Army Blouse

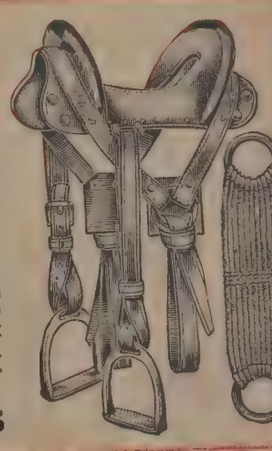
Under ordinary circumstances these U. S. Army Blouses sell for at least 50 per cent more than our low price. That's why we say "they're the biggest value you could get for your money"—anywhere!

All Wool worsted material—exceptionally strong and will save your better clothes. Use it in the field, shop or for general wear. You'll find use every day for a garment like this.

SIZES: Chest 32, 33, 34, 35, 36, 37, 38, 40 inches. State chest measurement wanted. Read "How to Order" on Page 214. Shipping weight, 3 pounds 8 ounces.

42 F 6791—Olive drab only. Bargain Price..... **$1.78**

McClellan Saddle Army Type $7.95



You cannot duplicate this bargain anywhere at our low price. It took months of careful planning before we were able to offer a splendid Army Type Saddle at such a low price, and you men who appreciate real saddle values will agree that this is one of the finest you have ever seen. The government had thousands of genuine Army Saddle trees, so we bought every one of them, at a great saving, and had them made up with practically the same excellent features as the U. S. Army Saddles which were such favorites with Ward's customers. The tree alone would ordinarily cost you nearly as much as the price we ask for the entire saddle. Tree. McClellan type, rawhide covered. Seat. Leather covered, open center. Bars. Leather covered. Cinchas. Wide, hard hair. Stirrups. Iron. Stirrup Straps, 1¾ inches.

Actual weight, 18 pounds. Shipping weight, 23 pounds. Can be shipped by parcel post.

495 F 2350—Bargain Price..... **$7.95**

Part Wool Utility Robe $1.98

One-Fourth Wool

You will make no mistake in ordering one of these Utility Robes if you want something of medium weight that will keep you warm and comfortable on the coldest of winter days. Has many uses about the home; also splendid for camping trips or use as a saddle blanket. It is absolutely one of the finest robes we have ever seen for a price as low as we are asking. Of a mixture of high-grade wool and cotton with weight enough to give sufficient warmth. Body is a deep gray with border stripes of black. Edges neatly turned and stitched. Order several while this price is so low. Size, 60 by 80 inches. Shipping weight, 4 pounds.

30 Days Trial In Your Own Home

Our Guarantee

We guarantee that every Sewing Machine bought from Ward's has been accurately adjusted, carefully inspected and tested. We guarantee the material and workmanship to be the finest quality, and we will make good any defects that develop due to faulty material or workmanship during a period of 20 years from date of purchase, absolutely without any cost to you.

Our Greatest Sewing Machine Bargain

The Damascus, our best Vibrator Type Sewing Machine, in a beautiful five drawer oak cabinet with ball-bearing stand, is a bargain you cannot afford to miss if you need a sewing machine.

You Can Buy the Damascus on Easy Payments

Only $4 down puts this fine quality machine in your home and $4 a month pays for it. Besides, we allow you thirty days to test it in your own home. At the end of that time if you are not entirely satisfied, write us for shipping instructions and we will refund every cent you have paid. You are not out a penny. Read our guarantee above.

All the Latest Features

The Damascus has all the latest features such as automatic tension, positive feed and take-up, automatic bobbin winder and tension release. Automatic tension adjusts itself to any size thread or thickness of materials. Automatic lift swings sewing head into position when lid is raised. Improved presser foot insures positive feed. Length of stitch easily adjusted. The Damascus is designed for comfort. It is the proper height and has plenty of knee room.

The following Greist Attachments are included with the Damascus Vibrating Shuttle Machine and the Electric Portable Machine shown at left.

1 Tucker 1 Binder 1 Braiding Plate 1 Ruffler 2 Screw Drivers

Save $25 to $35 on this reliable Bargain Washing Machine

$49.95 Cash Price

5 Down and $8 A Month

If you purchased this Washing Machine from other stores you would probably have to pay at least $80. It is always reliable and efficient and, considering construction, finish and price, we have never seen its equal.

Easy to Operate

Washes on the old reliable dolly principle, which forces the boiling suds back and forth through every fiber of the clothing, thoroughly, gently and quickly loosening every particle of dirt with the least injury to the fabric. There's nothing difficult about learning to run this Washing Machine. Just drop the clothes into the hot, foamy suds, close the washer, press a button, and the washing begins. Motor is of ample strength to run either the washing machine alone or wringer and machine at same time. The tub is water-resisting, selected southern cypress, corrugated inside. Capacity of tub, six sheets or twelve shirts. Height to top of wringer, 50½ inches; to top of tub, 34 inches. Diameter top of tub, 19¾ inches; bottom, 22 inches. Equipped with swinging reversible wringer with special 12-inch rolls. Special spring catch automatically locks wringer in three different positions. Quick safety release.

Electric Model

Costs about two cents an hour for current. Comes with motor for use on alternating current, 105 to 120-volt 60-cycle. Motors for other voltages and cycles can be furnished for $4 extra. Be sure to state voltage and cycles, and whether your current is direct or alternating. You will find this information on your electric meter. Ship. wt., 258 lbs.

SPEED

Ward's 24 Hour SERVICE

We have invested millions of dollars to give you quicker service and save you money.

First we built seven big stores at such points, that no matter where our customers live, we are close neighbors. Your orders reach us quicker and it takes less time for your goods to go to you. You also save on freight.

We maintain complete stocks at every store. Every size and color of every article are on hand in generous quantities, ready to fill your order at once.

We have hundreds of warehouses located throughout the country, from which we ship many of the heavier articles to save you time and freight charges.

Each store is equipped with an elaborate system of labor and time saving conveyors, which take the place of the slow moving elevators and trucks.

The work of getting your goods assembled is done by carefully trained employees, a great many of whom have grown up with this business and feel personally responsible for the accuracy and speed with which your order is filled.

Our Packing and Wrapping Departments are operated by men with years of experience in preparing merchandise for shipment. They are considered authorities on this highly important division of our business.

That is why we can ship your order in less than 24 hours after we receive it. That is the reason we guarantee your orders to reach you in perfect condition, in the shortest possible time.

South Bend, Indiana

"I wish to thank you for your promptness in sending my goods. I mailed the order on the 26th and received the goods on the 28th—in just 48 hours. That is what I call service."

MRS. RALPH O. WALTERS

White City, Kansas

"Our goods arrived just three days after ordered. We were very well pleased with them. Every article was what we sent for, and satisfactory in every way."

MRS. J. W. HALL

Talala, Oklahoma

"I want to thank you for your quick service in filling my last order. I sent for a set of dishes, and just four days from the time I sent the order the dishes were here. They cost me only $3.98, and locally they sell for about $8."

FRED MAYFIELD

Pasadena, California

"We want you to know how delighted we were with the splendid service we received on the order for four tires. They arrived sooner than we ever dreamed they would, and along with them the check for $2.35, as the tires had been lowered in price. Both check and tires have afforded us a delightful camping trip over Decoration Day, for which we sincerely thank Montgomery Ward & Co."

MRS. E. J. SINZINGER

Cartwright, N. Dakota

"I wish to thank you for your prompt service. Just one week ago I mailed an order to you. Received the accordion yesterday, and must say we are delighted with it. The same would cost twice as much here." MRS. N. J. SHIDLER

Montrose, Arkansas

"I must write and tell you how much I think of your prompt delivery. I sent in order the 8th, for a suit of clothes and trousers. They came on the 12th. That was the quickest service I ever had, and I want you to know how much I appreciate it." MRS. IDA B. HILL

Stryker, Ohio

"I am writing to express my appreciation of the very prompt service rendered by your store on a recent order I sent you by telegraph. In 48 hours from the time I sent the telegram I had the radiator core, which was exactly as ordered. This is the most satisfactory service I have ever received from a mail order house." M. A. RUGH

Dansville, New York

"One point that impresses me in your favor is your promptness in shipping goods. It seems to be human nature to want something as soon as one sends for it and to get very impatient with delays. I appreciate your promptness more than I can say. I know that this is true with your other millions of customers."

MRS. E. A. LAWERENCE

Denver, Colorado

"I wish to commend you on your quick service. [illegible] day afternoon, the 5th. To my surprise I received the goods Saturday the 10th at about 1 p. m. That is pretty near as good service as I get from stores right here in Denver. I have purchased things here and had them delivered in three days. Yours is what I call service, and I appreciate it." C. A. HAYES

Mt. Vernon, S. Dakota

"I am writing to tell you we appreciate your quick service and that we are pleased with everything we have bought. I sent for a rifle the 21st of the month and received it the 26th. It is just what it should be. I have always been pleased with my orders from you."

"I Wouldn't Sell My Raincoat for $20"
"The Raincoat I bought from Ward's could not have been better. The fact is I would not sell it for $20 if I could not get another like it. It is the first thing I ever ordered from you but it will not be the last."
J. C. Cowin,
Cokeburg, Pa.

"The Finest Cot for a Camping Party"
"Your Camp Cot is the finest bed for a camping party that we have ever seen. We used it both in the car and in the tent on our trip to the north and return, and liked the ease with which it can be set up and taken down."
Mrs. G. C. Hasbrook, Cleveland, Tenn.

We Made a Saving of $15.60

"We are more than pleased with our Kitchen Cabinet. The stores here ask $68.50 for a cabinet not as large as the one we bought and with no better equipment. After we paid the freight and drayage we made a saving of $15.60."

Mrs. Homer Eatmon,
Paragould, Ark.

"My Cream Checks Tell the Difference"
"I want to tell you that the Improved Sattley Separator is a dandy and separates perfectly. My cream checks tell the difference. I am getting much more cream than formerly. I saved at least $35 by ordering my Sattley from you."
Mrs. W. T. Hix,
Westville, Okla.

I Saved $7 on 20 Rods of Fencing
"I surely got my money's worth in the Ajax Fencing I bought from Ward's. I saved $7 on 20 rods of fencing for which my local dealer would have charged $14. The Ajax Fencing is well made and strong enough for all fencing purposes."
A. C. Baughn,
Dundee, Ky.

Ward's Harness Easily Adjusted
"I am more than satisfied with my harness. It was much better and heavier than I had expected. It is easy to adjust and very comfortable on the horses. A set of harness like that I got was priced at $72 locally. My neighbors have told me that I have a fine set of harness."
Frank Steinhour, Middletown, Ill.

"Not a Dish Was Broken"
"I received the dishes without a piece being broken and not one dish was cracked. I was more than pleased and showed them to my friends who had bought some chinaware elsewhere at higher prices. I have always been more than pleased with everything bought from Ward's."
Mrs. Amanda Braden,
Lynnville, Tenn.

Runs a Riverside Cord
50 to 60 Miles a Day
"I have one of Ward's Riverside Cord Tires on my car that is two years old and is still good. I drive to and from work every day over the roughest roads. This tire was on my car all last summer when I drove from 50 to 60 miles a day."
Arthur Mangus,
Belleville, Mich.

"My Beautiful Tenor Banjo Cost Only $10"

"Although my beautiful Tenor Banjo cost only $10, it compares favorably with higher priced instruments. I heard one that cost $3) and it did not have as fine a tone as mine. I hope to buy one of your higher priced banjos in the near future."
Frank R. Carpenter, Battle Creek, Mich.

"Triangle Club Cookies are Always Fresh"

"We have surely been pleased with Ward's groceries. In our last order we got the Triangle Club Cooky assortment. They are always fresh. The peanut butter was very good. All the groceries arrived in good shape."
Mrs. Vera M. Carr, Pulaski, Ia.
By Permission

"The Melophonic is a Wonderful Improvement"
"We have now been using the new Melophonic about two weeks. The more we play it the better pleased we are with the tone and reproduction. We think the instrument marvelous and a wonderful improvement over the regular phonograph."
Paul Oertel, Auburndale, Wis.

"Easiest Running Machine I Ever Used"
"The Damascus Sewing Machine is the easiest running machine I have ever used. It does even stitching on any material. The stitch has not been changed since we had it and we use all the attachments. My friends who have seen and sewed on the machine say it is wonderful."
Mrs. Frank L. Jones,
Vosburg, Miss.

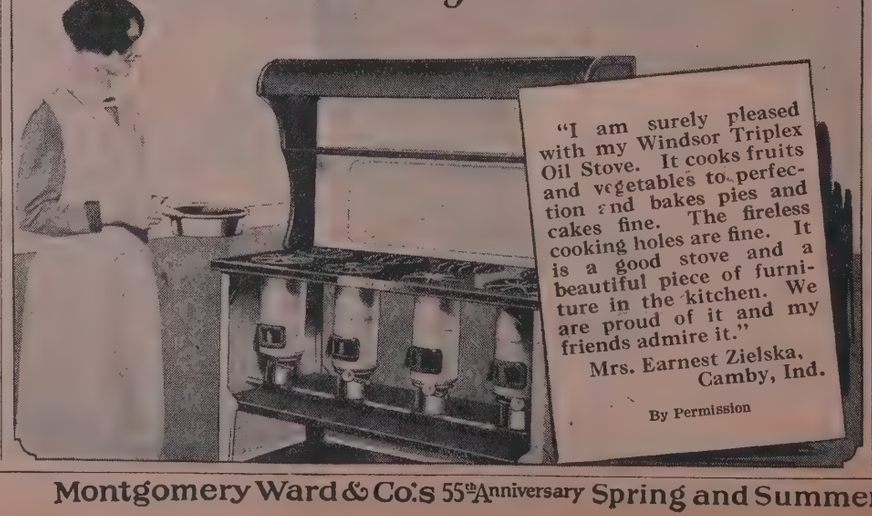
"We Are Proud of Our Windsor Triplex"



"I am surely pleased with my Windsor Triplex Oil Stove. It cooks fruits and vegetables to perfection and bakes pies and cakes fine. The fireless cooking holes are fine. It is a good stove and a beautiful piece of furniture in the kitchen. We are proud of it and my friends admire it."

Mrs. Earnest Zielska,
Camby, Ind.

"The Wash Klean Does My Washing in Two Hours"
"We have been using our Wash Klean Washing Machine for more than a year and it surely is all that you guarantee it to be. I have not had a bit of trouble with the Wash Klean either. I can do a large washing for a family of five in two hours. The price is much lower than one of similar make that I priced here."
Mrs. J. Hatzler,
Troy, Ohio.
By Permission

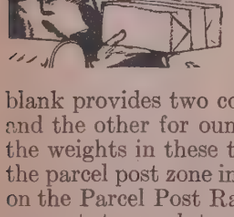
How to Order

Use Order Blanks in Back of Book or Any Plain Sheet of Paper If You Prefer

BE careful to give a complete description of the goods you want. Samples of properly filled out order blanks are printed on Pages 618 and 620.

Send your remittance by personal check, by money order, or in any other convenient form. If you live on a rural route, the carrier will buy a money order for you. If you send cash, be sure to have it registered.

Other Useful Information



To Estimate Postage

In each catalogue description we state accurate shipping weights in pounds and ounces. The order blank provides two columns, one for pounds and the other for ounces. Simply total up the weights in these two columns, then find the parcel post zone in which you live. Look on the Parcel Post Rate Chart for the exact amount to send to pay postage on your order. **Be sure to send enough for postage.** If you send too much money, we will refund every cent due you. On the opposite page we give more detailed directions for determining the amount of postage required.

Freight and Express Shipments

It is not necessary, nor is it recommended, that you send money to pay freight or express shipping charges if there is an agent at your station, as you can pay him when the shipment is received. If there is no agent at your station, send us sufficient additional money to prepay the freight or express charges. If you send too much money for the charges, we will return the surplus. For further freight and express information, see Pages 306 and 307.

Easy Payment and Credit

For special order blank, see Page 623. Easy payment terms can be given only on merchandise for which catalogue easy payment prices are quoted.

Special Sizes and Colors

We carry in stock only articles of the sizes and colors shown in our catalogues. We are telling you this to save you the trouble of writing to us for special sizes and colors which we do not list.

How to Send Goods To Us

WE always try to serve our customers so well that it will not be necessary to return anything. Remember, however, we want you always to be entirely satisfied; and under our complete guarantee you are at liberty to send back any article which is not perfectly satisfactory.

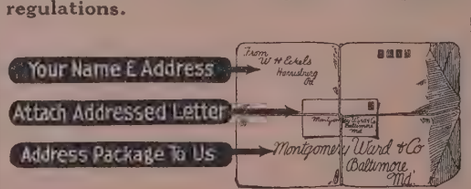
By Parcel Post

Address the package to us and also show your own name and address (see illustration below). Write us a letter telling why goods are returned and whether you wish other goods in exchange or your money refunded. Place this letter in an envelope addressed to us. **Seal the envelope and paste it on the package under the string, as shown in the illustration below. Do not seal the package.**

Place a two-cent stamp on the envelope and sufficient postage on the package.

In this way the package and letter will reach us at the same time, which will enable us to give them our prompt attention.

Do not enclose any letter or message inside the parcel, as that is against the postal regulations.



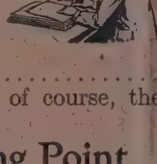
By Express or Freight

Pack securely and address to us, and be sure that your name and address are on the package or crate. Deliver to Railroad or Express Company, whose agent will give you a receipt. Enclose the agent's receipt in your letter to us.

To Send Goods to a Factory

If the merchandise was shipped to you direct from one of our factories, **be sure to write us first** for shipping instructions before returning it.

Shipments to Other Persons

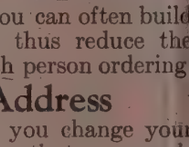


If you want goods shipped to someone else, make out your order in the usual way and write across order thus: "To be shipped to..... ....." (filling in, of course, the correct name and address).

Different Shipping Point

If your shipping point is not the same as your Post Office, there is a space marked "Shipping Point" at the top of the order blank in which to give us the proper shipping instructions.

Club Orders Save You Money



By getting neighbors or relatives to include their orders with yours, you can often build up a freight order and thus reduce the transportation cost to each person ordering.

Change of Address

Let us know whenever you change your address. We want to be sure that your goods reach you promptly and in the best of condition. You will receive our catalogues more quickly if we know exactly where to send them. The best way to do this is to use your new address in the spaces at the top of the order blank, and below write: "Formerly of..... (giving your old address). **If you receive two copies of the same catalogue, please notify us so we can correct our mailing list.**

We Have No Agents

Ward's has no agents authorized to collect money from our customers. We give no discounts or commissions. Prices are strictly as quoted in our catalogues.

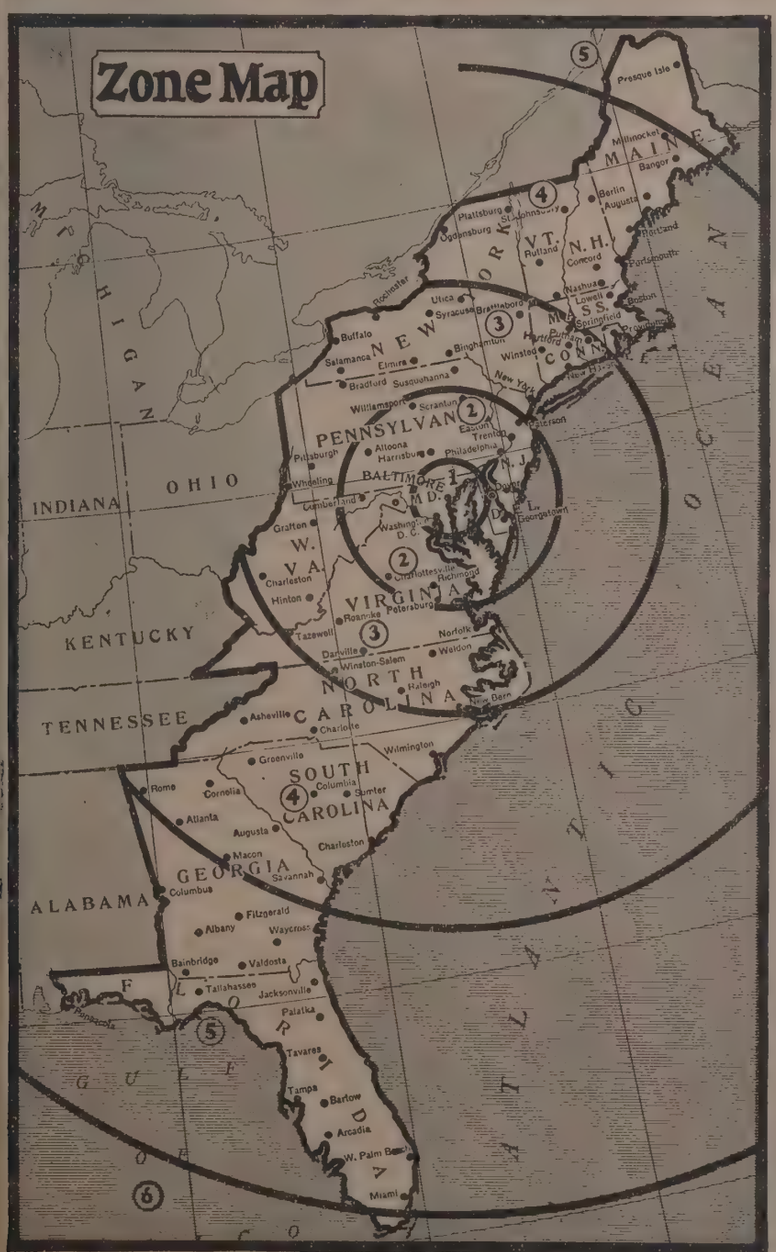
How To Figure Parcel Post Charges

Parcel Post Charges Are Low

You will find parcel post an inexpensive as well as a very convenient way of having most of your orders shipped to you. Parcel post rates are low. All you need to do is send us enough money to pay for the stamps on your package. **If you send more than enough, even though it is only a penny, we will refund the excess amount.** You will be surprised how little it costs to have your orders sent by parcel post. Postal deliveries are prompt and frequent. Your regular mail carrier will deliver your orders to you.

It Is Easy to Figure How Much Postage to Send

1. In each catalogue description we state the shipping weight in pounds and ounces.
2. Write the shipping weights for each article on your order blank in the columns provided.
3. Add up the weight of all the articles on your order to find the total shipping weight.
4. Refer to the zone map below to find the parcel post zone in which you live, either by locating your own town or one near you.
5. Find the shipping weight of your order in the left hand column of the parcel post rate chart. The postage charges shown to the right, under the zone in which you live, is the amount you should include with your order to pay the parcel post charges.



You Only Pay Actual Postage

We will refund every cent due you if you send more than is actually required for parcel post charges. **So always send enough money to cover postage.** You pay only the actual amount of the stamps required on your package to deliver the parcel from our store to your home.

Parcel Post Rate Chart

Postage Weight Limit

Packages not exceeding 70 pounds in weight may be mailed to any post office in zones 1, 2 and 3. Packages which do not exceed 50 pounds in weight may be mailed to all zones.

For Packages Under 8 Ounces to Any Zone, Allow

Under 2 ounces	1½ cents
2 or 3 ounces	3 cents
4 or 5 ounces	4½ cents
6 or 7 ounces	6 cents

If 8 ounces or more, see above chart.

"The Freight Was Only 90¢ and We Saved Twenty-Five Dollars"

Mrs. Sam Hawkins
Newman, Ill.

"The freight was only 90¢ and we saved $25 by buying the sewing machine from you. It is a good machine. It is the easiest I have ever used."

THE saving made by Mrs. Hawkins is typical of the saving most of our customers make on orders shipped by freight from Montgomery Ward & Co. The freight charge is usually surprisingly low. One order for furniture, a stove, farm machinery, or any other heavy or bulky article, will convince you that you too can make a substantial saving over and above the freight charges on any article you buy.

Throughout this catalogue on heavy articles we show Estimated Total Freight Charges so that you can easily see for yourself how little are the freight charges. Compare our prices with the estimated freight charges included, with what you would have to pay locally, for the same quality merchandise and you will readily see the big saving to be made by ordering from Montgomery Ward & Co.

Freight Charges are Really Low Compared to the Big Savings You Make

Below we give the approximate freight charges for three distances on nine articles shown in this catalogue. By glancing at this map you can estimate the distance you live from Baltimore, and in this way get an idea how much it will cost you to ship these articles to your town. You will be surprised how small the charges are, compared with your savings.

Name of Article	Page	Weight	150 Miles	300 Miles	500 Miles
Bicycle	468	65 pounds	$ .65	$ .85	$1.16
Harness	606	85 pounds	.65	.85	1.16
Bed Outfit	400	135 pounds	.88	1.15	1.57
Washing Machine	354	225 pounds	1.46	1.90	2.61
Bathtub	559	320 pounds	2.08	2.72	3.71
Dresser	395	165 pounds	1.07	1.40	1.92
Sewing Machine	346	100 pounds	.65	.85	1.16
Refrigerator	338	200 pounds	1.10	1.36	2.00
Stove	562	235 pounds	1.03	1.25	2.06

Saved One-Third

"I paid 96¢ freight on the Cream Separator. It cost one-third less after paying freight charges than a separator would here. I am well satisfied so far, and would order the same kind again."

L. D. Johnson,
Fredricksburg, Va.

Saved $43.00

"We paid $4.17 freight on our stove and saved $43, as a similar stove would have cost $150 locally.

"It is an excellent baker and a dandy cooker. I can find no fault with it whatever."

Mrs. Fred Kroplin,
Spencer, New York

Saved One-Half

"On this order of $11.95 I am saving $6.53, counting the freight charges in with my expenses. If I had bought the goods here at home I would have paid $19.98 for them."

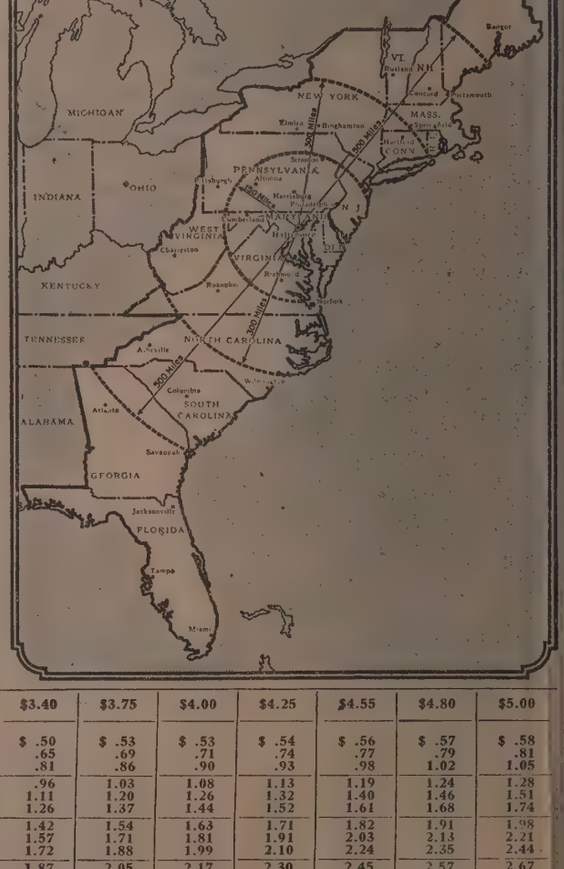
Casper Stein,
Chochecton, New York

How to Estimate Freight Charges

The Estimated Freight Charges shown with the descriptions of many heavy or bulky articles give you a good idea of what your total freight charges will be, no matter what distance you live from the point of shipment. If you live within 150 miles your freight charge will be somewhat less than the 150 mile estimate; if you live between 150 miles and 300 miles the amount will be somewhere between the two amounts shown for those two distances. You can estimate it quickly and easily.

If you live farther than 500 miles from point of shipment, you can estimate that the freight charge for 750 miles is about double the 300 mile amount, and for 1000 miles about double the 500 mile amount. Because freight charges vary somewhat in different parts of the country, it is impossible for us to give the exact charges for these distances, so we do not guarantee that the charges to your station will be exactly as we show them, but as a rule, there will be no great difference.

If you want to know about how much the freight charges on an order of miscellaneous merchandise will be, see the detailed instructions on opposite page.



How to Estimate Express Charges

Below is an Official Scale of Graduated Express Charges.

These rates were in effect when this catalogue was printed. They are subject to change.

Refer to Table C at bottom of Page 307 and find the express rate to your nearest station.

In the column below, under your express rate per 100 pounds, will be found the amount you will have to pay on express shipments of from 5 to 95 pounds. If the exact weight of your goods or the rate to your station is not shown, refer to the next higher rate or weight, and the result will be within a few cents of the correct charge. For example: If you find by referring to the table on Page 307 that the rate to your town is $2.85 per 100 pounds, and your packages weigh 15 pounds, the express charge will be 72¢ except on groceries. Charge on foodstuffs is one-fourth less than the charge on other merchandise.

Express is a quick and safe method of shipping. The express agent in your town will explain his company's service, and will tell you the correct charges on any shipment.

When the Rate Per 100 Lbs. Is—	$1.05	$1.25	$1.45	$1.85	$2.05	$2.25	$2.45	$2.65	$2.85	$3.10	$3.40	$3.75	$4.00	$4.25	$4.55	$4.80	$5.00

How to Estimate Freight Charges

IT is not necessary for you to send money for railroad freight shipping charges if your station has an agent. However if you want to know what the freight charge will be on any shipment from Baltimore, you can easily find it by following carefully the directions on this page.

1. Find whether you live in Eastern or Southern Classification territory. See Table A below.
2. Find the classification of your merchandise—whether 1st, 2nd, 3rd, or some other class of freight. See Table B below.
3. Find your city or the city nearest you, and the rate per 100 pounds to that city. See Table C below.
4. Multiply the rate by the shipping weight of the article given in the catalogue description. You will then have the approximate amount of freight.

Remember

ALL rates are for 100 pounds. Railroads charge for 100 pounds for all shipments of less than that weight at the class to which the article belongs. But in no case is the charge less than 50¢. Over 100 pounds the charge is for the exact weight of the shipment. If the rate to your town is 60¢ a hundred pounds and your shipment weighs 65 pounds, the freight rate will be 60¢. If your shipment weighs 110 pounds, the freight will be 66¢. You can save on freight by building up your order to 100 pounds or more.

Example

SUPPOSE you live in Altoona, Pa., and want to find the freight charge on a sewing machine. Table A tells you that Pennsylvania is in Eastern Classification territory. Table B shows that a sewing machine is first-class freight in Eastern Classification territory. Table C gives the first-class rate to Altoona as 76¢ for 100 pounds. The sewing machine weighs approximately 125 pounds as stated in the catalogue description. Therefore the freight charge will be one and one-quarter times 76¢, or 95¢.

Charges on Factory Shipments

MANY articles we sell, especially heavy or bulky goods, are shipped direct from one of our warehouses or factories to save you handling charges. When estimating freight charges on factory or warehouse shipments, remember you pay the freight charges from point of shipment and not from Baltimore. The catalogue description tells you when an article is to be shipped from factory or warehouse. When in doubt about freight charges, write us. We will gladly give you further information.

Table A
Freight Classification

The classification is not the same throughout the country, and classes are given below under two heads.

EASTERN CLASSIFICATION applies to
Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, West Virginia, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont

SOUTHERN CLASSIFICATION applies to
Florida, South Carolina, North Carolina, Georgia, Virginia

Write Us for Exact Freight Charges

We maintain a force of expert freight clerks for your convenience. Write us if you would like to have us figure the freight charges for you on any article you are thinking of buying.

We pack all merchandise so the shipment will cost you the lowest possible amount for transportation charges. Every article is expertly packed and guaranteed to reach you safely.

Table B
Explanation

1st means 1st Class Rate
1½x1st means 1½ times 1st Class Rate
2x1st means 2 times 1st Class Rate
2nd means 2nd Class Rate
3rd means 3rd Class Rate
4th means 4th Class Rate
KD means Knocked Down

Several articles of different classifications, packed in one box, take rate of highest classed article.

Purest Quality—Clear-Cut—Radiant and Brilliant

Guarantee

We guarantee every Diamond you buy from us to satisfy you perfectly. And we guarantee to refund your money, including transportation charges, should you, within sixty days after receipt of the diamond, be dissatisfied, either with the quality or with your saving. We guarantee every diamond to be exactly as represented and described in the Special Certificate of Guarantee which *accompanies each stone.* We also guarantee to carry out the following options, and which are also a part of the Special Certificate of Guarantee.

Sixty days to examine your diamond. If not satisfactory and returned within sixty days, we refund the price you paid. Full purchase price less 10 per cent, if you decide to return it within one year. Full value in exchange if you decide to return it within one year to purchase a larger stone.

Diamonds—the most beautiful and fascinating of all precious stones—the wisest jewelry investment, for you can always convert them into cash quickly whenever need arises.

Genuine, perfectly cut diamonds, personally selected by our own expert diamond buyers in Antwerp and Amsterdam—the diamond centers of the world—and offered to you at 25 to 30 per cent less than diamonds of equal quality would cost you elsewhere. Is it any wonder that our diamond sales amount to thousands upon thousands of dollars every year?

Diamonds differ widely in their perfection of quality and judging them requires great skill and years of experience. Only an expert can, with certainty, estimate their true value and only a house of integrity and good faith should be trusted when you buy them. Ward's diamond buyers know diamonds, and their exact values. Our guarantee of "Satisfaction or Your Money Back" fully protects you, and in addition we give a special written guarantee.

18-Karat White Solid Gold

The Very Latest Vogue Diamond Set Wedding Rings

Any Initial and Date as Shown Above Engraved Free on any Wedding Ring

Solid 18-Karat White Gold

The sparkling beauty of one of these diamond set Wedding Rings will gladden the heart of any bride. Set with fine grade of diamonds, much better in facet han you would ordinarily get at even considerably higher prices. All are 18-Karat solid white gold, attractively engraved in a wreath design. Initials and date engraved free.

SIZES: 4 to 8½. State size, initials and date you want engraved.

545 F 2861	With 3 diamonds	$17.50
545 F 2864	With 5 diamonds	25.95
545 F 2866	With 7 diamonds	32.75
545 F 2869	With 10 diamonds	39.95

Solid Platinum

Solid platinum, hand engraved in a very artistic wreath design and set with three, five or ten sparkling diamonds. The diamonds used in these Rings are a very fine quality and exceptionally brilliant; they should not be confused with the ordinary quality generally offered at even higher prices. Initials and date engraved free. SIZES: 4 to 8½. State size, initials and date you want engraved.

545 F 2871	With 3 diamonds	$34.95
545 F 2872	With 5 diamonds	41.50
545 F 2874	With 10 diamonds	54.95

Diamond Cluster Rings

A Sparkling Beauty

Solid 18-K white gold. Seven-Diamond and platinum Cluster. Appearance of ¾-Carat. Big value.

545F2578 $45.00

Ward's Seven-Diamond Cluster Rings are set with diamonds carefully sorted and matched to give greatest brilliancy. Securely mounted in a disc of platinum which blends well with the diamonds. These clusters have the appearance of one large single diamond of sizes shown at right. Diamonds used are First Quality stones; the difference in price is due to the difference in sizes of stones used.

1½-Carat 1-Carat ¾-Carat

Appears Like One Large Diamond

Solid 18-Karat white gold, Seven-Diamond Clusters; diamonds set in platinum top. Three sizes from which to choose. Genuine leather gift case, lined with silk and velvet, included with each ring.

545 F 2574	Appears size of ¾-Carat	$59.50
545 F 2575	Appears size of 1-Carat	82.75
545 F 2577	Appears size of 1½-Carat	116.75

DIAMONDS

SAFE, SOUND INVESTMENTS

Values that Never Grow Less

We Buy Direct from European Wholesale Markets and Sell to You At Prices No Retail Dealer Can Match

Diamonds are always worth money, to you and to us. If at any time within a year from the date of purchase you desire to return your diamond, we will allow you the full purchase price less 10 per cent. For example: If you paid $100 for your diamond we will, any time within a year, buy it back for $90.

Diamonds are an excellent means of saving money and enjoying it at the same time. If you decide before the end of the first year that you would like a larger diamond, we will gladly allow you the full purchase price toward the purchase of a larger stone. Many of our customers have taken advantage of this offer to obtain much larger diamonds than they at first ordered.

Now as to value. We frankly believe that we can save you 25 to 30 per cent on any diamond you may select from these pages.

We know our prices are much lower than usually asked elsewhere for stones of equal quality. We guarantee to save you 25 to 30 per cent. If, when you have examined your diamond, you do not agree with us as to the saving you have made, you may return the diamond within sixty days, according to our offer on the opposite page.

Our first quality diamonds are specially selected blue white stones, absolutely flawless and perfectly cut, possessing exceptional brilliance. They are equal, carat-for-carat, to the finest diamonds you can buy anywhere else, at any price.

Our second quality diamonds, which are used in only a few of these rings, possess the same perfect color as the first quality stones, and appear perfect when examined with the naked eye. Close inspection with a glass will reveal some tiny flaw.

Solid 18-Karat White Gold

Bracelet Watches of Rare Beauty

Refined in Design–Dependable in Service

Selected models that have proved popular favorites with women who know style. The movements are all timed and tested in the case before being shipped, and leave us in first-class working order. With care, any of these Watches will give satisfactory service, and we guarantee them for one year against defective material and workmanship.

Our Swiss watches are not to be confused with inferior grades that may have a similar appearance. We offer only those watches that we can unhesitatingly guarantee as the very best quality in their particular price range.

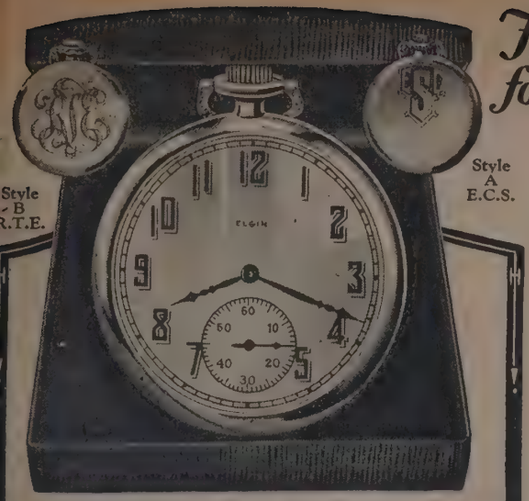
First Quality Watches for Discriminating Men



Style B R.T.E.

Style A E.C.S.

In selecting the Watches on this page, we have made it a point to show designs that are popular favorites. They are fitted with the finest watch movements in their respective grades, it is possible to buy, including such well known timekeepers as Elgin, Waltham, and Keystone-Standard. Our Swiss movements are of a much better quality than the ordinary, as we have very exacting standards on these watches and none are sold by us until we are satisfied that they are in perfect condition. In fact, every movement we sell is timed and tested before being shipped and leaves us in first class working order. With proper care they will give satisfactory service for many years and we guarantee them for one year against defective material and workmanship. Every watch we sell is dependable, however, the highest jeweled watches are made to a finer precision, are more closely adjusted and naturally are the better timekeepers.

For Men Who Demand Exact Time

World Renowned Watches of Guaranteed Accuracy

The sturdy construction and reliable timekeeping qualities of 16-size Watches have made this size a favorite with men who demand exact time. Most watches shown on this page are of this size and are fitted with a wide range of desirable American made movements. We guarantee all our 16-size, 21 and 23-Jewel watches to pass all railroad inspections, while the 19-Jewel five-position in this size are approved on some roads. These three grades are adjusted to five positions, as well as heat, cold and isochronism, an adjustment by which a watch runs at the same rate whether fully or only partially wound. Compare our prices and be convinced of the big savings.

True Timekeeper—Accuracy Guaranteed

15-Jewel Movement—10-Year Guaranteed Case
Any Initials or Monogram Engraved Free

COPIED from one of the newest $100 Watches, this fine 15-Jewel Genuine Lanco is a thin model in the popular 12-size. Its 10-year guaranteed gold filled case, white or green gold filled, is in a rich carved effect; the beautiful satin-finished dial is handsomely engraved, while the raised figures are gilt, easily readable.

The genuine Lanco movement is the product of one of Switzerland's foremost watchmakers, and we guarantee it to give accurate, reliable service. Enclosed in a velvet-lined leatherette gift case and engraved with the owner's initials or monogram, this is a watch that will be treasured through many years. It is usually considered a very expensive watch by everyone who sees it. Initials or monogram engraved free. **State initials or monogram wanted.**

$5.00 Genuine Stratford Watch

The Finest Watch Ever Sold At This Price

You Get a Written Guarantee

6-Jewel—12-Size—Thin Model

Many a shrewd Watch expert has looked at the Stratford—handled it, examined it—and guessed the price was eight or ten times what we ask. No wonder, for its exquisite design is an exact copy of a very expensive model, and the 6-Jewel movement is a worthy example of the fine skill of Swiss watchmakers. Thousands of Ward's customers have marveled at its beauty and been thrilled by its accurate timekeeping qualities.

We were the first to offer such a watch at less than $10. Months of careful planning were required to secure this watch at such a price—and once more you are the gainer through Ward's supreme buying power.

Has All the Appearances of a High Priced Watch

Such splendid value is represented in this Stratford watch that we are willing to guarantee you can't duplicate it elsewhere at anywhere near our price. There is no comparison between this beautiful creation and the ordinary watch sold at a similar price. The silverine (nickel alloy) case closely resembles the white gold of the original model, and your friends will also admire the richly chased silvered dial, ornamented sides and plain satin-finish back. As you hold it in your hand you will be delighted with its graceful thinness and the dignity of the popular 12-size, usually an indication of an expensive watch. Illustration shows actual size.

Every Stratford watch is accompanied by our written guarantee of accurate timekeeping, and comes to you enclosed in an attractive leatherette gift case.

Solid Gold Lodge Emblems

The Emblem Buttons and Pins shown in this group are all solid gold. But fastenings, such as screw parts, backs, pins, joints and catches are gold filled. This does not in any way affect the wearing quality of the emblem itself as it is solid gold. Most of these emblems are enameled in colors and all of the pins are fitted with safety clasps. A neat gift case is included. Shipping weight on all lodge emblems, 2 ounces.

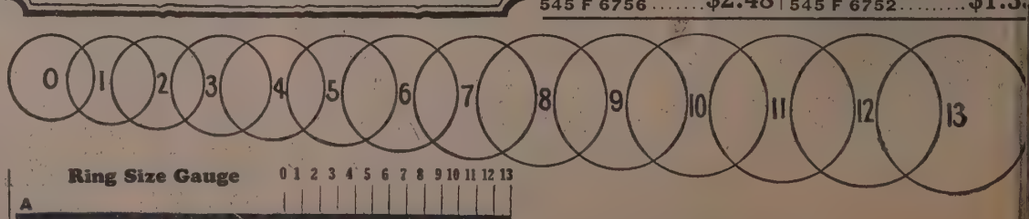
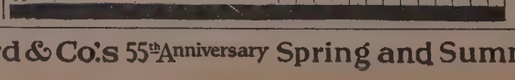
How to Find Correct Ring Size

If you have a ring, preferably a band ring, or can borrow one that fits your finger, place it over the circles until you find a circle the exact size of ring inside. The number in the circle denotes your finger size. If ring falls between two sizes, order the larger size. If you have no ring to measure wrap a string or narrow strip of paper snugly around largest part of finger. Cut it off so the ends just meet. Place on the gauge at right so one end just covers the black line at point "A"; the figure at the other end is your finger size. If end of strip falls between two numbers order the larger size. You also may order Ward's rings from any ring card or gauge.



Ring Size Gauge



Reproductions that Rival Real Pearls

Indestructible Pearls of Quality

These are reproductions of quality—the kind offered by most dealers at two and three times the price we ask. They are made by the makers of the famous Richelieu Pearls, and are fully guaranteed against breaking, cracking, peeling or discoloring. We will gladly replace any which do not prove satisfactory.

ONEIDA COMMUNITY PLATE The Original and Genuine

The Very Finest Quality Made by Oneida Community Ltd.

Guaranteed for 50 Years

Among people who are socially prominent, Community Plate enjoys a most widespread popularity. The exceptional quality of this silverware, which is guaranteed for 50 years, combined with the exquisite designs of their patterns, is the reason for this preference.

Serviceable flannel rolls are included free with teaspoons, tablespoons, dessert spoons, soup spoons, dinner knives and dinner forks. The other pieces are packed in attractive velvet lined boxes. We engrave, free of charge, each piece of Community silver. In the illustration at the left, the Grosvenor pattern is lettered in Old English—the Adam, Hampton Court and Patrician in Script—and the Bird of Paradise shows a small block lettering particularly suited to this beautiful design. You have your choice of any one of these styles of lettering on any pattern you choose. You can always match any Community pattern.

An Extra Set in Your Favorite Community Pattern

TUDOR PLATE Oneida community Made

Guaranteed for 25 Years

Tudor plate has an extra overlay of pure silver at points exposed to most wear and is guaranteed for 25 years. It is next in quality to the Community Plate shown above, with the same perfection in design. Don't confuse the quality of this excellent ware with cheaper grades that are also made by Oneida Community Ltd. The three patterns shown at left are carried in open stock and can be matched at any time. Flannel rolls are included free with knives, forks, tablespoons, teaspoons, soup spoons and dessert spoons; the other pieces are shipped in velvet lined boxes. Engraving of initials is free, with your choice of Script letter as shown on Duchess pattern or Old English as shown on Queen Bess and Baronet. All pieces can be engraved except solid handle knives. State initial and style wanted. We pay shipping charges.

$13.00 Service for Six Persons

26 Pieces Tudor Plate

Chest with Drawer Included Free

This complete service for 6 persons is sent to you in a most practical chest with drawer. Chest is covered with black leatherette and lined with durable cloth. The Original Parent Company

GENUINE 1847 ROGERS BROS.

Americas Leading Silversmiths for 80 Years

Guaranteed for 50 Years

FOR four generations 1847 Rogers Bros. Silverplate has been the acme of fine tableware. It is the old original Rogers that in the days of your great-grandmother had already acquired the high reputation which it carries to this day. Made to wear a lifetime by its extraordinarily heavy plating of silver, it is guaranteed by us to give 50 years of service.

Flannel rolls are included free with teaspoons, tablespoons, dessert spoons, soup spoons, dinner knives and dinner forks. The other pieces are sent in attractive velvet lined boxes. Engraving is free with your choice of Old English as shown on Old Colony and Ambassador patterns, or Script style as shown on Anniversary and Ancestral.

We will engrave either style on any pattern you may choose and on all pieces with the exception of solid handle knives, which are too hard to be engraved satisfactorily. Be sure to state initial and style of letter wanted. To match engraving on silverware you already have, be sure to send us one of your pieces as a sample.

1847 Rogers Bros.

Set of 6 Knives and 6 Forks

How often, when there are extra covers to serve, has the hostess wished she had an extra set of knives and forks. This set, admirably suited for extra service, consists of six solid handle dinner knives and six solid handle dinner forks. In neat lined box. Solid handle knives and forks cannot be engraved satisfactorily. We pay shipping charges.

546 F 2125—Plain Handles. Per set ..... $ 8.50
546 F 1823—Old Colony. Per set 10.00

ROGERS
A-1 PLATE
Guaranteed 25 Years

S. L. & G. H. Rogers silverware is made by one of the oldest silver plate manufacturers in America. Heavily plated with pure silver over a base of nickel silver. In addition every piece is reinforced with an extra plating on points subject to most wear. We guarantee it to give 25 years of satisfactory service. We buy direct in large quantities and at the lowest prices which enables us to offer a substantial saving with every purchase. The Lexington is in bright polish finish; the Roxbury and Kingston in dull gray.

Engraving is 3¢ extra per letter for Script style as shown on Lexington and Kingston patterns, or 5¢ per letter for Old English as shown on Roxbury. Each piece can be engraved excepting solid handle knives, which are too hard to do satisfactorily. State initial and style wanted.

ROGERS
SECTIONAL PLATE
Guaranteed 40 Years

With a plating much heavier than ordinary it is further reinforced with an extra layer of silver at points subject to greatest wear. We guarantee this silver for 40 years and will replace any piece that does not prove satisfactory. The Webster and Aladdin patterns are made by Simeon L. & Geo. H. Rogers; the Chalfonte and Ashland patterns by Wm. Rogers. Each pattern comes in a beautiful dull gray finish. Engraving is 3¢ per letter for Script as shown on Aladdin and Webster patterns pictured, or 5¢ per letter for Old English as shown on Ashland and Chalfonte patterns. Solid handle knives are too hard to be engraved. State initial and style wanted.

Let "Old Reliable" Call You

Trustworthy 8 Day Alarm Clock

Priced Lower Than Most Dealers Pay

Cheerily "Old Reliable" summons you from slumber with its clear ringing, absolutely dependable alarm. Through a special arrangement with one of America's leading clock manufacturers we are able to offer you this handsome, accurate eight-day alarm clock at a price which is actually lower than most dealers pay at wholesale.

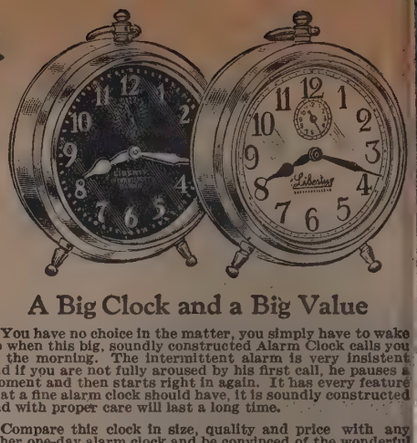
More than one hundred years of experience in making fine clocks is represented in "Old Reliable"—a man's size utility clock which will give you splendid service, year in and year out.

"Old Reliable" contains every feature you could desire in an alarm clock—in fact, most dealers ask $2 to $3 more for a clock of this quality. Beautifully finished in the shiniest of nickel plate, "Old Reliable" is 7 inches tall from base to top of ring, with a large bell which covers the entire back of the clock. Its tone is pleasant but insistent, until you shut off the alarm by pressing the button on top. Big, strong keys give a firm grip when winding.

Your Choice of Plain or Luminous Dial

You may order "Old Reliable" in either a plain white dial with black figures and hands, or black dial with luminous figures and hands which show in the dark. Either dial is 4½ inches diameter. Ship. wt., 2 pounds 8 ounces.

46 F 1262—With plain dial $2.35
46 F 1263—With luminous hands and figures.. 3.35



A Big Clock and a Big Value

You have no choice in the matter, you simply have to wake up when this big, soundly constructed Alarm Clock calls you in the morning. The intermittent alarm is very insistent and if you are not fully aroused by his first call, he pauses a moment and then starts right in again. It has every feature that a fine alarm clock should have, it is soundly constructed and with proper care will last a long time.

Compare this clock in size, quality and price with any other one-day alarm clock and be convinced of the wonderful value we are offering. It is 7 inches high, 2⅛ inches deep and has a 4½-inch dial with large, easily read numerals. The case is made of brass, heavily nickel plated and highly polished. Runs 30 hours with one winding and has easy alarm shut-off at top of stem. Shipping weight, 2 pounds 8 ounces.

46 F 1298—With plain dial $1.95
46 F 1299—Luminous dial; shows time in the dark 2.60

New Haven True Time Tellers

Small Size Intermittent Alarm Clock

Tidy-Tot. A dainty size for milady's boudoir. Heavily nickel plated octagon case. Intermittent alarm. Dial is 2½ inches in diameter with convex (bulls-eye) shape glass. Height, 3⅝ inches; Ship. weight, 1 pound.

46 F 1266—With silvered dial $2.98
46 F 1267—Luminous hands and figures..... 3.98

40-Hour Alarm Clock

Tick-Tock. Attractive 3¾-inch dial. Convex glass. Eight-sided nickel plated brass case that is distinctive and attractive in design. Continuous long alarm with shut-off on back. Height, 4¾ inches. Shipping weight, 1 pound 8 ounces.

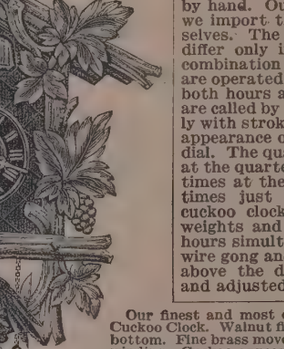
46 F 1273—With plain dial $2.35
46 F 1274—Luminous hands and figures. 3.35

Large Size Intermittent Alarm Clock

Tom-Tom. This fine appearing New Haven Alarm Clock is one of the very best constructed clocks made in America. It has a 40-hour movement and an intermittent alarm with easy shut off at top of case. The octagon shaped case is heavily nickel plated. Convex glass. Diameter of dial, 4¼ inches. Height, 5⅞ inches. Shipping weight, 2 pounds 6 ounces.

46 F 1264—With plain dial $2.98
46 F 1265—With luminous dial..... 3.98

Our Very Best 8-Day Alarm Clock



Ti-Tan. The New Haven eight-day Signal Automatic Alarm Clock is in our opinion the very best made. Once you set the alarm, you need give it no further thought. The shut-off automatically releases itself, and the alarm rings at the same time, once every 24 hours. Nickel plated. Height, 5⅞-in.; dial, 4½ inches. Shipping weight, 2 pounds 12 ounces.

46 F 1290—With plain dial $5.75
46 F 1291—Luminous dial; shows time in the dark 6.75

Practical 8-Day Clocks

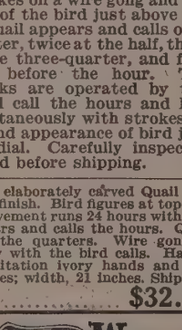
Oak Kitchen Clocks

Handsome Golden Oak 8-Day Shelf Clock. Strikes hours and half-hours on gong. Six-inch dial with large plain numerals. Height, 22¾ inches; width, 14⅝ inches. Shipping weight, 16 pounds.

446 F 1282—Without alarm $4.25
446 F 1283—With alarm.. $4.97

Reliable 8-day Golden Oak Shelf Clock. Ideal for library or kitchen use. Strikes hours and half-hours. Size, 19 inches high, 14½ inches wide. An unusually fine clock at a very low price. Shipping weight, 14 pounds.

446 F 1285—With alarm..... $5.25
446 F 1286—Without alarm..... $4.50



Nickel Plated Alarm Clock

Exceptionally low priced. Dependable one-day movement. White dial, 3½-in. in diameter. Clear, easy-to-read figures. Height of clock from base to top of ring, 6 in. Ship. wt., 1 lb. 8 oz. Usually retails for $1.00 or more.

46 F 1272..... 84¢

Oak Wall Clock

The "Drop Octagon" design of this Wall Clock is always popular and suitable for living room, kitchen, office or school room. Height, 25 inches; width, 17 inches. Embossed solid oak case. Twelve-inch dial with large numerals. Reliable American made eight-day movement. Shipping weight, 19 pounds.

446 F 1280—Does not strike.. $5.98

Quail and Cuckoo

Hand carved wood front, walnut finish. Reliable brass movement runs 24 hours with one winding. Cuckoo calls the hours and quail the quarters. Height, 24½ inches; width, 18 inches; 6-inch dial with imitation ivory numerals. Three bronzed weights. Shipping weight, 28 pounds.

446 F 1279..... $19.75

Quail and Cuckoo

Fine Imported, Hand Carved Cuckoo Clocks

The elaborate carvings are all done by hand. Our prices are low because we import these Cuckoo Clocks ourselves. The four models shown here differ only in size and design. The combination quail and cuckoo clocks are operated by three weights and call both hours and quarters. The hours are called by the cuckoo simultaneously with strokes on a wire gong and the appearance of the bird just above the dial. The quail appears and calls once at the quarter, twice at the half, three times at the three-quarter, and four times just before the hour. The cuckoo clocks are operated by two weights and call the hours and half hours simultaneously with strokes on wire gong and appearance of bird just above the dial. Carefully inspected and adjusted before shipping.

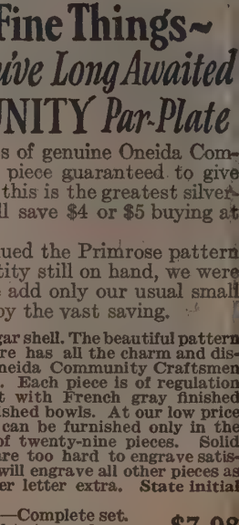
Our finest and most elaborately carved Quail and Cuckoo Clock. Walnut finish. Bird figures at top and bottom. Fine brass movement runs 24 hours with one winding. Cuckoo appears and calls the hours. Quail appears and whistles the quarters. Wire gong is sounded simultaneously with the bird calls. Has 6-inch dial with white imitation ivory hands and numerals. Height, 30 inches; width, 21 inches. Shipping weight, 35 pounds.

446 F 1294..... $32.95

Cuckoo Clock

Skillfully carved and artistically finished in dark walnut, it will be a charming addition to any home. Twenty-four hour movement. Cuckoo appears and calls hours and half hours simultaneously with strokes on wire gong. Height, 20½ inches; width, 15 inches. Has 4¼-inch dial with white numerals and hands. Shipping weight, 17 pounds.

446 F 1278..... $12.25



Cuckoo Clock

Our price is very low for this attractive hand carved Cuckoo Clock. Such a bargain is seldom offered—it is the result of our ability to import direct in large quantities. Medium size, walnut finish. Has 24-hour movement. Cuckoo appears and calls the hours and half hours. Strokes on wire gong respond at the same time. Height, 11½ inches; width, 9 inches. Has 3-inch dial with white numerals and hands. Ship. weight, 8 pounds.

Women Who Appreciate Fine Things~

Here's a Silverware Offer You've Long Awaited

Genuine Oneida COMMUNITY *Par-Plate*

$7.98

29 Pieces Guaranteed for 20 Years

Only $7.98 for twenty-nine pieces of genuine Oneida Community Par-Plate Silverware, each piece guaranteed to give 20 years of satisfying service. Truly this is the greatest silverware bargain of the season—you will save $4 or $5 buying at Ward's.

Oneida Community has discontinued the Primrose pattern and by contracting for a large quantity still on hand, we were able to secure a very low price. We add only our usual small profit to this low cost; you benefit by the vast saving.

Every woman loves fine tableware for her home, but many because of the need for other things considered more urgent have delayed making the expenditure usually required to buy the grade of their choice. You can now have that fine silverware you have always wanted, at a price less than half what you would otherwise have to pay.

There are twenty-nine pieces in this set—larger by three articles than most silverware outfits offered in a service for six persons. The set consists of six solid handle dinner knives, six flat handle dinner forks with the popular spoon shaped handles, six teaspoons, six dessert spoons, which may also be used for soup, three tablespoons used for serving, one butter knife and one sugar shell. The beautiful pattern of this silverware has all the charm and distinction that Oneida Community Craftsmen so ably produce. Each piece is of regulation size and weight with French gray finished handles and polished bowls. At our low price this silverware can be furnished only in the complete set of twenty-nine pieces. Solid handle knives are too hard to engrave satisfactorily. We will engrave all other pieces as shown for 3¢ per letter extra. State initial wanted.

546 F 2441—Complete set. Shipping weight, 4 pounds..... $7.98
546 F 2442—Same as above in cloth-lined case. Ship. wt., 6 lbs.. 8.85

Dependable Timekeepers of Charming Design
Real Quality at Low Prices

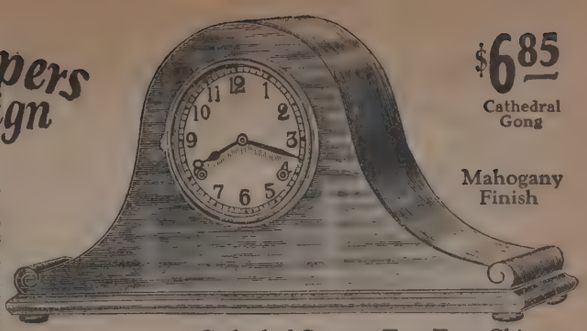
One of the most intimate, decorative pieces of furnishing for the home is a dependable Clock. It weaves about it a fine and lovely sentiment as it ticks off the hours, days and years. The charm of mellow chimes softly echoing through quiet rooms gives an air of refinement.

Here are clocks that embody the skill and craftsmanship of America's leading clock-makers, who have devoted a lifetime to perfection of design and mechanical precision. You have your choice of stately tambour clocks with their dignified simplicity and sweeping lines, or the popular blackwoods in their classic designs.

Full Westminster Chimes
The Peer of Fine Clocks

Not merely a perfect timekeeper, but distinctively artistic, with its stately tambour shape. Every quarter hour the notes of the melodious Westminster chimes peal forth from this stately Mantel Clock, four rich, mellow toned rods sound the chimes, and single rod strikes the hour. The case is of richly grained solid mahogany, hand rubbed to a soft satin finish and is further enhanced by the very attractive silvered dial, 5½ inches in diameter. Made by one of America's foremost clock manufacturers, it has an 8-day pendulum movement and is a dependable timekeeper. Height of clock, 9¾ inches; width, 20½ inches; depth, 6 inches. Convex (bulls eye) shape glass. Shipping weight, 28 pounds.

46 F 1235 ..... **$37.50**



$6.85
Cathedral Gong

Mahogany Finish

Cathedral Gong or Two-Tone Chime

Mantel Clocks, similar to this, sell the country over for $12 to $15. A comparison will convince you of this fact and the savings we offer. Fine mahogany finish, hand rubbed. 446 F 1287 .. **$4.75**

Ward's PANAMA Tableware
Will Last a Lifetime

Inexpensive Tableware made to give a lifetime of service with hard use every day, year in and year out. The silver white metal is the same all the way through, there is no plating to wear off. Takes a polish like real silver and is easy to keep clean. The Windsor, Louise and Dover patterns are of standard weight, and the Fairoaks pattern is extra heavy. Panama silver is too hard for satisfactory engraving. We do not recommend it.

Everyone Knows These Famous Pens

Nationally Advertised Favorites

Extensive advertising has made the names of Parker, Waterman and Wahl known to people in every corner of the world. We list on this page all the most popular models. Every one is the genuine article, bears the manufacturer's trademark and carries his full guarantee.

However, if you wish to obtain a pen of the same high quality, but at a much lower price, then make your selection from our "LAKESIDE" shown on the opposite page. Lakeside Pens are made as fine as it is possible to make a pen, are not excelled by any in appearance and workmanship, and besides, are guaranteed to wear a lifetime.

Compare Lakeside *Only* With the Best

You know of other fountain pens selling at prices ranging from $7 to $15—the finest pens made—guaranteed for long-time service. Those are the pens which are worthy of comparison with Lakeside Fountain Pens. For we have determined that none but the best shall be as good as Lakeside—and to judge from what Lakeside users say, we have succeeded.

Beautifully finished, it is an aristocrat in any company and once you have discovered how easily it writes you will be enormously pleased to own it—for a lifetime.

Written Lifetime Guarantee

Your satisfaction is made full and complete by our broad written guarantee included with each pen. Remember—in addition to guaranteeing your Lakeside to operate perfectly for life, we will also repair at cost any accidental breakage or damage.

Features You Should Demand In a Fine Pen

Diamond-hard iridium is the rare, costly, everlasting metal used on the points of solid 14-karat gold. Writes instantly—always. Self-filling device draws the carefully fitted, leakproof barrel full at one time. Such is your Lakeside!

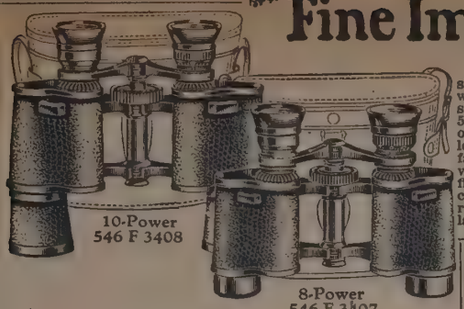
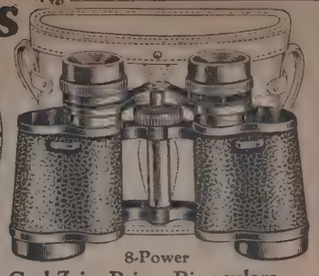
Fine Imported Long Vision Binoculars



A good pair of Field Glasses will add immeasurably to your sight seeing trips and vacations. With their use distant objects will be brought right up before you and defined with surprising sharpness and clearness. Glasses described as 5-power, magnify 5 times and will make objects 5 miles away appear as if they were only one mile away. Since the invention of the reversing prism lenses in field glasses, the more modern prism binoculars gives by far the better results chiefly because of their much larger field of vision. The diagram at right shows the comparable difference in field of vision between the regular field glass and prism binocular, comparing glasses of equal strength. The inner circle is the regular field glass, the next larger circle, the average prism binocular and the outer circle, the famous Zeiss binocular.



Genuine Carl Zeiss Prism Binoculars

Remarkable productions of the famous Carl Zeiss Works of Jena, Germany—noted as makers of exacting equipment used by scientists and explorers the world over. The magnifying power is EIGHT times, and they are very restful to the eyes. Possessing remarkable light transmitting powers, they bring out clearly and in strong relief, the depth, color, relative distances and degrees of lights and shadows of far-away objects. The range of vision is broad, nearly one-third more than ordinary prism binoculars—at 1000 yards, a breadth of 150 yards is shown, making it unnecessary to move the glasses so often from left to right to take in the entire field of view.

Objective lenses about 1⅛ inches in diameter. Length extended, 4½ inches; closed 4⅛ inches. Light yet rigid. Right eyepiece has separate focusing device for eyes of unequal strength. Black genuine leather covered body. Metal parts enameled. Genuine hard leather case and shoulder strap. Order a pair on trial—if you are not entirely satisfied as to the fine quality return them and we will refund all your money including transportation charges. Shipping weight, 4 pounds.

546 F 3491 ..... **$72.00**

Imported Genuine Lemaire Prism Binoculars

The 8-power magnifies eight times and is a fine Glass for all round use. The 10-power magnifies ten times and is more than ordinarily powerful. Accurately ground lenses. Right eyepiece equipped with separate focusing device which permits the most accurate adjustment of the glass. Particularly advantageous for people whose eyes are of unequal strength. Black enameled finish. Morocco leather covered body. Complete with genuine leather case and shoulder strap.

546 F 3408—10-power. Field of view at 1000 yards, 90 yards wide. Height closed, 5¾ inches. Diameter of objective lenses, 1¼ inches. Ship. wt., 4 lbs. **$51.25**

546 F 3407—8-power. Field of view at 1000 yards, 110 yards wide. Height closed, 4⅜ inches. Objective lenses, 1 inch diameter. Ship. wt., 3 lbs. 10 oz... **$43.50**

Practical All Round Field Glasses

$9.98 5-Power **$5.95** 3½-Power

Fine Quality, French Make

Very well made Glasses that give a sharply defined image and bring distant objects right up before you. We import these Field Glasses from a famous French maker of high grade optical instruments. Skillfully ground lenses assure clear vision. The metal parts are finished in a rich black enamel. Body is covered with black Morocco grained leather. Sliding shades are provided to shield the objective lenses from the sun. Complete with leather covered carrying case and a neat leather strap.

46 F 3405—Magnifies 3½ times. Length extended, 6 inches; closed, 4¾ inches. Field of view at 1000 yards, about 62 yards wide. Objective lenses, 19 lignes (1¹⁵⁄₁₆ inches). Shipping weight, 4 pounds **$5.95**

46 F 3406—Magnifies 5 times. Field of view at 1000 yards, about 52 yards wide. Length extended, 7½ inches; closed, 6 inches. Objective lenses, 24 lignes (2½ inches). Shipping weight, 4 pounds **$9.98**

Wild Geese

By Martha Ostenso. An epic of the northern frontier. Caleb Gare is the most prosperous farmer of Oeland, whose one passion is the lust for more acres. One small flame of revolt burns high—Judith, the impetuous daughter, knows and dares to say that Caleb is a fool and tyrant. She has seen the Wild Geese flying free—and southward.

$25.00

Adds—Subtracts—Multiplies
The Star Desk Adding Machine

Takes up small space and will do your figuring easily—and accurately. Operation is so simple that a few careful readings of the instructions will enable you to add, subtract or multiply with surprising speed. The answer appears on the "Total" dial before you. Capacity, 999,999,999.

The machine is of metal and equipped with nine-row operating keyboard, divided in horizontal rows with figures at the side. The first column for units, second for tens, and so on. Has total dials, clearing button, cut-off buttons and nickeled lock handle. The lock handle on top of machine swings down over the keyboard, thus locking the board so that no totals may be taken or further figuring done until released. Size of machine: base, 6½ by 6⅜ inches, height, 5¼ inches. Finished in rich olive green with key tabs of green and red. Weighs only 8½ lbs.

Regular retail price $40. Ship. weight, 11 pounds.
57 F 8500—Complete..... $25.00

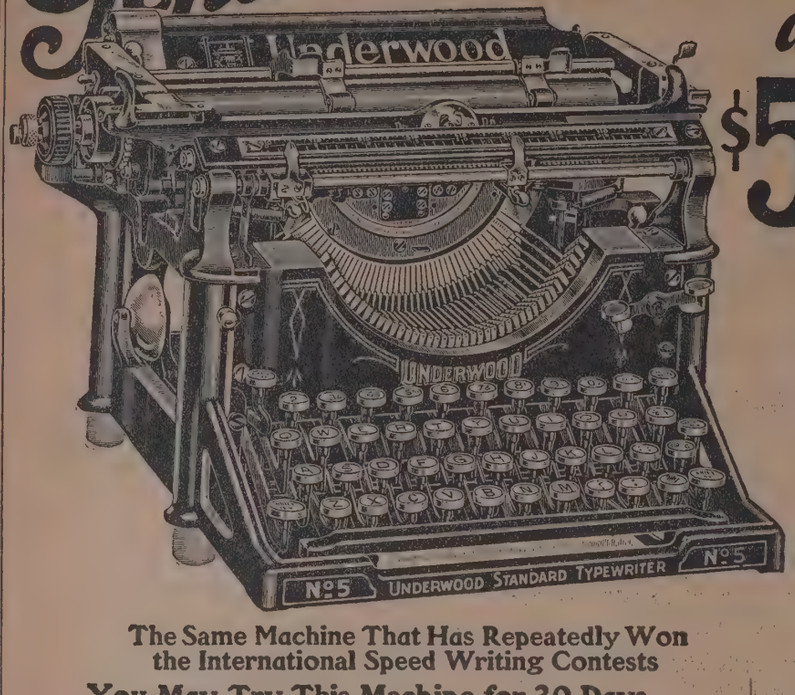
Genuine Underwood Typewriter at ½ Regular Price!



$51.25 Completely Rebuilt and Refinished at the Factory~ $5.00 Down and $5.00 a month

Guaranteed Like New

The Genuine Underwood—the accepted leader of all Typewriters in the business world—now at half price. It is the genuine No. 5 Standard model, factory renewed by experts who have specialized for thirty years in rebuilding Underwood typewriters, and conforms to the exacting Underwood parts. Brand new rolls. No worn, flimsy or rusty parts. Looks like new—works like new.

Has All Latest Improvements

This is the typewriter on which all speed and accuracy championships have been won in the last twenty years. It has the standard single shift four-row keyboard with eighty-four characters. Takes paper 10½ inches wide and writes a line 8 inches long. Has two-color ribbon and automatic ribbon movement; tabulator; stencil cutter; marginal stops; back spacer; margin release; line spacer attachments; key shift lock; paper releases and cylinder control for writing on ruled lines. Water-proof cover, type cleaning brush, leakproof oil can, book of instructions and typist's guide are included. No experience needed to operate; you can learn quite easily by instructions included with each machine. Your choice of three styles of type.

The Same Machine That Has Repeatedly Won the International Speed Writing Contests

You May Try This Machine for 30 Days

If you are not satisfied after using this typewriter for thirty days, return it and we will return your money, including transportation charges. Our 30-Day Free Trial applies to either cash or easy payment purchase. Fill out Easy Payment Order Blank on Page 623 and send it to us with first payment of only $5. Pay the balance in easy monthly payments of $5 each. State choice of type wanted. Shipping weight, 45 pounds. Can be shipped by parcel post.

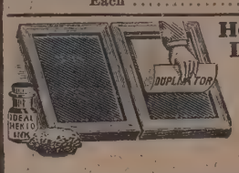
Hectograph Duplicator



Two Printing Surfaces

$4.87

A time saver for getting out programs, notices or menus from pen or typewritten originals. Two printing surfaces of gelatine composition set in two hinged slate like oak frames. Reproduces many times any manuscript written with hectograph and duplicator ink or typewriter ribbon. Special plates beneath composition draw ink to the bottom making washing the surface unnecessary. This makes composition last longer and prevents an uneven surface. Purple ink, sponge and instructions for use included.

57 F 7467—With printing surface for 6 by 9-inch note size paper. Ship. wt., 5 pounds.. $3.87

Standard Three-Row Keyboard Brand New Portable Typewriter

COMPACT and light in weight, it is the ideal Typewriter for personal use in the home, for business or traveling. No experience needed to operate. Smooth, quiet, easy running action—carriage rides on ball bearings. The reduced friction of carriage escapement wheel and other parts gives this machine great speed and ease of operation.

Equipped with the Underwood standard twenty-eight key portable typewriter keyboard. Will write 84 characters, using one shift key for capitals and one for numerals. Takes regular size, 8½x11-inch paper and 9½-inch envelope. Length of writing line, 72 spaces or 7½ inches.

Has all portable typewriter adjustments such as ribbon reverse, carriage release, paper clamps, paper release, marginal stops, marginal stop release, line space adjusting lever, variable line spacer, type bar guide, carriage lock, right and left shift keys, shift key lock, back spacer, stencil cutter and rotary wheel escapement.

The carrying case measures only 5 inches high, 12¼ inches long and 9¾ inches wide. Covered with neat, black imitation leather. The entire weight of case and machine is only 9¾ pounds. The machine itself weighs only 6¾ pounds. Type cleaning brush, oil can and book of instructions included. Solid black ribbon on machine. Shipping weight, 19 pounds.

30-Day Free Trial Offer

Take advantage at once of our 30-Day Trial Offer, which applies either to cash or easy payment purchases. If you do not wish to pay cash, fill in Easy Payment Order Blank on Page 623. Enclose $5 and we will send you the machine. The balance you pay in monthly payments of only $5 each. In just a few months the machine is paid for, and you have the use of it while paying. Your money, including all transportation charges, refunded by us if you are not satisfied.

The legibility and neatness of a typewritten letter strongly appeals to students, teachers, traveling men, farmers, doctors, lawyers and everyone who has letters to write. Business men everywhere appreciate the character and dignity that typewritten form gives to their letters. Also it is now considered good form for social correspondence. Recommended by professors as a very helpful part of the equipment of every student. Makes themes and compositions easy to write and easy to read. Writing of any sort is a pleasure with the Underwood Portable. The machine is light, compact and can be set up and used anywhere.

Our easy payment plan makes it possible for you to have one of the machines, and use it while you pay. They are made and guaranteed by the makers of the world famous Standard Office Underwood Typewriter and fully guaranteed by Montgomery Ward & Co.

Both machines have the same standard arrangement of keys but on the three-row keyboard it is necessary to shift for all numerals, therefore we recommend the four-bank keyboard to those who use figures quite frequently in their correspondence; for ordinary business or letter writing either machine will prove equally satisfactory.

Standard Four-Row Keyboard Brand New Portable Typewriter

Offers all the advantages of the world famous Underwood Standard Office Typewriter. **It has the four-row Keyboard which is so popular with all typewriter users** and many other features which make it the best portable typewriter you can buy. Anyone can learn to operate one of these machines with sufficient speed to take care of all correspondence. This machine is so light and compact that it can be carried as easily as a small traveling bag.

The new Underwood Portable has the same standard arrangement of keys as the Standard Office Typewriter, typing eighty-four characters with a single shift. It takes a sheet of paper, 8½ inches wide and a 9½-inch envelope. Length of writing line is seventy-two spaces, or 7½ inches. Has automatic ribbon movement, stencil cutter, marginal stop, back spacer, marginal stop release, line spacer attachments, key shift lock, paper releases and cylinder control for writing on ruled lines and many other important features. Type cleaning brush, oil can and book of instructions included. Solid black ribbon on machine.

Very compact in size, carrying case measuring only 5⅜ inches high, 12¼ inches long and 12 inches wide. Covered with neat black imitation leather. Entire weight of case and machine is only 12¾ pounds. The machine itself weighs only 10¼ pounds. Shipping weight, 20 pounds.

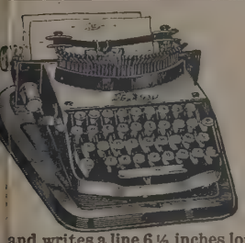
Practical Typewriter for Children



Not an imitation—it is a real Typewriter. Writes clearly. Feed paper in machine behind hard rubber roller just as you would when using large typewriter. Carriage slides back and forward as desired. Ribbon winds and unwinds on two spools, automatically. Alphabet arranged exactly like standard 4-row keyboard; 70 characters. Shift key on each side of keyboard makes capital letters and all necessary punctuation marks. Nickel plated lever at side raises carriage so you can see what has been written. Space key in front of keyboard. Typewriter mounted on rubber cushion feet and permanently attached to black enamel steel base 11½ inches square. Entire length of carriage roller, 9½ inches. Takes paper 7 inches wide and writes a line 6½ inches long. Aluminum faced keys with sunken black letters. Black enameled metal carrying case locks in place with a push spring. Typewriter brush included. Ship. wt., 15 lbs.

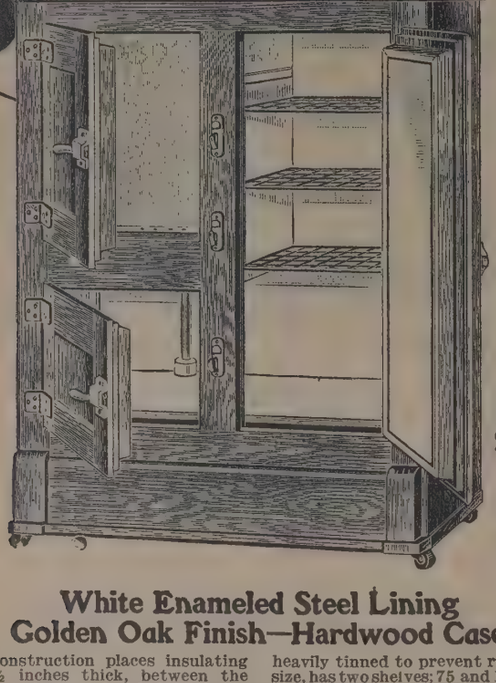
$5.00 DOWN and Five Dollars A Month Buys Any Refrigerator on This Page

4 Reasons Why Use Windsor



HEALTH

Precious lives depend on good food. Tainted food is sure to cause sickness. Windsor Refrigerators keep food cold, pure, wholesome, promoting good health.

FOOD

Wasted food means wasted dollars. Windsor Refrigerators prevent food from spoiling, eliminating waste. This saving will pay for a Windsor in one summer.

ICE

Ice is a great boon to humanity. Windsor Refrigerators conserve ice, cutting down your ice bill—a big advantage you'll appreciate.

$16.98 Cash Price

45-Pound Capacity

White Enameled Steel Lining Golden Oak Finish—Hardwood Case

Windsor construction places insulating material, 2½ inches thick, between the food you wish to keep cool and the warmth of the outer atmosphere. Scientific design insures perfect circulation of air within the Windsor, keeping an even temperature in the refrigerator.

Insulation and circulation are the two big factors in reducing your ice bills—that is why your ice costs less when you use a Windsor.

Food compartment linings are white enameled steel, sanitary and easy to clean.

Galvanized metal ice rack and drain insure perfect sanitary drainage, and are easily removed for cleaning. Removable wire shelves in large food compartment are heavily tinned to prevent rust. 45-pound size, has two shelves; 75 and 100-lb. size, have three shelves; 125-lb. size, has four shelves.

The case is substantially built from solid hardwood, finished Golden Oak, with doors insulated in the same manner as walls. Nickel plated automatic locks and hinges. Easy rolling casters.

Such a refrigerator would cost at least one-third more in the usual retail store, and even then you would not be sure of Windsor ice-saving construction. If you wish to purchase on Easy Payments, send $5 with your order and $5 a month. Use Order Blank on Page 623. See "Estimated Total Freight Charges" on opposite page.

Seamless White Porcelain Lined

Golden Oak Finish—Hardwood Case

Seamless white porcelain linings in the food compartments of this splendid Windsor Refrigerator differ from the white enamel linings in that the porcelain finish is fired at a temperature of about 2000 degrees, making it fused into and a part of the steel lining. Has a surface like a china dish. Two coats of porcelain enamel above a white base coat—and each one fired like your finest chinaware.

Insulation walls, 2⅝ inches thick, with scientifically placed dead air spaces. Corrugated ice rack and sanitary drain of rust-resisting metal, easily removed for cleaning. Three removable shelves of heavily tinned woven flat wire in the large food compartment.

Case is of solid ash, fully seasoned and finished Golden Oak. Doors close tightly, keeping out warm air. Nickel-plated hinges and automatic locks. Easy rolling casters. Equal in every way to refrigerators selling elsewhere for one-third more.

If purchased on Easy Payments send $5 with your order and $5 a month. Use Order Blank on Page 623. See "Estimated Total Freight Charges" on opposite page.

Especially Designed for Electrical Refrigeration Unit

Can Also Be Used for Ice.
Seamless Porcelain Lining, 1⅜-Inch Corkboard Insulation

$52.00 Cash Price

Extensive tests by the United States government have proved the superiority of cork as an insulating material for refrigerators. This new Windsor, has 1¾ inches of pure corkboard, combined with 13 thicknesses of other materials into an insulating wall 2¾ inches thick.

Food compartments have seamless porcelain linings as described above—white, sanitary as a china dish. Ice chamber is equipped with hanger bolts and sleeve opening to fit the electrical refrigerating units such as: Kelvinator, Frigidaire, Copeland, Servel, Universal, Nizer, Coldday and Nixon. Total cubic feet capacity: 75-lb., 6.20; 100-lb., 7.49; 125-lb., 9.18.

Solid ash case finished Golden Oak. Doors fitted with rubber gaskets to exclude all outside air. Nickel plated hinges and automatic locks. Easy rolling casters. Sanitary drain and tinned flat wire shelves. Fully equal to any corkboard-insulated refrigerator made, although our price is far lower. A high-grade refrigerator for use with ice or an electrical unit.

If purchased on Easy Payments send $5 with your order and $5 a month. Use Order Blank on Page 623. See "Estimated Total Freight Charges" on opposite page.

National Ice Chest

⅝-Inch Corkboard Insulated

Approved by the National Association of Ice Industries as the most practical and efficient low priced Ice Chest. Wood case with a heavy galvanized lining. Insulated with a ⅝-inch wall of cork board—the best insulating material for refrigerator use.

Divided into 2 compartments—one for food and the other for ice—separated by special cork insulated galvanized liner. Circulation is provided by a 3½-inch air space above and below food and ice compartment separator. Hardwood rack prevents food and ice from coming in contact with metal bottom. Two section cover hinged in center—each lifts separately or entire cover may be removed. Size of food compartment: 50-lb. size, 12 by 13⅜ inches; 100-lb. size, 16¾ by 22 by 15⅞ inches. See "Estimated Total Freight Charges" on opposite page. Sold for cash only.

White Enamel Lacquer Finish Outside Wood Case—White Enamel Inside Value Unequaled Elsewhere

Gleaming white and spotless—a credit to the most modern kitchen. Solidly built from seasoned hardwood, with the outside finished beautiful white enamel, and all food compartments lined with white enameled steel. Truly a Refrigerator to delight any housewife.

Walls of heat-defying insulation keep out the warmth, hold in the cold, preserve your ice, and keep your food cool and wholesome. The doors make an air-tight seal against warm outside air. Galvanized ice compartment, with rust-proof corrugated ice rack and sanitary removable drain. Heavily tinned woven wire shelves in food compartment. Nickel-plated hinges and automatic locks. Easy rolling casters.

Nowhere else in America can you find white enameled refrigerators of such fine quality at prices nearly so low as these. Splendid workmanship in every detail—features found only in the highest priced refrigerators—but Ward's selling plan enables you to buy at wholesale prices. If you wish to buy on easy payments send only $5 with your order and pay $5 a month. Use Order Blank on Page 623. See "Estimated Total Freight Charges" below.

Sanitary White Enamel Steel Outside Case Cork Insulated—White Enamel Interior

The choice for use in finest homes where only the best is desired. In this steel exterior Windsor, with its smooth white enameled steel outside surface and glistening nickel plated fittings, you see the most modern development in scientific refrigerator design. Genuine cork insulation between walls prevents the warm outside air from changing the inside temperature. And it's so easy to keep clean, both inside and out—for food compartments are lined with white enameled steel. Absence of panels in the steel outside case leaves no place for dust to collect. Just an occasional wiping with a damp cloth, to keep the white enamel spotless.

Removable sanitary drain and ice rack of non-corroding metal. Shelves of heavily tinned woven wire. Ice compartment door has wood fenders. The 50, 75 and 100-pound refrigerators have three doors. The 150-pound size has four doors. Rubber gasket doors—a sure seal against warm air leaking in. Automatic locks Rolling casters. Ward's prices are guaranteed the lowest in America for all white steel refrigerators of this quality and superior construction. See "Estimated Total Freight Charges" below at left.

New Gray Lacquer Finish Outside Wood Case White Enamel Inside

Glossy gray lacquer—the finish which is so popular modern kitchens everywhere.

Case of selected hardwood, sturdily built to Windsor standards. Walls of scientific heat insulation. All food compartments lined with triple white enameled steel—sanitary and easy to clean. Galvanized ice chamber, with rust-proof removable ice rack and sanitary drain. Two wire shelves in large food compartment, heavily tinned to prevent rust. Easy rolling casters. Rubber gaskets on all doors keeping warm air out and cold air in. Before ordering this beautiful gray lacquered Windsor, we urge you to price such a refrigerator in your own town. Look for all these features—ask about the lacquered finish, the enameled linings, the rubber sealed doors, the insulation. Then compare the price with Windsor prices, and you'll see why we can safely guarantee that you save one-third. If you wish to buy on easy payments, send only $5 with order and $5 a month. Use Order Blank on Page 623. See "Estimated Total Freight Charges" below.

Cold Pack Canning for Meats, Fruits and Vegetables

THE Windsor Steam Pressure Cooker is simple, economical, and very practical. It has be tested in more than sixty thousand homes, and found to be of daily service. The most co plete cooker made, for steaming, boiling, baking, roasting and cooking all kinds of foods. will pay for itself by the time and fuel it saves. An ordinary meal can be prepared in abo one-third the usual time and you use one burner instead of the usual three or four. It retai all the natural vegetable and meat flavors which ordinarily are lost by shrinkage and evaporati when cooked in open vessels. Cheaper cuts of meat cooked in this way are tender and appetizing

Recommended by State Colleges as the safest method for cooking meats, poultry or vegetable as it positively destroys all bacteria which cause decay. The simple cold pack method f preserving fruits and vegetables is best because both jar and food are sterilized and spoilage prevented. You can have home prepared fresh meat, fruits and vegetables the year round.

Guaranteed Equal to Cookers Selling for Almost Double Our Price

The Windsor cooker is made of one-piece extra heavy cast aluminum. Plainly marked steam gauge registers both temperature and steam pressure. Solid brass nickel-plated petcock allows escape of steam or air. Provided with safety valve to prevent over-pressure. Cover has carefully machined rim, made to fit snugly, producing a steam-tight joint; fastened in position with wing nuts, quickly and easily tightened with the finger Two wood knobs on sides of cover make liftin of lid easy. Equipped with cast aluminum me rack, three aluminum insert dishes, five aluminu balls and pair of lifters. Recipe book includ with instructions and suggested menus. Sizes giv below are inside measurements. All except 25-q size can be shipped by parcel post.

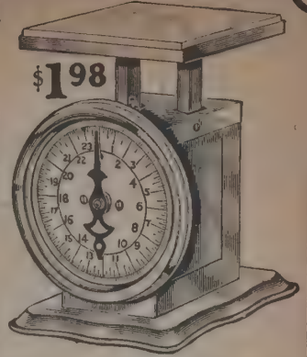
Handy Household Scale

$1.00

An accurate Scale is a necessity in almost every home. Weighs up to 24 pounds by ounces. Of steel, black enameled. Paneled sides. White dial. Easily read figures. Thumb screw for balancing. Height, 8¼ inches. Size of base, 7½ by 6⅜ inches. Top plate, 5¼ by 5¼ inches. A good household scale but not legal for trade use in some states. Shipping weight, 5 pounds.
86 F 2109.....$1.00

Blue Enamel 24-Pound Glass Front Tile Top

$1.98



If the high prices usually asked have kept you from buying a good Household Scale, you will appreciate this bargain. It is guaranteed to be equal in every way to scales sold for about $3.50.

Well Made—Accurate

Strongly built of steel, beautifully finished in blue enamel. The 6-inch dial is protected by a glass cover. It weighs up to 24 pounds by ounces, figures being indicated by large black, easily read numerals on a white enameled dial. The sanitary white tile top is removable for washing. Size, 6 by 6 inches. Height of scale, 8½ inches. Broad, firm base. Thumbscrew adjustment allows for container when weighing anything in pans or dishes. Accurate for household use but not legal for trade use in some states. Shipping weight, 6 pounds. Can be shipped by parcel post.
86 F 2107.....$1.98

Double Beam Platform Scale

$14.90 Double Beam

Accurate and legal for trade use. Weighs to 30 pounds by ounces, in large tin scoop, or to 240 pounds by ¼ pounds on platform. Tool steel pivots. Platform, 10 by 14 in. Ship. wt., 65 and 59 pounds. With double beam scale, weight of container may be balanced on back beam and net weight shows on front beam. Can be shipped by parcel post in zones 1, 2, and 3.

$1.29

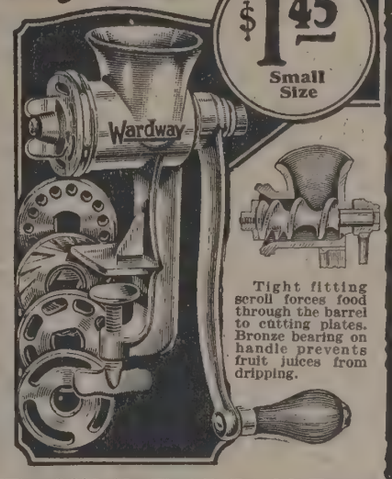
Cuts Any Food Any Size

YOU save its cost in a few months by converting leftovers into dainty, appetizing dishes. We invite you to compare the Wardway with any food chopper made. Then you will be thoroughly convinced it is one of the finest choppers you can buy. You will pay almost twice as much for a chopper of this quality elsewhere. Not to be compared with cheaply made choppers sold at about our price by other stores.

Equal to Finest Chopper Made

The Wardway Food Chopper barrel is cast in one piece, heavily tinned to prevent rusting. Tight fitting scroll forces food against six sharp edged slicing ribs before it reaches cutting plates. Accurately machined bronze bushing allows handle to screw tightly against chopper, preventing juices from dripping at handle. Cuts either fine, medium or coarse without crushing food. Three cutting plates of machined steel, reversible and self-sharpening. One shredder and pulverizer. Cuts all foods easily, such as raw meats, fruits, vegetables, dry bread, crackers and nuts. Large flat table clamp makes chopper set rigid on table. Has long handle with revolving wood grip. Easily taken apart for cleaning.

86 F 1918—Small size. Size of top hopper opening 3⅜ by 2⅝ inches. Chops 2 lbs. per min. Ship. weight, 4 lbs. 8 oz.....$1.45
86 F 1919—Medium size. Size of top hopper opening 3¾ by 2¾ inches. Chops 2½ lbs. per min. Ship. weight, 6 lbs.....$1.79
86 F 1920—Large size. Size of top hopper opening 4⅛ by 3⅛ inches. Chops 3 lbs. per min. Ship. weight, 8 pounds.....$2.15



$1.45 Small Size

Tight fitting scroll forces food through the barrel to cutting plates. Bronze bearing on handle prevents fruit juices from dripping.

Do not confuse these with the low price painted Presses. Every part of this press, even the strong iron frame, is heavily tinned—you can appreciate the advantages—it's rust-resisting throughout, easy to clean and sanitary to use. Extra heavy tin cylinder. Disc top screws down and presses the juice out through the perforations. Can be shipped by parcel post.

Household Butter Churn and Mixer

You can make butter for home use in about ten minutes with this handy Churn. Easy to clean. All except the small size have perforated cap which permits buttermilk to be drained out and water poured in for washing butter. Jar is clear glass with rounded corners and large mouth. You can also use it for merging fresh milk and butter. One pint of milk and one pound of butter churned for a few minutes makes about two pounds. Extra glass jar can be furnished.

Ideal for Mixing—Beating—Whipping

Splendid for mixing cake ingredients, beating eggs, whipping cream or mixing salad dressing. Sanitary cast aluminum dasher. Instructions included with each churn.

There Is No Finer Aluminum

In Grade-In Finish-In Weight

Royal Aluminum

Super Grade-Extra Heavy

Always Look for the Name "ROYAL" on Every Piece

THERE are two grades of aluminum ware being sold today. We offer you both of them. Royal—our best grade—has extra weight and the highest refinement of finish. You can't buy better aluminum anywhere, no matter how much you pay. The name Royal is stamped on the bottom of every piece—our guarantee of topmost quality. To meet popular demand for lower priced aluminum, we also offer you a lighter weight, commonly referred to as "standard." This is by no means equal to Royal in weight or fiinsh, but is remarkably good value at the price.

Royal Colonial Design Tea Kettle

$1.79

Heavy Royal Aluminum—Colonial design. Seamless. Large smoothly welded spout which can be used in filling kettle. Cast aluminum ears securely riveted. The heavy flat bail has ebonized wood handles. Ebonized knob on cover. Wide quick-heating bottoms. Easy to keep clean and sanitary. One of our biggest bargains in a good looking, serviceable tea kettle.

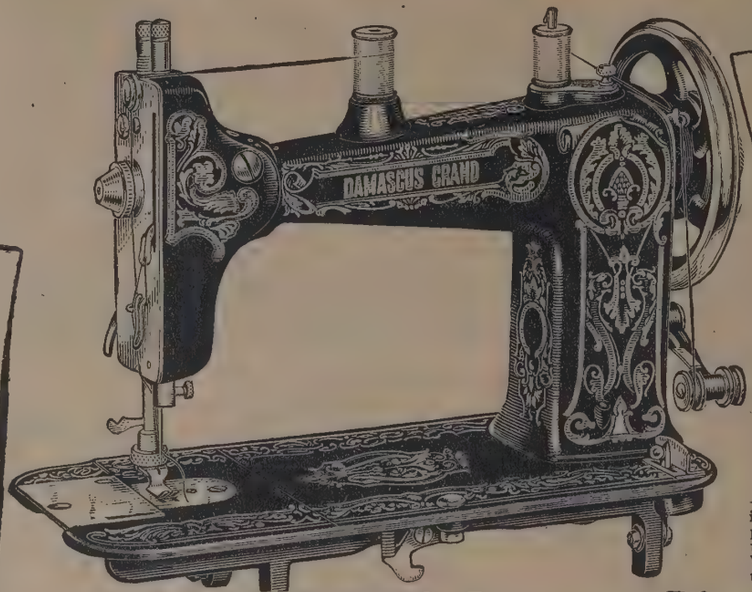
"Our Damascus Is Perfect—

I Couldn't Get One Like It Here for Less Than $70." Says Mrs. T. B. Burroughs, Odenville, Ala.

$4 Down Buys Any Damascus Machine



After 40 Years—Still Going Fine

"Our Damascus Sewing Machine is perfect. It makes neat stitches on all kinds of material, and I certainly do like it. It runs quietly, and I couldn't get one like it here for less than $70. My friends think it is nice, and that I got a bargain. Am well pleased with it. I like the cabinet, and it gives good service."
Mrs. Thurston B. Burroughs,
Odenville, Ala.

Printed by Permission

Our 20-Year Guarantee

WE guarantee that every Sewing Machine bought from Ward's has been accurately adjusted, carefully inspected and thoroughly tested, with both silk and cotton thread. We guarantee the materials and workmanship to be of the finest, and will make good any defects that may develop, due to faulty materials or workmanship during a period of 20 years from date of purchase, absolutely without cost to you.

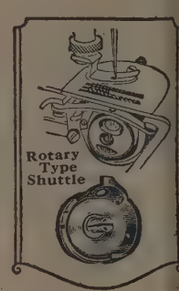
30 Days Trial in Your Own Home - You may use any of these Sewing Machines in your home for 30 days, and make any comparison you like. If you are not satisfied with the results, write us for shipping instructions. We will refund all you have paid, including transportation charges both ways.

DAMASCUS Rotary Shuttle

With All the Latest Improvements

THE Rotary Shuttle is the latest and most efficient principle in Sewing Machines. The development of this type machine is a great step forward, because it eliminates vibration and noise. The rotary will sew as slowly as you like, and with the same effort will sew a third faster than a vibrating shuttle machine. Has all latest improvements. Improved feed device is designed to take care of this increased speed and feeds material straight; will sew heaviest and thinnest material equally well. Length of stitch can be regulated by moving a lever without stopping the machine. You can wind bobbins without taking your sewing out or removing belt. Light running and quiet.

Each machine comes complete with full set of Greist attachments. These enable you to do hemming and felling, hemming and sewing on lace, wide hemming, binding, tucking, edge stitching, ruffling, piping, shirring, puffing, quilting and anything else that fine quality machines should do. A complete instruction book with pictures showing every operation makes it easy to do any of these. All Damascus machines have the latest automatic tension device. Regardless of the thread or materials used, the tension is automatically adjusted.



Free Attachments

The following Greist Attachments are included with all our Damascus Sewing Machines:

1 Tucker	2 Screw Drivers
1 Ruffler	1 Shirring Plate
4 Hemmers	1 Braiding Plate
1 Binder	1 Thread Cutter

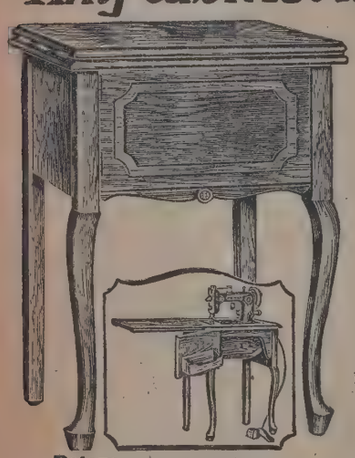
Extra Accessories

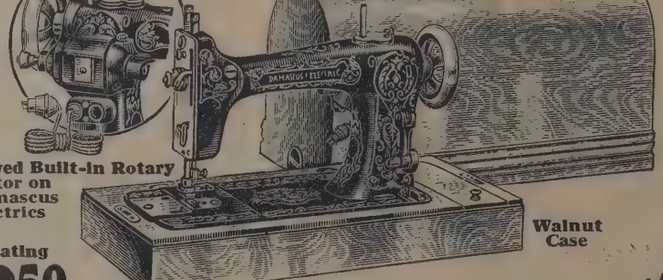
5 Bobbins	12 Needles
1 Oil Can	1 Quilting Gauge
1 Small Hemmer	1 Seam Gauge

Any Cabinet Below With Either Vibrating or Rotary Style Shuttle

Famous Damascus Electric

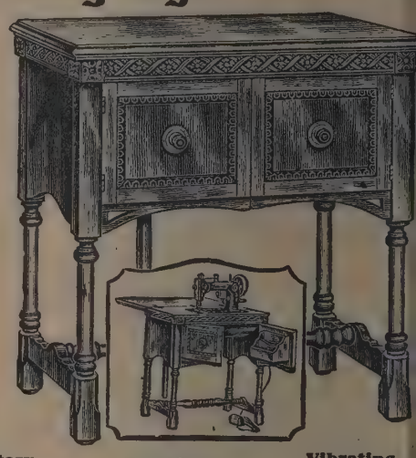
THESE Electric Machines run very quietly. Highest grade motors are furnished with our Portable Electric Machines and are for use with 105 to 120-volt current, alternating or direct. If you use 32-volt farm lighting current or voltage other than 105 to 120 volts, we can furnish you a suitable motor at an additional cost of $3. When ordering state voltage, cycles and kind of current. You can find this information on your electric meter.





Improved Built-in Rotary Motor on Damascus Electrics

Walnut Case



Rotary $59.50 Cash Price — Queen Anne Console Electric Model — Vibrating $52.50 Cash Price

Here we have placed our finest sewing head, the Damascus, in a cabinet of unusual beauty, designed in the ever popular Queen Anne style. You have a choice of quarter sawed oak or walnut finish cabinets. The space occupied is only 17 by 21 inches. It has a drop head which swings the sewing head into position when lid is lifted, and the lid forms a splendid sewing table. Can be used as an attractive individual table when the machine is closed. You can have the machine with either the Rotary shuttle sewing machine head with the improved **built-in motor,** or the Vibrating shuttle sewing machine head with motor attached to outside of head. With either, you get all equipment described above, including a full set of Greist attachments and high-grade electric motor with foot pedal control, attaching cord and plug. The machine is very easy to run, and you can accomplish twice as much work with a saving of time and energy. The machine is guaranteed for 20 years. No matter what price you pay, you cannot buy a better machine anywhere than the Damascus. See **"Estimated Total Freight Charges" on Page 348.** Shipping weight, 109 pounds.

"The Best Running Machine I Ever Used—

Does Even Stitching on Any Material." Says Mrs. Frank L. Jones Foxburg, Miss.

This Is Typical of Thousands of Letters

"I am more than glad to tell you that the Damascus Sewing Machine is the best running machine I ever used. It does even stitching on any material. We use all the attachments, and they are useful in every way. My friends, using the machine, say it is the best they have ever tried. One like it here would cost at least $80 to $85."

Mrs. Frank L. Jones,
Foxburg, Miss.

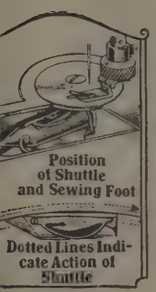
DAMASCUS Vibrating Shuttle



WE guarantee it for 20 years—and our many years experience proves that this Sewing Machine will outlive its guarantee. Our price is much lower than dealers ask for machines of similar high quality, because we buy at lowest possible prices and sell tremendous quantities. The cost of the vibrating machine is lower than that of the rotary shuttle type because the mechanism is less expensive to build. The workmanship and materials are the very finest and it will give you a lifetime of faithful service. No vibrating shuttle sewing machine runs easier, sews better or has a finer construction than our Damascus Vibrating Shuttle Machine.

Damascus Vibrating Shuttle machines are equipped with a full set of Greist attachments, and will do all plain and fancy sewing as well as any machine made. The attachments enable you to do binding, tucking, hemming and sewing on lace, ruffling, piping, shirring, braiding, quilting, and other sewing. The Damascus Vibrating Shuttle has the latest improved automatic tension, easy stitch regulation, perfect feed, automatic bobbin winder and other features of highest priced machines. It is built for us by a manufacturer who has specialized on these two machines for over forty-seven years. Thousands of them have been in use for over twenty years, most of them without repairs during that time.

Special Brunswick Features

THE Brunswick Sewing Machines have the reliable Vibrating Shuttle sewing action with self-threading cylinder shuttle. Tension control is at the top of sewing arm; stitch regulator in base of sewing arm. Machine has positive feed and automatic bobbin winder. Presser foot holds goods firmly but must be adjusted for different weight materials. Stand has ball-bearing drive wheel.

Mrs. John Langston of Glenwood, Ind., writes: "My Brunswick Sewing Machine guarantee was half up in March, 1926, and it's as good as the first day I received it. I will not trade it for any new machine. We sew everything on it, from auto curtains to silk."

All Brunswick Sewing Machines are backed by our 20-year guarantee. They are entirely dependable, and will take care of every sewing need of the average family.

Choice of Five or Seven Drawer Models

Built of Solid Oak with the table and panels veneered. The front drawer has special slots for bobbins, needles and other small accessories. Light as a Broom

$15.95 Cash Price

New Aluminum Vacuum Cleaner

Operated by High Speed Electric Motor

All the Weight Is on the Floor

Easy to Handle—Reaches Anywhere

$4 Down Four Dollars A Month

EVERY housekeeper needs this convenient, inexpensive Electric Vacuum Cleaner. Its lightness and ease of operation take much of the drudgery out of housework. Can be run across rugs with one hand. The long light-weight aluminum handle, which is lighter than a broom, permits cleaning walls, draperies, and along mouldings, with little effort. Nowhere else can you buy this guaranteed reliable household convenience for so little money.

Aluminum suction fan, quiet running high speed motor and dust bag are contained in a polished aluminum case which rests on the floor. Motor operates on 110-volt direct or alternating current.

Ideal for Cleaning Automobile Upholstery

Equipment includes 20½-foot electric cord with plug; 5¾-foot flexible hose; 3½-foot aluminum tube handle which slips easily out of small nozzle so that you can clean draperies without changing attachments; 10½-inch nozzle with a stationary brush that loosens embedded dirt and grit and picks up lint, clinging hair or threads; small nozzle and suction brush for cleaning upholstery, as shown in small illustrations.

Shipping weight, 11 pounds. Can be shipped by parcel post.

These Attachments Included Without Extra Charge

Secure the voltage and the cycles of your electric current from the brass plate on your meter, and state them in your order.

cleaners as good as the BALL BEARING Wardway

$25.95 Cash Price — cost $40 to $60.00

Seven Important Features Women Like

Ball-Bearing Motor, light running and powerful, designed and manufactured especially for the Ball-Bearing Wardway by one of America's largest manufacturers.

Long "Gooseneck" Nozzle which reaches far back under davenports and other low furniture, cleaning easily and thoroughly where other cleaners will not go. Entire head of cleaner, including the 13-inch nozzle, is cast aluminum, highly polished.

Stationary Brush loosens all threads, lint, and dust so they are easily drawn in by the powerful suction. This brush is far more satisfactory than a revolving brush which becomes tangled with threads and lint. The Wardway stationary brush can be easily removed for cleaning long nap rugs.

Light Weight and Perfect Balance make the Ball-Bearing Wardway delightfully easy to operate—a revelation to the woman who has been fatigued by the old carpet-sweeper type of vacuum cleaner. The new Wardway weighs only ten pounds.

Natural Curved Grip fits the natural curve of wrist and hand, eliminating all strain and weariness in the arm.

Complete Set of Special Attachments with 8-foot extension hose, for cleaning overstuffed furniture, automobile cushions, pillows, mattresses, draperies, woodwork, picture molding—almost anything!

Handy Switch located in the grip, stops or starts the motor with a quarter turn, convenient, and always out of the way.

For Easy Payments Use Order Blank On Page 623

1.00 Down
.00 A Month

Cleans as Easily and Thoroughly as Any Other Cleaner at Any Price

No matter how much you pay for a vacuum cleaner, it will not clean any more easily nor any more thoroughly than the new Ball-Bearing Wardway. Twenty-two feet of cord enable you to reach every part of the room. Special locking device holds nozzle rigid for cleaning stair treads. Rubber wheels run easily and silently without marring furniture or floors. Swivel rear wheel permits running on and off rug without effort or catch. All wires have soldered terminals—which means that no matter how much you pull on the cord, the connections will not be broken.

Try It in Your Own Home for 15 Days

Satisfy yourself as to the efficiency of the New Ball-Bearing Wardway. Order it—use it in your home for 15 days—compare it with any other cleaner at any price. If you aren't convinced of its value—if you aren't fully satisfied with its performance in every way, return it to us and we will gladly refund all you have paid, including transportation charges both ways. Can be shipped by parcel post.

The new Wardway ball-bearing motor works on 105 to 120-volt either direct or alternating current. When ordering, state voltage, cycles, and kind of current. This information appears on your electric meter.

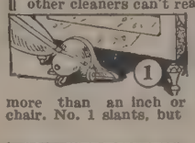
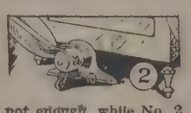
See How It Gets Way Underneath

The long, low "gooseneck" nozzle gets under low chairs and davenports where other cleaners can't reach. For instance, these drawings show three other cleaners which range in price from $35 to $55—yet not one of them can get more than an inch or two under a low chair. No. 1 slants, but not enough, while No. 2 has even less slope.





No. 3 goes down almost straight—you must move the furniture before cleaning.

Low Priced Wardway without Ball Bearings — $21.75

Most Vacuum Cleaners on the market are of the plain bearing type. To those who desire a good low-priced electric vacuum cleaner we recommend the Wardway without ball bearings. Same as described above excepting motor has plain bronze bearings; grip is straight style instead of natural curve; switch is located at bottom and is conveniently controlled by foot. This cleaner fits all regular Wardway attachments as described above. May be bought on easy payment plan, $4 down and $4 a month. 32-volt motor, $1 extra. Can be shipped by parcel post.

Especially designed for homes that are not equipped for electricity. Has a powerful suction that cleans as thoroughly as most electric machines. Our Wardway Non-Electric Cleaner is the most economical sweeper you can buy.

Works on vacuum principle the same as an electric cleaner but it requires no electricity. It sweeps as it cleans. Simply push it across the floor. Operates a high speed fan which creates a powerful suction drawing up all the dirt. A stiff, revolving brush picks up all surface litter. Brush easily removed for cleaning. Cleans thoroughly without raising dust. It is so light in weight and so easy to handle that even a child can use it. All parts are of best material obtainable. Rubber tired wheels are geared to 5-inch ball-bearing fan. Polished cast aluminum body is 7¼ in. high. Slides under furniture. Nozzle, 11 in. long. Dustproof, detachable bag. Easily emptied. 42-inch wood easy-grip handle, enameled black. Sturdy worm-gear construction. Oilless bearings. Ship. weight, 11 pounds. Can be shipped by parcel post.

Wardway Gyrator Electric Washer
Powerful Propeller Type Cleanser

YOU will understand how much American housekeepers think of this type of washer when we tell you that more of this style are sold than of all other types combined! The "Gyrator" swishes and swirls the clothes around, through and through the hot suds, with a swift, sure-cleaning rinsing motion which cleans thoroughly, with less wear on clothes. Heavy garments are washed as quickly as the daintiest of lingerie, by the powerful gyrating propeller principle. The "Gyrator" is fully equal in every respect to any other washer of this same type, but it costs you just about half the price usually asked for other makes.

Simple to Operate—Will Last for Years

Washing is done by the new efficient gyrating propeller system that swirls the clothes back and forth in the tub extracting every particle of dirt. All gears of the "Gyrator" are enclosed in grease-packed housing—no exposed moving parts to catch clothing and cause injury to yourself or small children. Belt, pulleys and motor are mounted under the tub out of the way.

There's nothing difficult to learn about its operation—just put in hot suds and drop the clothes into them. Then, close the washer, press a button and the washing begins. Six sheets, twelve shirts, or their equivalent, can be washed at one time in three to seven minutes. Gears are enclosed in a leakproof case packed with grease and need no attention for two years. Height of washer, 51½ inches. All parts are finished in a beautiful baked-on gray enamel except tub which is solid copper lacquered to preserve its bright shiny finish. Casters are easy rolling and extra heavy. One is adjustable allowing you to have a perfectly steady washer on any floor.

Capacity Six Sheets

The copper tub is heavily tinned inside which prevents discoloration of the clothes and makes the tub easy to clean. Is 19 inches deep with a top opening 21 inches. Capacity, six sheets, or twelve shirts, or the equivalent. The all metal reversible gear driven wringer has 11¾-inch best grade semi-soft rubber rollers that will not easily break buttons. Wringer is adjustable to three positions. Metal drain-board is reversible, wringer has safety release.

With High-Grade Electric Motor

A high-grade ¼ horse-power electric motor operates tub and wringer. They may both be used at the same time if desired. The cabinet is heavy sheet steel spot welded—not riveted—to a frame of angle iron. Levers and handles heavily retinned or udylited to prevent rusting. Hinged door gives access to mechanism of washer. Washer occupies floor space 25 inches in diameter.

Motor is intended for uses on 110-volt 60-cycle alternating current. If the plate of your meter shows your house current is different, allow $4 extra for a suitable motor and tell us whether your current is alternating (AC) or direct current (DC), the number of cycles, if alternating, and the voltage.

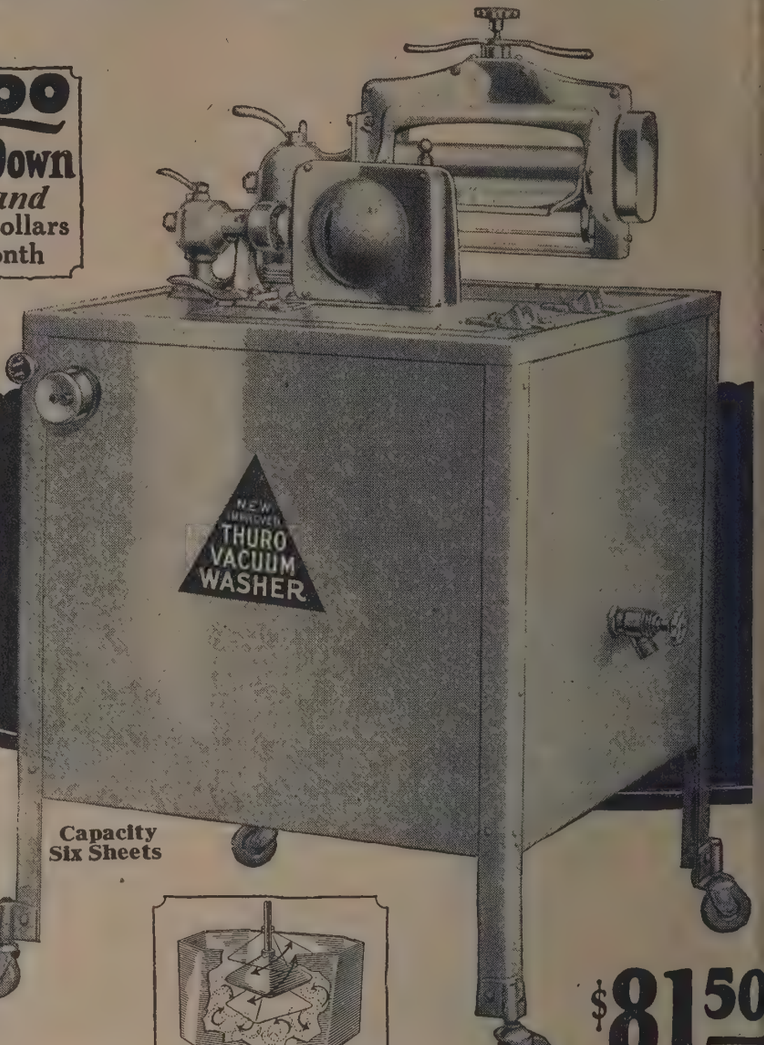
Four Styles of Electric Washers All of Them the Best!

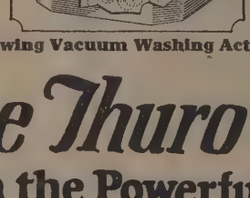
Each of four women may own a different type of Electric Washer. Each will tell you confidentially that **her machine is the best.** It would seem that three of these women must be wrong, yet all of them probably are right.

Every woman will do her work best with the machine she likes best. That is why four types of electric washers are widely sold, and that's why we offer them all. It also is why we don't recommend any particular type in preference to the other three.

We simply suggest that you choose your machine from among the four we show, and do it with the assurance—with the Montgomery Ward & Co. GUARANTEE—that there isn't anywhere on the market a machine of the type you select that will wash your clothes any cleaner, quicker, with less trouble or less injury to the fabrics, than the one you buy here. And our prices on each are just about half the usual retail prices.



Capacity Six Sheets



Showing Vacuum Washing Action

$81.50 Cash Price With Copper Tub

The Thuro Electric Washer
With the Powerful Vacuum Action

The Improved **Thuro** operates on the well known vacuum principle. Instead of rubbing, it forces the hot suds through the fabrics in both directions, meanwhile swirling them back and forth slowly until they are thoroughly cleaned. A snowy washing "on the line by 9 o'clock" is the rule in homes where the Improved **Thuro** washing machines are used.

This gentle method of cleansing causes clothing washed in the **Thuro** to give much longer wear. It will wash the coarsest garments or the daintiest fabrics perfectly. Generally, washers operating on this principle are among the most expensive on the market. We have tested them all and we guarantee the **Thuro** to be equal in performance to any vacuum washer made, regardless of price.

The principal feature is its hexagon vacuum dasher—a cast aluminum cup 9 inches across, mounted on dasher shaft with hollow-side down inside a copper tub. On both its upward and downward stroke this dasher forces the hot suds through the clothes. On the down stroke the vacuum cup revolves enough to shift the clothes gradually around the tub.

Copper Tub—Gear-Driven Wringer

Tub is solid copper, tinned inside, mounted on rigid frame of heavy angle iron and enclosed within a cabinet of sheet steel. Finish is Baked-on Gray enamel. Simplified construction—when lid is lifted the plunger comes out.

Cast aluminum gear-driven wringer is of the reversible type. Swings to four positions. Has safety release. Tub and wringer can be operated at same time. Finest quality semi-soft rubber rollers. All working parts completely enclosed and run in grease or oil with leakproof cases. Height from floor to top of cabinet is 33 inches and to top of wringer, 48 inches. Occupies floor space 26½ by 26½ inches. Drain faucet is threaded for hose connection. Capacity six sheets, or twelve shirts, or the equivalent.

Electric Model **Thuro.** Complete with plug, cord and ¼ horse-power motor for 110-volt 60-cycle alternating (AC) current. If your meter plate shows that your house current is any other voltage or is direct (DC) current, state voltage and kind of current and allow $4 extra for suitable motor.

Engine Drive **Thuro.** Comes complete with a 2-inch flat face drive pulley, 4 inches in diameter. (No engine included.) Can be run by any gasoline engine or line shaft. Pulley wheel should be driven about 1750 revolutions per minute.

Rocks Like a Cradle

Wardway Oscillator Electric Washer

Copper Tub and Swinging Wringer Equal to Machines Costing $125 and $160

Full Capacity, Six Sheets

The principle of the Oscillating Type Washing Machine has been thoroughly tested for many years, and is very efficient. Many women prefer this type to any other, but do not want to pay the high price dealers have been asking for machines of this high quality. The Wardway Oscillator is guaranteed by us to give you absolutely every advantage you will find in any other oscillating machine, even those selling for $125 to $160. Our price saves you about one-third the usual price.

The Wardway Oscillator operates on a sound mechanical cleansing principle. The copper tub moves like a cradle with an easy rocking swing which gives a figure 8 movement to the water. This tumbles the clothes over and over fifty-five times a minute in the swirling hot suds, forcing a cleansing, sweetening flood through the fabrics. This gently removes the dirt from the fiber and meshes of the clothes, leaving them snowy white, wholesome and clean.

All Good Features of Best Machines

The Wardway Oscillator is equipped with a heavy copper tub heavily tinned inside which prevents discoloration of the clothes and keeps the tub clean. Tubs swing in a metal cradle that is securely clamped, with no rivets to work loose. Tub and wringer can be operated at same time.

Full Size—Full Capacity

The full size, full capacity copper tub is 13 inches deep with a top opening 10 inches by 17 inches. Capacity six sheets, twelve shirts, or their equivalent. The all metal reversible gear driven wringer has 11¾-inch best grade semi-soft rubber rollers with large drain-board. Wringer is adjustable to five positions. Metal drain-board is reversible, wringer has safety release. Cabinet is heavy sheet steel welded to angle iron frame. Baked-on enamel finish. Occupies floor space 25 by 26 inches.

With Electric Motor

High-grade quarter horse-power, 105 to 120-volt, 60-cycle alternating current operates both tub and wringer. If the plate of your meter shows your current is different, allow $4 extra for suitable motor and tell us whether the current is alternating (AC), or direct (DC); the number of cycles, if alternating, and the voltage.

Engine Drive Model

Equipped with 6-inch pulley with 2¾-inch face for 2-inch belt, instead of electric motor. You can run this model with any gasoline engine or any line shaft at a speed of 350 r.p.m. This model has no casters.

See "Estimated Total Freight Charges" on opposite page.

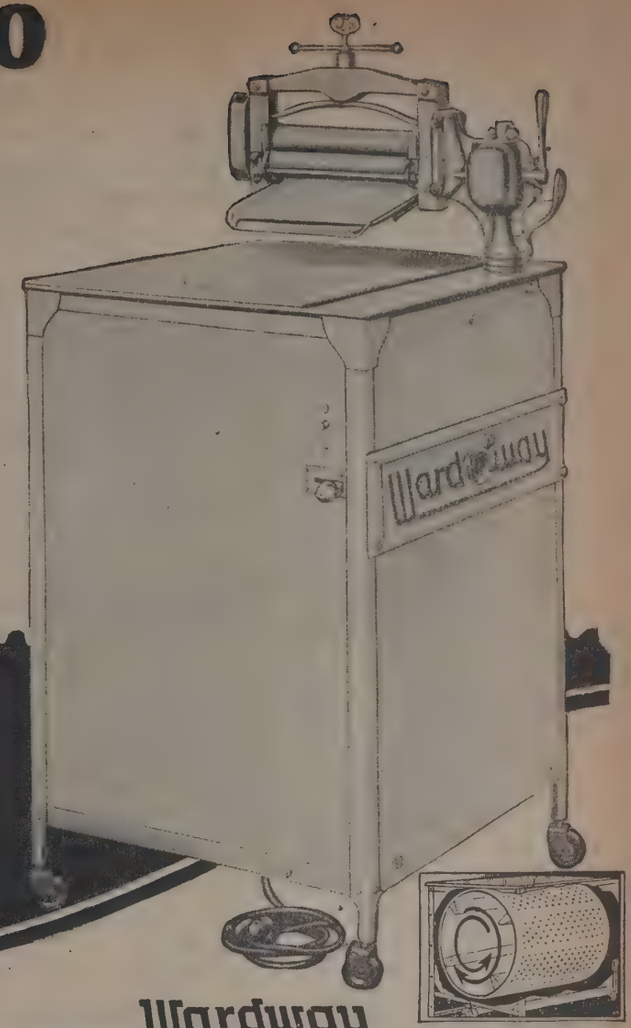
Engine Drive Models Of Above Machines Operate from Engine Direct Or Line Shaft

The Wardway Oscillator and Cylinder Washers shown above can be ordered equipped with pulley for engine drive. Either model can be driven from line shaft or engine direct.



Reversing Cylinder

$72.50 Cash Price

Wardway Reversing Cylinder Electric Washer

Washers of This Type Usually Sell for Double Our Price

Full Capacity, Six Sheets

The high-grade Electric Washer operates on exactly the same principle as the efficient machines used in most of the best steam laundries. Many of the highest priced washers use this same reversing cylinder principle because of its thorough but gentle washing action, which will not injure the most delicate fabrics. It will wash almost anything from handkerchiefs to heavy blankets. It will wash out a big tub of white clothes in fifteen minutes or less, and wash them **clean.** When you have your clothes ready, just drop them into the cylinder of hot suds, close the cylinder, press the button and the machine does the rest. The wringer is gear driven and can be set in five positions, making it very easy to use for wringing direct from the washer or from rinsing tubs.

The Wardway Reversing Cylinder Washer is sold on 30 days' trial. We want you to compare its construction and its efficiency with any good machine you know of. If you do not feel, after a thorough test, that it is a big value and equal to the best machines you have seen, write us for shipping instructions and we will refund all you have paid, including transportation charges.

Just a Few of the Wardway's Quality Features

Every convenience and improvement included in the finest washers will be found in the Wardway. The tub is of copper, heavily tinned inside or can be furnished in galvanized iron tub. The cylinder is made of one piece of heavy zinc with perforations embossed so that they will not wear the clothes. The cabinet is of heavy sheet steel, is spot-welded to reinforce angle iron corners. It is finished in baked-on gray enamel. The cabinet is entirely closed on three sides with the lower part open on the drain side. Has easy rolling casters, and occupies floor space 25 by 26 inches. All gears run in grease in leak-proof housings.

All Metal Wringer—High-Grade Motor

The metal power driven wringer with large drain-board swings to five convenient positions and turns in either direction. Has safety release, extra quality rubber 11¾-inch rollers. Tub and wringer can be operated at same time.

With Electric Motor

High-grade quarter horse-power, 105 to 120-volt, 60-cycle alternating current operates both tub and wringer. If the plate of your meter shows your current is different, allow $4 extra for suitable motor and tell us whether the current is alternating (AC), or direct (DC), the number of cycles, if alternating, and the voltage.

Engine Drive Model

Equipped with 6-inch pulley with 2¾-inch face for 2-inch belt instead of electric motor. You can run this model with any gasoline engine or from any power shaft, at a speed of 350 r.p.m. This model has no casters.

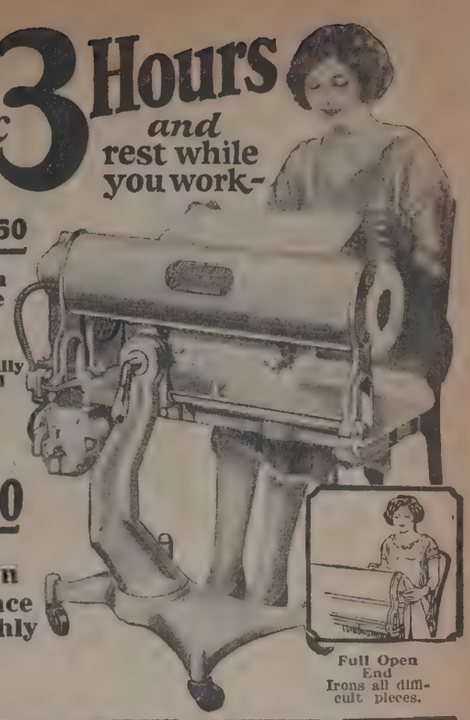
Full Day's Ironing in 3 Hours and rest while you work—with the Wardway Folding Electric



Convenient Size for Home and Family Use

A FULL DAY'S ironing disappears in a few hours when you use the New Wardway Electric Ironer. Irons better and in less time than with a hand iron. Easy to operate and you can sit down and rest while you iron. Does perfect work on all materials—pillow slips, table cloths, sheets, curtains, house dresses, aprons, dainty lingerie, pleats, frills—in fact everything that you have to iron.

Folds Into Space Only 18 Inches Square

Folds compactly in a small space no larger than a kitchen chair and is almost as easy to move about. Simply place the dampened clothes on the padded roll—a light knee pressure on the control switch gently starts the roll and brings the work in contact with the electrically heated shoe. The full open end enables you to iron children's dresses, shirts, collars, cuffs, slips and all similar work. Automatic adjustment permits ironing pieces of any thickness.

Stationary Ironing Shoe Best Type

The ironing shoe is absolutely rigid—a permanent part of the machine. The position of this shoe and the contact roll makes it possible to see your work as it is fed into the ironer. The large ironing surface allows space for adjusting and smoothing out garments as they go into the ironer. The nickel plating on the shoe gives a beautiful finish to all work. Only one quarter of the amount of starch is needed when you use the Wardway Electric because the heat and pressure are more intense than can be given with an ordinary hand iron.

Strongly Made of Best Materials

Length of roll, 26 inches. Ironing surface, 150 square inches. Full open end. Folds into space only 18 inches square when not in use. Nickel plated ironing shoe. Heavy cast base entirely finished in gray enamel. All working parts run in grease. Costs little to operate. Electric heating element uses 10 amperes on 110-volt A. C. No special wiring required, simply plug into any light socket. Shipping weight, 275 pounds. Estimated Total Freight Charges for 150 miles, $1.52; 300 miles, $1.87; 500 miles, $2.75. Read Page 306.

Extra Large Size Stationary Ironer

For Large Families Or Small Laundries

$104.95 Cash Price

46-Inch Rolls Gas or Electrically Heated

A practical Ironer for large family use or small hand laundries. Does all plain ironing and in addition it has special ruffler and collar attachment for fancy work. The Wardway will do all your ironing—the 46-inch rolls are for flat pieces and the electric heated open end attachment for collars, cuffs, ruffles, etc. Wide maple feed board. The revolving seamless steel cylinder insures even, steady heat at all times. The heat in both gas and electric models is inside the cylinder. We can furnish gas or electric heated ironers. The electric heated is 3,000 watts when main heating element is turned on (wired for 220 volts). The electric heated model requires a special supply line to carry the extra load. Both the gas and electric heated ironers are equipped with 110-volt, 60-cycle motor to operate rolls. Estimated Total Freight Charges for 150 miles, $1.93; 300 miles, $2.38; 500 miles, $3.50. Read Page 306.

High Grade Imported Bavarian China

Six Patterns

Wholesale Prices

THE name "H. & Co. Bavaria" on china is an assurance of excellence in quality and design. It is a guarantee that the ware is the product of the leading makers of fine Bavarian China. H. & Co. China is imported from Bavaria direct by Ward's, and we sell it for less than dealers are paying for similar high grade china.

Each piece is first quality, perfect in design, pure white in color with a hard lustrous glaze. Hold it to the light you can almost read the trade mark through it. On this page are shown many beautiful patterns from which you may choose, any of which may be purchased in Open Stock in any quantity desired. There is a wide price range, made so by the different colors and processes used in decorating and the selections of design. The high quality of the ware is identical on all sets listed. All patterns may be had in the shapes illustrated in the center panel below. Make your selection now for a set or pieces of your choice from the open stock listed in panel in center of page.

The "Cavalier" Dinner Set — $13.98

Medallions of blue and gold, and garlands of roses with green leaves, are combined with a fine sense of harmony in this attractive Dinner Set of imported Bavarian China. A narrow border of gold and black scroll contrasts vividly against the clear whiteness of this dinnerware. Handles are half covered with gold. This service makes a most pleasing setting for the table since the design is neat and in excellent taste. The shapes are in the latest styles and very graceful. Its quality, beauty and low price make it an outstanding dinnerware value. Our price is exceptionally low for this excellent quality H. & Co. Bavarian China. **See the center of the page for composition of our 32, 45, 55 and 100-piece sets.** All pieces may be bought in any quantity from our open stock, listed in the center of the page under No. 550 F 370.

Gold Incrustation Dinner Set — $32.85

Exquisite beauty and unique craftsmanship are combined in this genuine H. & Co. imported Bavarian China. Gold Incrustation—beautiful design worked in solid gold—found only in the highest priced dinner services. A gorgeous band of the highest quality gold in which a scroll design in rich, dull gold is etched, gives this set a stately grace seldom found in dinnerware. The handles are entirely covered with the same high quality 22-karat gold. The dinnerware is the famed clear and transparent H. & Co. china. This is absolutely the biggest value we have ever offered in imported china dinnerware. This same gold incrusted 100-piece set could not be bought for less than $200 elsewhere. **See center of the page for the composition of our 32, 45, 55, and 100-piece sets.** All pieces may be bought in any quantity from our open stock listed at right under No. 550 F 375.

Pink Rose Dinner Set — $8.98

The Pink Rose is our lowest priced pattern in fine quality H. & Co. Bavarian China. It has dainty design of tiny roses in delicate pink and green, a narrow band of gold edges each piece and handles are traced on each side with a thread line of gold. This is the same hard white china as our highest priced set, but in a much less expensive although attractive design. **See center of the page for the composition of our 32, 45, 55 and 100-piece sets.** Individual pieces may be purchased separately in any quantity from open stock, listed above under No. 550 F 320.

450 F 316 Service for six.	32 Pieces Ship. wt., 28 lbs.	$8.98
450 F 317 Service for eight.	45 Pieces Ship. wt., 45 lbs.	$11.95
450 F 313 Service for twelve.	55 Pieces Ship. wt., 60 lbs.	$16.95
150 F 319 Service for twelve.	100 Pieces Ship. wt., 96 lbs.	$34.95

The Greek Key Dinner Set — $12.98

The refined simplicity of our most popular Bavarian China, the Greek Key Border, will surely appeal to those who love beautiful dinnerware. Simple and most effective against the snow white china, the Greek Key is traced in black between slender lines of gold, making a border about 5/16 inch deep. The graceful handles of this neat and attractive table service are traced in gold. Genuine H. & Co. Bavarian China, perfect in coloring and glaze, would cost you half again as much elsewhere. **See center of page for composition of our 32, 45, 55, and 100-piece sets.** We carry this pattern in open stock listed at the center of the page under No. 550 F 395 so you can be sure of keeping your Greek Key dinner service complete. We guarantee safe delivery of all our dinnerware.

22-Karat Coin Gold Dinner Set — $16.98

Nothing makes a richer looking dinner service than a complete set of beautiful Coin Gold Band China. A set such as this adds richness and distinctiveness to your table service. A narrow band and tiny thread line of deep yellow coin gold form a border about 3/16 inch deep on each piece. All handles are half covered in this rich coin gold.

The name "H. & Co." stamps it as Bavarian China of the highest type. All pieces are guaranteed first quality. You will never tire of this simple effective pattern and the graceful shapes. A set of this handsome Imported Bavarian China is an ideal selection for a wedding or an anniversary present. Thin, lustrous and snow white, it will look charming on any dinner table. See above at left the composition of our 32, 45, 55 and 100-Piece sets. Individual pieces may be purchased separately in any quantity from open stock, listed at left under No. 550 F 385.

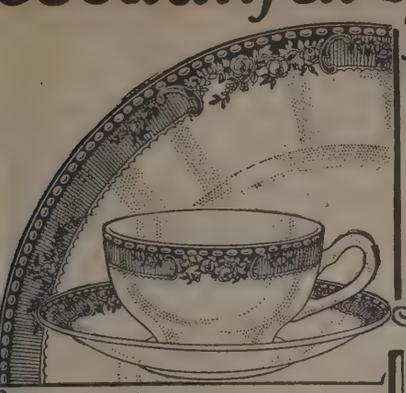
Beautiful American Dinner Ware — Six Patterns

Best Values You Can Find Anywhere

Dependable American Dinnerware, made by one of the most famous potteries in this country.

Many women select American Dinnerware in preference to any other because of its smooth, rich finish, its clear luster, and its low price. Any Set on this page will prove a happy choice as all are delightfully attractive.

Ward's prices are 30 to 50 per cent lower than you usually have to pay elsewhere for this high quality. Made for us—you pay no additional "in between" profits. There is practically no difference in the quality of these sets—the variation in price is due only to the coloring and process of decorating. Pieces included in our dinner sets are listed in the center of the page. Make up your own set or order additional pieces from the open stock listed in the center of the page. Shapes for all of the patterns shown here are same as those in the 100-piece set illustrated immediately below.

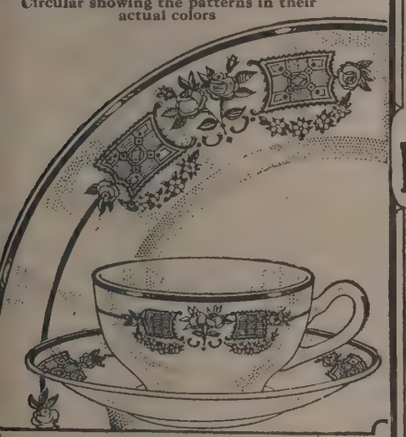


Rose Garland Dinner Set — $5.85

We believe this is the Greatest Dinnerware Bargain in America. Our buyers searched the markets for months for this very special value. They wanted a dinner set of an especially fine quality and a pattern that any woman should be proud to have on her table. Its hard clear glaze and. double cream body will convince you that it is the best made American semi-porcelain. Its pattern is a dainty border of garlands of softly shaded pink roses against a rich ivory background. A distinctive bead effect of ivory and black decorates all the edges. Handles are traced in black. Pieces included in our dinner sets are listed in the center of this page. Order additional pieces from open stock listed in the center of the page under 550 F 183.

550 F 172—Service for six. Ship. weight, 24 lbs. — 32 Pieces — $5.85
550 F 173—Service for eight. Ship. weight, 42 lbs. — 45 Pieces — $10.48
550 F 174—Service for twelve. Ship. wt., 50 lbs. — 55 Pieces — $12.45
550 F 175—Service for twelve. Ship. wt., 85 lbs. — 100 Pieces — $22.98

Send a postcard for our free Dinnerware Circular showing the patterns in their actual colors



Rose Medallion Dinner Set — $5.48

When you see the neatness of this design and its rich coloring, you will wonder that such a beautiful set can be priced so low. A narrow band of soft blue connects the medallions, giving the new semi-border effect now so popular. In the medallions, pink roses and blue forget-me-nots are daintily set off with green leaves and conventional figures in green, gold and black. Blue lines on edges and handles. White and lustrous, this ware is of very fine quality. This pattern makes an attractive, colorful setting for your dinner table. Although light in weight, it is exceptionally durable and will give you satisfactory service. American Dinnerware of similar quality and design usually sells for at least one-third more in most retail stores. Pieces included in our dinner sets are listed in the center of this page. Order additional pieces from the open stock listed in the center of the page under 550 F 362.

550 F 345—Service for six. Ship. weight, 21 lbs. — 32 Pieces — $5.48
550 F 346—Service for eight. Ship. weight, 42 lbs. — 45 Pieces — $9.25

Bluebird Dinner Set — $4.65

The dainty shades of blue, pink and green are unusually soft and artistic. All edges and handles are gold traced. Each piece is carefully made and beautifully shaped. They are all standard shape and full size. Though light in weight, this dinnerware set will give you long service because of its excellent quality. Remember this is first quality American semi-porcelain. See center of page for pieces included in our dinner sets. Order additional pieces from the open stock listed in the center of the page under 550 F 138.

Rose Border Dinner Set — $6.98

If you want an especially dainty pattern order this set with its unusually attractive border. It is our best border pattern on our finest American Dinnerware. Beauty and strength are combined in this dinner set. Its band of rich blue and gold has tiny groups of vivid pink roses. Panels and borders are outlined with a fine gold line and every dish is edged with gold. Handles have gold trimmings and each cup has a gold line around the inside. Pieces included in our dinner sets are listed in the center of the page. This is one of our most popular numbers with our customers because of its neat, colorful border design. Order additional pieces from the open stock listed in the center of the page under 550 F 312.

450 F 306—Service for six. Ship. weight, 24 lbs. — 32 Pieces — $6.98

Blue and Gold Dinner Set — $4.98

Beautiful gold scroll between two dainty blue lines—one of the simple border patterns that has always been very popular. Its artistic design, and pleasing coloring make it a charming service for your dinner table and one that you will not tire of. The border is 7/16 inch wide. On the inner edge of each dish is a fine line of blue and a bit of blue on each handle. It is semi-porcelain of a practical medium weight with a clear lustrous glaze. Only because Ward's buys so many of these sets and sells direct to you, can we offer you this remarkably low price—quality and beauty have in no way been sacrificed. High-grade American Dinnerware—attractive and durable. Pieces included in our dinner sets are listed in the center of this page. Order any additional pieces from the open stock listed in the center of the page under 550 F 65.

450 F 54—Service for six. Ship. weight, 24 lbs. — 32 Pieces — $4.98

"The Albany"
Genuine Imported Haviland China

32-Piece Set

$20.98

THIS dainty Greek Key pattern continues to be the most popular ever produced by the world's most famous china manufacturers—Haviland & Co. of Limoges, France. The attractive design is in a delicate shade of light amber outlined in a narrow line of black. The edges are bordered with a band of coin gold, and handles are half-covered with gold. Mellowing the rich coloring of amber, gold and black is the exclusive creamy whiteness of this famous French china. The pieces are the quaint and attractive Derby shape. The fine quality of this set, combined with its enduring and beautiful finish, makes it the choice of those who want the best.

For pieces included in the various sets, see center of Page 356.

"Le Tanneur"
French China-Made in Limoges

32-Piece Set

$14.48

THE ivory whiteness and smooth even texture of this Imported French China form a rich background for its dainty pattern of pale pink roses and border of royal blue and gold. This set bears the famous brand "Robert Haviland and Le Tanneur, Limoges, France." We guarantee it to be first quality china. The thoughtful composition of its decorative scheme will satisfy the most discriminating. We are able to quote you a French China border pattern at about half the usual retail price of similar ware. The set is in the attractive Marsellaise shape, striking and individual. The edges are bordered with a band of gold and the handles are half-covered with gold.

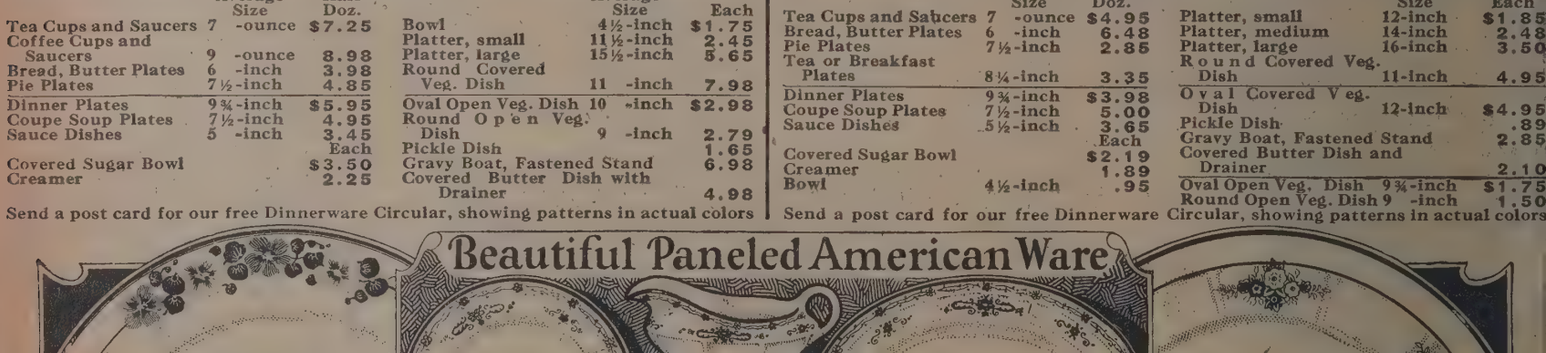
Beautiful Paneled American Ware



The Nasturtium

Gay colored blossoms in natural tones of blue, orange, yellow and green, make this Nasturtium pattern decidedly new and attractive. The graceful shapes are in the latest paneled design of fine semi-porcelain ware. Bright lines of Nasturtium red outline the border and edges of the various pieces. Colorful patterns in dinnerware are exceptionally popular and this cheerful flower design is one of the prettiest. Our price is exceptionally low for this fine quality American Dinnerware. For pieces included in various sets, see Page 357. Open stock pieces below.

550 F 515—Open Stock. Make up your own set. Order in any quantity desired.

The Mignonette

Dainty and colorful as the Mignonette itself, is this new floral pattern in conventional design. Tiny blue and yellow flowers and scrolls of black make a colorful setting for the conventional mignonette blossom. A dainty, ribbon-like border of yellow with small blue flowers outlines the pieces. All edges and handles are gold traced. The pieces are in the graceful, new paneled design of fine semi-porcelain ware. Although light in weight, it is exceptionally durable and will give you long service. For pieces included in various sets, see Page 357. Open stock pieces below.

550 F 525—Open Stock. Make up your own set. Order in any quantity desired.

The Chintz

Quaint and attractive is this old-fashioned Chintz pattern with its gay colored flowers in lavender, blue and gold. The clear white of the paneled semi-porcelain body makes a vivid background for the unusual flower design. Double lines of blue outline the edges of the various pieces. You will never tire of this beautiful pattern with its graceful decorations. Its quality, beauty and low price make it an outstanding dinnerware value. For pieces included in various sets, see Page 357. Open stock pieces below.

Genuine English Blue Willow Dinner Ware

32 Piece Set $5.45 Service for 6

112 Piece Set $21.98 Service for 12

Your Own Initial In Two Places On Each Dish

Genuine Imported English Blue Willow Dinnerware—the same 32-piece set which Ward's formerly sold for $7.45. Now you can buy it for only $5.45—a saving of one-fourth. We can offer such a remarkable bargain because we went direct to the producers and made a contract for a very large quantity of this dinnerware. This made possible big savings in their production costs, a lower price to us, and correspondingly big savings for you. English semi-porcelain has long been famous for its good quality. The interesting Blue Willow pattern will always be popular. At our new low price, it is one of the biggest values in imported dinnerware ever offered.

A beautiful 112-Piece Set of finest quality American Semi-Porcelain Ware in one of our most charming patterns. Your initial beautifully designed on each piece in two places, as shown in the illustration, makes it very distinctive and exclusive. The dainty design is artistically executed in rose, king's blue, green, gold, and black. Edges are banded with gold, and thin blue lines outline the inner rims. Handles are traced with gold. The china is of smooth even texture with very durable body and hard clear glaze. The pieces are gracefully designed.

This set is made exclusively for us from our own copyrighted design by one of America's best potteries. Dainty sets of this size and quality usually sell at retail for at least $30 to $50. It is a set that is dainty enough for special occasions and yet not too fragile or expensive for everyday use. This set includes everything needed for complete service for twelve persons for breakfast, luncheon or dinner. In ordering be sure to state initial wanted. Sets with initial Q, U, V, X, Y and Z are not carried in stock, but will be made up special and shipped from Factory in Ohio. Allow six weeks for shipment if you order a set with one of these special initials. All other initials shipped at once from stock.

Plain White Embossed American Dinnerware

Many women prefer a plain, white embossed Dinnerware set for general service, and for those we offer this practical set of high-quality American semi-porcelain ware. Has a smooth, rich finish and a hard, clear glaze. Each piece is carefully made with an attractive embossing on handles and edges. Although light in weight it is very durable, will not break easily, and will give long service. It will be real economy for you to order a complete set now at our remarkably low prices. Makes a practical and serviceable set for everyday use. Carried in open stock. For a list of pieces in various size sets, see center of Page 357.

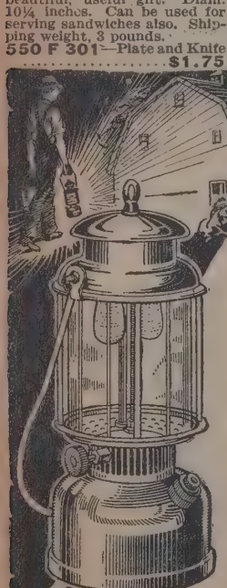
Have Sunlight Every Night

Ward's Safety Gasoline SUPERLITES

Twenty Times Brighter Than Ordinary Lamps



Quick Lighting Safety Lantern

FOR genuine all round satisfaction, this high quality Lantern cannot be duplicated at anywhere near Ward's price. Positively cannot explode, even if dropped or upset. Gives a white, penetrating light of 300 candle-power—and burns steadily, even in severe wind, rain, snow or sleet storm. Improved generator makes lighting easy with ordinary matches. Requires no priming—no alcohol or torch needed. Absolutely safe, clean and handy. No grease, smoke or soot. Has a ring at top for hanging; sturdy bail for carrying.

Sturdily Made for Outdoor Use

Burns thirteen hours on one quart of gasoline. All brass and metal parts nickel plated and highly polished. Brass fount holds one quart. Genuine heavy mica globe, reinforced. Height, without handle, 14 inches; base 6 inches wide. Complete with extra generator and tip, tip cleaner, wrench, air pump, two mantles, and instructions.

Farmer, ranchman, planter, dairyman, poultryman and truck gardener will find this lantern makes nightwork much more agreeable. A real convenience for the sportsman when camping, hunting or fishing. Shipping weight, 5 pounds.

$5.50

486 F 2288—Lantern complete, with pump furnished separate $5.50

486 F 2290—Lantern with pump built solid in fount. Very convenient for tourists and campers. 6.79

When ordering a lantern be sure to order an extra supply of mantles, 50 F 956.

Sensible Reading Lamp for Home Use

The Superlite Lamp is all the name implies. Produces a steady white light of 300 candle-power. Fitted with two mantles and casts no shadows. Throws a light, bright as daylight, to every corner of the room—and is just as easy as daylight on the eyes.

Lights in fifteen seconds with ordinary matches. No priming needed. No wick to trim, no chimney to clean or break. Will not smoke, soot or flicker.

Burns continuously fifteen to twenty hours on one filling of gasoline (2½ pints). Absolutely safe—positively will not explode even if accidentally turned upside down. Gasoline cannot spill, as only opening from tank is a pin-point hole in generator.

All metal parts are of brass; base is nickel plated and highly polished. Heavy black wood handle. Ring at top permits suspending from ceiling. The 10-inch shade is of white translucent glass. Height, 19 inches; base, 8 inches diameter. Ship. weight, 11 pounds.

450 F 985—Lamp complete with extra generator, air pump, wrench and two mantles $6.95

450 F 989—Same as lamp described above, but fitted with a 10-inch ribbed green shade, white lined 7.95

When ordering the above lamps be sure to order an extra supply of mantles, 50 F 956 listed below.

Your HOME *should come first!*

To me, a home means rest and comfort—the reward of a busy day—and friends we are proud to receive and entertain.

THIS THOUGHT guided me throughout the selection of the furniture, floor coverings and draperies for our 55th Anniversary catalogue. For home-lovers want the contentment that comes from artistic, harmonious surroundings, and the assurance that the investment will prove their good judgment in the years to come.

I believe that is why thousands upon thousands of families for years have made Montgomery Ward & Co. their headquarters for furniture, floor coverings and draperies. These families have relied upon us to give them furniture that abounds not alone in comfort and beauty, but more especially in value beneath the surface where right construction adds so much to the service.

But hidden values are hard to explain to those who have never used our furniture. Claims of superiority are not always convincing. We believe that honest value alone makes friends—and it is on the advice of the friends we've made, that so many new customers each year buy their furniture from us.

Furniture styles change, better methods of construction are devised, new savings in manufacturing cost are constantly being discovered. Each betterment that has marked the steady progress of furniture manufacturing is reflected in our selections. So with constant improvement, in added comfort and in designs that match the modern trend, we believe our furniture this season is built far better than our low prices indicate—and worthy of the finest homes.

Floor coverings, draperies, curtains or furniture, you'll find our assortment complete, our styles modern—and our values merit careful comparison.

Your home should come first! The lasting satisfaction of good furnishings is an investment in happiness. No amount of outside entertainment will take its place. Let us help you furnish your home with the kind of furniture, rugs and draperies that reflect taste, good judgment and hospitality.

Carpets For Floors or Stairs

Free Samples Sent on Request

Ingrain Carpet Richly Designed

One of our most beautiful and popular Ingrain Carpets. Shades of rose and tan are its chief colors. You will find it very serviceable as its half wool filler yarns are securely bound with a durable cotton chain. Width, 36 inches. Reversible. Shipping weight, per yard, 1 pound 4 ounces.

72 F 1476—Per yard ..... 96¢

Ingrain Carpet and Stair Carpet

Richly beautiful are the shades of brown and tan in this serviceable Ingrain Carpet. One-fourth of the filler yarns in its close weave are very strong pure wool—the others are sturdy cotton. Reversible. Shipping weight, per yard, 1 lb. 4 oz.

72 F 1452—Carpet without border. Width 36 inches. Per yard ..... 83¢

72 F 1665—Stair Carpet with border. Width, 22½ inches. Per yard ..... 69¢

Our Best Quality Ingrain Carpet

Dainty and simple, these small designs in oak and green are sure to appeal to the woman who has excellent taste. Its filling of All Wool yarns and strong cotton chain make it very durable. Width, 36 inches. Shipping weight, per yard, 1 lb. 8 oz. Reversible.

72 F 1480—Per yard $1.39

Granite Stair Carpet

As its name implies, this Granite Carpet will last an unusually long time. Since it costs very little and looks so pretty it makes a very satisfactory and economical choice. Only the strongest cotton yarns are woven into its smooth, firm texture. Small flowers and squares are in shades of tan on a green ground, set off by a richly shaded red border. Width, 22½ inches. Reversible. Ship. wt., per yard, 10 oz.

72 F 1652—Per yard ..... 39¢

Rag Carpet—Gay and Charming

It's dainty and colorful for many rooms. Then, too, it wears long and will not soil easily. Gaily colored rags are bound with rose warp into a smooth texture. Reversible. Width, 36 inches. Shipping weight, per yard, 1 lb. 8 oz.

72 F 1495—Per yard ..... 68¢

How to Find Amount Needed

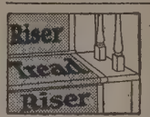
If a room has no irregularities in shape, the table below will show you how much material is needed. You may write us for estimate, giving diagram and measurements of floor. We do all matching and cutting FREE.

Size of Room	27-In. Carpet Needed	36-In. Carpet Needed
9 by 9 feet	13 yards	9½ yards
9 by 12 feet	17 yards	12¾ yards
9 by 15 feet	21 yards	15¾ yards
10 by 10 feet	16⅓ yards	12½ yards
10 by 12 feet	19¼ yards	15 yards
11 by 12 feet	21⅓ yards	17 yards
11 by 15 feet	26⅓ yards	21 yards
12 by 12 feet	23⅓ yards	17 yards
12 by 13 feet	25 yards	18 yards
12 by 15 feet	29 yards	21 yards
13 by 13 feet	27⅓ yards	20⅔ yards
13 by 14 feet	29¼ yards	22 yards
13 by 15 feet	31¼ yards	23⅔ yards
14 by 15 feet	33¾ yards	26¼ yards
15 by 15 feet	36¾ yards	26¼ yards

We Will Figure It for You If You Prefer

We will gladly estimate your floor covering needs free of charge. When asking for an estimate or sending an order for carpeting, please furnish a diagram of room, giving exact measurements, and showing any bay windows, fireplaces, or other irregularities with exact measurements of each. When you order, we cut carpet to run the long way of the room unless you specify otherwise. Allow about 1½ yards of carpeting for waste of every twenty-five yards.

For sewing carpet add 4¢ a yard extra. Allow three-quarters of a yard extra for mitering and $1 for sewing hall runners.



How to Order Stair Carpet

For straight stairways add the height of the riser and the depth of the tread together, and multiply by the number of steps. Order additional carpet for landings. We advise purchasing about 1½ feet extra for shifting the part on the riser to tread when tread shows wear.

Reversible Granite Carpet

Charming flowers and leaves in oak and green colors are daintily intertwined on a shaded tan ground in this cheerful looking Carpet. It has been strongly woven of high-grade cotton yarns. Really two carpets in one as it can be used on either side. Width, 36 inches. Ship. weight, per yard, 12 ounces.

72 F 1487—Per yard ..... 47¢

Unusually Durable Ingrain Carpet

Because of the strength of its All Wool filling and cotton warp this heavy wear-resisting Ingrain Carpet is more durable than pure wool ingrains. Lovely brown and green designs are woven into a soft tan ground. Width, 36 inches. Reversible. Shipping weight, per yard, 1 lb. 8 oz.

72 F 1483—Per yard $1.39

Jute Tapestry Stair Carpet

What a world of service this Stair Carpet of strong jute fibers will give! Blue and green figures are printed on a tan ground. Border, about 2½ inches wide. Width, 27 inches. Shipping weight, per yard, 1 pound 8 ounces.

72 F 1515—Per yard ..... 67¢

Amazing New Paratex Hair Carpet

Something new in Stair Carpets! The soft firm surface is of the long-wearing Chinese goats' hair and the back is burlap vulcanized to rubber. Chinese design in white, blue, rose, and black on a taupe ground with a blue border. Width, 27 in. Ship. wt., per yd., 2 lbs.

72 F 1619—Per yard ..... 89¢

TAUPE—Most Modern of Carpets—Soft and Thick

Plain Taupe Carpets Are Very Fashionable

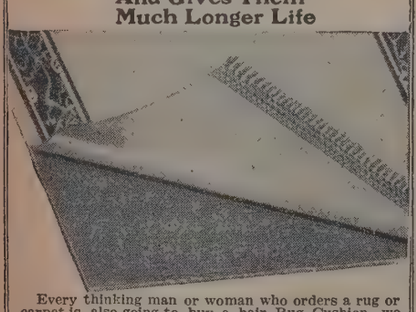
72 F 1631—Stair carpet without border. Per yard 2.8

Fine Hair Rug Cushion Makes Rugs and Carpets Soft And Gives Them Much Longer Life



Every thinking man or woman who orders a rug or carpet is also going to buy a hair Rug Cushion, we believe. That's because everyone now realizes that using Cushions of this quality—extra fine, soft and resilient—practically doubles the life of carpets and rugs and makes them seem amazingly rich, soft and thick. It will make even the very inexpensive rugs seem much firmer and thicker. Then, too, Ward's rug cushion will last almost a lifetime.

All of the hair used in this Cushion has been thoroughly scoured and sterilized and is interlaced through the burlap. The cushions are a little smaller than rug sizes listed below.

Article Number	Size, Feet About	Ship. Wt. About	Each
472 F 3390	9 by 12	30 lbs.	$10.50
472 F 3391	6 by 9	14 lbs.	5.50

There's a Lifetime of Pride in a Genuine Wilton

Luxurious Pure Wool Nap ~ Lasting Beauty ~ True Economy

SHOWN IN COLORS ON OPPOSITE PAGES DESCRIBED BELOW

Illustration Shows Actual Thickness of the Pile of Our Best Rug Described Below

ONLY the wealthiest homes could at one time afford to have rugs with rich Oriental designs and lovely soft thick naps. Now since Ward's can offer these glorious Wilton Rugs at such very reasonable prices foreign hand made rugs almost seem an extravagance.

We feel sure you would never buy any other kind of a domestic rug but a Wilton, if you could watch them being manufactured.

The unusually fine quality of their materials and the skil of their weavers would convince you that they are by far the most economical rugs. Only the choicest, finest all woo yarns with a silky sheen are selected. They are then spun into a four-ply strand and closely woven into a luxurious pile. The Wilton looms are the only machines which can weave so soft and firm a nap.

A Our Finest Rug We Offer With Fascinating Chinese Designs

Not only the very finest Rug in our catalogue but one of the higher type domestic rugs being woven by the rug mills this season. It is much better than many other genuine Wiltons because of the thickness of its high, soft jaspe (shaded) pile and its particularly rich and luxurious appearance. Many, when they see it, may even think it's one of those lovely and expensive Oriental rugs. You'll be finding new interest and charm all your life in these graceful little sailboats, Chinese pagodas, trees and blossoms and borders, all full of Chinese symbolism. Master weavers in the Mohawk Mills wove it from long and lustrous Chinese and India pure worsted yarns. Has a 4-inch linene fringe. Seamed.

B So Soft, Thick and Luxurious And Its Chinese Pattern Is Glorious

Inspired by a glorious Chinese tapestry which is supposed to have hung in the Emperor's palace centuries ago, this Wilton Rug with its symbolic figures has great richness and charm. Velvety and luxurious, its pile is woven from all wool yarns on the looms of the well known Mohawk Mills. Since its back is closely woven this Rug will give wonderful service. Has 4-inch linene fringe. You can choose this rug either with a taupe border and taupe color predominating or with a rose border and figures. The rug with the taupe border has a jaspe (shaded) rose taupe ground and taupe figures with touches of old rose and blue. The rose bordered rug has a plain taupe background and Chinese figures chiefly in rose but with a little blue and taupe. Seamed.

COLORS: Rose border or taupe border. State color wanted.

C Its Simplicity and Exquisite Coloring Appeal to Women of Perfect Taste

For those who like their floor coverings to be exceedingly rich looking and yet simple and dignified in design, we selected this exquisite Wilton Rug. Until you see it you can't even begin to realize how lovely the jaspe (shaded) background is and how warm and soft are the colors in this graceful Chinese vase and flower pattern. And its beauty is practically everlasting, too, you know since it's a genuine Wilton Rug. Lustrous all wool yarns of firm long strand, carefully selected for their long wearing strength, are woven on master Wilton looms by experts into this close pile which is so delightfully restful to the feet. And the back of the rug is well constructed and serviceable. What lovelier border could a rug have than this with its dainty Oriental mosaic and lattice effects! It is finished richly with a heavy 4-inch linene fringe. Seamed.

Fine Axminster Rugs

Every Step Reminds You of the Softness of the Deep All Wool Pile

Shown in Colors on Opposite Page-Described Below

LUXURIOUS and high, the nap of Axminster Rugs is their most famous feature. Woven firmly of upright tufts of pure wool yarns, their pile is always amazingly restful to walk upon because of its depth and softness.

Few people realize another one of the greatest advantages of Axminster Rugs—that they are the only rugs made, except the hand woven Orientals, that can have an unlimited number of colors. In planning patterns the rug designers make full use of this advantage of the Axminster looms and they always create designs in an unusual variety of shades and hues. So many color blends, of course, add unusual richness and charm to any pattern. Even our low priced Axminsters often have as many as one hundred and fifty shades of coloring.

It's Such An Interesting Chinese Pattern

DChinese Pagodas, sacred birds, delicately designed blossoms and leaves and a stunning border of symbolic figures give this Rug much of the magical charm of the Orient. The figures scattered over the ground are in such rich, lovely hues, too. You'll enjoy walking on this long soft pile woven firmly of pure wool yarns. It will last longer than most rugs which are priced so low. Seamless except the 11¼ by 12-ft. size which has two seams.

Article Number	Size	Ship. Wt., About

E Looks Lovely—Feels Soft and Thick

On this lovely sand colored ground the figures stand ou richly in glowing colors. Anyone looking at this rug on you floor can see at a glance that it is really superior in quality. That' because the thick deep pile of all wool yarn looks and feels so soft thick and firm. There's such a very distinctive charm about thes medallion figures, too. Seamless.

F Lovely Chinese Symbolic Designs

Chinese symbolic designs, centuries old and very ornamental, give this rug a gorgeousness of color and an interest which is very appealing. Carefully woven into a deep firm all wool nap of the excellent quality which the manufacturer of this rug has always produced, from yarns selected for their uniformly long wearing strength. This luxuriant high pile not only cushions the tread delightfully but has a soft, rich appearance. It will give you surprisingly long and satisfactory service. Seamless except the 11¼ by 12-ft. size which has two seams.

J New Creation of the Mohawk Mills

One of the latest creations of the designers and weavers in the famous Mohawk Mills! Its ground with a dainty self-colored figure in a lighter taupe is one of its most appealing features. Then, too, its Chinese corner designs and medallions have much of the magic and beauty of old Chinese art in their curves, spirals and key patterns. When you walk on this all wool pile you'll realize the softness and firmness of its springy yarns. Seamless except 11¼ by 12-foot size, which is seamed.

M Looks Very Much Like a Wilton

Looks so much like a genuine Wilton Rug because of the silky sheen of its thick all wool pile that many will think it is a Wilton. The lovely shades of wood browns, tan and taupe in this rug and the rich simplicity of its design are sure to appeal even to the most discriminating of our customers. You can't even begin to realize its beauty or its splendid quality until you see it on your floor and step on its cushiony soft nap. The heavy texture of its back adds greatly to its wearing strength and makes it lay flat on the floor. Seamless.

Our Finest Seamless VELVET RUGS

Descriptions and Prices on Opposite Page

Seamless All Wool Napped Velvet Rugs for Genuine Economy Unusual Beauty

Shown in Colors on Opposite Page ~ Described Below.

DESCRIPTIONS of our finest Velvet Rugs, you notice, are grouped together in the lower half of this page. They are made by exactly the same process as the less expensive ones at the top of the page but their pile is thicker, higher, and more closely woven. Read some interesting details of their manufacture and why it is wisest to buy them at Ward's, below at the left of the page.

C Fascinating Chinese Figures And a Unique Border Design

It has the latest type of pattern, rich colorings and good-wearing quality—and yet the price is astonishingly low. Fascinating Chinese basket designs and floral sprays, dainty and graceful, look so pretty against the Jaspe (shaded) taupe background. Notice the distinctive inner border of diamond shapes. Only selected all wool yarns are carefully woven into this soft pile. Seamless.

F It's a Very Distinctive Rug And It Costs So Little

If you want to make your home really distinctive—and what woman does not—we urge that you select this lovely velvet Rug. Newness is indicated in every scroll of its lovely Chinese open ground pattern on a jaspe, (shaded) taupe background. A smart finishing touch is added by the narrow black border. Ends are neatly finished with harmonizing 3-inch linene fringe. A very special value, indeed, since it costs very little and yet it has an unusually long wearing All Wool face. You'll be surprised to see what genuine beauty it will bring to any room in which you decide to use it. Seamless.

G A Really Exquisite Pattern of Symbolic Chinese Figures

Exquisite Oriental designs, graceful butterflies, sacred Chinese birds, flowers and gorgeous vases give this Rug a distinctive character and charm. "It has such vivid Oriental colorings," one woman exclaimed when she saw it, "and yet the taupe ground is so soft and rich that it will look lovely with any sort of furnishings." It has a firmly woven back and soft, all wool pile. 3-inch linene fringe. Seamless.

B Lovely, Unusual Colorings in a Rich Looking Persian Design

Haven't you always hoped that sometime you might have a Rug in your home with a genuine Persian design in the exquisite color blends for which those patterns are so famous? But you probably never imagined that you could buy a really beautiful one for $23.95. Only at Ward's can you find such an amazing value as this, we are sure. You will love its unusual colorings—lovely soft blends of lavender and heliotrope in the jaspe (shaded) background shading richly into purple in the border. The graceful sprays and figures will appeal without a doubt even to the most discriminating of our customers. Its comfortable nap is woven of all wool yarns and the texture is firm and soft. Considering its extremely low price, it will give you very good service, indeed. Seamless.

E Persian Designs Like This Add So Much Beauty to Any Room

Never before at so low a price have we seen a Persian design in a domestic floor covering with the richness of coloring and arrangement shown in this Velvet Rug. It's another one of Ward's amazing rug values. Use it in rooms that seem a little dark or plain and it will brighten them surprisingly. Truly a remarkable bargain—we highly recommend it as a decidedly exceptional value in a low-priced rug. During our last season we sold enormous quantities of these very same rugs and our customers often wrote and told us what a genuine bargain they thought they were. They are soft in texture as the pure wool yarns are woven into a velvety nap. These soft pile surfaces are comfortable to walk upon and easily kept clean. Seamless.

OUR FINEST SEAMLESS ALL WOOL NAP VELVETS

Softer-Thicker-Heavier ~ Generally Called "Wilton Velvets"

WE guarantee that the face of each Rug shown in color on Page 366 has been woven from pure All Wool yarns on finest looms, by expert weavers. These huge looms have several round wires, the length of the machine and the wool yarns are looped over those wires in much the same way that stitches are cast on a knitting needle, except that the whole row of loops is cast at once. At the end of each wire is a little razor-like knife which deftly slits the loops, leaving a double row of upright tufts, soft and thick, called the pile. Steaming and shearing machines leave the pile smooth and even.

We make such enormous purchases that we are in a position to insist on every process in the manufacture that gives better quality to our velvet rugs. Only expert weavers are allowed to work on our rugs and only the finest materials are used in them. Pure wool from many foreign countries has been carefully chosen for a blend that gives all the desired velvet pile qualities—springiness, softness of texture, and long durability.

H There's Marvelous Quality and Beauty in This Velvet Rug

"It's really a masterpiece!" That's what the owners of the mill that made this Rug say. That's what Ward's buyers declared when they saw it. And every customer who buys this superb Velvet Rug is going to think just the same thing when she looks at it on her floor. Few velvet rugs have the firmness and resiliency of this rug's thick nap. High quality workmanship is indicated in every part of this rug—in the close, even weave, in its exquisite Chinese pattern on an open ground and in its soft Oriental colorings. The thick pile woven of fine Chinese and India wool yarns is soft and comfortable. Ends are finished with harmonizing 3-inch linene fringe. Seamless.

J New Pattern in the Popular Open Ground Effect

Such a glorious new creation in a Velvet Rug! We urge you not to judge its wearing quality by the low price at which we are offering it now. Designed by the best artists of the famous Alexander Smith and Sons' mills, it has striking Chinese figures on the open ground which is so fashionable now. It is firmly woven of select All Wool yarns into a soft, velvety nap that is sturdy, durable and comfortable to walk upon. Finished with 3-inch fringe. Seamless.

K You'll Like This Rug's Individual Background

To make any room in your home more attractive and charming we highly recommend that you choose this handsome Velvet Rug. You'll find harmonious shades of the season's most popular colors in the unique Chinese figures that are artistically grouped to give the rug the fashionable open field. A delicate tracery of a deep taupe pattern on a lighter taupe ground produces a striking background effect. Firmly woven, its nap of All Wool yarn is very durable. You'll be happy to find how soft it is to walk upon. Finished with a 3-inch harmonizing linene fringe. Seamless.

L Pure Chinese in Design— And Its Colors Are Soft and Rich

Consider for a moment the unusual charm and loveliness of this Rug and how very little it's going to cost you, and you probably will not hesitate at all about buying it. Many merchants call Velvet rugs of this quality Wilton Velvet because of the unusual softness of the pile and the durability of the weave. Only the finest pure wool is woven in the jaspe (shaded) taupe ground. The back is firmly woven so that it will lay flat on the floor. Pure Chinese, this design in glowing colors is exceedingly fashionable. Ends are finished with 3-inch harmonizing linene fringe. Seamless.

N A Gorgeous Chinese Design In the Latest Style

Designers copied this Chinese pagoda and flower pattern from a gorgeous Chinese Rug, woven centuries ago and now preserved in a museum. It has the taupe background, so restful looking and so very fashionable—in fact it is found in many of the most expensive rugs today. And then all of these exquisite Chinese figures—urns, blossoms, and quaint symbolic borders in particularly lovely colors —will delight your family and never fail to interest them. Closely woven from choice all wool yarns into a soft, firm pile, it will give long wear—far longer service than its very moderate price would indicate. We highly recommend it as a very special Velvet Rug value. Finished attractively with a durable 3-inch linene fringe. Seamless.

See These Amazing Rug Values!

Seamless Tapestry Brussels with Pure Worsted Wool Fac

Shown in Colors on Opposite Page ~ Described Below

EVEN though our Tapestry Brussels cost so very little, they are a good, service able quality which gives surprisingly long wear.

If you could see them being made—the extreme care that is given every step in th process—you would be amazed at the low prices we ask for them. Experts choos the long pure worsted wool yarns with just the same skill that they select the mate rial for more expensive rugs. All of the wool is imported from cold countries wher the sheep have unusually heavy, long fleece, excellent for rugs. The very finest dye produced are used in coloring the yarns and the yarns are steamed at a high temper ature for thirty minutes after being dyed to insure absolutely fast colors.

One of the greatest advantages of Tapestry Brussels Rugs is that they are so u usually easy to keep clean because they have smoothly looped surfaces. A bris sweeping quickly removes the dust from them. Use Nu-dex regularly—our Ru cleaner shown on Page 355—to remove stains and dirt.

A Lovely Chinese Design Of Vases and Flowers

Imagine buying a Rug with a beautiful Chinese open ground design for such an amazingly low price! Only at Ward's can you find such an astonishing value. Lovely Oriental vase and flower figures are scattered over this taupe ground which has an allover trellis pattern in a deeper shade of taupe. Selected pure worsted wool yarns are firmly woven into the looped pile surface, giving this Rug surprising durability considering how very little it costs. Seamless.

Extra Heavy Ward-o-leum Rugs

Shown in Colors on Opposite Page

WARD'S or no other store ever before sold first quality felt base rugs at such startlingly low prices. We can offer them to you now because of a very unusual contract which our buyers were able to make with the manufacturer. They're the famous extra heavy Ward-o-leum Rugs —enormously popular with our customers for many years because they last long, are water-proof, cost little and are so good looking.

The thick, extra heavy coat of good quality paint on these rugs makes them smooth, lustrous and very durable. And their felt base is of thoroughly dependable quality.

One reason that Ward-o-leum Rugs are so popular with our customers is their absolutely water-proof quality—neither steaming hot or ice cold water can harm them in any way. They will save you much time and effort since stains from food, ashes or grease are quickly and easily wiped away with a light mopping.

NEW ART RUGS Shown in Colors on Opposite Page

Amazing Hard Surface Creations

ABSOLUTELY NEW! Beautiful creations in Hard Surface Rugs that are causing a sensation in the whole industry. Ward's is the only mail order use permitted to sell them and, of course, our prices e by far the lowest at which you can buy these rugs.

Their Beauty is Extraordinary

It's the striking beauty and originality of their signs which make these rugs so extraordinary. ever before have hard surface rugs had medallion tterns or lovely figures set at random in the design—otifs have always had to be placed in a stiff regular rangement. Now, since one of the leading manufacrers has discovered this new process of designing gs, the patterns of hard surface floor coverings al in beauty those of the finest fabric rugs.

Another absolutely new and wonderful feature is the Dutch tile design shown under "A". It has an embossed effect which makes it look exactly like a real tile floor. Yet its surface is perfectly smooth and very easy to keep clean.

Made to Give Very Unusual Service

One more advantage of these rugs. They are printed with thick paint by a new method which makes the designs remain clear and fresh as long as the printed surface lasts. The base is a heavy, tough asphalted felt—and these rugs will give you almost unbelievable service. Both base and surface are thoroughly waterproof.

Size, Feet	Ship. Wt. About	A Its embossed effect makes it look like a real tile floor.	B COLORS: Blue, taupe or tan background. State color or wanted.	C Japanese flower designs are in corner and on side.

WARD-O-LAC WEAR-RESISTING RUGS Shown in Colors on Opposite Page

Brilliant Lacquer Keeps Glossy Finish

WARD'S absolutely guarantees these genuine Ward-o-lac Rugs to outlast two of any other printed hard surface coverings sold anywhere at y price. No other mail order house has the privilege selling Rugs with this lacquer finish. If you buy quer finished rugs elsewhere you will have to pay veral dollars more because they are not bought ectly from the factory as are ours. These floor erings are becoming tremendously popular with sekeepers everywhere.

Lasting Finish Like That on Automobiles

The superiority of Ward-o-lac Rugs both in quality d beauty is due to the brilliant lacquer which covers m—a lasting finish of the same durable, elastic material used on the finest automobile bodies. Since it absolutely fills and seals all pores in the paint surface, keeping out dust and grit, you can quickly and easily clean these rugs with a dry mop. All of their patterns and colorings are unusually rich looking and permanent because of this glossy finish.

Made in the same way as the finest felt base floor coverings, then treated with this new lacquer finish. We have put them through the most severe tests ever applied to any rugs. We soaked them in hot water, treated them with naphtha, scrubbed them with strong soaps, and dipped them in strong chemical solutions. Neither the lacquer surface nor strong felt base was affected in the slightest degree since they are water-proof and stainproof.

ize, Feet	Ship. Wt. About	D Lovely Oriental basket, flower and urn figures in this rug.	E Different patterns in every corner in exquisite colors.	F Its simplicity and neatness give this rug unusual charm.

Ward-o-leum Art Carpet Extra Quality

$5.85

Extra Heavy Quality

Since it has no seams and remains flat without cement or tacks, Art Carpet is an exceptionally satisfactory floor covering. The pattern was copied from an expensive hand-made Oriental Rug. Its dainty flowers and figures are in clear shades of blue, brown, ivory and black on a lustrous richly shaded deep taupe background. Absolutely water-proof, it is easily cleaned. Only the best felt, oils and paint are used in its construction.

GENUINE PRINTED LINOLEUM RUGS

Springy Cork Construction ~ Durable Surface

Shown in Colors on Opposite Page

THE illustration at the left shows how a cross section of one of our Linoleum Rugs looks when it's highly magnified. Notice the thick cork composition body and the very substantial paint surface and burlap base.

EVERY woman knows the marvelous wearing quality and the constant joy and satisfaction that Genuine Printed Linoleum Rugs always give. For years they have been tremendously popular all over America. But did you know that you can buy at Ward's the best printed linoleum rugs made anywhere, at very much lower prices? Our rugs come from the most famous linoleum factories in the country—those whose advertisements you constantly see in magazines and on billboards. And each of these rugs bears two guarantees of perfect quality—one by the manufacturer and one by Montgomery Ward and Co.

Linoleum Rugs Are Restful to Tired Feet

If you use linoleum rugs you will soon notice that their body of finest cork and linseed oil makes them springy and restful to the feet. You will not be nearly so tired after hard work in the kitchen if you have one of these Linoleum rugs on the floor. Only the best thick paint forms their smooth, shining surface and a base of unusually durable burlap gives them added wearing strength. They're wonderfully practical and economical floor coverings for kitchens, pantries, bathrooms and other rooms which are used a great deal, since they are easily kept fresh and sanitary by an occasional light mopping.

Our inlaid Linoleum Rug, you notice, is described below under "O". It, of course, gives longest service and greatest satisfaction.

GENUINE INLAID LINOLEUM RUGS SHOWN IN COLORS ON OPPOSITE PAGE

Lasts almost indefinitely and is particularly thick and firm—that's why we recommend this Inlaid Linoleum Rug far more highly than any other linoleum rug. It's the most economical choice too, since it will give you years more wear and greater satisfaction always.

Made by a famous nationally advertised linoleum factory, it is a superb quality, built from finest cork composition, linseed oil and burlap. Its charming pattern is like tile clear through to the burlap base. Housekeepers will find it so very easy to clean as its surface is smooth and firm.

Charming Tile Pattern—Genuine Printed Linoleum Rug

Delightfully fresh looking and ever so attractive with its clean cut tile designs, lovely flower border and rich, soft coloring. The blue and gray squares are separated by a darker gray border; on each tile a dainty design is overlaid in ivory. The border is a darker blue and the figures in blue and ivory are distinctively outlined with black. Splendid, lasting quality from its smooth lustrous paint surface to its sturdy burlap base. Springy and restful to walk upon because of its splendid cork composition.

WARD-O-LEUM In Two Grades Shown In Colors on Opposite Page

Thousands of Thrifty Homes Have Found New Beauty and Satisfaction for Every Hard-Used Room

Sold by the Running Foot In Widths Listed. Read How to Order at Bottom of Page

Compare Our Low Prices with Those Other Stores Ask

YOU would have to pay much more for the same or even inferior quality felt base floor covering elsewhere. For many years Extra Heavy Ward-o-leum has been exceedingly popular with our customers. Because it costs so little, lasts long and looks so attractive it is the most satisfactory floor covering you can buy at these low prices.

Why We Recommend Extra Heavy Ward-o-leum

1. **Because of Its Superior Quality.** Only the best lustrous finish paint is used on its durable surface. The body is long fiber rag felt saturated with asphalt, and it is sturdy but flexible.
2. **Because It Is Water-Proof.** Neither steaming hot nor ice cold water will harm in any way its bright lustrous surface. Water creeping under the seams will never injure its base or body. Stains may be removed quickly with just a few strokes of a damp cloth or mop.
3. **Because the Patterns are Distinctive.** Colorful, and rich looking our Extra Heavy Ward-o-leum has been designed by specialists in interior decorating. And our buyers have selected a real variety of patterns so that you can surely find just the one you want. The extra heavy paint makes the colors unusually rich and lustrous.
4. **Because It Is Easy to Lay.** Since Ward-o-leum needs no tacking or cementing except at seams and in doorways, it is easy to lay.
5. **Because It Is Moderately Priced.** We are sure no other store in America can offer this high quality floor covering at such a low price. If you send for samples and make your own comparisons we know that you will feel as we do about it.

Ward-o-leum

Made in the same skillful manner as our Extra Heavy Ward-o-leum described above except it is a lighter quality throughout. Considering its low price, Ward-o-leum gives remarkable wear and is a worth-while value in a good grade floor covering.

Extra Heavy Ward-o-leum in the New Printed Embossed Effect

Something New! One of the most charming paint surface floor coverings ever produced! Shaded to give effect of real embossed tile.

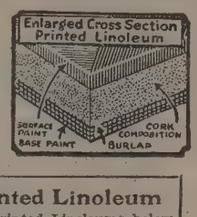
GENUINE PRINTED LINOLEUM

Shown In Colors on Opposite Page

Its Cork Construction is Restful to Tired Feet and the Lasting Paint Surface is Easily Cleaned



WE are sure that no Printed Linoleum regardless of price will give you longer wear than ours. Made by the leading linoleum manufacturers in the country, it is the finest you can buy. Compare our prices with those asked for the best grades of genuine Linoleum sold in any retail store and you will realize what an enormous saving you are making by sending your order to Ward's.

Our Linoleum Made from Finest Materials Is Unusually Durable in Structure

Built to give years of wear, our linoleum is constructed of the finest cork, paint, linseed oil and burlap obtainable. The picture of the enlarged cross section above at the right shows you how they are combined in the smooth firm linoleum surface and base. Powdered cork mixed with linseed oil makes it springy and restful to walk upon, pliable and easy to lay. Thick, heavy paint with a rich luster makes the surface durable, smooth, and easy to clean. The tough burlap base prevents tearing and adds greatly to its wear.

Our Heaviest Quality Printed Linoleum

We have listed our heaviest quality printed Linoleums below under T and U. Only the very best materials are used in them, and since they have an extra heavy body they will give you especially long, satisfactory service. Pattern U is very pretty and unusually popular with our customers. And Pattern T has a lovely shade of green—the newest and most fashionable color for floor coverings.

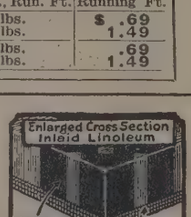
GENUINE INLAID LINOLEUM

Shown In Colors on Opposite Page

The Last Word in PERMANENT Floor Covering Patterns Extend from Top to Base—Always FRESH—Always NEW



INLAID LINOLEUM lasts almost indefinitely. That's why it is the most economical floor covering that you can buy. And ours is the finest quality made by the greatest linoleum manufacturers in America—we do not sell inferior grades. Each design is laid just like an individual tile and extends through to the burlap base. Only the finest cork composition, linseed oil and firm burlap are used in our Inlaid Linoleums. Lay it in every room—it is much less expensive than hardwood floors, is more comfortable to walk upon, and it does not need frequent refinishing. Then, too, it has no cracks to become filled with dust and germs. If given an occasional waxing it is easily cleaned by a light mopping.

We sell two kinds, molded and straight line inlaid linoleum which are described below and at right. It will be most economical for you to order the extra heavy qualities made of better materials, as they long outlast ordinary inlaid linoleum.

Inlaid Linoleum with Molded Patterns

With great skill the various patterns are molded together into the smooth, durable Inlaid Linoleum texture. Each rich color in a separate mold—perfect to a fraction of an inch—is firmly pressed onto the burlap base. Many people prefer the slightly shaded irregular effect which molded inlaid linoleum designs have because it is so artistic.

HH Jaspe (Shaded) Inlaid Linoleum

Approved by interior decorators as the ideal modern floor covering for every room in the home. Its two-tone Jaspe (shaded) effects will blend beautifully with rugs of any color. It does not require refinishing and, of course, it is more sanitary than hardwood floors as it has no cracks to collect dust and germs.

COLORS: Gray or tan. State color wanted.

Article Number	Width	Ship. Wt., Run. Ft.	Running Ft.
172 F 4233	6 ft.	4 lbs. 8 oz.	$1.05
172 F 4234	12 ft.	8 lbs.	2.15

Straight Line Inlaid Linoleum

As clean cut as the finest tile floor. Straight Line Inlaid Linoleum is especially attractive. Unusually popular with people who desire a distinct pattern. Every line is perfectly straight and even. The complete design is cut, laid and pressed into the burlap base by great automatic machines. Only the finest materials are used in this straight line inlaid linoleum.

GG Real Embossed Inlaid Linoleum

New and widely advertised extra heavy quality. Embossing produced by slightly depressing the outlines of tiles under pressure. The pattern is a repeated block design consisting of tiles in varying shades of red or gray with figure tiles at irregular intervals. The design requires no matching. Shipping weight, running foot, 6 pounds 3 ounces.

COLORS: Red or gray. State color.

172 F 4200—Width, 6 ft. Per running foot $1.55

JJ Plain Colored Inlaid Linoleum

Everyone is using this Inlaid Linoleum in the attractive plain colors which are so popular and suitable for any room.

ORDER THE EASY WAY—Ward-o-leum and Linoleum—BY THE RUNNING FOO

SINCE rooms are usually measured in feet we believe it will be easiest for you to order Ward-o-leum, Linoleum and Ward-o-lac by the running foot. Suppose for example, that you wish to cover a floor 12 by 13 feet. If you wish to use material 12 feet wide, you need 13 running feet, and you multiply the price of the material for one running foot by 13 and you have the cost of your floor covering. If, however, you prefer to use the 6 foot width, you should order two strips 13 feet long or 26 feet, plus a small amount (in most cases 6 inches additional) to insure perfect matching. If the pattern wanted is not listed in a width that will figure out in even strips for your floor use the table at right.

The tables at the right show the number of running feet required in the widths of Ward-o-leum, Ward-o-lac or Linoleum in which it is most economical to cover an entire floor. These figures include necessary allowances for matching. If the size of your floor space is not listed, state the size in your order and send money for next larger size listed; we will then ship correct yardage and refund the difference.

If your room is extremely large or has irregularities such as bay window or fireplaces, send us a diagram giving extreme length and width of room, also location and size of all offsets. From this we will estimate the amount of floor covering needed. Unless otherwise specified strips will be shipped in one piece to run either the length or width of the room whichever cuts to the best advantage. Complete instructions on how to lay Linoleum or Ward-o-leum are sent with each shipment. We carry a complete range of widths. Shipping weights are approximate.

Style-Quality-Comfort-Good Taste
Here You Have Them All in Our Finest Set

SEARCH the country over and you would never find such a beautiful and distinctive Living Room Suite priced within many, many dollars of our low price. Stylish lines, long wearing coverings and Master-Made "inside" construction. Notice the beauty and charm of the serpentine fronts, the fancy wood mouldings and the graceful Queen Anne legs (four on the front of the davenport). The coverings, while the most beautiful that the market affords, have been chosen for their wearing qualities. See bottom of page at right for full description.

Baker Cut Velour and Jacquard Velour sets have reverse side of removable cushions covered with a good grade lustrous cotton Damask in harmonizing colors; Mohair sets have reverse sides covered with long wearing Tapestry in Blue, Rose and Gold combination on Black background.

Exposed wood parts finished dull rubbed Brown Mahogany. Frames are of thoroughly seasoned, kiln-dried hardwood, strongly braced, double doweled, corner blocked and glued—not merely nailed. The large coil springs in seat are mounted on high grade Belgian webbing, interwoven to make a solid foundation. Coil springs in back securely mounted and hand tied. This construction, used in the most expensive furniture, has stood the supreme test of hard usage. The seat springs are hand tied eight ways across the top with best grade Italian hemp twine. The spring edges on fronts of all pieces are double stuffed and closely stitched; with heavy cotton sheeting over the springs.

The springs used in backs and under-cushion construction are finest grade premier spring wire. Selected in strength and weight to fit the requirements of this particular set. The removable cushions are filled with genuine Nachman spring units. Each small coil is sewed into a separate burlap pocket; entirely covered with fluffy white cotton felt.

We use germ-cured fine tow (from hemp or flax), high-grade moss (known as 4X grade) and new, clean felted cotton.

Noiseless polished metal floor glides on all pieces except rockers.

Regular Davenport. Center cushion has 56 cushion springs; two side cushions, 49 cushion springs. Under-cushion construction has 27 large and deep coil springs; the back has 27 springs also. Entire length, 80 inches; depth, 30 inches; height, 33 inches. Seat, 63 by 22 inches; 17½ inches from seat to top of back. Does not convert into a bed. Outside back of Mohair davenport covered in plain Velour to match. Baker Cut Velour and Jacquard Velour davenports covered in same material all over. All cushions reversible.

Chair or Rocker. Nine extra large coil springs in seat and nine in back. Removable cushions with 42 cushion springs are reversible. Width, 35½ inches; depth, 30 inches; height, 33 inches. Seat 21 by 19 inches; 17½ inches from seat to top of back. Covered in same material all over.

Wing Chair. Nine extra large and deep coil springs in seat and nine in back. Removable cushion with 42 cushion springs is reversible. Width, 35½ inches; depth, 31 inches. Height, 38 inches. Seat 21 by 19 inches; 22 inches from seat to top of back. Covered all over in same material.

Easy Payment Terms below. See "Estimated Total Freight Charges" on Page 379.

Your Living Room Becomes Quickly Popular With This Striking Set

WE receive letters almost daily from customers who have this charming Living Room Set in their home. Every letter tells us of the big saving made, how pleased they are with its beauty and quality, and how their many friends remark, "What a beautiful set."

Spring edges, broad curved backs and well padded arms make it very comfortable. The combination of beauty, comfort, durability and low price gives it every requirement demanded by the exacting buyer. Artistically carved wood mouldings on fronts of all pieces. Queen Anne front legs. Exposed wood parts finished Brown Mahogany. See further construction details at right. Choice of eleven serviceable and attractive coverings (described at bottom of page). Noiseless polished metal floor glides on all pieces except rockers. Sold for cash or, if you prefer, on easy monthly payments. See Easy Payment Terms above.

Regular Davenport. Does not convert into bed. Has forty large coil springs in seat and twenty-seven in back. Three removable cushions each containing 36 springs. Entire length, 81 inches; 31½ inches deep; 33 inches high. Seat size, 64 by 21 inches; height of back from seat, 15 inches. Outside back is covered in plain velour to match other covering.

Arm Chair or Rocker. Twelve large coil springs in seat and nine in back. Removable cushions contain 30 springs. Width, 34 inches; 32 inches deep; 33½ inches high. Seat, 21 by 19 inches; height of back from seat, 14½ inches. Same covering all over.

Wing Chair. Same as chair or rocker, except 32½ inches deep; 36 inches high; 18 inches, height of back from seat. Covered in same materials all over.

Long Davenport Bed with Coil Bed Spring. Three removable cushions each containing 42 springs, softly padded; 27 large coil springs in back. Read description of coil spring construction on Page 376. Outside back, denim covered. A 15-pound felted cotton mattress is included with this davenport without charge. Entire length, 90 inches; 33½ inches deep; 33½ inches high. Seat, 75 by 21½ inches; 15½ inches, height of back from seat. Opens to a bed 72 by 48 inches. Especially comfortable.

Long Davenport Bed with Cable Fabric Spring. Three removable spring filled cushions, each containing 42 softly padded coil springs. These cushions rest upon 48 deep coil springs. You sleep on a cable fabric bed spring supported by numerous small coils at either end. Outside back is denim covered. Mattress not included. Same dimensions as the coil spring davenport bed, opens to a bed 72 by 50 inches.

Medium Davenport Bed. Has 36 large coil springs in seat, and 21 in back. Three removable cushions, each containing 30 springs. Entire length, 74½ inches; 35 inches deep; 36 inches high. Size of seat, 60 by 21½ inches; 18 inches from seat to top of back. Opens to a full size bed, 72 by 54 inches. Outside back denim covered. Equipped with a separate cable fabric bed spring. Mattress not included. Mattress to fit shown on Pages 378 and 379.

See "Estimated Total Freight Charges" on Page 379.

Decorated Lloyd Loom Products Fiber Reed Furniture

YOU'VE long awaited prices like these for this beautiful furniture. The entire wicker weaving industry was revolutionized by the patented Lloyd Loom Woven Process. Weaving thirty times faster than human hands, the cost of making is tremendously reduced. Ward's large volume sales and great buying power have effected increased savings all of which are passed on to you.

Woven from one continuous strand, there are no ends to work loose or catch on the clothing. Every upright strand has a steel wire center, insuring strength, rigidity and shapeliness. Notice the comfortably rounded backs which slope gently into the arms. Frames of Rock Elm, screwed together, with steel braces at all points of strain. Finished with high-grade water-proof enamels in striking color combinations. The diamond decorations are woven in and hand decorated. Your choice of soft French Blue with combination Red and Black diamond decorations; or Cafe au Lait (a coffee with cream color) with combination Orange and Black decorations. Braid on front of davenport, rocker, chair, and fernery decorated to match. Upholstered in charming cretonnes in colors to harmonize with the richness of the finishes. Each piece is carefully crated to reach you in perfect condition.

Davenport. Length between arms, 60 inches; over all, 70 inches. Depth, 19 inches. Height of back from seat, 18½ inches. Two removable spring cushions each containing 15 deep, luxurious coil springs.

Chair and Rocker. Seat size, 19 by 18 inches. Height of back from seat, 18½ inches. Removable auto type cushion contains nine deep, resilient coil springs.

Table. Top diameter, 24 inches. Height, 28½ inches.

Fernery. Length, 25 inches; width, 10½ inches; height, 28 inches. Rustproof galvanized metal pan enameled to match, 23¾ by 9½ inches. Ferns not included.

Easy Payment Terms: Three-piece set, $5 with order and $5 a month; Five-piece set, $7 with order and $7 a month. Use Order Blank on Page 623. See "Estimated Total Freight Charges" on Page 383.

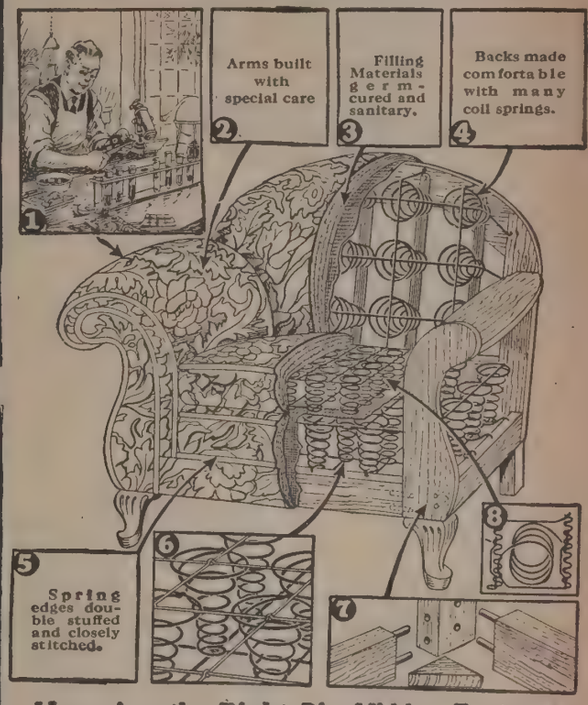
How is it Made Inside?
Hidden Qualities You Can't See That Guarantee Longer Wear With Added Comfort

IN upholstered Living Room Furniture the most important parts of the structure are those parts which cannot be seen. Most of the features that make for permanence are hidden away. Pieces of identical design and covering may vary widely in price and value because of variations in the unseen workmanship and materials. We want all of our customers to know how our Master-Made sets are made—inside. Then you will know why our furniture will remain comfortable through a long period of service. We present in this catalogue the most beautiful and comfortable selection of fashionable designs that we have ever offered. Their construction is of that same durable quality that has made Ward's Upholstered Furniture famous. Read below of the important construction features which make our furniture beyond question the finest in design, comfort and durability obtainable anywhere today at prices you are satisfied to pay.



Here Are the Eight Big Hidden Features

1 Coverings used must stand rigid laboratory tests to prove their wearing qualities, and are selected only after being thoroughly inspected under strong lights, by experts, for flaws or defects in texture. They are not selected for beauty alone. We do not use "cheap" extract or embossed velours, but insist on high-grade genuine Baker Cut Velours, durable Jacquards, and long-wearing Genuine Angora Mohairs. Samples of all coverings listed can be obtained by writing us stating kind and colors wanted.

2 Arms are built with particular care so that they will retain their shape through long service. They are strong and firm.

3 Filling materials are germ cured and sanitary. Only fine tow (from hemp or flax), high-grade moss and new, clean, felted cotton are used.

4 Backs are filled with many large size, high tempered steel wire coil springs. These rest on and interlock with cross bars securely attached to the hardwood frame. The tops of springs are securely hand tied with hemp twine.

5 Spring edges, double stuffed and closely stitched with heavy sheeting over springs, used on all removable cushion pieces.

6 Seat Springs, under cushions, are large size coil springs of heavy, high tempered steel spring wire. These rest on and interlock at bottom with steel cross bars securely attached to top edges of hardwood frame. (266 F 1243 Set has web bottom construction.) The top of springs are flexibly interlocked with steel tie wires, thereby giving individual hinge action to each spring. The tops of the outside rows of springs are held with heavy border wire, just as is used on the most comfortable box springs.

7 Frames are thoroughly seasoned and kiln-dried hardwood; double doweled, corner blocked, and glued at every joint—not merely nailed. Unusually sturdy frame foundation is assured.

8 Removable cushions are filled with closely assembled fine steel springs of great strength and resiliency. Tops, bottoms and all sides softly padded with thick layers of new, clean, sanitary felted cotton. Unusually comfortable long service cushions.

Explanation of Upholstery Fabrics

Baker Cut Velours Very practical and serviceable. Made from closely woven, fine quality velour. The pattern is cut from the pile and will never wear away. The colors quoted are combination colors of the velour itself and not of the back material.

Jacquard Velours This rich upholstering material is woven on special looms, invented by Jacquard, a Frenchman. The design is raised above the surface and actually woven into the durable back fabric. The color of the back forms one of the colors of combinations quoted.

Mohairs Serviceable, long wearing imported Angora Goat Hair is used to make our durable Mohairs. The figured patterns are made from smooth, silky plain Mohair, the designs being cut in just as described for our Baker Cut Velours. The back fabric, into which the mohair is woven, shows softly through, giving the much desired two-tone effect.

Send for Samples of Coverings stating kind and color wanted.

Upholstery Extras

Tassels can be furnished for any of our sets at $1 per pair extra. Reverse Cushions of fancy lustrous cotton Damask in harmonizing colors, can be furnished at $1.50 extra per cushion; or colorful Tapestry at $2.25 extra per cushion. Outside Backs of Regular Davenports can be covered in same material at $2 extra for Baker Cut Velour; $2.25 extra for Jacquard Velour and $8 extra for Plain or Figured Mohair. Outside Backs of Davenport Beds, at $4.50 extra for Baker Cut Velour; $4.75 extra for Jacquard Velour and $10 extra for Mohairs.

These extras may be added to either cash or easy payment prices.

Your HOME Should Come FIRST

I Know I Saved $50 By Sending to You!

Writes Mrs. Fred Possow of Ann Arbor, Mich.

Wing Chair

A BEAUTIFUL and comfortable living room probably means more in a contented home life than the appearance of any other part of the home. There it is you entertain your friends, read your favorite books and magazines and rest after a hard day's work. It is the center of your home life. Your children will be proud to bring their companions home to congenial and pleasing surroundings. Your room needs the cheer and comfort of deep, luxurious, upholstered furniture. And the beauty and style of this handsome set far exceeds its modest cost.

Notice the soft, heavily padded roll arms, the comfortably curved backs and the deep, spring filled removable cushion seats. This design is exceptionally attractive with its neatly shaped front panels and graceful Queen Anne legs. Exposed wood parts on all pieces are finished Brown Mahogany. Full spring edges. Read on Page 375 "How It is Made Inside." It tells you why this set is superior in construction to many sold elsewhere at higher prices. If you prefer, you may purchase any of these pieces on easy payments of only a few dollars with your order and the balance in small monthly payments. See Easy Payment Terms on Page 375.

Upholstered in a choice of eleven serviceable, attractive coverings. See description of coverings, cost of reversible cushions and tassels at bottom of Page 375.

Regular Davenport. Does not convert into a bed. Has forty large coil springs in seat and twenty-seven in back. Three removable cushions, each containing thirty-six springs. Entire length, 81 inches; 33 inches deep; 34 inches high. Size of seat, 64 by 21½ inches; 15 inches from seat to top of back. Outside back is covered in plain velour to match coverings.

Arm Chair or Rocker. Twelve large coil springs in seat and nine in back. Removable cushions contain thirty springs each. Width, 37 inches; depth, 33 inches; height, 33 inches. Size of seat, 21½ by 19 inches; 15 inches from seat to top of back. Covered in same material all over.

Wing Chair. Same as chair or rocker except 35 inches deep, 38 inches high and 20 inches from seat to top of back. Covered in same material all over.

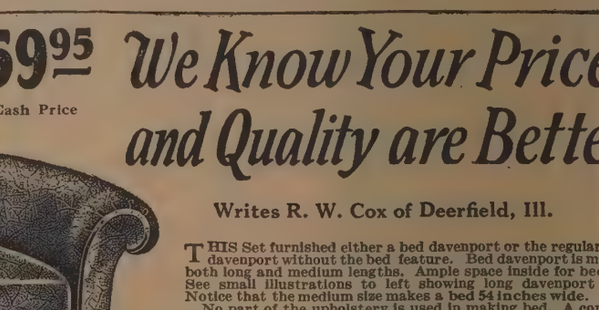
Shipped from Factory near Chicago or Syracuse, N. Y., whichever is nearest you. Allow about two weeks for upholstering

Long Davenport Bed with Coil Bed Spring. Three removable cushions, each containing forty-two springs, softly padded; twenty-seven large coil springs in back. You sleep on a comfortable two-section coil bed spring. The top section, beneath the removable seat cushions, contains 48 deep coil springs; lower section contains 44 deep coil springs. Top section easily pulls over to form a double size bed. See description of Coil Spring Construction below. Outside back, denim covered. A 15-pound felted cotton mattress is included with this davenport without charge. Entire length, 92 inches; 36 inches deep; 34 inches high. Size of seat, 76 by 22½ inches; 16 inches from seat to top of back. Opens to bed 72 by 48 inches.

Long Davenport Bed with Cable Fabric Spring. Same dimensions as coil spring davenport bed above. Three removable spring filled cushions, each containing 42 softly padded coil springs. These cushions rest on 48 deep coil springs. You sleep on a cable fabric bed spring supported by numerous small coils at either end. Opens to make a bed 72 by 50 inches. Outside back is denim covered. Mattress not included. See Pages 378 and 379 for mattresses.

Medium Davenport Bed. Has thirty-six large coil springs in seat and twenty-one coil springs in back. Three removable cushions, each containing thirty springs. Entire length, 76 inches; depth, 35 inches; height, 36 inches. Size of seat, 60 by 23 inches; 18 inches from seat to top of back. Opens to make a bed, 72 by 54 inches. Outside back covered with denim. Comfortable cable fabric bed spring. Mattress not included. See Pages 378 and 379 for mattresses.



The Comfort of a Regular Double Size Bed

Think of having a real box spring hidden away in your davenport. For that's what you have in the Master-Made Coil Spring Davenport Bed. Made in two sections to fold or unfold with one easy motion. The outer section, beneath the spring filled removable seat cushions, contains 48 deep coil springs; inner section contains 44 deep coil springs. Opens to make a bed 72 by 48 inches. When closed, the comfortable 15-pound all cotton mattress is folded between the two sections. Both sections of the bed are denim covered on top and on all sides. This prevents dust reaching the bedding and affords added warmth when bed is used. The springs are of the same quality and comfort as used throughout our Master-Made construction and are held in position just as illustrated for springs under seat on Page 375.

Your HOME *Should Come* FIRST

The Very Latest Creation of Master Designers

CAN'T you imagine the pride and satisfaction with which you may invite your guests to sit down—their admiration of the beauty of this Living Room Suite—their joyful exclamations of comfort as they sink luxuriously back into the restfulness of the deep cushions and relax against the softness of the spring backs?

Twenty-five years of manufacturing experience and the best efforts of some of the country's leading designers have been used in producing this beautiful Living Room Suite of modern style and luxury. Not only on the surface, where rich fabrics and fine finish please the eye—but underneath in the hidden details of construction—every part is splendidly built by craftsmen who know the secrets of building good furniture.

Note the artistry of the davenport's serpentine front—the swelled fronts on chair and rocker—the tastefully decorated top rails and front arm panels. Select birch finished in Antique Brown Mahogany has been used for all exposed woodwork—the frames are of seasoned and kiln-dried hardwood, solid and substantial. Spring seats, spring edges, and spring backs, with still other springs in the seats under the cushions, make for the utmost possible comfort and relaxation. Interlocking cross wires and strong steel foundations hold seat springs permanently in place—no chance to sag or lose resiliency. Steel bands support the back springs, securely mounted, are hand tied at the top and covered with burlap. The removable seat cushions have numerous fine wire coil springs of special construction, padded with selected felted cotton. See Page 375 for details of construction.

Every yard of material used on this suite is selected for its quality of texture—every inch is inspected before strong lights to make sure that it is free from defects. The colors are chosen by experts on interior decoration, and every color is approved by the latest styles.

Regular Davenport. Each removable seat cushion contains 36 coil springs. Under seat construction contains 40 large comfortable coil springs; the back, 18 coil springs. Entire length, 80 inches; depth, 31 inches; height, 33½ inches. Seat, 64 by 21½ inches; 16½ inches from seat to top of back. Does not convert into a bed. Outside back covered in plain Velour to match.

Chair or Rocker. Removable cushion contains 30 coil springs. Under seat construction, 12 large coil springs; back, 6 large comfortable coil springs. Entire width, 35 inches; depth, 31½ inches; height, 33½ inches. Seat, 21½ by 19 inches; 15½ inches from seat to top of back. Covered all over in same material.

Wing Chair. Same construction as arm chair except entire height, 38 inches; height of back from seat, 20 inches. Covered all over in same material.

Easy Payment Terms on Page 375. For extras, coverings, tassels, reversible cushions and covering back of davenport, see bottom of Page 375. See "Estimated Total Freight Charges" on Page 379.

America's Unequaled Three-Piece $100 Selection

WHERE else in America can you find another value like this?

Master-Made construction—which means that the hidden parts of the frame, the upholstery and the springs, are sturdily built to endure through years of service. Stylish appearance—wide, deep seats for comfort—selected birch frames with all exposed parts finished in the popular Brown Mahogany.

Spring seats, spring edges, and spring backs make for the utmost in luxurious restfulness and ease. Deep coil springs built on a steel foundation and secured by interlocking cross wires make for greater resiliency in the seats under the cushions. The back springs are hand tied at the top and supported on strong steel bands. All filling is of new, clean, sanitary materials—fine tow (fiber from hemp and flax) and felted cotton, soft and thick.

The coverings are selected for quality and harmonious colors. Before being accepted, they must be inspected, inch by inch, under strong lights which would reveal any flaw or defect in texture. Only after such a test are materials considered good enough for Master-Made Furniture. See Page 375 for details.

Covered in same material all over, except outside arms and outside backs are covered in plain Velour to match.

Regular Davenport. Three removable cushions, each containing 30 fine coil springs. Under seat construction contains 27 large coil springs; 18 large coil springs in back. Entire length, 80 inches; depth, 31½ inches; height, 32½ inches. Seat, 60 by 20½ inches; 14½ inches from seat to top of back. Does not convert into a bed.

Chair or Rocker. Removable cushion contains 30 fine coil springs. Under seat construction contains 9 large coil springs; 9 large coil springs in back. Entire width, 38 inches; depth, 32 inches; height, 32 inches. Seat, 20½ by 19 inches; 14 inches from seat to top of back.

Wing Chair. Same construction as arm chair. Entire width, 36 inches; depth, 32½ inches; height, 37 inches. 19 inches from seat to top of back.

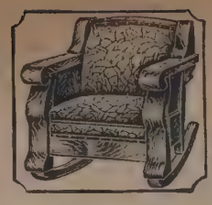
Massive Colonial Three Piece Set *Sold on Easy Payments*

$19.45 Cash Price



SOLID comfort beckons to you from every line of this splendidly built Davenport Bed Set, designed to lend an air of dignity and permanence in any living room. And many's the time you'll be glad of the extra sleeping space provided by the roomy Bed Davenport, which opens to become a full double bed, with a separate resilient wire fabric spring of its own. Either long or short davenport will open to a bed 48 by 72 inches, with room inside for mattress and bedding. All metal parts are rust-resisting.

Select hardwood is the material used, with facing of beautifully grained Quartered Oak veneer, and side panels of solid Quartered Oak, finished Golden. Your choice of four excellent upholstery materials: Genuine Leather, Brown Spanish Grained; Brown Imitation Spanish Leather; Genuine Baker Cut Blue-Figured Velour, or Black Genuine Leather. Separate spiral springs support the softly cushioned seats of all pieces. Easy rolling casters.

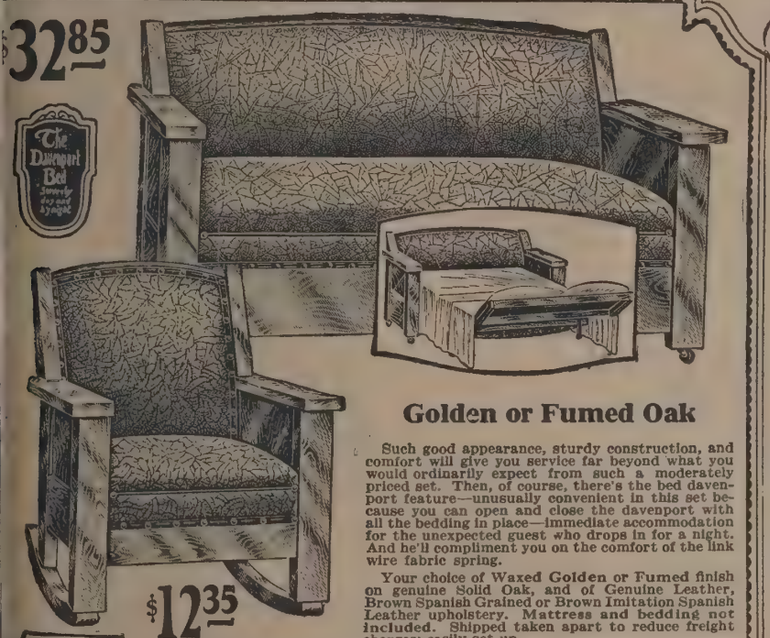
$32.85



Golden or Fumed Oak

Such good appearance, sturdy construction, and comfort will give you service far beyond what you would ordinarily expect from such a moderately priced set. Then, of course, there's the bed davenport feature—unusually convenient in this set because you can open and close the davenport with all the bedding in place—immediate accommodation for the unexpected guest who drops in for a night. And he'll compliment you on the comfort of the link wire fabric spring.

Your choice of Waxed Golden or Fumed finish on genuine Solid Oak, and of Genuine Leather, Brown Spanish Grained or Brown Imitation Spanish Leather upholstery. Mattress and bedding not included. Shipped taken apart to reduce freight charges; easily set up.

$12.35

Long Davenport Bed. Entire length, 82¾ inches. Entire height, 34 inches. Size seat, 76 by 20 inches. Bed open, 72 by 48 inches; 27 coil springs in seat. Casters.

Short Davenport Bed. Entire length, 59½ inches. Entire height, 34 inches. Size of seat, 52½ by 20 inches. Bed open, 72 by 48 inches; 18 coil springs in seat. Casters.

Arm Chair and Rocker. Strongly made. Height, back from seats, 18 inches. Entire height, 36 inches. Size seats, 20 by 18 inches. Entire width, 26 inches.

Quality, Style and Comfort—at Low Cost

The home-maker who loves good furniture will enthusiastically welcome this luxuriously Upholstered Rocker for its friendly comfort and the charm and the distinction it adds to the room. Nothing has been overlooked to make it one of the biggest values offered anywhere. It has all the quality, style and comfort for which you would ordinarily expect to pay twice as much. Satisfying comfort is built into every part. The deep removable cushion seat contains sixty-three Marshall coil springs—the very best for seat cushions. They are enclosed in heavy muslin and padded with soft new cotton. In addition nine large coil springs, securely cross tied, support the removable seat cushion, imparting more springiness.

Roomy Construction Provides Utmost Comfort

The gracefully shaped high back is filled with resilient coil springs, covered with soft, thick new padding. Inviting arms are softly padded.

Frame and rockers are seasoned hardwood, finished Mahogany. Seat cushion is 20 by 21 inches. Height of back from seat 26 inches. Shipped set up and crated. Shipping weight, about 125 pounds. See "Estimated Total Freight Charges" at right.

Two Novelty Telephone Stands

Why not have an attractive telephone set in your home, when the cost is so little? The sets shown here are built of hardwood and finished in Walnut, Mahogany, or in Chinese Red or Leaf Green Lacquers. One of these finishes will look especially pleasing with your present furnishings.

The artistic Italian Renaissance design at right has each finish in shaded antique effect.

The Tudor style Cabinet at left has a colorful floral decoration on cabinet lid. The Lacquer finishes are black crackle shaded with gold.

Everyone who sees this dainty Stand wants one for their home. Upper cabinet encloses the telephone and directory, the lid drops down. Drawer below for stationery and other items. You would expect to pay at least $25 if you saw it in the usual retail store. Size of stand: Height, 45 inches; width, 18 inches; depth, 12 inches. Telephone compartment, 13½ inches high. Bench top, 13½ inches by 10 inches; height, 18 inches. Shipping weight, about 60 pounds.

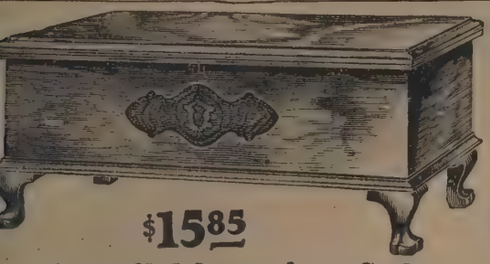
There's Nothing Like a Cedar Chest to Protect Your Valued Garments

EXHAUSTIVE tests conducted by the United States Department of Agriculture prove that the flat leaf or juniper variety of Tennessee Red Cedar is the only one that will actually destroy larvae (the young moth). You may purchase any Chest on this page knowing that we have used in its construction the above variety of Cedar, and that your most valued garments and furs are protected by the one cedar odor most offensive to the flying moth, also. The style and beautiful lines of these chests will appeal to those who love fine furnishings. The variety of sizes and the choice of finishes permit the selection of a chest that just fits your needs.

Built in one of America's greatest factories with the latest improved machinery, they could not be made better. Fully dust-proof, moisture-proof and above all—a protection against moths.



$15.85

Beautiful Queen Anne Style

A Solid Tennessee Red Cedar Chest finished in beautifully grained American Walnut. Applied by a new process, of photographic application, to secure the fine grained finish. Furnished also in cedar, natural finish if you prefer.

Notice also that the Queen Anne legs have distinctive claw like effect. The fronts are decorated with grained Butt Walnut finish design. Solidly made with fully dovetailed corners, interlocked and reinforced with glue blocks. Inner dust-proof molding on lid. The chest is dust-proof, moisture-proof and a protection against moths. Equipped with substantial lock and key. Metal floor glides. Bag of cedar shavings included.

See "Estimated Total Freight Charges" below.

Window Seat Design

An ideal choice for the bedroom or sun room. Charmingly appropriate as a gift or hope chest—more attractive and useful in room decoration than the usual chest.

Finest craftmanship is apparent in every detail of construction. Made either of Hardwood, finished dull rubbed American Walnut, with the top in beautifully grained Butt Walnut finish and the interior full lined genuine Tennessee Red Cedar with solid cedar bottom and back; or Solid Tennessee Red Cedar finished Natural. Front of each style is beautifully decorated with attractive design and vein lines. The lid raises or lowers with only slight pressure due to the special, patented balancing device. Substantial lock and key. Bag of cedar shavings included. Furnished with or without convenient sliding tray. Polished metal floor glides. Size, 45 by 19½ by 26 inches.

Our Very Finest Bedroom Suite

The Latest Style in Spanish Design—Genuine Walnut

WHEN we say "Our Very Finest Bedroom Suite," you naturally expect superlative quality—and this triumph of Master-Made construction will more than fulfill your expectations! Splendidly built to serve for years—yes, for a generation—in your finest bedroom, or in the room of the guest you wish to honor.

A striking example of the new and popular Spanish design. And, of course, finished in Spanish Brown, hand rubbed dull. The tops and fronts of all pieces are five-ply beautifully figured Walnut. All ends are made of three-ply Walnut. All interior panels are of three-ply construction. All drawers have three-ply Genuine Mahogany veneer bottoms.

The top drawers have Genuine Mahogany veneer fronts, surrounded by a raised molding, the grain matched diagonally and are finished blended. You will always admire the beautiful and stylish contrast, the individuality that this contrast gives to the suite. The overlays are of Birdseye Maple. Notice the vein line decoration on all drawer fronts and the molded overlays on the fronts of all posts.

All posts are turned and fluted. The lower aprons on all pieces are cut out, a very important feature of the Spanish design.

The drawers are full dovetailed construction, boxed-in type, very easy running Dustproof partitions under top and bottom drawers.

Spanish design metal hardware. All pieces equipped with metal casters except chair and bench which have polished metal floor glides.

Bow End Bed. Head and foot ends are heavy five-ply Walnut veneer. Strong wood side rails. Wittliff Brace furnished without extra charge. Width, 54 inches (full size only). Height, head end, 50 inches; foot end, 32 inches; including casters. Bedding and spring not included.

50-Inch Dresser. Three convenient top drawers and two roomy lower drawers. Size of top, 50 by 22 inches. Extra large, adjustable, plate glass mirror, 38 by 30 inches. Dustproof.

Vanity Dresser. Base, 48 by 18 inches. Full length center plate glass mirror, 42 by 18 inches; swinging side plate glass mirrors, each 30 by 10 inches. A piece of furniture especially loved by all women.

Chest of Drawers. Two handy top drawers and three full width lower drawers. Top, 38 by 20 inches.

Chifforobe. Three sliding trays, hat and shoe compartment on one side; full length compartment on other side, equipped with sliding clothes bar and 2 hangers. Top, 40 by 22 inches.

Chair and Rocker. Seat size, 16 by 14 inches. Height of back from seat, 19½ inches.

Bench. Seat, 22 by 15 inches. Height, 18 inches.

Chair, Rocker and Bench, or any one of them may be ordered on easy payments, with no down payment and no increase in the monthly payments when purchased with one or more of the larger bedroom pieces. When ordered separately, they are sold for cash only.

For easy payments use Order Blank on Page 623. Easy Payment Terms at right. See "Estimated Total Freight Charges" on Page 395.

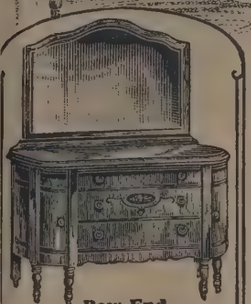
Charming Tudor Design

Antique Shaded Walnut ~ Colorful Floral Panels



Bow End Dresser

The latest idea in Dresser design. Bow ends and new stationary mirror.

See "Estimated Total Freight Charges" on Page 395

IN THIS rarely beautiful Tudor Bedroom Suite, an ever-popular design has found its most modern expression. Surfaces of five-ply Genuine American Walnut veneer have been given new charm with this Antique Shaded finish, dull rubbed to bring out the full charm of lights and shadows, while the quaint charm of colorful flowers on a stippled background in the oval decorations is a thing of beauty. Or, if you prefer, you may select the ever-popular American Walnut finish dull rubbed and with same decorations.

Master-Made construction throughout gives you full assurance of permanence and long service. All drawers are dovetailed and glued, and have three-ply veneer bottoms. Deeply molded top edges. Frames of selected hardwood finished to match. In the 48-inch dresser you will find dustproof partitions under both top and bottom drawers, while the 42-inch dresser (not illustrated) has two top drawers instead of three, with dustproof construction under bottom drawer only. Casters.

Our proudest offering in this set is the up-to-the-minute bow-end dresser, the very latest idea in dresser design, with new stationary mirror, and a clever little compartment divided by a shelf inside each bow-end door. Dustproof top and bottom drawers.

Bow End Bed. Equipped with Wittliff Brace for extra strength and rigidity. Wood side rails. Head and foot panels of Genuine Walnut veneer with floral decorations. Width, 54 inches (full size) only. Height of head end, 50 inches; foot end, 33 inches, including casters. Bedding and spring not included.

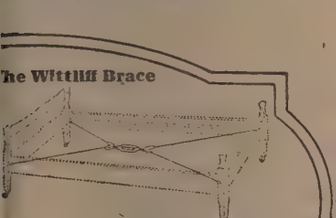
Bow End Dresser. Has 50 by 21-inch top of five-ply Genuine Walnut veneer, with plywood front and three-ply ends, also Walnut veneer. Stationary mirror is heavy plate, 26 by 32 inches. Bow end compartments have door with one shelf inside. Antique metal pulls. Casters.

48-Inch Dresser. Has five-ply Walnut veneer top, 48 by 22 inches, with plywood Walnut front and ends. Plate mirror, 32 by 28 inches. Antique metal pulls. Casters.

42-Inch Dresser. (Not shown.) Has 42 by 20-inch top with plate mirror 28 by 22 inches. Antique metal pulls. Casters.

Vanity Dresser. An exquisitely dainty creation to delight the heart of every woman. Five-ply top of Genuine Walnut veneer with three-ply Walnut ends, and dustproof bottoms. Center plate mirror, 44 by 18 inches. Swinging side plate mirrors, 28 by 10 inches. Size of base, 48 by 18 inches. Height, 64 inches. Antique metal drawer pulls. Casters.

Chest of Drawers. Furnished either with or without the new removable plate mirror, 14 by 16 inches. Inset top, 34 by 18 inches. Height, 48 inches without mirror. Same splendid Master-Made construction as dressers. Antique metal drawer pulls. Casters.



The Wittliff Brace

Given free of every charge with very Master-Made wood bed, eliminates all looseness, holds the ed in a quiet and rigid unit, prents falling slats—doubles the fe of the bed.

Offered separately for sale at ottom of Page 401.

Queen Anne Suite in American Walnut Finest Hand-Rubbed Finish in Two-Tone Effect

May be bought for cash or on our easy payment plan. See "Easy Payment Terms" at right. For easy payments use Order Blank on Page 623.

See "Estimated Total Freight Charges" on Page 395.

NEVER has any style in furniture design been more popular than the graceful, dignified Queen Anne, displayed at its best in this beautiful suite of Genuine American Walnut. Broad, sweeping curves harmonize with the mirror moldings and the head and foot of the stylish bow end bed, with the well shaped legs so characteristic of the Queen Anne design.

Master-Made workmanship insures the best of construction in every detail. Bed ends and dresser tops are five-ply veneer of genuine American Walnut, with three-ply walnut veneer on ends and fronts. Frames, legs, and stretchers are of selected hardwood, finished to match the walnut. Every piece is finished in the favorite two-tone effect, hand-rubbed to a beautiful dull finish. Delicate vein lines provide a border suggestion of perfect simplicity. Yet with all its advantages, this Master-Made Queen Anne suite is priced at least $75 lower than in the usual furniture store.

Compare These Quality Features

Without additional cost, the bed is equipped with the famous Wittliff Bed Brace, illustrated on Page 393, which trusses the bed into a solid, easy-rolling unit, rigid and strong. Other features include mortised and glued joints, dove-tailed corners on drawers with three-ply genuine mahogany bottoms; genuine heavy plate glass mirrors; dustproof bottoms, and casters on all pieces. Drawer pulls are antique silvered.

Plenty of drawer space in either dresser; the chifforobe has a full length wardrobe compartment on one side, with hat compartment and four sliding trays for clothing on the other side. The charming vanity dresser has six generous drawers and swinging side mirrors. Chair, rocker, and bench to match enable you to furnish your bedroom completely in perfect harmony of design. And it's sold on easy payments of only $5 down and $5 a month for each piece.

BOW END BED. Head and foot ends of five-ply genuine Walnut veneer. Wood side rails. Famous Wittliff Bed Brace included without extra cost. Width, 54 inches (full size) only. Height, head end, 50 inches; foot end, 34 inches, including casters. Bedding and springs not included.

48-INCH DRESSER. Five-ply Walnut veneer top size, 48 by 22 inches. Three smaller top drawers and two full length lower drawers. Dustproof partitions under top and bottom drawers. Adjustable plate mirror, 32 by 28 inches.

42-INCH DRESSER. Construction as above, except top size is 42 by 20 inches, and has two smaller top drawers and two full length lower drawers, with dustproof bottom. Adjustable plate mirror, 30 by 26 inches.

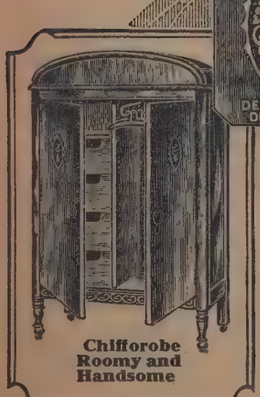
Genuine American Walnut at a Big Saving



Chifforobe Roomy and Handsome

ALTHOUGH this is one of our inexpensive suites, the splendid construction of beautiful American Walnut in Tudor design makes it a value not to be equalled in ordinary stores.

Master-Made, with Genuine American Walnut veneer on top, front, and ends of dressers, vanity, chifforobe, and chest of drawers, as well as on head and foot of the bed, in your choice of Shaded Antique or American Walnut finishes. Beautiful floral decorations. Frames and posts are all of hardwood finished to match.

Chair, rocker, and bench are sturdily built of hardwood and come in either of the above finishes, to match the suite. Dainty floral decorations, carved bottom moldings, antique drawer pulls, and hand rubbed finish are a few of the features which make this an exceedingly attractive suite for such a low price. Dresser tops are all five-ply veneer.

See Easy Payment Terms At Center of Page Above

Scroll Lines on Shaded American Walnut Add Beauty to this Master-Made Suite

ONE of our finer Bedroom Suites. The dressers are of very generous size; the chifforobe is large and roomy. Attractively shaped mirror frames and neatly turned legs. The tops and fronts are of five-ply Walnut veneer to give added strength and prevent warping. The ends also are veneered with genuine Walnut, with posts, frames and stretchers of select hardwood finished to match. Finished antique Shaded Walnut, a blended rich brown color that brings out the beauty of the Walnut grain. Gracefully decorated with a brown and gold line. Very attractive metal drawer pulls in old English antique finish. Notice the old fashioned handle pulls on lower drawers that are now so popular.

Master-Made Construction

Genuine plate mirrors with three-ply wood backs; boxed in drawers with three-ply genuine Mahogany veneer bottoms; dust-proof partitions under top and bottom drawers; Wittliff bed brace that trusses the bed into a solid easy rolling unit; in fact, every detail that makes for dignified beauty has been included.

A large stock at our Baltimore Store enables us to give you immediate shipment.

Buy Our Easy Payment Way

Priced to Save You at Least Forty Dollars

YOUR desire for economy need not stand in the way of having bedroom furniture that is both beautiful and extremely well built, when you do your furniture shopping at Ward's.

Consider, for example, this handsome Tudor Bedroom Suite of genuine American Walnut, with its stylish bow end bed, its roomy dresser, its dainty vanity dresser, and the always convenient chifforobe—surely a bedroom so furnished will give any housekeeper just reason to be proud. Yet the price is less than you would expect to pay for the average set of three pieces in a retail furniture store—and then you would not have the service which comes with Master-Made construction.

Think of it!—Forty dollars saved, and you have many features usually found only in far more expensive furniture! All tops, fronts, and ends, as well as the head and foot of the bed, are of genuine American Walnut veneer, paneled in a rich effect with darker shade of close-striped walnut overlay on top drawers and chifforobe doors. Vein line decorations on all pieces give an artistic touch. All frames, posts, and stretchers are of selected hardwood, matching the Walnut.

Wittliff Bed Brace without Extra Charge

Included with the bow end bed is the famous Wittliff Bed Brace, which provides extra strength and rigidity. No extra charge is made for this important feature. Gracefully curved mirror frames match the design of the bed. Swinging side mirrors, and three drawers on each side, make the vanity dresser appeal to every woman who loves daintiness, while the spacious wardrobe space in the chifforobe provides all the utility of an extra closet—besides space for hats, shoes, and three sliding trays for clothing. Antique silvered drawer pulls are the latest style, and every piece is equipped with casters. All-in-all, you'll find that this suite is a most remarkable value at the price quoted.

Bow End Bed has metal side rails. Head and foot panels of genuine American Walnut veneer. Equipped with the famous Wittliff Bed Brace. Width, 54 inches (full size) only. Height, head end, 50 inches; foot end, 33 inches. Bedding and springs not included.

48-Inch Dresser has adjustable plate mirror, 32 by 26 inches. Size of top, 48 by 22 inches. Genuine American Walnut veneer on top, front, and ends. Three small top drawers as illustrated. Dustproof partitions under top and bottom drawers. Antique silvered drawer pulls.

42-Inch Dresser (not shown) has adjustable plate mirror, 28 by 22 inches. Size of top, 42 by 20 inches. Genuine American Walnut Veneer on top, front, and ends, two smaller top drawers and two full size lower drawers. Dustproof partition under bottom drawer. Antique silvered pulls.

Vanity Dresser has center plate mirror 44 by 18 inches; swinging side plate mirrors, 28 by 10 inches. Height, 73 inches; width, 48 inches. Same genuine Walnut veneer construction as dressers. Antique silvered pulls.

Chifforobe top 38 by 20 inches; height, 57 inches. Walnut veneer.

Any single piece may be ordered separately. Sold for cash or on easy payments. See "Estimated Total Freight Charges" on Page 395. Chair, rocker and bench shown at bottom of Page 392.

Dainty—Blended Gray Enameled Set

A Very Lovely Selection at a Remarkably Low Price

If you want to make daughter happy or please your guests with an exceptionally attractive bedroom, and yet expend a very small amount of money, you will be interested in this dainty Bedroom Set.

Nothing is more appealing than enameled bedroom furniture, its freshness of appearance can dispel the gloom of rainy, cheerless mornings. This set is especially pretty with its shaded French Gray Enameled surface, further brightened with the attractive Blue Enamel center decorations. Vein lines of Cream Brown lend the effect of finished decoration. Made of Hardwood throughout, the drawers are full boxed-in construction. Attractive metal drawer pulls to match the enameled finish. Metal casters on all pieces. Easily kept clean, as it can be washed with ordinary white soap and water. A large stock at our Baltimore Store insures prompt shipment. See "Estimated Total Freight Charges" on Page 395.

Downy Restful Pillows Attractive Tickings

You Buy Feathers for Comfort

WHETHER you are buying our finest feathers or the least expensive you will find our quality unequalled for the prices quoted. The illustration above shows the difference in buoyancy—another word for comfort—between our best grade goose feathers and selected clean hen feathers. While both piles weigh one pound it is evident that the goose feathers are softer and fluffier than the hen feathers. Goose quills are finer and the feathers have more downy texture. So a smaller weight, almost one-half, will fill a pillow just as full. That means more comfort.

The difference in weight is easily noted, for instance, when comparing the 21 by 27-inch pillows at the right. And when buying bulk feathers the additional cost of the better grade is less than the price indicates, because it takes less pounds to fill the same space.

All down and feathers are guaranteed 100% new, sterilized, sanitary and odorless.

FOR comfort and health's sake, it is wise to invest in new pillows occasionally. Or, you can add feathers to the pillows you now have, to make them more comfortable and renew their buoyancy.

All of Ward's feathers are sterilized by a special steam process. Then they are dried quickly by powerful fans. This fast drying process curls every feather. The air blast removes all loose quills, pin-feathers and "scales." Only the pure feathers are left, in a downy heap—light, soft, fluffy and thoroughly clean. We u only fresh, dry picked, unscalded feathers.

When unpacked, it is advisable to thoroughly sha our pillows to restore their original buoyancy. All o pillows and bulk feathers comply with the sanita bedding laws of all states. For shipping weight, add pounds 8 ounces to actual weights except when order with other merchandise, when no weights need added.

Down and Feathers in Bulk

Weight of Bag not Included in Weight of Feathers

Pure White Down

One-half goose down and one-half white hen down. Very finest quality. Their lightness and fluffiness make them especially desirable for use in pillows. Because of the fluffiness of the down a smaller quantity is needed. Being white they are preferred for use with white tickings.

66 F 5914

1 Pound	2 Pounds	3 Pounds	5 Pounds	10 Pounds
$1.65	$3.30	$4.95	$8.25	$16.50

Pure White and Gray Down

Two-thirds duck and one-third hen down, mixed white and gray. A fine blended mixture. While it does not have the softness of goose down, it is very light and buoyant. Suitable for filling pillows, comforters and cushions. A quality mixture priced low.

66 F 5913

1 Pound	2 Pounds	3 Pounds	5 Pounds	10 Pounds
$1.35	$2.70	$4.05	$6.75	$13.50

All White Goose Feathers

The finest feather pillow filling obtainable. We recommend this grade where an exceptionally good quality feather is wanted. Goose feathers have fine springy quills and a larger proportion of down texture than other kinds. Priced very low for this extra fine quality.

66 F 5912

1 Pound	2 Pounds	3 Pounds	5 Pounds	10 Pounds
$1.45	$2.90	$4.35	$7.25	$14.50

Gray Goose Feathers

The fine down texture of pure goose feathers is retained. Where there is no preference because of color, gray goose feathers are just as desirable as white. Because of their greater abundance, a saving can be made when buying gray goose feathers.

66 F 5911

1 Pound	2 Pounds	3 Pounds	5 Pounds	10 Pounds
$1.25	$2.50	$3.75	$6.25	$12.50

Goose and Duck Feathers

One-half gray goose and one-half colored duck feathers. This mixture approaches closely the buoyancy of all goose feathers. Duck feathers are small, light in weight, and of downy texture. At our price this combination will make soft, comfortable pillows at a saving.

66 F 5909

1 Pound	2 Pounds	3 Pounds	5 Pounds	10 Pounds
$1.18	$2.36	$3.54	$5.90	$11.80

Colored Duck Feathers

New, hand-picked colored duck feathers. Soft and comfortable. This grade is recommended where it is necessary to save as much as possible and still obtain good feathers. Quality considered, you save at least one-third.

66 F 5907

1 Pound	2 Pounds	3 Pounds	5 Pounds	10 Pounds
98¢	$1.96	$2.94	$4.90	$9.80

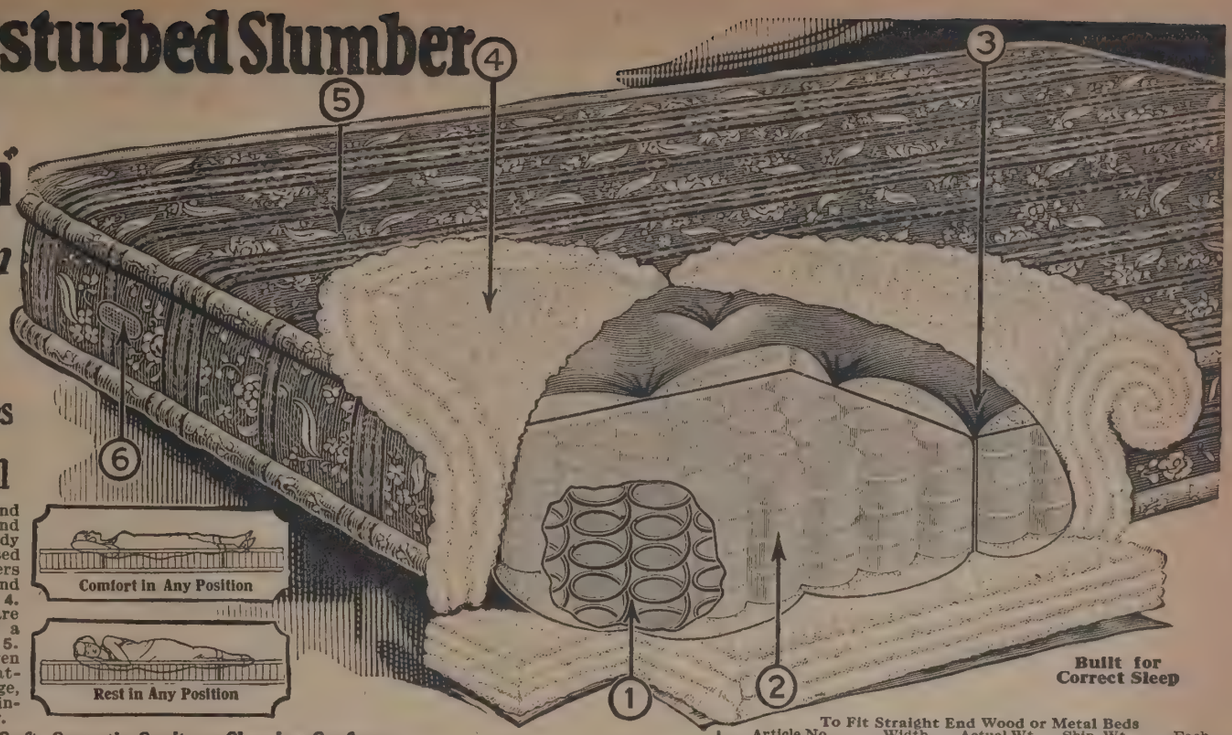
Rest on the "Spring Cushion"

Our Finest Creation for Beds

$23.95

Unusual Construction Features That Would Cost Twice as Much at Retail

1. Has 728 fine, oil tempered, hand tied coil springs, deep, resilient and closely nested, which yield to every body curve. 2. Each buoyant spring encased in an individual muslin pocket. 3. Layers of felted cotton, deeply tufted, on top and bottom, covered with heavy muslin. 4. Over the muslin cover and on all sides are layers of fine felted cotton forming a smooth, healthful sleeping surface. 5. Smoothly covered with high grade woven sateen fancy art ticking, beautifully patterned and finely tailored. 6. Four large, oval, finely screened ventilators keep inside of mattress supplied with fresh air.



Soft, Smooth, Sanitary Sleeping Surface

The exclusive built-in features make this the most luxurious of all Mattresses. Hundreds of deep, sensitive coil springs, covered by thick layers of felted cotton, coax every nerve and muscle to relaxation and rest. Four side handles for ease of turning and a double stitched Imperial roll edge. Packed and sealed to reach you in perfect, sanitary condition.

We recommend it for the healthful rest it will give. If you are not more than pleased with it, simply send it back and we will refund all your money, including transportation charges.

You will find comfort and restful sleep, for the body is evenly supported. The small coils shape themselves to every curve of the body in all sleeping positions. Without thought or effort you quickly and surely yield to natural, refreshing sleep. Such healthful sleep means added vigor, relaxed nerves, renewed energy—in fact, a feeling of new life every morning. The value of the added health and happiness this mattress will provide you cannot be estimated—it is indeed a priceless return for so small an investment.

Ventilated Inner-Spring Mattress

Standard Construction

Usual Retail Value $40

The usual standard type of Inner-Spring Mattress, priced remarkably low. However, this Master-Made mattress is superior to many selling for more money, as it has an inner-spring foundation of 408 fine resilient coil springs and only new clean felted cotton is used over the spring construction. Springs are hand-tied; the striped sateen ticking is deeply tufted; four round ventilators, four side handles for easy turning; Imperial roll edge. Carefully packed for shipment.

Smooth Surface Inner-Tuft Mattress

Patent Applied For

Ward's Finest 100 Per Cent Felted Cotton Mattress With Tuftless, Smooth, Sanitary Surfaces

A very high grade Master-Made Mattress, with no exposed tufts. It is not only superior to the tufted surface mattress, but is also more comfortable and better made than mattresses with smooth outer surfaces which have no inner-tufting. It will never spread because it is tufted through inner sheets of muslin which prevent looseness and lumping.

Many layers of clean, high-grade, long fiber felted cotton are built into a soft, fluffy mass and covered with heavy quality muslin, then deeply tufted. Felted cotton is placed over the tufting to form a smooth surface padding and covered with sateen art ticking. This process gives the mattress a smooth, even surface that does not collect dust and become unsanitary. The double stitched Imperial roll edge and neatly rounded corners add much to its appearance and long service. Strong handles sewed on sides make turning easy. Shipping weight, 3 pounds more than actual weight.

Sateen Finish Art Ticking

Genuine Japara Kapok

Moisture-Proof and Restful

We Use Only Best Grade Kapok from Java

You will save from $10 to $15 when you buy this Master-Made Mattress filled with the best grade prime Japara Kapok, a clean vegetable product, imported from Java, and sometimes called silk floss. Sanitary, moisture-proof and vermin-proof. Soft and silky, as fluffy as down and much lighter than cotton. Its original buoyancy will be preserved for years by an occasional airing in the sun. It is light in weight and very easy to handle. It is just as thick and provides as much comfortable filling between your body and the bed spring as a full weight, 50-pound felted cotton mattress. Deeply tufted; Imperial roll edges; good quality floral art drill ticking. Rounded corners and handles on sides of two larger sizes. Carefully packed for shipment. Shipping weight, 3 pounds more than actual weight.

$16.95

Drill Ticking Light Weight

Famous Japara Kapok Mattress

With Ward's Exclusive Never-Stretch Inner Strap Construction
Matchless Values ~ Finest Tailoring ~ Purest Materials

Japara Kapok Inner-Strap Mattress — $18.95

Soft—Fluffy—Downy—Moisture-Proof

We use only Prime Japara Kapok—the finest imported grade, sometimes called silk floss—in this Master-Made Mattress. This quality kapok is the finest light-weight mattress filling known and in addition it is vermin-proof and moisture-proof. Fine for outdoor sleeping and it will regain its freshness by occasional airings in the sunlight.

Although it weighs only 30 pounds, it is just as thick as any standard weight 50-pound felted cotton mattress. Its buoyancy permits it to conform to the curves of the body, making it very restful and comfortable.

Top and bottom are covered with a beautiful floral art drill ticking and the sides with heavy plain sateen to match. Double stitched Imperial roll edge. With our exclusive patented Inner-Strap construction it will retain its original shape. Four handles are sewed on sides for ease in handling. It is deeply tufted which prevents the Kapok from shifting and becoming lumpy. Rounded corners, so it can be used on any style bed. Shipping weight, 3 pounds more than actual weight.

$22.95 — 4 Rows Side Stitching

Our Best Japara Kapok Inner-Strap Mattress—Its Extra Thickness Means Extra Comfort

Those who know the softly supporting comfort of the usual kapok mattress, will find this Extra Filled Genuine Japara Kapok Mattress one of the most delightful sleeping surfaces they have ever used. And its added weight will give greater comfort.

It is 10 per cent heavier than other kapok mattresses, having 3 pounds of extra filling. To match this added luxury, it is covered in a good grade of floral art sateen ticking. The edges are made firm and straight with four rows of side stitching. Your bed will always look neat and smooth when made up. The heavy double stitched Imperial roll edge gives it the last touch of fine tailoring. The deep uniform tufting prevents it from lumping or becoming uneven.

Moisture-Proof—Light Weight—Easy to Handle

Kapok is an ideal mattress filling, as it does not absorb moisture. We especially recommend it for localities where there is a great amount of moisture in the air. Being a vegetable product it is not attacked by vermin. Four handles are sewed on the sides to make turning easier. Its original fluffiness, the secret of its great comfort, can always be restored by an occasional airing in the sun. Carefully wrapped for safe shipment. Shipping weight, 3 pounds more than actual weight.

Ward's Exclusive Inner-Strap Mattress Feature

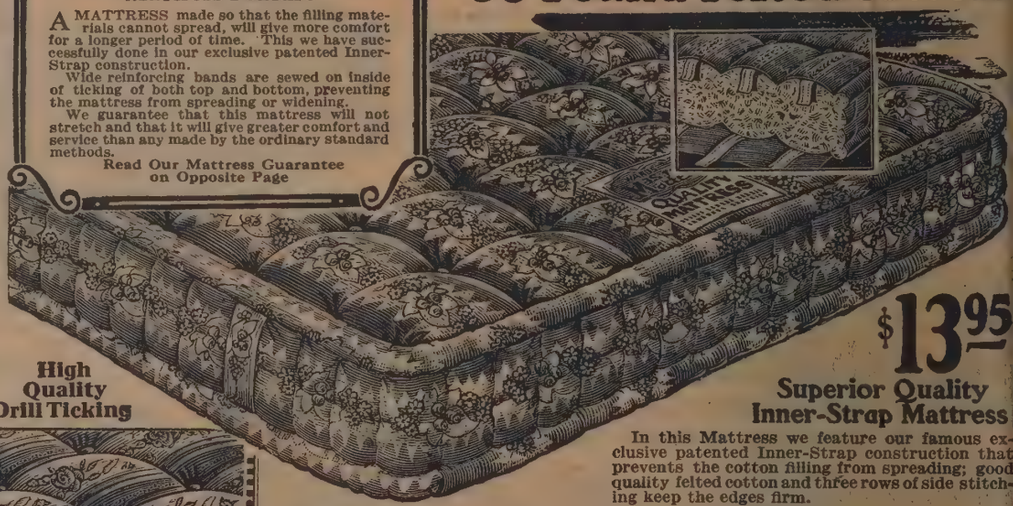
A MATTRESS made so that the filling materials cannot spread, will give more comfort for a longer period of time. This we have successfully done in our exclusive patented Inner-Strap construction.

Wide reinforcing bands are sewed on inside of ticking of both top and bottom, preventing the mattress from spreading or widening.

We guarantee that this mattress will not stretch and that it will give greater comfort and service than any made by the ordinary standard methods.

Read Our Mattress Guarantee on Opposite Page

50 Pound Felted *Cotton*



High Quality Drill Ticking

$13.95 — Superior Quality Inner-Strap Mattress

In this Mattress we feature our famous exclusive patented Inner-Strap construction that prevents the cotton filling from spreading; good quality felted cotton and three rows of side stitching keep the edges firm.

One of three especially good felted cotton mattresses that we show. We want to make a special appeal to our customers to use as good a mattress as possible, for sound, comfortable sleep is priceless and you should not economize by buying a "cheap" mattress when at Ward's a good mattress costs so little.

Covered with high quality drill ticking. Attractive floral pattern. Double stitched Imperial roll edge. Deeply tufted. Rounded corners. Side handles make turning easy.

Careful workmanship and neat tailoring give this mattress a beautiful appearance. Carefully wrapped in heavy paper and then burlapped, to reach you in good condition. Shipping weight, 3 pounds more than actual weight. Read our Mattress Guarantee on opposite page.

Extra Heavy 55-Pound Felted Cotton Mattress

Extra Filling Where Wear Is Greatest

Drill Ticking

An extra weight 55-pound Mattress with extra filling in the center. Not only is it five pounds heavier than the standard mattress, but extra layers of felted cotton have been built in where the wear is greatest. Long fiber cotton is felted into even, luxurious layers. Read of the advantages of this center-filled construction in center of opposite page.

Extra Weight Means Longer Life

The extra weight means added comfort and longer service. We offer it because we believe many of our customers will want a better, more comfortable mattress when the price is only slightly more than for a standard weight mattress. A mattress of this quality would sell for about $25 elsewhere. Every penny spent in obtaining more comfortable rest, will be returned a hundred-fold in increased health, vigor and energy.

Its Master-Made quality, fine workmanship and 100 per cent pure felted cotton will also add to its life and comfort. The deep uniform tufts will always hold the cotton in position and keep it shapely clear to its edges. The double stitched Imperial roll edge makes a neater dressed bed. Four rows of side stitching make a high-grade box edge. Two side handles on each side are provided for ease in turning. Covered in a very attractive, heavy floral art drill ticking. Carefully packed to reach you in perfect sanitary condition. Shipping weight, 3 pounds more than actual weight.

166 F 5660	39 by 76 inches	36 pounds	10.75

The Secret of Longer Mattress Life

AFTER the regular mattress has been built to size, the top and bottom surfaces at the center are padded with extra layers of felted cotton, which builds up the mattress just enough to make a smooth, even sleeping surface when bed is occupied. This extra padding means longer wear and greater comfort.

Our Mattress Guarantee

For Your Protection. We guarantee that every Mattress we sell contains 100 per cent new, clean and sanitary materials, and complies with the Sanitary Bedding Laws of every state.

For Your Satisfaction. We use extra care in selecting the materials to be used; and in addition, require better workmanship and appearance than the usual standard. We guarantee a saving on every mattress you buy from Ward's.

An Unusual Mattress Value

$12.95 50-Pound All Felted Cotton

The Mattress shown at the left is scientifically constructed of new, extra quality All Felted Cotton. Because of its superior workmanship throughout, this mattress will retain its comfortable softness for years. The felted cotton used is of the better grade, of long fiber and fine texture. There are extra layers of fluffy felted cotton through the center where the wear is greatest. This assures greater comfort for the body and longer life for the mattress. (See illustration and description of this construction at left below.) Deeply tufted, with stitched Imperial roll edge. Beautiful plain color sateen border with four rows of side stitching, to assure neat sides and to firmly hold its shape. Rounded corners to fit either bow or straight end beds. Strap handles make turning easy. Covered with a very strong, pretty floral art drill ticking. Carefully wrapped and packed for safe, sanitary shipment. Shipping weight, 3 pounds more than actual weight.

$15.45

Bed, Spring and Mattress

A Money Saving Value

Our lowest-priced complete bed outfit represents a saving of at least $10, as you'll find if you will price pieces of equal quality elsewhere.

1½-Inch Main Posts

The Steel Bed. Has 1½-inch continuous, seamless main posts; seven ⅝-inch filling rods in head and foot ends; bottom cross rods, ⅝ inch in diameter. Electrically welded joints. Baked-on enamel finishes: Ivory, Vernis Martin (Gold Bronze) or Brown (harmonizes with Walnut or Mahogany bedroom pieces). Permanent baked on finishes, easy to keep clean. Height, head end, 50 inches, foot end, 34 inches, including casters.

The Link Fabric Spring. Rustproof. Comfortable double strand type in square mesh design. The 58 small helical coil springs give yielding support at head and foot ends. Steel bands on sides, ⅝ inch wide, prevent sagging. Sleeping surface, elevated 6 inches above 1½-inch oval side rails. No extra side rails needed as rails of spring lock securely into head and foot ends of bed.

The Mattress. Combination type with center filling of springy, curly excelsior. Top and bottom heavily padded with layers of clean felted cotton. Rounded corners and stitched roll edges. Deeply tufted to prevent lumping and hollow spots. Durable floral art ticking. Size, 54 by 76 inches (full size) only. Actual weight, 45 pounds.

Showing Cross Section of Artline Tubing

BEDS of lifetime construction, of charming grace and beauty, at less than you would pay elsewhere for beds of ordinary construction and material.

The Artline steel tubing used in these beds is different and distinctive. The shape was designed to combine beauty of line with exceptional strength. It is seamless and pressed rigidly into shape.

All the experience, skill and scientific research of one of the world's largest manufacturers have gone into the making of these beds. The electrically welded joints never loosen. Easy to wash and as sanitary and enduring as any metal construction can be. The hand grained, dull rubbed, baked-on lasting finishes rival in beauty the natural woods they represent.

$15.95 Grained Walnut Finish

The Guilford

A graceful Artline Steel Bed with gently curving lines. C the latest Queen Anne "oval bend" design, which harmo nizes with any bedroom decoration or furniture. Its beaut is enhanced by the artistically shaped grill in the head an foot ends.

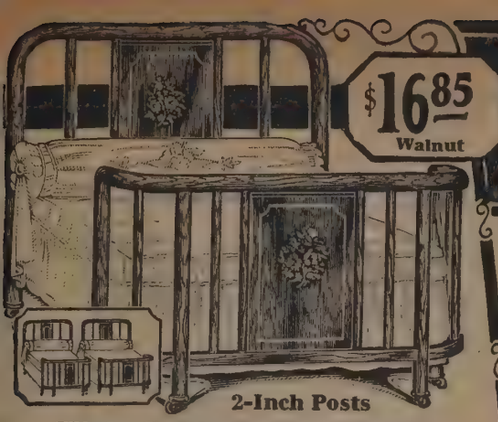
Master-Made
Superior Quality-Unusual Styles
At Your Service for Life

THE Steel Beds shown on these two pages are made to stand the test of years of use. We offer them at prices that cannot be equaled elsewhere.

The finest manufacturing equipment, the best materials, and the most skilled workmen contribute to make them the best beds you can buy for the money. Manufacturing efficiency and tremendous sales allow us to offer you these beds at these reasonable prices.

All made of seamless steel tubing with electrically welded joints; patented lock corner construction, angle steel side rails make them four-square, solid and silent. Baked-on enamel finishes guarantee a lasting beauty and ease of cleaning.



$16.85 Walnut

2-Inch Posts

High Grade Bow End Style

We have preserved in this Steel Bed the popular bow end design, the prevailing style in wood beds today. The head end is one continuous piece of 2-inch steel tubing; foot end has 2-inch main posts and two 1½-inch supporting posts. The artistically decorated 24-inch wide solid steel panels with their vein lines and marquetry decorations positively identify the bed as one of unusually fine design.

Hand grained, baked-on finishes closely resemble the natural woods and are easy to clean.

The oval filling rods, ½ by 1⅛ inches. Bottom D-shaped crossrods, ¾ by 1⅛ inches. Height of head end, 50 inches; foot end, 32 inches, including casters. Inside length, 76 inches. Bedding and spring not included. Shipping weights: 60 and 75 pounds.

Solid Panel End Style

The unusual beauty of the three-tone walnut finish on the panel ends will instantly appeal to you. We know you will be especially interested because the price is so much less than you would expect. The solid steel panels are finished in attractive three-tone, hand grained American Walnut with the handsome center decoration outlined with Ivory enameled vein lines. The finish is baked-on in special super-heated ovens, making it practically indestructible.

The panels are 24 inches wide. 2-inch diameter continuous main posts. The oval filling rods, 1⅛ by ½ inches; bottom D-shaped crossrods, 1⅛ by ¾ inches. Height of head end, 50 inches; foot end, 34 inches, including casters. Length inside, 76 inches. Bedding and spring not included. Shipping weights: 65 and 70 pounds.

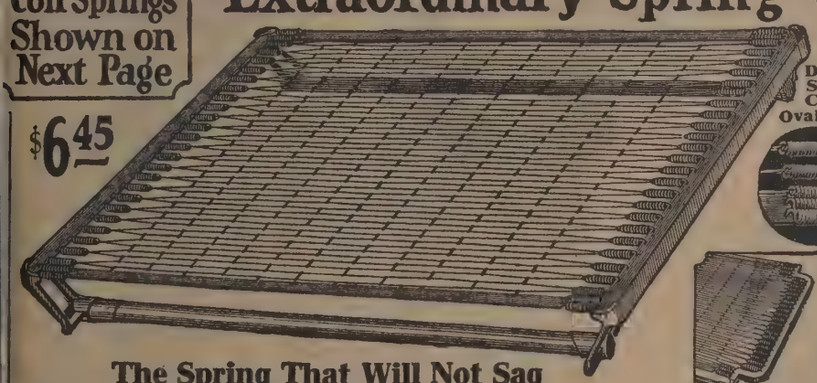
Extraordinary Spring Values

Coil Springs Shown on Next Page



$6.45

Double Shank Corner Oval Tubing

Helical End Coils for Comfort

Construction Of Bow End Spring

The Spring That Will Not Sag

THE sagproof construction of this Cable Fabric Bed Spring insures long and satisfactory service. Hollow cable wires made of seven strands of twisted steel wire, more comfortable and yielding than solid single wires. Clipped together and fastened to steel ends off frame by extra strong specially tempered helical coil springs. The small helical coil springs hold cable wires firm and equalize weight over the entire spring, preventing sagging in any part. Steel side bands held at ends by strong helical coil springs keep edges firm and straight. The six-inch elevation of the spring above the side rail gives maximum comfort.

The side rails are of 1⁵⁄₁₆-inch oval steel tubing. Strong malleable iron corner castings have double shanks (see small illustration) for connecting the side rails to the angle steel ends strongly and securely. Are also rounded to prevent tearing bedding. Finished in French Gray Enamel, baked on. State width wanted. Read "How to Order" on Page 304.

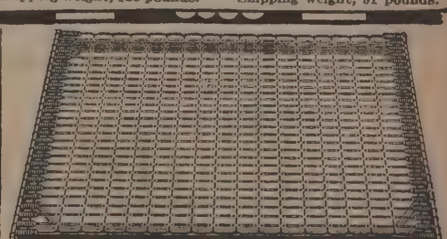
866 F 5313—For straight end wood bed with wood side rails..... 5.96



Low Priced Fabric Wire Spring

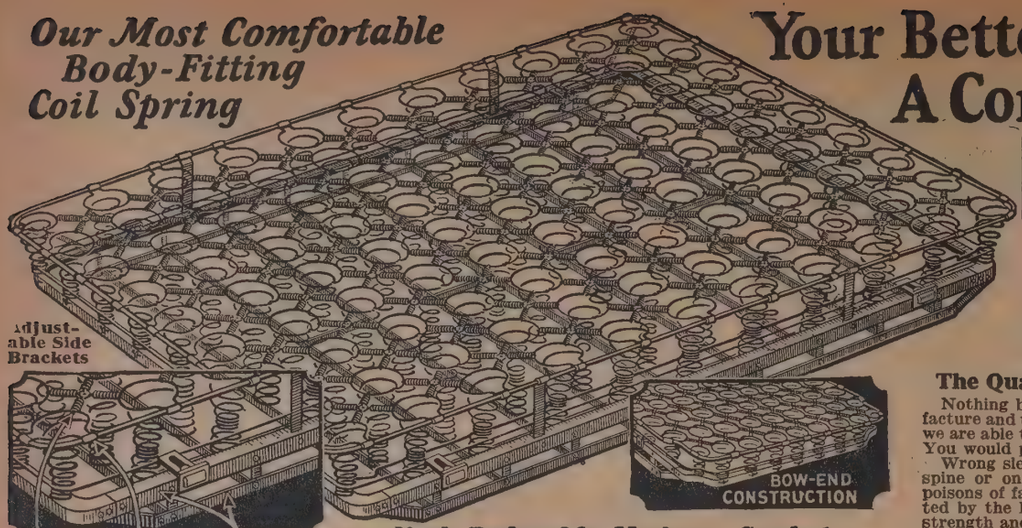
An excellent value at our low price. It will give good service. Many of our customers select it for use on spare beds where it is not likely to receive steady, hard use. Tightly twisted double strand wires are held together in a square mesh design by flat wire clips. The ends are fastened by 56 small helical coil springs. Angle frame is doubly braced at corners, making a very rigid construction. Brown finish. For straight end metal beds only. Shipping weights, about 34, 38 and 40 pounds.

WIDTHS: 39, 48 or 54 inches. State width wanted. Read "How to Order" on Page 304.

166 F 5316..... $2.48

Your Better Health Demands A Correctly Built Spring

Our Most Comfortable Body-Fitting Coil Spring



Small helical coil springs with noiseless center plate, hold the large coil springs in position.

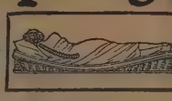
Large coil springs firmly held to extra heavy border wire with special metal clips.

Heavy double trussed side supports prevent sagging or breaking down of spring.

Newly Designed for Maximum Comfort

You sleep on 99 deep triple cone, oil tempered, Premier wire coil springs, held in place by 320 small helical coil springs which evenly distribute the weight of your body. The special metal plate joining each group of four eliminates all noise, assuring absolute quiet. Extra heavy ⅜-inch border wire with large coils firmly secured with metal clips. A center border wire frame connects every large coil crosswise and lengthwise at their centers. Four, new design, vertical stabilizers prevent all sidesway. The double truss steel bottom, an exclusive and desirable feature not found in any other coil spring, forms the most solid foundation known.

The spring at the right allows the body to sag. Our fine spring at the left evenly supports every part of the body.



Guaranteed for 20 Years

Why not relax completely, rest luxuriously and sleep soundly on the best coil spring made? The cost is low. We guarantee for 20 years. It is therefore, the most economical to own. Why sacrifice another night's sleep on a poor bed spring? Wrong sleeping is costly. Your health, energy and appearance depend on how well you sleep. Undisturbed, complete repose is priceless

The Quality Could Not Be Better—Nor the Price Lower

Nothing but the finest materials and workmanship are used in its manufacture and the best engineers of sleeping equipment planned it. That is why we are able to offer such wonderful quality at a price that defies competition. You would pay at least $20 for "just as good" quality elsewhere.

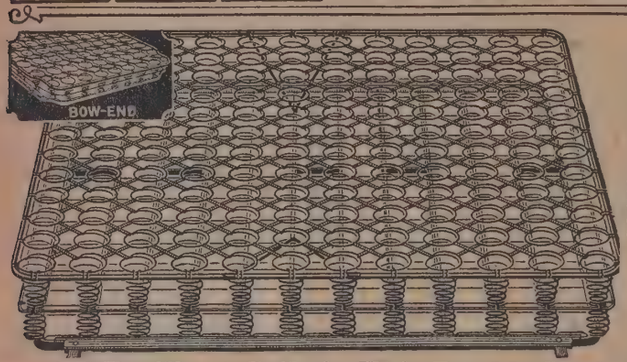
Wrong sleeping is the cause of many a doctor's bill. To sleep with twisted spine or on a sagging spring prevents your system from eliminating the poisons of fatigue. On this luxurious spring, your muscles and nerves, knotted by the hard day's work, untie and completely relax and you regain the strength and freshness that only sound, healthful sleep can give you.

Finished in washable, baked-on Gray Enamel; sanitary and easy to keep clean. Adjustable side brackets make it adjustable to either wood or metal beds.

WIDTHS: 39, 48 or 54 inches. State width wanted. Read "How to Order" at bottom of page. Shipping weights: 72, 77 or 83 pounds.

166 F 5401—For Straight end wood or metal beds... **$13.75**

166 F 5402—For Bow end wood or metal beds..... **$14.25**



$10.98

144 Resilient Coils in This Double Deck Spring

We believe this Spring gives far more comfortable support than you will find in any spring selling elsewhere for less than $17. The oil tempered, premier wire double deck coil springs are slightly lighter in weight than those used in the spring above, because 45 additional springs have been set into it. The depth of this spring is about ½-inch less and the border wire is about ½-inch in diameter.

It has angle steel side supports; flat steel bottom supports; crosswise and lengthwise ties through the center keep the springs upright. The stabilizer rods connecting both sides with the base absolutely prevent sidesway. The 242 interlocking small helical coil springs tie the large coils together across the top and provide a smooth yielding sleeping surface. Adjustable sliding devices permit it to be used on either steel or wood beds. Finished in washable Gray Enamel. Estimated Total Freight Charges for 150 miles, 98¢; 300 miles, $1.28; 500 miles, $1.74. Shipping weights: 80, 85, and 95 pounds.

WIDTHS: 39, 48 or 54 inches. State width wanted. Read "How to Order" below.

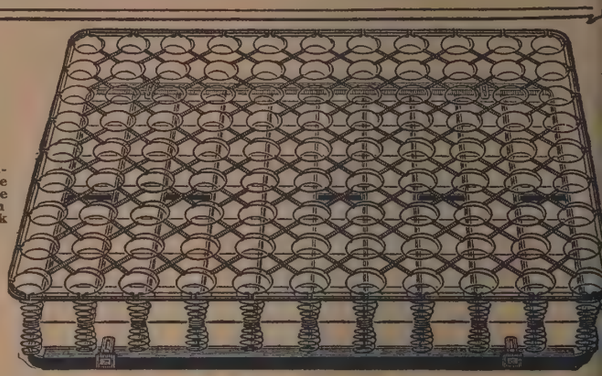
166 F 5449—For wood and metal straight end beds..... **$10.98**

166 F 5450—For wood and metal bow end beds..... **$11.48**

Illustration shows the small resilient helical coil springs that hold the top of each large coil spring.

The above illustration shows the fine triple coil type springs used in these double deck bed springs.

$9.45



99-Coil Double Deck Spring

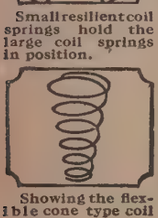
Our lowest priced Double Deck Coil Spring with a softening helical coil spring top. We recommend this spring over any listed below for added comfort and service. A spring of equal quality purchased elsewhere would cost at least one-third more.

Has 99 double cone coil springs, 8½ inches in depth and made of oil tempered premier wire. Note the 160 small helical springs cross tied at the top and the heavy border wire to which the outer springs are securely clipped. The deep spiral coils are tied crosswise and lengthwise through the center to keep them upright and securely anchored to the steel side base. Has angle steel side supports. Adjustable side brackets permit the spring to be used on either wood or metal beds. Finished in Gray Enamel. Shipping weights; 57, 67 and 74 pounds.

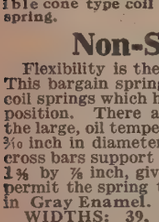
WIDTHS: 39, 48 or 54 inches. State width wanted. Read "How to Order" below.

166 F 5489—For straight end wood or metal beds..... **$9.45**

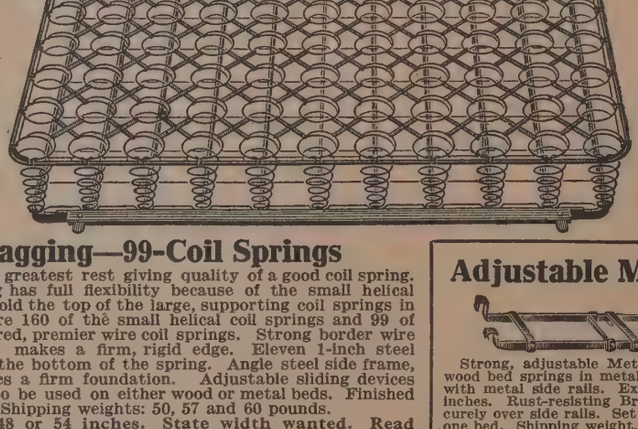
166 F 5490—For bow end wood or metal beds..... **$9.9**

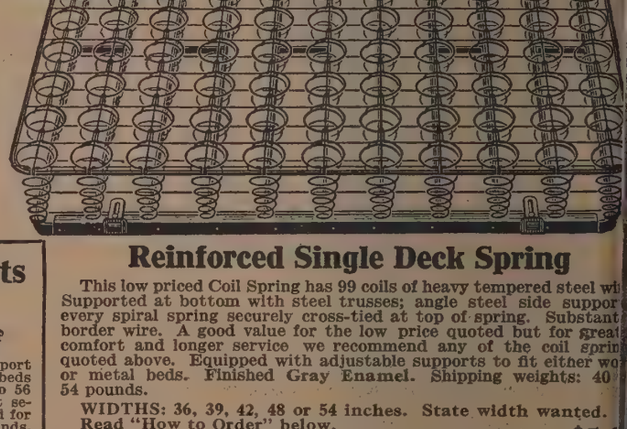


Small resilient coil springs hold the large coil springs in position.



Showing the flexible cone type coil spring.





Non-Sagging—99-Coil Springs

Flexibility is the greatest rest giving quality of a good coil spring. This bargain spring has full flexibility because of the small helical coil springs which hold the top of the large, supporting coil springs in position. There are 160 of the small helical coil springs and 99 of the large, oil tempered, premier wire coil springs. Strong border wire 9/16 inch in diameter makes a firm, rigid edge. Eleven 1-inch steel cross bars support the bottom of the spring. Angle steel side frame, 1⅛ by ⅛ inch, gives a firm foundation. Adjustable sliding devices permit the spring to be used on either wood or metal beds. Finished in Gray Enamel. Shipping weights: 50, 57 and 60 pounds.

WIDTHS: 39, 48 or 54 inches. State width wanted. Read "How to Order" below.

$3.75

99 Coils A Low Priced Spring

This Coil Spring is made for straight end wood beds only or can be used in a metal bed with the Adjustable Metal Slats listed above. The coils are of oil tempered premier spring wire and are securely cross-tied both on top and bottom. Heavy border wire. It is a light weight spring and while a good value at the price quoted we recommend our better coil springs listed above. Finished in Gray Enamel. Shipping weights: 22 to 29 pounds.

WIDTHS: 40, 46, 50 and 52 inches. State width wanted. Read "How to Order" at right.

166 F 5407—For straight end beds only..... **$3.75**

How to Order Bed Springs

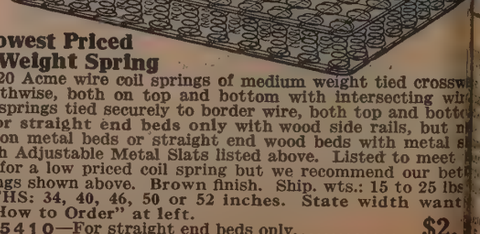
To determine the width of springs for metal beds, measure from outside edge of one side rail to the outside edge of other side rail. This same measurement applies to wood beds that have metal side rails.

To find the width of springs for wood beds with wood side rails, measure the length of one of the cross slats.

All our springs are standard length to fit beds 76 inches long, inside measurement. Springs can be furnished only in sizes specified.

General Ordering Information on Page 304

$2.19



Our Lowest Priced Light Weight Spring

Has 120 Acme wire coil springs of medium weight tied crosswise and lengthwise, both on top and bottom with intersecting wire. Outside springs tied securely to border wire, both top and bottom. Made for straight end beds only with wood side rails, but may be used on metal beds or straight end wood beds with metal side rails with Adjustable Metal Slats listed above. Listed to meet the demand for a low priced coil spring but we recommend our better coil springs shown above. Brown finish. Ship. wts.: 15 to 25 lbs.

WIDTHS: 34, 40, 46, 50 or 52 inches. State width wanted. Read "How to Order" at left.

Reversible Body

Ward's Master Made

OUR continued display of Lloyd Loom Woven Baby Carriages proves that we believe they are the finest selection of beautiful, serviceable and comfortable carriages made—at prices our customers approve. No other carriages can compare with them except at a considerable increase in cost to you.

All bodies are woven by the Lloyd patented process, from one continuous strand of flawless fiber—no loose ends or seams to scratch baby. Steel wire centers in every upright strand for added strength. **Enamel finishes** absolutely water-proof, protecting carriage and baby in rainy weather. Finest oil tempered improved type springs yield easily and smoothly. **Solid construction** prevents vibration. Continuous hollow **steel pushers** connect handle grip to running gear. **Sliding adjustable hoods** connected to body by bars on which the hoods move forward or backward and swing over or completely back to cover the baby in any position. Held securely by easily adjustable clamps.

Reversible body permits baby to face in either direction. Strong, durable foot-brakes.

Keep Baby Comfortable-AND SAFE

Heavy-1 1/16-Inch Main Posts

Drop Side

Cane Panels

Our Best Steel Crib

$11.95

A handsome All Steel Crib with baked-on finishes of durable Ivory Enamel or rich Brown Enamel which harmonize with walnut or mahogany furniture. Washable. Attractive steel cane end panels, 6 inches wide, with medallion decorations; main posts of 1 1/16-inch round steel tubing; flat oval end fillers and round side fillers. Adjustable drop side. Height of sides from spring, 21 inches. Comfortable spring of link fabric wire supported by small helical coil springs at ends. See Mattresses at bottom of page.

A distinctive crib that will give years of service. Priced much below what others ask for this quality. The larger size is roomy enough for a child at least five years of age, a point to consider when selecting a crib. Entire height, 44½ inches. Easy rolling steel casters. Shipping weights. About 60 and 70 pounds.

Article Number	Size	Ivory Enamel	Brown Enamel
166 F 6386	30 by 54 inches	$11.65	$11.95
166 F 6387	36 by 60 inches	12.15	12.45

Drop Side

Extra High Sides

$8.95

Quality and construction equal to that found on cribs sold by others for much more than our price. Strong All Steel construction. Continuous all steel main posts of ⅞-inch tubing. Twisted galvanized wire link fabric spring held taut by small helical coil springs at each end. One side drops down for convenience in caring for baby. Baked-on finishes are of Washable Ivory Enamel, or rich Brown Enamel which harmonizes with walnut or mahogany furniture. When selecting a crib, remember that for only a small additional cost you can get a crib that will make a comfortable bed for baby for several years longer than the smaller size. Height of sides from spring, 24 inches; entire height of ends, 47½ inches. Easy rolling steel casters. Shipping weights: 60 and 65 pounds. See Mattresses at bottom of page.

Article Number	Size	Ivory Enamel	Brown Enamel

Every Pad Guaranteed

All Pads Shipped From Factory Near Chicago

Asbestos Pads Save Your Table Tops

DINING table tops should be protected from marring by heat and liquids with a good table pad. We offer two excellent pads, described below, at prices decidedly attractive. If size of pads or leaves wanted is not listed use price of next larger size. All pads and leaves are made up to your specifications after order is received. Allow about one week for shipment after order reaches us. We positively guarantee every table pad in every way and will cheerfully refund your money if you are not entirely satisfied.

How to Order

For oblong or square table top (without cut or round corners) or perfectly round tops it is only necessary to give us the size of top with leaves removed. For oblong or square table tops having rounded or cut corners a one-piece paper pattern should be sent (with your name and address written thereon) showing exact shape and size of top with all leaves removed. If more than one piece of paper is used, please glue (do not pin or sew) together before cutting pattern. Should your top have beveled, shaped or sloped edges, measurements or pattern should be made from upper edges of bevel.

Our Finest Quality Pad

266 F 3392—Double Duty Quality Pad. Our best pad is made with two layers of heavy insulating wool felt and one layer of asbestos felt. Edges are turned in and stitched making a nice, smooth surface. Hinged so that sections fold compactly. One side is covered with a special, white rubberized cloth, waterproof and washable; the other side covered with good grade green flannel—an excellent protector for your table top when used for sewing, games or cards.

266 F 3390—Special Service Pad. Our lowest priced pad, made with two layers of heavy insulating wool felt and one layer of asbestos felt with white flannel covering on top and bottom. Hinged so that sections fold compactly. Pads of this price usually have a taped edge; but our Special Service Pad has a turned in and stitched edge the same as is found on the highest grade pads made.

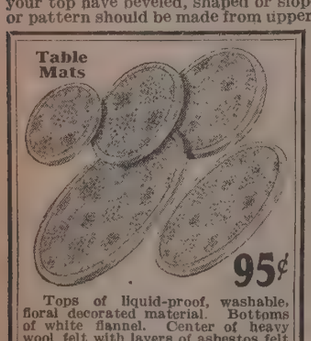

Table Mats

Queen Anne Period Design ~ Genuine Walnut

A Favorite in Many Attractive Homes

What is it you seek in Dining Room Furniture? A design which is beautiful in a simple way, graceful and stylish? Here is a style which is the choice in many of America's smartest homes—American Walnut in a dull, hand rubbed finish which requires little effort to keep it handsome.

Excellently well built in Queen Anne design—always in the best of taste—from Walnut especially selected for the beauty and richness of its grain.

The tops and doors of buffet, china cabinet and table top are of strong five-ply genuine American walnut veneer, hand-rubbed, dull finish. Ends and drawer fronts also walnut veneer. Legs select hardwood, beautifully finished to match. Easy rolling casters.

The effect of the rich looking overlay in darker walnut is heightened by the dark veining and edges. China cabinet door ornamented with fancy wood grill design. Chairs have genuine leather removable slip seats. Drawer pulls of antique silver add a final touch of distinction. Sold on easy payments if desired. Easy Payment terms at bottom of Page 413.

Buffet. Drawer bottoms three-ply genuine mahogany veneer. One drawer felt lined for silver. Two sizes—48 by 20-in. top with 42 by 6-in. plate glass mirror or 60 by 20-in. top with 54 by 6-in. plate glass mirror. Dustproof bottoms. Easy rolling casters.

Table. Two styles—round or oblong. Both with genuine five-ply walnut veneer top; legs of seasoned hardwood, finished to match; double leg support in center. Diameter of round table, 48 in.; oblong table, 60 by 45 inches. Noiseless gliding casters. See Page 410 for Asbestos pad.

China Cabinet. Glass door; sides with walnut veneer panels. Three adjustable shelves. Height, 60 inches. Size of top, 40 by 17 inches. Easy rolling casters.

Straight Chair and Arm Chair. Top slats solid walnut. Back panels, genuine walnut veneer. Posts and frames, hardwood, finished to match. Slip chair seats, 17 by 14 ¾ inches. Arm chair, 18 by 15 ½ inches. Upholstered in Brown Genuine Spanish Leather or Blue Genuine Leather. State leather wanted. Height of back from seats, 22 inches.

Italian Renaissance

A Style in Vogue Today—A Graceful Room Setting

Somehow the massiveness of this fine old Italian Renaissance design seems to suggest hospitality—warmth—friendliness—as well as strength and sturdiness. Truly delightful in effect, and surprisingly inexpensive in price.

Finished in a rich deep brown, characteristic of American Walnut. Made of kiln-dried, selected hardwood throughout. All door panels, end panels, back panels and drawer bottoms are three-ply construction for added strength, except ends of serving Cabinet are solid. Fronts of all pieces are decorated with very effective imitation Burl Walnut overlays. Old English design drawer and door pulls. Easy rolling casters.

Buffet. Top, 60 by 20 inches. Height over all, 40 inches. Two large cupboards and two roomy drawers. Felt lined divided tray for silverware.

Table. Top, 54 by 45 inches. Offered in 6-foot and 8-foot extensions. See Page 410 for asbestos pad.

China Cabinet. Not illustrated. Top, 41 by 16 inches. Height, over all, 63 inches. Size of glass in door, 30 by 16 inches. Fitted with two shelves and large drawer at bottom.

Serving or Radio Cabinet. Not illustrated. Top, 36 by 18 in. Height, 35 in. Cupboard space, 13¾ by 13¾ by 32 in. Also makes a handsome radio cabinet, with set on the top and other equipment in the roomy compartment.

Chair. Full box seat construction with removable slip seat, 17½ by 15 in. Height of back from seat, 20½ in. Upholstered in choice of Genuine Blue Leather or Figured Tapestry. Be sure to state choice.

Arm Chair. Same as chair except seat size, 19 by 16 in.

See "Estimated Total Freight Charges" on Page 411. Easy Payment terms at bottom of oposite page.

Enjoy your friends' approval of this new pattern Walnut Dining Suite—accept their congratulations on your good taste. But don't tell them what you paid for it, for they'll not understand. And who can blame them, with such quality priced at $40 more in any furniture store? Tops, fronts and ends are veneered with Genuine American Walnut. Curly Maple overlays. Framework of selected hardwood is finished to match the tasteful Brown Walnut finish. For strength the tops are five-ply veneer and fronts and backs are three-ply. The attractive turnings, shaped bottom rails, grill in China Cabinet door and antique brass hardware give the final touches of beauty that make for distinct style. Drawers are dovetailed front and back and have three-ply mahogany bottoms. All interiors are Genuine Oak, and well finished. Dustproof bottoms are of three-ply veneer. Metal glides on all pieces.

Buffet. Top, 60 by 21 inches. Height over all, 41 inches. Silver tray included in top drawer.

Table. Top 54 by 42 inches. Made to extend to either 6 or 8 feet..

China Cabinet. Top 40 by 16 inches. Height, 64 inches. Glass in door, 36 by 1 inches.

Chair. Hardwood with back panel walnut veneered. Removable slip seat, 14½ by 17 inches. Height of back from seat, 21½ inches. Covered with Blue Genuine Leather.

Arm Chair. Same as chair, except seat 16 by 19 inches.

VERY moderately priced, and yet this Set displays the fine character and beauty of design found in much more expensive Dining Room furniture. Five-ply Genuine American Walnut veneer tops. The fronts and sides are also Walnut veneered. Dull rubbed finish. All posts, legs and stretchers are hardwood, finished to match.

Notice particularly the heavily turned legs and the decorations on the fronts of the buffet, china cabinet and server, the outside borders of which are Shaded Tan Enamel. A Chinese Red decoration on the fretwork of these pieces lends a distinctive touch. The interiors of the buffet, china cabinet and server are of seasoned Oak. Spanish design hardware. Buy the complete 10-piece set, consisting of buffet, china cabinet, server, table, one arm chair, and five side chairs.

"It Has the Necessities That Housewives Like."

Writes MRS. HARRY SCHURMAN *of Garretson, South Dakota (Printed by Permission)*

An Investment in Health, Happiness and Leisure

ANOTHER Master-Made Kitchen Cabinet that is a triumph of efficiency. It bears the stamp of Good Housekeeping Institute, which means that it has been thoroughly tested for practical service. Women everywhere are realizing the importance of correct kitchen equipment. They have discovered that a kitchen cabinet like this is actually an investment in health, happiness and leisure time to enjoy the companionship of family and friends. Every special feature fills a practical need for the housekeeper when preparing a meal. When you pay a retail store $20 to $40 more than our price, you receive positively no more value than we offer in this handsome conveniently arranged cabinet. If you do not feel like paying all cash, Ward's Easy Payment Plan makes it possible for you to have this cabinet now.

Golden Oak, White or Gray Enamel

A beautiful cabinet, of select hardwood, finished throughout in glistening White or Gray Enamel or Oak, finished Golden with interior of upper section White Enamel. High grade workmanship that means continued satisfactory service and an interior that is easily kept clean and sanitary. Metal flour bin has a capacity of 40 pounds; fitted with sifter and glass window. Bin lowers conveniently for easy filling. Glass sugar jar with close fitting lid. Upper cupboard compartment has two shelves for china and groceries. Decorative art glass door on cupboard and flour bin section. Equipped with rolling curtain front. Nickeled refrigerator type, door catches.

This Cabinet Contains Every Practical Feature

Sliding wire shelf and white enameled sliding tray in bottom compartment bring cooking utensils within easy reach. Large lower drawer metal lined and equipped with close fitting metal lid for bread and cake. Draw out cutting board: food chopper block at right end of cabinet. Glass tea and coffee jars and five canisters for spices. Porcelain enameled table top is 40 by 25 in. and slides out to a 40 by 36-inch working surface; height from floor, 32 inches. Notice that the base is full width, giving maximum storage space inside cabinet. Handy "Want" lists, recipe lists, card rack, coin trays, hooks for filing bills. Casters made antproof when borax is p aced in cups provided. Groceries and dishes shown not included.

Shipping weight, 250 pounds. See "Estimated Total Freight Charges" below.

Are Just Like Extra Help in the Home
Sanitary, Convenient and Beautiful

"Nothing can be added to make it more convenient." Mrs. L. A. Rogers, Sacul, Texas (Printed by Permission)

EVERY Kitchen Cabinet shown on these two pages is constructed with sanitary base, and being built well up off the floor, need not be moved for cleaning underneath. Each has antproof casters and the backs and bottoms are practically mouseproof. Every real convenience is embodied in their design. Their beautiful finish, the soft Golden of the Oak, or the glistening Gray Enamel or White Enamel, will beautify any kitchen.

Our Price Saves You at Least $30

This Kitchen Cabinet will make it possible for you to prepare an entire meal while comfortably seated on a stool. No more aching feet and lame back from standing over an ordinary kitchen table and from endless trips to pantry and cupboard. All necessary supplies and utensils are within easy reach.

Your kitchen will present a cheery and inviting appearance and become a more pleasant place in which to work.

Golden Oak, White or Gray Enamel

Master-Made construction insures select woods and superior workmanship. Built either of hardwood, finished in glistening White or Gray Enamel inside and out, or of Solid Oak finished Golden with interior of upper section white enameled. Rolling curtain front and attractive art glass doors. Enameled metal, 40-pound capacity flour bin, with glass window and sifter, lowers for easy filling. Glass swinging sugar jar. A sliding wire shelf and sliding white enameled tray in base bring utensils within easy reach. Metal lined bread and cake box. Casters are antproof when borax is placed in cups provided. Handy "want" lists, card rack, hooks for filing bills, coin tray, five spice jars and tea and coffee jars. Drawout cutting board, removable food chopper block and swinging towel bars. Nickel plated refrigerator type hardware. Porcelain enamel table top is 48 by 27 inches and slides out to a working surface 48 by 36 inches. Table top, 32 inches from floor. The entire height of the cabinet is 70 inches. Both the upper and the lower cabinets are built full size, with base practically flush with the outer dimensions of the cabinet. Many other cabinets, while showing identical dimensions, have narrower bases and smaller drawers.

Large Size—48 Inches Wide

Every feature of convenience is incorporated in the design of this Master-Made cabinet. Compare the equipment listed above with that of other cabinets selling at the same price and you will be convinced that this is a better cabinet and sells for less money.

It has been brought up to its present high state of convenience and efficiency only by constant and practical improvement. It embodies no untried or untested ideas. All are approved by the Good Housekeeping Institute.

Shipping weight, about 300 pounds. See "Estimated Total Freight Charges" on opposite page.

"Built So Strong and So Roomy—Like a Pantry."

Writes N. W. ROARK *of Winfield, Kansas (Printed by Permission.)*

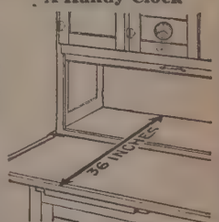
Our Beauty—The Newest Design

With Mirror, Clock and Clear Front on which to Work

THE very latest addition to our line of Master-Made Kitchen Cabinets. The center door of the top section has a beveled edge, genuine plate glass mirror, 12 by 9 inches, which instantly appeals to every housewife. And below the mirror just where you want it, is a clock, a handy assistant in the kitchen. Notice, too, that the rolling curtain extends clear across the front. There is extra room to set working utensils back of the porcelain enamel top when you are mixing cakes or making bread, a feature you will appreciate. Every convenience was considered before this cabinet was designed for you.

A Useful Mirror

A Handy Clock



A Clear Working Surface

Approved by Good Housekeeping Institute

It compares most favorably with Kitchen Cabinets offered by others at $20 to $40 more. Every possible need is provided for. The 20-pound metal flour bin swings down within easy reach for filling. Has sifter and glass window. Airtight containers for coffee and tea and five jars for salt, pepper and spices. Glass sugar container with aluminum scoop. Meat chopper block at right.

The large porcelain enamel top, 40 by 25 inches, pulls out to form a clear working space 40 by 36 inches, height from floor, 32 inches. Underneath is a cutting or bread board, 20 by 14 inches, which moves out with the top. Large upper compartment for china and groceries. The large lower compartment for cooking utensils has sliding wire pan rack and sliding wood tray. Lid rack on the door. Four generous drawers, one divided for silverware and the lower one, metal lined and with sliding metal lid, for bread and cake. Nickeled brass refrigerator type hardware throughout.

Built of select seasoned Oak finished Golden with interior of upper section White Enameled, or hardwood, finished White or Gray Enamel throughout. Height, 70 inches; width, 40 inches; depth, 25 inches. Casters are antproof when borax is placed in cups provided. Groceries and dishes shown, not included. Shipping weight, about 200 pounds. If ordered on easy payments, send only $5 with your order and pay $5 a month. Use Order Blank on Page 623. See "Estimated Total Freight Charges" on opposite page.

Airline Leads the World in Direct Radio Sales

Just One Thing Did It—Reliable Performance with Honest Prices

Over 500,000 "Listen In" on Airline Radio Every Night

OVER half a million people probably "listen in" on Airline Radio Receiving Sets every night—no other concern selling direct to users can boast of so many radio listeners. Because of our large sales on radio merchandise we are able to make the extremely low prices found on these pages.

We believe, because of the great number of sets we have sold, that we know how to build them better. Our many years of radio experience has taught us just what kind of set will best meet your needs. We maintain, at great expense, a complete radio laboratory for testing and experimenting with every make of radio set, as well as our own. We are not satisfied until every Airline is equal to, or better than, the best.

Easy to Install and Operate

One of the outstanding features of all Airline sets is the ease of installation and operation. In an hour's time you can install any Airline.

ALL AIRLINE SETS ARE NON-REGENERATIVE—Another proof of Airline leadership. On the recommendation of the Department of Commerce and the foremost radio engineers we have discontinued the sale of regenerative sets. Airline sets will not spoil your neighbor's reception. **We are pioneers in this movement.**

In conclusion, let me say that if you have no radio, or want a larger set, now is the time to buy. Summer reception will be better than ever this year. More and more Super-power broadcasting stations are coming on the air every month and the times when static (atmospheric electricity) spoils reception from these powerful stations will be few and far between. Thousands of Airline owners are using and enjoying their sets throughout the summer—and you, too, can do the same. *L. J. Manning*

Manager, Radio and Electrical Departments.

WARD'S Sales Policy. Each year since the introduction of radio to the public Ward's have manufactured and sold many thousands of radios. AIRLINE has become a guarantee of quality in radio sets. Ward's radios are fully guaranteed against defects in material and workmanship. With this confidence in our radios we offer you a thirty-da trial period. In keeping with Ward's policy of fairne you are permitted to return the radio within thir days if it does not operate properly. Even after this tri period, we are always glad to help you through our radi experts to keep your set in perfect operating conditio

Airline Enchanter

Rare Values in Popular 5-Tube Sets Recommended for Distance, Tone and Selectivity

No one but Ward's offer a value like this—a guaranteed 5-tube, three-dial control Radio Set for only $29.20. A set we are proud to call an Airline and one that will give results in volume, tone quality, selectivity and distance far superior to other sets selling at about this price and far better than most sets selling for $10 to $25 more.

Incorporating all the Airline points of superiority it is, truly, the biggest radio value we have ever offered. Absolutely nothing in tone quality has been sacrificed to make these low prices. Like the highest priced Airline, it is equipped with the Nathaniel Baldwin $12 Concert Loud Speaking Unit. The unit and the set are matched for perfect tonal harmony throughout the entire musical scale.

The Enchanter is very easy to operate. Although there are three dials to adjust, the actual tuning has been made very simple. All dials are marked directly in wave lengths. To tune in a station, simply turn all three dials to the wave length of the station wanted which you can find in your local newspaper or any radio call book. When that station is heard, all dials will read approximately th same. Thereafter you will always find this same statio at the same dial setting if the station is broadcastin and conditions are the same.

We furnish a complete, illustrated book of instruction showing how you can install this set and have it workin in about an hour's time.

The loud speaker built into Model "F", fully suspende on sponge rubber, does not touch the cabinet at any poin This eliminates all vibration. The loud speaker is equippe with the genuine Nathaniel Baldwin $12 Concert Lou Speaking Unit, a combination which insures a true repr duction of the entire tonal scale. The radio control pane in both models are finished in mahogany delicately dec rated with gold. Technical Description. 2 stages aud and 2 stages radio frequency amplification. Floating d tector socket. Semi-S. L. F.—S. L. W. low loss condenser Special non-oscillating spider web inductances. Bes quality audio transformers, ratio 3½ to 1.

$40.50 **$29.2**

662 F 362—Model "G" without tube batteries, antenna or other equipmer Shipping weight, 25 pounds **$29.2**

Airline 99

Dry Battery Operated-5 Tube Set

No Storage Battery Required

Highly Selective—Remarkable Reception—Great Volume

We have perfected the Five-Tube Radio Receiving Sets operated by dry cells for our customers who cannot charge storage batteries, or who are located where it is inconvenient to take storage batteries to a service station. The cost of operation is no more than that of a storage battery set—many of our customers tell us it is less.

It has taken many months of experimenting and considerable expense to produce a dry battery set which gives the same performance and satisfaction as a storage battery set. We learned by tests that it was impossible to take a set designed for storage battery operation and by changing the sockets or by using adapters, convert it into an efficient dry cell set. It was necessary to design every single part within the set to match with dry cell tubes and dry cell batteries. By doing this we have attained volume, sensitiveness, and tone quality equal to any set operated by storage batteries.

Very Easy to Operate

One of the most notable features of this set is its ease of operation. It is the three-dial control type, with all dial readings alike for a given station. As all dials are marked directly in wave lengths, it is a simple matter for you to locate any station. You simply turn the dials to the wave length of the station you wish to hear. If they are broadcasting and within range, you will hear them.

With this set we furnish a series parallel connector which eliminates the inconvenience usually experienced in connecting dry cells. This enables you to connect your cell batteries in a few moments.

Equipped with Baldwin Unit

As on all Airline Sets, we equip the loud speakers with Genuine Nathaniel Baldwin $12 Concert Loud Speaker Units. The combination of the Baldwin Concert Unit and the correctly designed horn used in every set gives the clearest, most natural reproduction possible. We have spared no expense to make the tone quality of this set equal to that of our other Airline sets.

Sold with or without Equipment

When purchased complete with all equipment, we include with this set:

Five Airline AX-199 Tubes.
2 Airline Jumbo 45-volt "B" Batteries.
Airline "C" battery.
6 Airline Dry Cells.
Complete Airline Antenna Equipment.
Completely illustrated Instruction Book.

With complete radio 562 F 373 without built-in loud speaker, we furnish the Airline Black Beauty Horn shown on Page 423. This horn is equipped with the Baldwin Unit.

Technical Description. 2 stages audio and 2 stages radio frequency amplification. Floating detector and audio sockets. Space wound solenoid inductances. Potentiometer volume control. Semi-S. L. F.—S. L. W. low loss condensers. Low ratio audio transformers.

$81.50 Without Equipment

This Illustrates The Simplicity Of Two-Dial Control

To Cover the Entire Wavelength Band You Simply Swing Both Dials in Unison

EXTREME simplicity, unusual beauty of tone, and exquisitely designed cabinets, combined with low price, make the Airline Roamer Radio Set one of the greatest values in all radio history. Never before has a set combining all its superior features been sold at prices so low. Its tuning simplicity makes it a set that anyone, without the slightest experience, can operate at highest efficiency at all times. Turn the two dials together and you will hear a procession of stations file past you—all that are in the air within range—then turn back to the program you like best. Write down the dial settings of the stations in the log book included—they will always be found at the same spot. You can turn to them again whenever your fancy dictates.

Equipped with the Famous Baldwin Unit

The lovely tone quality of this set is thrilling, wonderful—highly praised by all who hear it. The set is matched for use with the famous Baldwin Unit and by the use of properly designed horns in all models we have achieved a beauty of tone that will hold the listeners spell-bound—entranced. Your ear must be the judge—send for one of these sets, install it in your home and make any comparisons you wish. Test its tone quality, its ease of operation, selectivity and range beside any similar set you wish. It will excel in all points and will cost you considerably less. Read our liberal Sales Policy on Page 418.

You Can Install It in an Hour

Like all Airline sets, the Roamer is very easy to install. You simply erect your antenna in some convenient location, connect the battery wires to plainly marked batteries, insert the tubes and turn on the set. About an hour's time is all that is required. We include a completely illustrated instruction book which explains, in detail, every step of the installation.

The Roamer is offered in your choice of six beautiful cabinet models. Each has real artistic merit and all are of the finest construction and finish, the work being done by expert cabinet workers. The sloping control panel on all models is attractively finished and decorated with a neat design around the edges.

See description of equipment included to the left. Technical Description. 2 stages radio and 2 stages audio frequency amplification. Floating detector socket. Semi-S.L.F. and S.L.W. low loss condensers with antenna separately tuned. Special non-oscillating spider web inductances. Best quality audio transformers, ratio 3½ to 1. Potentiometer volume control.

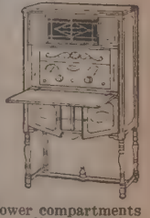
Popular and Stylish Highboy



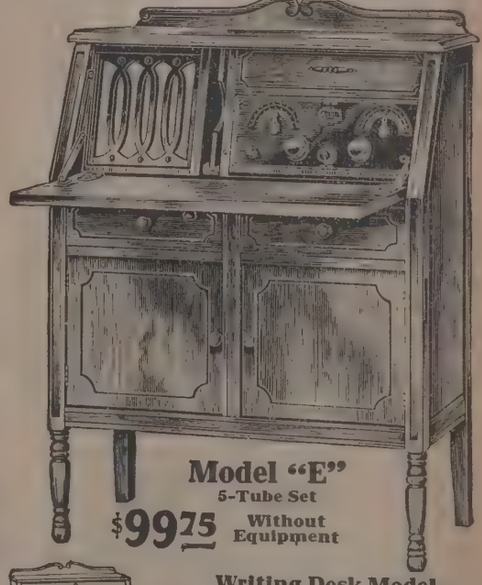
Our most beautiful cabinet model. For those who know and love the charm of fine furniture. Gracefully turned legs and stretcher. The top, front and sides are made of genuine five-ply walnut or mahogany veneer rubbed to a high polish, the balance of hardwood finished to match. At each side of the loud speaker and in the center of the three doors are beautiful inlay panels of burl walnut.

The correctly designed, full-floating, non-vibrating loud speaker, equipped with the Genuine Nathaniel Baldwin $12 Concert Unit, is concealed behind a carved grill backed by a dull gold, silk screen. Its long throat gives deep, melodious tones.

The center door opens down and acts as an arm rest. All doors have pearl inlay pulls. The lower compartments will hold all radio batteries, chargers and other radio accessories. Size, 30¼ by 15 by 49¾ inches high.

Model "C" complete with all equipment as described at left. Shipping weight, 240 pounds. See "Estimated Total Freight and Express Charges" on Page 418.
662 F 453—Walnut veneer.
662 F 456— Mahogany veneer $129.50

Model "C" without tubes, batteries or other equipment but with built-in speaker and Baldwin Concert Unit. Shipping weight, 150 pounds.
662 F 452—Walnut veneer.
662 F 455— Mahogany veneer. $102.50



Model "E"
5-Tube Set

$99.75 Without Equipment

Writing Desk Model

A full size writing desk with plenty of space for things usually kept in a desk, as well as room for all radio equipment.

The top, front and sides are genuine five-ply walnut or mahogany veneer highly polished. The other parts are well seasoned hardwood.

The loud speaker, equipped with the Genuine Nathaniel Baldwin $12 Concert Unit, is fully suspended on sponge rubber and does not touch the cabinet at any point. This eliminates vibration. The speaker is concealed behind a carved grill backed by a dull gold, silk screen.

This cabinet embodies both utility and beauty. The drop front makes a very convenient arm rest. Drawer space for writing materials, head phones, radio tools and logs. The spacious lower compartments will hold all batteries, chargers and other radio accessories. Pearl inlay door and drawer pulls. Size of cabinet, 34 by 17 by 44¾ inches high.

Model "E" with all equipment as described at left. Shipping weight, 240 pounds.
662 F 443—Walnut veneer.
662 F 446— Mahogany veneer $127.00
See "Estimated Total Freight and Express Charges" on Page 418.

Model "E" without tubes, batteries or other equipment but with built-in loud speaker and Baldwin Concert Unit. Shipping weight, 150 pounds.
662 F 442—Walnut veneer.
662 F 445— Mahogany veneer. $99.75

Tudor Console of Unusual Beauty

Our most beautiful console model of English Tudor Period design enclosing our finest radio set—you will treasure it more than any other single furnishing in the home. The top, front and sides are genuine five-ply walnut or mahogany veneer rubbed to a high polish. The two end doors have panels of burl walnut. The center door has a darker colored panel giving a two-tone effect. The compartment at the left conceals all batteries and radio accessories. The full-floating, non-vibrating loud speaker, equipped with the Genuine Nathaniel Baldwin $12 Concert Unit, is mounted in the compartment at the right. The speaker is concealed by a carved grill backed by a dull gold screen. All connectors to batteries and loud speaker are made within the cabinet—no loose wires exposed. The top is hinged for easy inspection of the set. The center door lowers and acts as an arm rest. Size of cabinet, 42½ by 17 by 39¼ inches high.

Model "D" complete with all equipment as described. Shipping weight, 250 pounds.
662 F 383—Walnut veneer.
662 F 386—Mahogany veneer. **$147.50**
See "Estimated Total Freight and Express Charges" on Page 418.

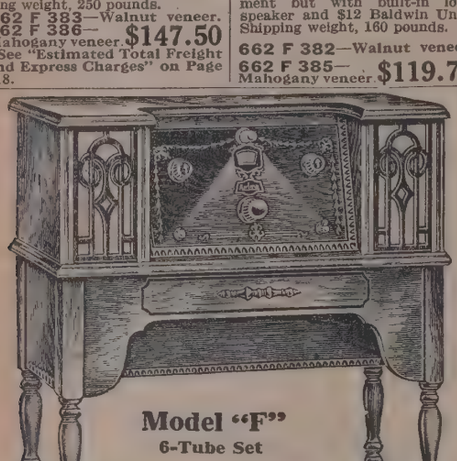
662 F 385—Mahogany veneer. **$119.75**



Model "F"
6-Tube Set

$92.00 Without Equipment

Convenient Table Style Consolette

This beautiful radio console is designed in harmony with the latest spinet furniture. The graceful lines and Adam Brown mahogany finish make it a piece of furniture of which you may well be proud. The top, front and sides are genuine five-ply mahogany veneer. The left end panel conceals the loud speaker, equipped with the Baldwin Concert Unit. Behind the right end panel is a compartment for "B" batteries. Both end panels have carved grills backed by dull gold cloth screens. A lower compartment holds storage batteries and all radio accessories. As all connections are made within the cabinet there are no exposed wires. Size of cabinet, 16 by 32½ by 40½ inches high.

662 F 316—Complete with all equipment as described. Shipping weight, 145 pounds..... **$121.00**
See "Estimated Total Freight and Express Charges" on Page 418.

662 F 315—Without tubes, batteries, or other equipment but with built-in loud speaker and Baldwin $12 Concert Unit. Shipping weight, 100 pounds..... **$92.00**

SINGLE DIAL CONTROL—with the Airline Conqueror you can get perfect results the first time you try, even if you have never seen a Radio Set before. Just one dial to turn to get the station you want. Just a few seconds' time to hear everything on the air within range. Listen to them all—then select the program that pleases you most and settle down to hours of enjoyment.

The Airline Conqueror embodies all the latest developments of radio engineering—one-dial control for ease of tuning; an improved tone reproducer and the Baldwin Concert Unit for tone reality; six tubes for distance and great volume. And it is built into six of the most beautiful cabinets we have ever seen. Compare it only with the finest, for it is the equal of any set selling in the neighborhood of $200 or more.

New Tone Reproducer and Baldwin Unit

This set is equipped with the latest and most modern method of tone reproduction, known as impedance coupled amplification. This method is now used in all fine sets to produce clear, natural, full tones. You get it here at no more than the cost of ordinary sets. Ask any radio man about impedance amplification—he will tell you there is none better.

By this method nothing is lost in reproduction—every note of the entire musical scale—high or low—comes through so lifelike it is hard to realize you are not in the presence of the artist. The tone reproducer is especially matched for use with the Baldwin Unit. This, in combination with the scientifically correct horns used in all models, gives the most perfect and realistic tone quality we have ever heard. And, after all, remember that it is not what you hear but how you hear it that counts. That is why we have spared no expense to give all Airline Radio sets the finest tone quality money can buy.

Balancer and Pilot Light—Special Features

We have equipped the Conqueror with a patented balancer, an exclusive Airline Feature that should not be confused with the much less efficient "compensators" found on other sets. It enables you to adjust the set quickly to its greatest efficiency. Once set it rarely ever requires adjustment unless extreme distance is desired. Note the absence of unnecessary controls on this set—there are only three—station selector, balancer and a volume control which enables you to regulate the volume from a whisper to the volume of a brass band. Compare this simplicity with that of similar sets having five or more controls. The pilot light located just above the wavelength window clearly illuminates dial readings and control panel. Also warns not to leave set turned on when not in use.

Technical Description of Conqueror

This set employs 2 stages radio frequency, detector and 3 stages impedance coupled audio frequency amplification. Non-oscillating figure 8 coils, semi-shielded. Condensers are semi-S.L.F.-S.L.W. low loss, with antenna separately adjustable. Antenna inductance tapped for short or long antenna. Adapted for use with any type power tube without changing the wiring. For X base tubes only.

"Delighted with Conqueror"—"Best Regardless of Price"

"Saying I am pleased with my Airline Conqueror Radio Set is putting it mildly. I am delighted with it. It is the fourth set I have owned, and the best. So easy to operate. I have caught stations as far west as San Francisco and Los Angeles. I am safe in saying a similar set could not be bought in Birmingham for less than $225 or $250."

Percy P. Green,
Ensley, Ala.

"The New Conqueror Airline Radio Set I received from you a few weeks ago is entirely satisfactory and has volume to spare. The tone is excellent and brings in the distant stations fine. I believe the set is the best I have ever heard, regardless of price. I think you will get more orders from this place in the near future."

J. O. Laughlin,
Princeton, Ky.

Better By Any Test—We Guarantee It

Airline Tested Radio Tubes

Reinforced ~ Non-Microphonic ~ Vibrationless ~ Uniform

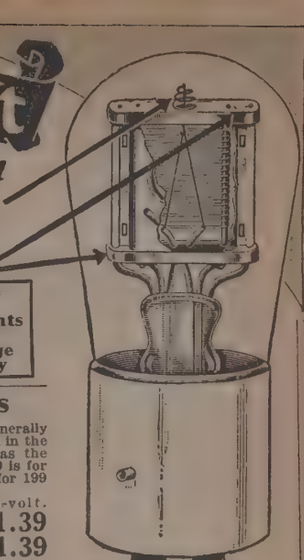
Isolantite Base; Better Insulation Finer Appearance. The Best Tube Made.

THE BEST RADIO TUBE MADE—that's a big claim but we are ready to prove it. If you have an old tube of another make, break the glass and compare its internal construction with the illustration at the right. Move the elements back and forth and watch the spacing between them change. Laboratory tests show that a movement of less than one one-hundredth of an inch between these elements will spoil the tube for good radio reception. The spacing cannot change between the elements of an Airline tube for they are held rigidly in place by "isolantite" spacers top and bottom. This not only means uniformity and matched construction but prevents "burn-outs" as well. The elements cannot touch one another.

Many times the filament of an ordinary tube will snap from being jarred or bumped. This cannot happen to the filament of an Airline tube which is suspended on a spring absorbing all vibration and also preventing microphonic noises. And remember, these tubes cost you less than the ordinary unimproved tubes.

Spring Supported Filament Cannot Vibrate

Isolantite Spacers Hold Elements Rigid No Breakage Uniformity



Power Tubes

Give clearer reception and slightly more volume. Use one only in a set. Require 135 volts "B" battery and additional "C" battery. Unless your set is equipped to take these tubes use proper adapter below at right.

62 F 5106—AX-112, 6-volt. "C" battery 9 volts. **$2.95**

62 F 5102—AX-120, 4½-volt. "C" battery 22½ volts. **$1.75**

62 F 5112—Hi-Mu for resistance coupled amplifiers, 6-volt. Use regular tube in last stage. **$2.95**

Isolantite Installation

The bases and element spacers of Airline Tubes are genuine Isolantite, a remarkable new insulating material resembling porcelain, but much harder than steel. It is recognized as the best insulating material made. It costs more than twice as much as the bakelite used on most other tubes, but nothing but the best would do for Airline Tubes.

Every tube is tested at the factory for sensitivity, volume and tone quality. We guarantee them to reach you in perfect condition and will replace any that do not. We are proud of Airline tubes and we want you to try them. They will make any set better. All Airline radio sets are equipped with these tubes—the best made.

Regular Types

These are the types most generally in use. Type 201A can be used in the new X base sockets as well as the old standard sockets. AX-199 is for X base sockets only; AV-199 for 199 sockets (old type) only.

62 F 5099—AX-201-A, 6-volt. Suitable for most sets. Storage battery type. **$1.39**

62 F 5108 — Dry cell AX-199, 4½-volt. **1.39**

62 F 5107 — Dry cell AV-199, 4½-volt. **1.39**

Ship. wt., all tubes, each, 1 pound.

How to order tubes

AV-199 and C-299 tubes fit old style 199 sockets only, and AX-199 and CX-299 fit X sockets only, except with adapters shown on right. All others fit both X and old standard (201-A) sockets. When ordering tubes for replacement, give us all numbers on base of your present tubes. We can then be sure to give you tubes to fit your present socket.

Airline Tube Tester

Test your tubes. Very simple to operate. Indicating lamp shows condition of tube. Black case, 4½ by 3 inches high. Will not test 200, 300, WD-11 or C-11 type tubes. Ship. wt., 1 pound 8 ounces.

62 F 5218 ..... **$3.59**

Airline Tube Booster

Rejuvenate rundown tubes. Takes about 15 minutes a tube. Use with 201A, 301A, 199 and 299 type tubes, any base. Case, 6½ in. diam. and 3½ in. high. Complete with cord, plug and instructions. Ship. wt., 4 lbs. For 110-volt, A.C. current only.

62 F 5933 ... **$3.59**

Cunningham Tubes

For those who prefer Cunningham Tubes we offer them at fifteen per cent less than the regular retail price. Should retail prices on these tubes be reduced before July 1, 1927, we will reduce our prices to fifteen per cent less than the new retail price.

62 F 5085—CX-301-A, 6-volt **$1.70**

62 F 5083—CX-300-A, Replaces old C-300, 6-volt **$3.40**

62 F 5087—CX-299, 4½-volt **$1.91**

62 F 5197—C-299, 4½-volt **$1.91**

62 F 5195—C-11, 1½-volt **$2.12**

62 F 5089—CX-12, 1½-volt **$2.12**

Power Tubes

Require 135-volts "B" battery and additional "C" battery. Use one only in a set. See adapters at right.

62 F 5093—CX-112, 6-volt, "C" Battery, 9 volts **$3.82**

62 F 5094—CX-371, 6-volt, "C" Battery, 27 volts **$3.82**

62 F 5091—CX-220, 4½-volt, "C" Battery, 22½ volts **$2.12**

Adapters for All Tubes

Shipping weight, each, 4 oz.

62 F 5203—To use AV or UV-199 or C-299 in standard 201A sockets ..... **37¢**

62 F 5208—To use AX, UX-199 or CX-299 in standard 201A sockets ..... **17¢**

The following Adapters have special leads to use proper "B" and "C" battery voltages without changing internal wiring of set.

62 F 5205—To use AX, UX or CX-120 tube in UV-199 or C-299 sockets **$1.09**

62 F 5206—To use AX, UX or CX-120 tube in standard 201A sockets **$1.09**

62 F 5207—To use AX, UX or CX-112 or 171 tubes in standard 201A sockets **$1.29**

Tube Guarantee

We will replace any tube which does not reach you in perfect condition. Tubes ordinarily last a long time but they eventually wear out long before they are burned out. For this reason we cannot guarantee any definite life, nor can we replace used tubes. We cannot be expected to replace tubes damaged or burned out through mistakes or accidents due to no fault of our own.

Solid Walnut Cabinets

$7.45

A set is only as attractive as its Cabinet. This beautiful cabinet is made of solid walnut, finished in a beautiful two-tone finish which matches well any furniture and surroundings. Very neat in appearance. Back and bottom made of hardwood. All sizes 10 inches deep behind panel, a special feature. Slotted so that 3/16-inch panel may be inserted without drilling panel for screws. These cabinets generally sell for at least one-half more.

Genuine Mahogany Veneer Consolette

Open View

$33.95

Two of our finest radio sets are built into this beautiful cabinet which we offer here to those who wish to build their own sets into a distinctive cabinet where all loose wires and radio accessories will be completely concealed.

The top, front and sides are genuine, five-ply mahogany veneer in a high lighted mahogany or walnut finish. The centers of the panels are light in color, softly deepening to a darker shade at the outer edges. All door knobs are placed in the center of ebonized spots which do not show finger prints. The upper part opens flat and acts as an arm rest. There is a carved grill on the left behind which you can install a loud speaker such as 62 F 573 shown below at the left. The sloping panel opening is slotted to take a 7 by 18-inch panel. The lower compartments provide ample space for all batteries and radio accessories. The top is hinged for easy inspection of the set. Size over all, 33 by 16 by 40 inches high. Radio set and batteries not included. Shipping weight, 120 pounds. Estimated Total Freight Charges: For 150 miles, 65¢; 300 miles, 85¢; 500 miles, $1.16. Read page 306.

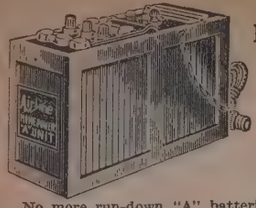
Guaranteed for 2 Years
Superior Construction Makes This Possible
Airline Storage "A" Batteries
Designed for Constant Radio Operation



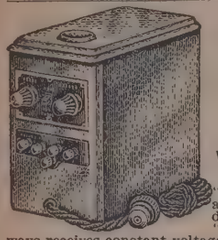
Airline Home Power "A" Unit

$21.45

Complete Ready to Use

No more run-down "A" batteries—this 6-volt Home Power Unit makes the filament supply automatic. Attach to electric light socket and unit requires little further attention. Consists of special Airline Storage "A" Battery and Trickle charger built into one unit. Adjustable for sets having various number of tubes. In neat molded case. Size, 12½ by 4¾ by 8½ inches. For 105 to 120-volt, 60-cycle alternating current. Shipping weight, 42 pounds. Can be shipped by freight or express only. **$21.45**

662 F 444



Airline "B" Battery Eliminator

$28.45

With Raytheon Tube

Takes the place of regular "B" batteries. Your set will always work as well as it does now with brand new "B" batteries because it always receives constant voltage and full power.

Employing the new Raytheon tube that can't burn out this eliminator is without question the best made. No acid—no chemicals. Once adjusted it requires absolutely no further attention. Gives voltage up to 135 with additional taps for 45 and 90 volts, the 135-volt tap being used for the power tube, if you use one. The 45 and 90-volt taps are adjustable so you can get exactly the voltage at which your set operates best. Operates over ten hours for 1¢ for current. Beautiful black crackle finish case, 10½ by 5½ by 9 inches high. For 105 to 120-volt 60-cycle alternating current only. Complete with Raytheon tube, attaching cord and plug. Sold under popular nationally advertised name for much more. (See automatic switch shown below.) Shipping weight, 24 pounds.

562 F 5923—For sets not over 6 tubes. . . **$28.45**

562 F 5924—For sets up to 12 tubes. . . . **31.45**

32-volt "B" Battery Eliminators cannot be made. If you have 32-volt current you can use storage "B" batteries shown at right.

90-Volt "B" Eliminator

$22.25

Will give as good reception at all times as with new "B" batteries. Delivers 90 volts—ample current for any set of 5 tubes or less not using power tubes. It uses the full wave filament type, rectifier tube. Detector voltage control on front of case; amplifier control inside. Crackle finished case, 4¼ by 8¼ inches. Complete, ready to use. For 105 to 120-volt, alternating current only. See automatic switch shown below. Shipping weight, 12 pounds.

62 F 5901 . . . . . **$22.25**

Automatic Switch

$2.69

Turns on "B" Eliminator and turns on Trickle charger when set is turned on. Protects your eliminator; you can't forget to turn it off. Installed in a minute—requires no change in wiring and no additional power. Mounted in a neat crackle finished case 3 by 2½ inches. Ship. weight, 2 pounds.

63 F 5899 . . . . . **$2.69**

Airline "B" Battery Meter

Has twice the resistance of the average low priced meter, and is twice as accurate. Reads 0 to 50 volts. Nickel plated case. Diam., 2 in. Shipping weight, 4 ounces.

62 F 6587 . . . . . **72¢**

Best Quality "B" Battery Meter

Very accurate. Diameter, 2 inches. Polished metal rim, black enameled case. Black face, silver figures. Connecting cord. Reads 0 to 50 volts. Shipping weight, 8 ounces.

62 F 6593 . . . . . **$1.65**

"A" Battery Tester

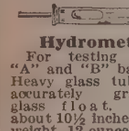
This new tester shows—Full, Half and Empty. Does away with danger of spilling acid. For 6-volt storage batteries only. Ship. weight, 4 ounces.

62 F 5180 . . . . . **$1.09**

Jewell "A" and "B" Meter

Genuine "Jewel" pattern 140 combination Voltmeter ('D' Arsonval movement). Switch enables you to read either "A" Battery voltage up 7½ volts or "B" Battery up to 150 volts. Diameter, 2⅝ inches. Flush type requires 2-inch opening for mounting. Shipping weight, 1 pound.

62 F 5386 **$7.95**



Hydrometer

For testing storage "A" and "B" batteries. Heavy glass tube with accurately graduated glass float. Length about 10½ inches. Ship. weight, 12 ounces.

62 F 5558 . . . . . **39¢**

Lead Covered Clips

Acid resisting connecting Clips for storage batteries. Length, 2½ inches. Ship. wt., 4 oz.

62 F 5274—Extra bulbs for above or for our Airline sets. Each. . . . **23¢**

Airline "B" Batteries

$2.57 45-Volt

We carry only the highest grade of batteries. Second quality, low priced batteries do not give satisfaction. For clearer reception with full volume use Airline "B" Batteries. They are made in one of the most modern and completely equipped battery factories in the world. The manufacturer is nationally known for the excellence of his product. Thorough tests have proved them equal to the best and far better than many advertised brands. Only because we buy in enormous quantities are we able to make such low prices—and because we sell thousands of batteries each week our stock is always fresh. Every battery is of uniform high quality. There is a size for every set.

62 F 5685—22½-volt, small size. Size, 2¼ by 2½ by 3½ inches. Ship. weight, 1 lb. 4 ounces. . . **$ .98**

62 F 5686—22½-volt, large size, flat type. Size, 3¼ by 4⅛ by 6¾ inches. Ship. weight, 5 lbs. 4 oz. **1.29**

62 F 5687—22½-volt, upright type. For use in one-tube sets where batteries are contained within cabinet. Size 3 by 4 by 7⅛ in. Ship. weight, 5 lbs. 4 oz. . . **$1.37**

62 F 5688—45-volt flat type. Size 3 by 6¾ by 8 inches. Tapped at 22½ volts. Shipping weight, 10 pounds. Retail value, $3.75. . . . . **$2.62**

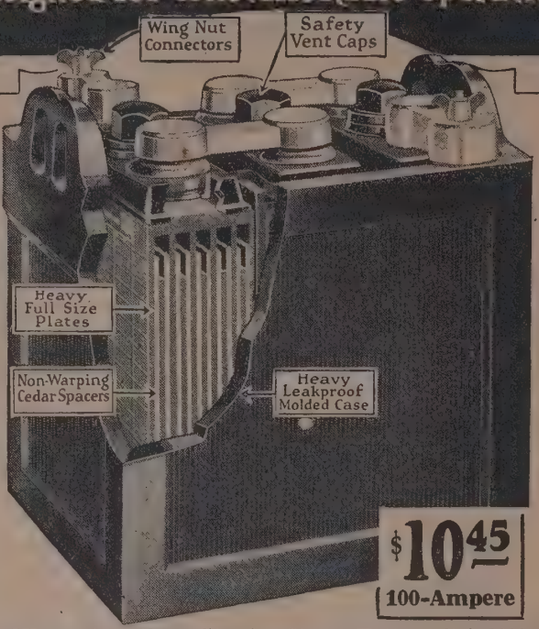
62 F 5690—45-volt, jumbo size. The most economical size to buy—costs less per month. Recommended for all sets of five tubes or more. Tapped at 22½ volts. The battery we furnish with complete Airline Sets. Size, 8¼ by 4½ by 7¼ inches. Ship. weight, 16 pounds. Retail value, $4.75. . . . . **$3.47**



$10.45

100-Ampere

YOU cannot see the quality of a Storage Battery—it is hidden from sight and the size or appearance of the battery box is no indication of the battery's worth. The quality may be good or bad depending on the skill and integrity of the maker and the honesty of the concern from whom you buy. Airline Storage "A" batteries are made by a large, well-known manufacturer and guaranteed by Ward's.

They are built on the quality basis—to a set standard—then we have them made in huge quantities to get the price as low as possible. Be sure to consider quality when comparing prices. We can build a cheaper battery but we will not lower the quality just to make a low price.

Airline Batteries are specially designed for radio use, not the ordinary automobile type. They are built to withstand a very slow discharge and irregular charging periods. The cells are tightly sealed in the molded acid-proof—and sweat-proof case. Extra strong plates and finest cedar spacers. Quiet in operation. Shipped fully charged ready to use. Instructions for proper care included.

262 F 436—6-volt, 50-ampere hour; 5-plate. Shipping weight, 30 pounds. . . . . **$ 8.95**

In About One Hour's Time You Can Install Any Airline Set

Charge Your Own Radio or Auto Battery at Home

DO NOT let a rundown Storage Battery spoil your evening's entertainment. Keep your battery fully charged and working at highest efficiency at all times with one of the chargers shown below. A battery charged at regular intervals will have much longer life. These chargers are very simple to operate. With the aid of the simple instructions included, anyone can make the proper connections. Costs but a few cents for each charging—will soon pay for itself and do away with trips to the service station. With any of our chargers (except direct current type), it is not necessary to disconnect battery from set while charging. Consider this when buying a charger. If you have no electricity, and have a gasoline engine, you can charge your battery with our 463 F 294 generator listed on Page 520.

$11.45

Complete With Bulb

Noiseless Bulb Type Chargers

Bulb Type Chargers

Noiseless. Requires no adjusting. Bulb seldom requires replacing. Crackle finished case with indicating meter on front. Complete with bulb, rubber covered battery leads, acid-proof clips, and connecting cord. Size 4 by 7¼ by 5¾ in. For 105 to 120-volt, 60-cycle, alternating current only.

62 F 5907—2 ampere. Ship. wt., 10 lbs. . . **$11.45**

Similar to above but open type—not in case. Without indicating meter.

62 F 5918—2-ampere. Size 5¼ by 7¼ by 5¾ in. Ship. weight, 10 lbs. **$9.95**

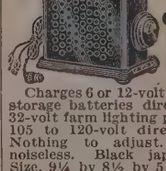
Open Model



32 and 110-Volt D.C. Chargers

$9.95

Charges 6 or 12-volt auto or radio storage batteries directly from a 32-volt farm lighting plant or from 105 to 120-volt direct current. Nothing to adjust. Absolutely noiseless. Black japanned case. Size, 9¼ by 8½ by 5 inches. Ammeter indicates charging rate. Complete with connecting cord, battery leads, lead covered battery clips and instructions. Shipping weight, 11 pounds.

62 F 5911—

32-volt. **$9.95**

62 F 5912—105 to 120-volt direct current. **$9.95**

Airline Trickle Charger

$7.95

Charges at lower rate than large types. Should be left connected to battery continually while set is not in use. Keeps battery fully charged even if used with five or six-tube sets. Charges at about 1-ampere, more than twice the usual rate of trickle chargers. Vibrating type, requires no adjustment. Very quiet. Complete with battery leads, clips, connecting cord and plug. Size, 6½ in. high, 3½ in. square. Crackle finish case. For 105 to 120-volt, 60-cycle alternating current only.

62 F 5937—Shipping weight, 4 pounds, 8 ounces. **$7.95**

High Rate Airline Chargers

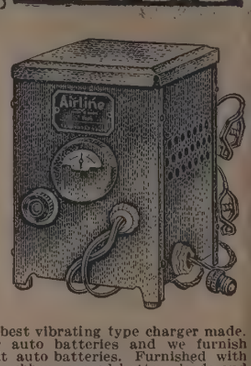
$12.25

Will charge most batteries overnight for only a few cents. Charging rate from 5 to 7 amperes. Neat crackle finished steel case, 9 by 7 by 6½ inches. Vibrating charging element is of new type, much quieter and more efficient than that on most other chargers offered at our prices and higher. No acids or harmful liquids to spill. Shock-proof—fire-proof. Unquestionably the best vibrating type charger made.

Charges 6 or 12-volt storage "A" or auto batteries and we furnish diagram showing how to charge 12-volt auto batteries. Furnished with about 6-foot cord and plug, 4½-foot rubber covered battery leads and acid-proof, plainly marked battery clips. Also complete instructions. This highly efficient Battery Charger under a nationally advertised brand sells for $17.00. Our low price saves you over $5.00. Shipping weight, 16 pounds.

562 F 5836—For 105 to 120-volt, 60-cycle alternating current. **$12.25**

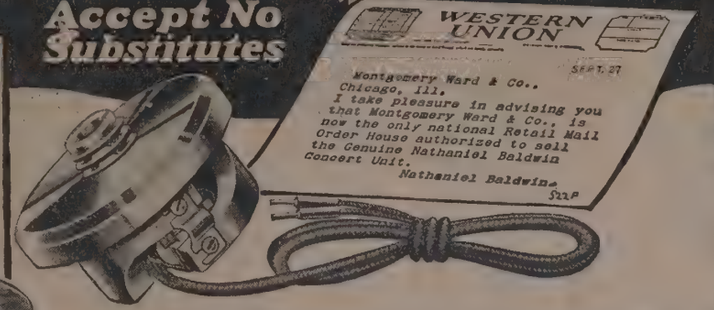
562 F 5839—For 105 to 120-volt, 25-cycle alternating current. **14.95**



Ward's Famous Exclusive Feature

The $12.00 Genuine Nathaniel Baldwin Concert Unit Furnished with all Airline Sets and Loud Speakers

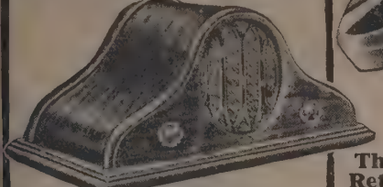
Accept No Substitutes



WESTERN UNION
SEPT. 27
Montgomery Ward & Co.,
Chicago, Ill.
I take pleasure in advising you that Montgomery Ward & Co., is now the only national Retail Mail Order House authorized to sell the Genuine Nathaniel Baldwin Concert Unit.
Nathaniel Baldwin

About Cone Speakers

Many claims have been made as to the superiority of Cone type loud speakers over horns. The best cones are better than some horns. BUT, so far we have never found a cone type speaker to compare in any way with the Baldwin. When we find a cone equal to the Baldwin Unit, we will offer it in our catalogues.



Cabinet Type Speaker

For those who prefer the cabinet type of speaker, we have designed this beautiful Air Line Master. It has graceful lines and a fine mahogany finish. On top of your radio set it will give practically the same appearance as a cabinet with the loud speaker built in. Here again improved horn construction, combined with the famous Baldwin Concert Unit, gives a clearer, more natural reproduction of the broadcast program. The artistically carved grill is backed by a dainty silk screen. Full floating horn. Length, 21 inches; height, 11½ inches; depth, 10½ inches. Complete with about 4½-foot cord. Ship. wt., 14 lbs. Mailable.
562 F 564 ..... $17.85

The Regular Retail Price of This Genuine Nathaniel Baldwin Unit Is

$12

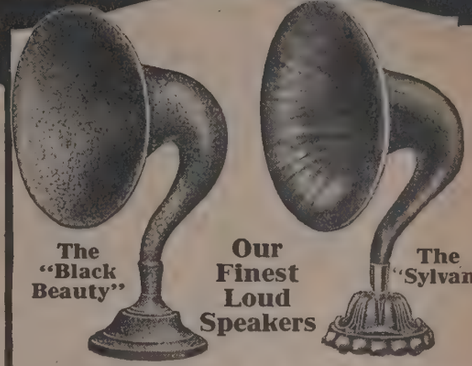
You can purchase this Unit separately for use on your own loud speaker or phonograph. Complete with about 5-foot connecting cord and rubber adapter. Ship. wt., 1 lb. 12 oz.
62 F 778 ..... $10.95

NATHANIEL BALDWIN, manufacturer of the Baldwin Concert Unit, is known the world over as a maker of the highest grade radio reproducing apparatus.

The Baldwin Concert is the finest unit made today. It is the result of years of intensive research and development work. Constructed with laboratory precision of highest grade materials that can be used for this purpose. It has a large aluminum diaphragm which reproduces the entire tonal scale, including the overtones. Each unit is hand made, carefully adjusted and tested for its tone quality—not turned out in immense quantities by machines like other units.

Many imitators claim to reach the perfection attained by the Baldwin principle, but actual performance disproves this. We have made exhaustive tests of the best units made and in every single case, the Baldwin Concert stood out far superior to all others.

Realizing that a radio set is judged by what comes out of the loud speaker, we have equipped all Airline horns and radio sets with the Baldwin Concert Unit. The Airline Horn made with the Baldwin Concert Unit will bring to you a new enjoyment of radio—a softness, sweetness and fullness of tone that you never before thought possible.



The "Black Beauty" — **Our Finest Loud Speakers** — **The "Sylvan"**

It is well known that a long tone chamber gives the best tone—the new phonographs have proved that—and for that reason we recommend either of the horns above, for finest possible tone quality.

The horns are entirely of wood pulp, scientifically molded and compressed to retain the fine properties of solid wood. After many experiments under all conditions we have found this shape gives the best results.

The horn on the right is the most beautiful we have ever seen. It is finished in polished mahogany beautifully grained to resemble the natural wood. The base is of cast metal, handsomely fluted and finished Verde Green. The horn on the left is finished in stippled black and has a plain base. Both contain the Famous Nathaniel Baldwin $12 Concert Unit and are supplied with about 4½ feet of connecting cord. A radio set is only as good as its loud speaker, therefore we do not sell the cheap, inferior type. Can be shipped by freight or express only.

662 F 598	662 F 599

Airline Low Loss Straightline Frequency Condensers

The type recommended by all radio magazines. Straight Line Frequency (SLF) type, with Straight Line Wavelength tuning on higher wavelengths. Separates stations evenly throughout dial. Incorporates all low loss features. Heavy aluminum plates and frame. Hard rubber insulation. Same as used on expensive laboratory condensers. Heavy adjustable bearings. Solidly spaced plates in both rotor and stator. Sold under advertised name at nearly twice our price. A scientific instrument that will increase the efficiency of your set. Use "Zero" at left dial.

Genuine Chautauqua Combination Drawing Board and Writing Desk

$6.98

The original and best known Chart and Blackboard outfit. The Chautauqua home teacher has been improved every year and is recommended by thousands of school teachers and college professors.

The scroll of 26 charts of drawings to be copied is carefully selected to meet the requirements of a child. The home teacher book of 100 pages for the mother explains how to get the most value from the chart. The blackboard is a 3-ply veneer wood panel covered with a preparation giving a green surface easy on the eye. Will never wear slick and may be washed without injury. Writing surface, 18 by 16½ in. Height over all, 48 in. Width over all, 21¼ inches.

The blackboard drops down on hinges exposing commodious child's desk beautifully varnished. The desk has a detachable drawing board on back with a patented porous surface. With this comes paper clips and cardboard pictures of Indian tribes, a farm scene, etc., to be cut and stood up on the porous surface with the clips. Also a box of Hy San colored dustless crayon—can be dissolved in water and used as paint on the blackboard or used dry. Also a fine eraser. This combination drawing board and writing desk has never sold elsewhere for less than $10. Shipping weight, 35 pounds. Shipped by freight or express only.
148 F 595—Complete with home teacher book $6.98

30 Stencils, 35¢

48 F 555—Set of 30 ..... 35¢

Little Girls' Playtime Needs

Nationally Advertised Genuine Bye-Lo Baby

The original Grace Storey Putnam "Newborn Baby Doll," nationally advertised in all leading magazines.

Nothing has been omitted, from the soft spot indicated on top of the bisque head to its little snub nose. Just the suggestion of eyebrows above the tiny eyes that open and close. A shadow of a smile appears at the appealing little mouth. Little wrinkle celluloid hands with tiny pink fingers. Body is soft with little legs curved. The head can be turned to nestle in your arm. Crying voice. Dressed in long white lawn lace trimmed dress. Long slip; waterproof rubber diaper. Each genuine Bye-Lo Baby wears the little blue Bye-Lo label—no other doll even approaches it either in quality or in its lifelike appeal.

Article No.	Length Doll Only	Including Dress	Ship. Wt.	Each

Complete Playground

Combination Merry-Go-Round, Slide, Seesaw Roller Coaster and Parallel Bars

Slides as Good as This Cost $25 Elsewhere

$14.50

With this outfit a child has a slide 7 feet high and 9 feet long, or it can make a merry-go-round 9 feet long by slipping the pivot pin into center hole of slide support and balancing slide board across top; or by placing slide board across slide support a 9-foot seesaw can be made; or by putting one end of slide board on the slide support and the other end on the ground you have with the little wagon a dandy Roller Coaster. The flanged wheels prevent it from rolling off the board. The rounded parallel bars will be in constant use. Can be used the year around—in yard in summer, in basement in winter. Takes down quickly. Sets up into space 12 by 6 feet. Frame painted green. Best grade lumber throughout. Ship. wt., 90 lbs. · Shipped from Chicago or Factory near Eau Claire, Wis., whichever is nearest you.

Get Ready For Outdoors - Speedy Coasters and Velocipedes

Quick Acting Roller Brake
U-Shaped Channel Steel Bolsters Stronger Than Strap Steel Bolsters
10-Inch Heavy Steel Disc Wheels
Ball-Bearing
¾-Inch Rubber Tires
Heavy Service Steel Chassis
½-Inch Steel Axles
Steward Ball Bearing Coaster

Fine Looking Speed Coaster Wagon

These Wagons are made in our own factory. We buy the steel, the wood and all the other materials and we know they are heavy, durable, first quality. The undergearing is service steel such as is used by our factory in plows and heavy duty farm machinery. These bolsters are U-shaped channel steel, not straps. We have spent four years developing and improving this wagon—never cheapening it and it is our pride—we invite comparison. Order one, try it out and if you cannot join us in this hearty endorsement return the wagon and we will refund all your money. The trial will not cost you a penny.

The body is well seasoned hardwood finished in two coats of hard but elastic varnish in natural color. The wood bottom is fitted together with wedge-shaped tongued and grooved construction and glued under intense pressure making it solid and tight. The 10-inch disc wheels are extra heavy automobile steel, much stronger than is usually found in coaster wagons, and have ¾-inch rubber tires. Only the best quality retained ball bearings are used. The axles are ½-inch steel. The brake has a wood spool for protection of the tires. The wheels are bright red the metal undergearing black. Size of bed, 16 by 36 inches. Shipping weight, 32 pounds. All can be shipped by parcel post.

$4.89 **Made in Our Own Factory**

148 F 1738 ..... **$4.89**

Built the same as Coaster Wagon above except that the wheels are fitted with machine roller bearings instead of ball bearings.

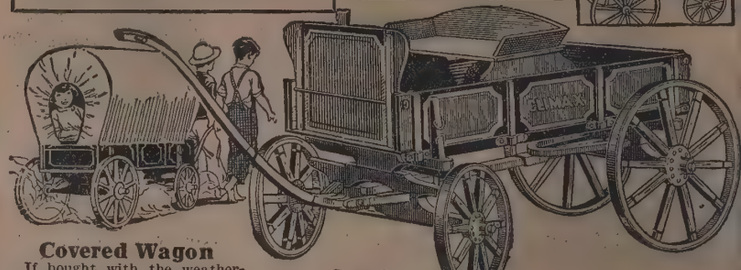
148 F 1725—Size of body, 16 by 36 inches. Double disc 10-inch steel wheels with ¾-inch rubber tires. Shipping weight, 33 lbs. **$4.48**

448 F 1713—Size of body, 12¼ by 27⅜ inches. Double disc, 8-inch wheels with ¾-inch rubber tires. Shipping weight, 21 lbs. **$3.79**

Nos. 148 F 1738 and 1725 shipped from Our Baltimore Store or Factory at Springfield, Ill., whichever is nearer you. No. 448 F 1713 from Store only.

Refer to Our Last Fall and Winter Catalogue For Our Complete Line of Toys

These Wagons Will All Carry Two Full 10-Gallon Milk Cans



Covered Wagon

If bought with the weather-proof khaki cover and detachable steel bows, this Wagon can be transformed quickly into a small covered wagon very much like those the pioneers used in the early days. This cover is absolutely water-proof.

$8.79

Why Pay More?

Dog and Goat Harness Shown on Page 608

No need to pay more when you can buy this practical Farm Wagon for less than others charge for the same, or even inferior, quality. Our large purchases enable us to make a real saving and still give you a better wagon. Thousands are in use, actually doing light work such as carrying milk to the dairy, etc. Removable seat, sides, endgate and bottom. The gearing is just like that on big wagons, with bent hounds and adjustable reach. Hardwood body, reinforced with steel braces. You can attach shafts for goat or dog, or in winter put on sled runners. Front wheels, 13 inches in diameter; ¾-inch rims electrically welded and forced on by hydraulic pressure. Hubs are cast steel, machined to fit ½-inch steel axles. Red gear, green box. Runners and shafts listed below. Can be shipped by freight or express only.

Farm Wagons, Exactly Same as Those Described at Left, but with Bows and Covers

Interesting News from Thrifty Housekeepers

"I save about half on Groceries at Ward's."
Mrs Ella Redding, Crystal, Mich.

"Have used Ward's Groceries for 15 years, I like your canned goods especially—your service is prompt." Mrs. Frances Bittiger, Bradshaw, Neb.

"Your Groceries are always fresh and of good quality." L. Pauline, Wheaton, Ill.

You, too, Can Save on Groceries

IN your community other families are saving a lot of money every month by ordering their Groceries from Ward's. You, too, can make such savings—and you'll receive the very highest quality—and you'll know they are always fresh, because we supply millions of customers.

Keep Ward's Grocery Catalogue Always Near—Compare Prices

Send today for Ward's latest Grocery Catalogue. Keep it at hand, and compare the prices with what you have been paying locally.

Remember, on Groceries as on all other Ward's merchandise, you have our unqualified guarantee of full satisfaction. That guarantee and the uniformly high standard of Ward's quality should be borne in mind as you compare prices, for there is a vast difference between qualities, especially in canned foods. You'll find it worth your while to order your whole season's supply from this Grocery Catalogue.

Figure up a grocery order from Ward's, adding the freight charges; then get a price on the same order right in your own locality, for goods of as high quality. You'll find, as so many others have found, that the freight amounts to only a very small part of the difference in price. The rest is clear saving to you.

Coffee, tea, flour and sugar; cheese, fine hams and bacon; select quality canned goods; cookies, nuts, raisins and flavoring extracts—everything in quality staple groceries. Mail the coupon, and we will send your catalogue by return mail.

"It was so Simple to Build

Better Homes for Less Money

Wardway Homes

He Saved $1,150 by Buying from Us

"My Dresden Ready-Cut Home is the pride of 'Honeymoon Hill,' East Attica. The carpenters and builders say the materials furnished throughout the entire building were the best they ever saw. A certain carpenter said, 'Your sub-flooring is as good as the finish flooring used in most cottages.' I had no trouble assembling the Ready-Cut parts. They fit perfectly. It seemed odd to build a home without waste and scraps. Another house was going up on an adjoining lot while my Dresden was being built, and the contractor hauled away three truckloads of large scraps besides the small pieces which were buried in the yard while leveling up. I am positive I saved at least $1000 on the cost of materials, and another $150 on labor, by buying from you."

S. D. Hankins, Veedersburg, Ind.

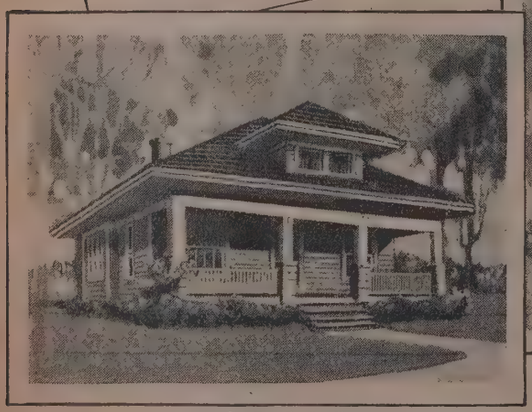
Printed by Permission

WARDWAY HOMES are a triumph of modern methods applied to home building. Highest quality lumber is bought in enormous quantities, at a saving. Skilled machine workers do in a factory many of the operations that used to be done on the job by hand. Waste is eliminated. Middlemen's profits are avoided. You save on the cost of materials, and you save one-third the labor cost—your total savings on a Wardway Home, erected and ready to move in, amount to 25 to 40 per cent of the cost of the same home, built under the old-fashioned plan of retail buying and hand cutting.

And you have the warmest, snuggest, sturdiest construction known to modern science, with our absolute guarantee of perfect satisfaction in every detail, and accurate facts as to every cost before you start to build. No "extras"—no mistakes—no lost time when you build the Wardway.

Ready Cutting at Mill Insures Better Construction

Lumber for Wardway Homes is cut and expertly fitted by special machines at the mill. One machine does the work of ten men on the job. That means lower building costs. Lumber is accurately machine cut to the 16th of an inch. The result is better and stronger construction, a tighter fit at all joints than can be obtained by hand cutting. Mistakes and waste which always result from hand cutting and fitting on the job are done away with on the Wardway Homes. The lumber for the entire building is cut, fitted and ready-to-erect the instant it reaches you.



The Aurora $1612.00 $26.50 A Month

The Panora $2375.00 $39.00 A Month

The Harvard $1875.00 $32.00 A Month

and so Easy to Pay For"

Easy Payments

NOW—today—this very minute—you can start action! No more idle wishing and waiting—envying your friends who own their homes, and wondering how long it will be before you can realize your dreams of a lifetime. All that is finished!

For now your Wardway Home is within reach. Under our new Easy Payment Plan you may buy any Wardway Home on monthly payments which will be less than you now pay for rent. No interest charge for thirty days—no interest payments for sixty days—no payments on principal for four months! Plenty of time to erect your home and move in—you're all through paying rent before your first principal payment is due.

Or, if you own a well located lot, but lack sufficient cash to pay for the erection of your Wardway Home, we can arrange to furnish not only the materials, but also a part of the cash necessary to build.

But first, write for your copy of the new Wardway Homes Catalogue. Act now to make your dreams of happiness come true!

at Direct from the Mill Prices

Wardway Ready-Cut Homes Save You 20 to 40 Per Cent

When you build the Wardway you build the economy way. All lumber is the finest select quality and there is no expensive waste of materials. The average carpenter can erect a Wardway Home in one-third less time than he could under the old method.

Wardway Homes Are Easy to Build

Anyone with even a slight knowledge of building construction can safely erect a Wardway Home—it can be built easily and quickly. All the difficult work is done at the mills. Our simple building plans make every detail easy. The lumber comes to you ready-cut, bundled and marked to correspond with the numbers shown on the building plans. You can't go wrong. There is no confusion or time lost searching for materials when you build a Wardway Ready-Cut Home.

Our Guarantee Protects You

Think of building your home under an absolute guarantee of protection, backed by our 55 years of square and honest dealing and every resource at our command. You take no chance because we have forever eliminated all the hazards of home building. You get guaranteed quality in materials and construction, a guaranteed price with no "extras," and full satisfaction.

Mail the Coupon Today for a FREE Book of Wardway Homes

The new Book of Wardway Homes, beautifully illustrated, tells the true and complete story of these modern homes. You cannot properly or fairly decide upon your home building plans until you have looked through its interesting pages. This book shows you the many advantages of this new, modern way to build. You will be amazed at the big saving you can make. This book is yours for the asking. It will be sent free to anyone interested in building a home at a saving of time and money. Fill in and mail today the coupon below—you will incur no obligation whatever.

GUARANTEE

We Guarantee to furnish you, at the price quoted on each building illustrated in our Wardway Homes Catalogue, all the lumber, lath, shingles, doors, windows, frames, flooring, interior woodwork, nails, tinwork, door and window hardware, paints and varnishes and built-in fixtures necessary to build it according to the illustration, floor plans shown and specifications.

We guarantee that there will be no "extras"; and should there be any shortage or unsatisfactory materials, we guarantee to make the same good.

We fully guarantee all materials to be equal to or better than grades specified. You take absolutely no risk in sending us your order for a Wardway Home, as we absolutely guarantee satisfaction in every detail.

You are fully protected under this guarantee, as we make you the judge.

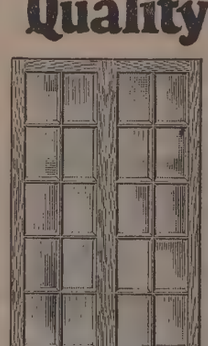
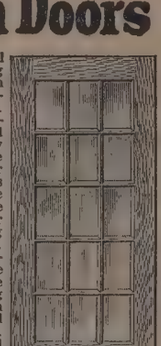
Quality French Doors





One item that will go far toward giving a house distinction is a set of our beautiful French Doors. There are many different places and ways in which they may be used. The single French Door or terrace Door is often used to fill the opening onto the sleeping porch, or for a side opening onto the terrace. Another favorite location for double doors is between the living and the dining room. All French doors are made full 1⅜ inches thick. They are furnished either in clear White Pine or in plain veneered Red Oak, and glazed with double strength glass.

Double doors are made with side and top rails, 2½ inches wide; bottom rail, 8¾ inches and a T astragal is furnished. Average shipping weights: French doors, per pair, 125 pounds; frames, each, 65 pounds.

Check Rail Windows and Frames

274 F 520
274 F 521

274 F 530
274 F 531

274 F 622

The two popular Windows shown above are the most suitable for modern home construction. The two-light design has been the standard for years, and we recommend it for practically all styles of home construction. The Colonial window with upper sash divided is preferred by many as it is more ornamental and helps to eliminate any tendency towards plainness in the appearance of the building. Both are made of the finest quality clear Western White Pine, 1⅜ inches thick. Glazed with select quality Single strength (S. S.) or double strength (D. S.) glass. Plowed and bored for use with or without sash weights. Average shipping weight, each, 30 pounds. State size wanted.

Our window frames are made from the highest quality Western White Pine. Pulley stiles and head jambs, 1⅛ by 5¼ in., plowed for parting and blind stops. Sill, 1⅝ by 7¼ in. Outside casing, 1⅜/16 by 4½ in. Drip cap, 1⅜/16 by 1¼ in. Double or twin frames are double the price plus 35c. Average shipping weight, each, 40 pounds. State size wanted.

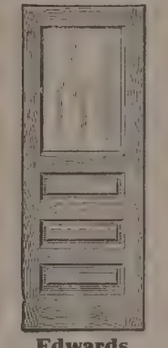
Well Made Exterior Doors

Sacramento

Whittier

Lowell



Edwards

York

In this wide selection of popular Front Doors we have combined the finest quality materials, high grade workmanship and good appearance. The Whittier, Lowell and Edwards doors are furnished in clear White Pine; the Sacramento with White Pine stiles and rails and fir panels and the York in all fir. All doors are "A" grade except the York, which is graded "B" due to some slight imperfection. The Whittier door is 1¾ inches thick. All other doors are quoted 1⅜ inches thick. All except the York can be furnished in the 1¾-inch thickness for $2.45 extra. Shipped carefully smoothed and sanded but unpainted and unvarnished. All doors will take a stain, varnish, paint or enamel finish perfectly. Glazed with either high quality bevel plate of clear glass, except the York which is furnished in clear glass only. We carry in stock only such sizes of the different designs as quoted. State size wanted.

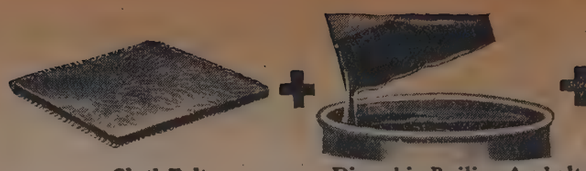
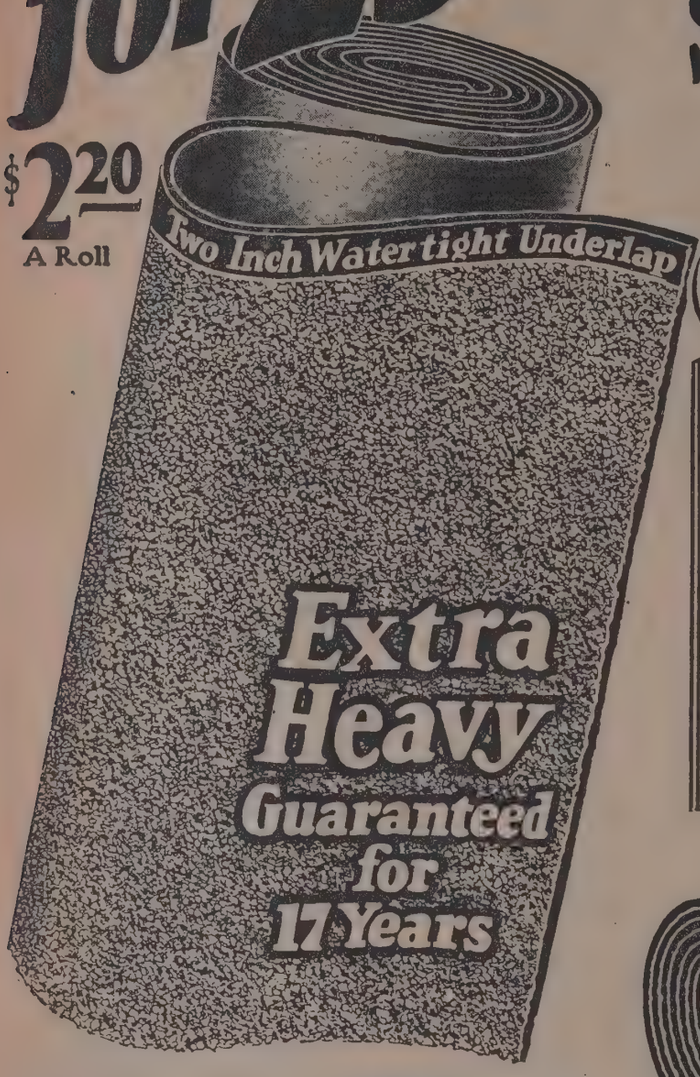
Tested for 25 Years



Cloth Felt
Made of rags—12 pounds of this tough material to every Radio Superslate Roll. Selected for its absorbent long fibers, it must pass a rigid inspection before it is used in Radio Superslate.

Dipped in Boiling Asphalt
Saturating the felt with boiling asphalt, making it water-proof, this specially prepared tough foundation is another reason for long life. Each roll now weighs 30 pounds.

RADIO Superslate has proved every



$2.20 A Roll

Approved by National Board of Fire Underwriters Inc.

Radio Superslate Roofing has been approved by the National Board of Fire Underwriters, and every roll and bundle of both roofing and shingles bears its label of endorsement.

This assures you that Radio Superslate Roofing has passed all their rigid tests conducted in the interest of fire prevention. The label of this nationally recognized authority is your protection.

A New Standard of Roofing Value

It is in years to come that Radio Superslate proves its superiority. A thick layer of age-defying slate in its natural permanent color. A heavy bedding of weather-resisting Asphalt with all the impurities removed. A tough base of long-fiber felt made from **cloth.** Radio Superslate may look like other high grade roofings when both are new but Superslate long-life tests show the amazing results of using only selected materials.

Why We Guarantee Superslate for 17 Years

Radio Superslate will make good and we know it! It has already stood twenty-five years of severest exposure tests, so we are taking no chances at all in guaranting Radio Superslate for seventeen years. We have nothing to conceal in the way it is made or of what it is made. The reasons for its long life are clearly understood when you study the facts so clearly shown at the top of these pages. Such materials as slate, asphalt, and cloth-felt made into roofing, as we make it, are bound to give you years and years of service just as it has done for thousands of others.

We Stand Back of Radio Superslate

At $2.20 a roll for Radio Superslate you get a 17-year guarantee backed by our reputation for 55 years of fair dealing. When you pay a dealer one-third more you should expect a 25-year guarantee. But we know of no retail dealer in America who will stand back of his roofing for twenty-five years. In fact few manufacturers will guarantee their roofing for more than ten years, if at all.

RADIO Superslate Asphalt Roll Roofing

1. **Guaranteed freedom from roofing worry** for seventeen long years.
2. **Protection from fire**—sparks die quickly on its fireproof slate surface.
3. **Warmth in winter and coolness in summer**—its thick asphalt acts as a heat insulator, defying heat or cold.
4. **Security from dampness**—water cannot get through by soaking or seepage—melting snow will not penetrate it.
5. **Permanent colors**—will never taint or discolor rain water—requires no painting or staining.
6. **Economy**—priced one-third less than others ask. Can be applied easily without skilled labor—right on top of an old shingle roof if you like.
7. **Fine Appearance**—it adds to the sale value of a new house or the resale value of an old one.
8. **A perfect roof**—free from wrinkles, warping, shrinking stretching, or sagging—a roof to be proud of for years to come.

Full size, full weight rolls measure 108 square feet—enough to cover 100 square feet of roof, allowing for two-inch laps. Shipping weight, per roll, 85 to 90 pounds. Our Roofing is exactly the same weight as is sometimes offered as 90-pound roofing.

Prices of RADIO Superslate Roofing

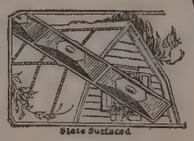
Shipped from our Baltimore, Md. store; Atlanta, Ga.; Factory near Cincinnati, O.; York, Pa.; or New Orleans, La., whichever is nearest you.



Lap-Kaps

We recommend these heavily galvanized metal strips where roofing is to be laid directly on boards. They bind each seam with even pressure and fasten roofing to sheathing boards with a vise-like grip and prevent buckling or warping of laps, making use of liquid cement unnecessary. Packed with our Radio Superslate and Atlas Roofings at slight additional cost.

$3.10 A Roll

85 to 90 Lbs. Per Roll

RADIO Superslate Shingle Design Roofing

Looks like stained shingles, but wears twice as long and costs you only half as much.

Shows the shingle design in clean black lines by a patented process. It is just as easy to lay as plain roofing yet so much more attractive that it is preferred by thousands of home owners. The only difference between the Shingle Design Roll Roofing and Radio Superslate Plain Roll Roofing is the design.

Water-Proof and Fire Resisting

Approved by the National Board of Fire Underwriters. Guaranteed to last 17 years. Rolls are 32 inches wide, 40½ feet long and contain 108 square feet, enough to cover 100 square feet of roof allowing for the two-inch laps. Nails and liquid asphalt cement included free inside each roll.

With Cement and Regular 1-Inch Nails

174 F 46—Red. Per roll $3.10

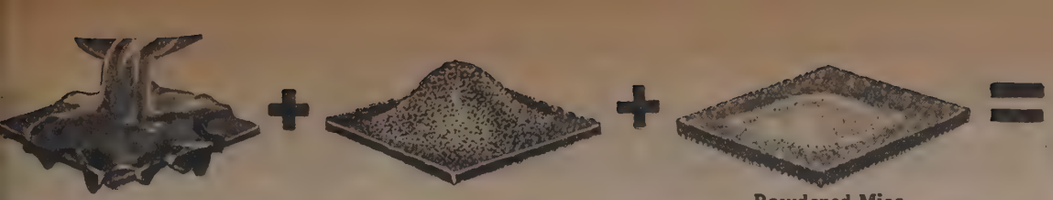
174 F 49—Green. Per roll $3.20

Shipped from our Baltimore, Md. store or Warehouse in York, Pa., whichever is nearest you



Coated with Heavy Asphalt

A 23-pound coating of specially selected weather-resisting asphalt is now applied hot to both sides of the saturated sheet. This asphalt coating effectively seals up the asphalt saturation, which means longer life. When cool it forms a water-proof, fire-retarding base. Almost half the weight of Radio Superslate is asphalt.

Surfaced with Slate

The slate used on Radio Superslate Roofing comes direct from the quarries in its natural color. It is fadeproof and permanent as stone—firmly embedded in the top coating of asphalt, it never wears or comes off. About one-third the weight of Radio Superslate is this wear-resisting, age-defying slate.

Powdered Mica

The bottom surface is now covered with powdered mica to prevent sticking in the roll, making a smooth slippery surface easy to handle.

Send for the Sample—Test It Yourself

Drop a red hot cinder on its Slate covered surface and see why it is approved by the National Board of Fire Underwriters. Soak it in water. Expose it to the blistering sun. Learn why Radio Superslate brings to Ward's customers a New Day in roofing values.

Asphalt Roofing

claim for sturdy dependability

Why Dealers Must Charge More

The dealer is not always to blame for his high prices. His price to you is based on the price he pays. He buys from his jobber; we buy a trainload direct from the factory. The money you pay the dealer must include all the expenses of salesmen and profits of middlemen. You can pay these extra expenses and profits if you like, but you can't get better slate roofing than Radio Superslate.

Our Low Price Is Proof of Our Buying Power

Even with all the improvements offered in this new-day Radio Superslate Roofing, the price has not been advanced. What greater proof is needed that Montgomery Ward & Co.'s cash buying power saves money for our millions of customers? Compare Radio Superslate with any similar roofing you can buy at retail, and you will marvel at the saving we offer—often as much as $1.00 to $2.00 a roll!

Re-Roof Now—Yourself!

No unusual skill is required to make your roof water-tight and attractive with Radio Superslate. Thousands of home owners have done the job themselves—the only tools needed are a sharp knife and a hammer. No need to remove the old shingles—you avoid this litter and dirt when Radio Superslate is applied, and besides, when you are tearing off the old roof and putting on the new, a sudden rain storm might cause considerable damage.

This Is What We Guarantee—

We Guarantee RADIO Superslate Roofing for 17 years. This means that it is made from highest grade materials; that it is free from manufacturing defects, and that it will not wear out or deteriorate under ordinary weather exposure for a period of seventeen years.

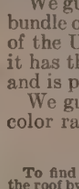
We guarantee that every roll of RADIO Superslate Roofing and every bundle of RADIO Superslate Asphalt Shingles bears the Approved Label of the Underwriters' Laboratories, Inc., which is your assurance that it has the approval of the National Board of Fire Underwriters, Inc., and is positive protection against falling sparks.

We guarantee that Radio Superslate Roofing will not taint or discolor rain water.

How to Order RADIO Roofing

To find the number of square feet of roof surface to be covered multiply the length in feet of the roof by the length in feet of the rafter on one side. Then double this amount and you have the total number of square feet of surface on both sides of the roof. Allow additional for small gables or porches. To find the number of rolls of roofing or squares of shingles required, divide the total number of square feet by 100.

Where roofing is to be laid over an old roof or over old wood shingles order the rolls packed with 1¾-inch nails and asphalt cement. If asphalt shingles are used, order separately extra long nails 74 F 196 shown below. We will be glad to estimate amount of roofing needed if you will send us the dimensions.



Roofing Nails

Galvanized and rust-resisting with large flat heads for use with Radio Superslate Shingles.

Amount of Nails Needed Per Square

Kind of Shingles	1¾-inch Nails for laying over old wood shingles	1-inch Nails for laying over sheathing boards

"Believing you will be interested in a report from us as to how we are pleased with the Roofing that we recently bought from you to cover one of our large manufacturing buildings, we advise that it is without exception the best prepared roofing we have ever seen. It is heavy and well covered with slate, and makes an excellent appearance on our roof; and besides, we saved a lot of money by buying it from you.

"It will give us pleasure to answer inquiries of any of your customers."

$2.05 A Roll for Heavy Grade Atlas Mica Surfaced Asphalt Roofing

Superior, Pound for Pound, to Any Smooth-Surfaced Roofing Made
Approved by National Board of Fire Underwriters, Inc.

Put on ATLAS and forget about your roofs. It is one of the best investments that you, as a home owner, can make—gives many years of protection to your building—its initial cost is low—makes your roof spark-proof, weather-proof and climate-proof. Remember, too, that you can lay it yourself quickly. By ordering ATLAS and doing the work yourself you save both on the purchase and the installation. It is our best smooth surfaced roofing made extra heavy of felt, thoroughly saturated and coated with specially selected asphalt and surfaced on both sides with flaked mica. ATLAS Roofing has all the fire, acid, water, wear and weather-resisting qualities that every high grade roofing must have. The smooth, pliable coating gives it a durable uniform wearing surface. A hammer and jack-knife are the only tools needed. You can, if you desire, lay it right over an old wornout shingle roof. Read "How to Order" on Page 433.

Guaranteed 12 Years

Heavy and Extra Heavy ATLAS Asphalt Roofing is approved by the Underwriters Laboratories, Inc. Heavy is guaranteed for 12 years and Extra heavy for 16 years. Order rolls of ATLAS with 1¾-inch nails and cement for use over old roofing. Each roll of 108 sq. ft. covers 100 sq. ft. of roof surface, allowing for 2-inch laps. Rolls contain large head galvanized roofing nails and Liquid Asphalt Cement with directions for laying. Divide total number of square feet in roof by 100 to find number of rolls needed.

$1.55 Per Roll — Ward's Lakeside Roofing

Guaranteed For 7 Years

A good grade corrugated surface (talc finish) asphalt roofing at a moderate price. Weather-proof, water-proof and fire resisting. Unaffected by extremes of temperature or by rain or snow. Made of a good grade Roofing Felt saturated with genuine asphalt and coated on both sides with a layer of specially selected asphalt.

Lakeside Asphalt Roofing is guaranteed for 7 years, but usually outlasts this period. Rolls are packed complete with large head galvanized roofing nails and liquid asphalt cement for the laps. Rolls contain 108 square feet, enough to cover 100 square feet of roof surface with 2-inch laps allowed for. Actual and shipping weight, per roll, 45 pounds.

474 F 32—Per roll... $1.55

Shipped from Baltimore; York, Pa.; Factory near Cincinnati, O.; Atlanta, Ga., or New Orleans, La., whichever is nearest you.

$1.05 Per Roll — Ward's Combination Roofing

Low Priced Roofing

To meet the demand for a good serviceable Roofing at a low price, for covering inexpensive structures or for temporary work, we offer Ward's Combination.

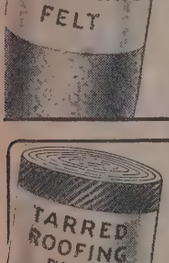
A good grade of roofing felt, thoroughly saturated and coated with asphalt. It then receives a dusting with talc to prevent sticking in the rolls.

Rolls contain 108 square feet, enough to cover 100 square feet of roof surface with 2-inch laps allowed for. Packed complete with large head nails and liquid asphalt cement for the laps. Actual and shipping weight, per roll, 35 pounds.

474 F 87—Per roll... $1.05

Shipped from Baltimore; York, Pa.; Factory near Cincinnati, O.; Atlanta, Ga., or New Orleans, La., whichever is nearest you.

Building Papers and Felts
It's Cheaper to Build a Warm House than to Heat a Cold One



Deadening Felt

Prevent annoying sounds and miles of footsteps from the floor above by using Standard Deadening Felt. It acts as an insulator in the side walls—protects from frost—keeps the cold out and the heat in. Adds greatly to the comfort and warmth of the home. Fine to use underneath linoleum, carpet or rugs. Each roll contains about 450 square feet. Width, 36 inches. Actual and shipping weight, per roll, 50 pounds.

474 F 237—Per roll... $2.65

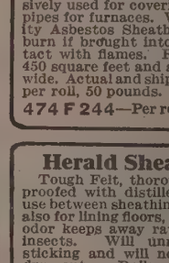
Red Rosin Sized Sheathing

For use under siding and between floors. Best pulp paper stock with a hard smooth surface, thoroughly rosin sized. Rolls contain 500 square feet and are 36 inches wide. Actual weight same as shipping weight.

474 F 218—Light. Shipping weight, per roll, 20 pounds. Per roll... $ .65

474 F 220—Medium. Shipping weight, per roll, 30 pounds. Per roll... .98

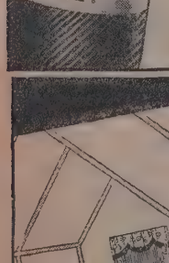
474 F 223—Heavy. Shipping weight, per roll, 40 pounds. Per roll... 1.30



Asbestos Felt

An excellent insulator for lining buildings, refrigerator cars, ice houses. Deadens sounds when used between floors and for general building purposes. Extensively used for covering warm air pipes for furnaces. Ward's Quality Asbestos Sheathing will not burn if brought into direct contact with flames. Rolls contain 450 square feet and are 36 inches wide. Actual and shipping weight, per roll, 50 pounds.

474 F 244—Per roll... $2.85



Tarred Roofing Felt

Highest quality tough Felt saturated with distilled tar. Fine for roofing sheds and temporary structures and for general sheathing purposes. Suitable for use under stucco and brick veneers. Order tin caps and nails separately. Use 1½ pounds tin caps and 1 pound nails to each roll. Roll contains about 400 square feet and is 32 inches wide. Actual and shipping weight, per roll, 60 pounds.

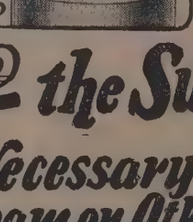
174 F 249—Per roll... $2.30

Blue Plaster Cardboard

A tough Cardboard of very strong texture, used for sheathing walls and ceilings of temporary buildings, attics, cellars, garages and summer cottages. Applied over boards or direct on studding with large head tacks and covered with wood panel strips at the seams. Width of rolls, 36 inches. Actual weight same as the shipping weight.

474 F 234—Rolls of 250 square feet. Shipping weight, 30 pounds. Per roll... $1.00

174 F 235—Rolls of 500 square feet. Shipping weight, 60 pounds. Per roll... 1.95



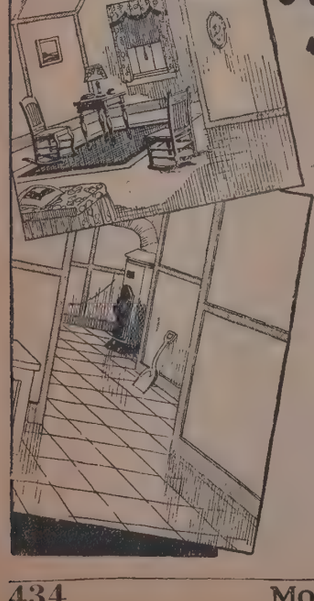
Herald Sheathing

Tough Felt, thoroughly waterproofed with distilled tar. For use between sheathing and siding; also for lining floors. Its faint tar odor keeps away rats, mice and insects. Will unroll without sticking and will not shrink or dry out. Rolls contain 500 square feet. Width, 36 inches. An unusually strong, durable sheathing. Actual and shipping weight, per roll, 42 pounds.

474 F 226—Per roll... $1.95

Ward's Superb the Superior Wallboard

No Painting or Decorating Necessary
Salmon Shade on One Side—Cream on Other



52¢ A Sheet 16 Square Feet

Money cannot buy a better value in fiber Wallboard than Ward's four-ply Superb. It is strictly a high quality product not to be confused with the cheaper unpainted wallboard sold by some stores.

By a special manufacturing process Superb wallboard is finished with a cream color surface on one side and a salmon shade on the other. Either side may be exposed to view, offering a harmonious color scheme for ceilings and sidewalls. No other decoration is necessary. With Superb wallboard you save from $5 to $10 for the first coat of paint; and best of all, your room is ready for occupancy as soon as applied.

If you prefer you can have, for moderate cost, other color combinations by simply applying one coat of paint or Kalsomine (see Pages 436, 437 and 442), as the surface is given the priming coat at the factory. Superb wallboard is 3/16 of an inch thick, made by securely cementing together four layers of thin, tough fiber-board of clean, strong, wiry wood fibers rolled under enormous pressure. Its hard, smooth finish can be washed with soap and water without injury. It is cleaner to use and much less costly than lath and plaster. For $13.25 you can finish a room 10 by 12 feet with 8-foot ceiling. Excellent for either new or repair work in attic, basement, or for partitions.

Another advantage is its permanence. Once up it never requires renewing, for it does not crack, chip or fall off. Beautiful panel effects may be obtained by using Superb Panel Strips over joints. When applying wallboard, use a fine lath nail such as 84 F 8205 on Page 543. Order 1 pound for every 150 square feet of board.

Due to danger of damage in shipping, we cannot accept orders for less than three sheets.

Easy To Apply

Anyone can apply Superb Wallboard direct to studding in new construction or over old plaster. The only tools required are hammer and saw. No additional headers or extra support required. Wide sheets extend over two or three studding, requiring fewer joints and you can select lengths which will reach from floor to ceiling. Easily sawed and nailed without danger of splitting. Sample sent free on request.

Shipped from Baltimore or Factory at Buffalo, N. Y., whichever is nearest you.

Ward's LIQUID ROOF CEMENT
A Plastic Compound Applied with a Brush in a Coating 1/32 inch in Thickness
Water-proof, Sun-proof, Weather-proof
Montgomery Ward & Co.

Liquid Roof Cement

Trowel Roof Cement

Contains No Coal Tar

A heavy plastic compound of asbestos fibers and pure asphalts that you can easily and quickly apply with a trowel. Similar in composition to our Liquid Roof Cement except of a thick putty-like consistency. Forms a thick coating that will protect and preserve your roofs against weather wear. Used for coating the entire roof or for repairing flashings around chimneys, porches, flues, holes in roofs, skylights, gutters and leaks of all kinds. Trowel Roof Cement will waterproof and stop all leaks. Sticks to any surface and will not taint or disco or rain water. Will not get hard and brittle in the winter or soft in summer. A durable inexpensive roof cement that will add many years to the life of your roof. A coating of Roof Cement on your old, leaky roof now may save you from buying a new roof for many years.

Absolutely contains no coal tar. You will appreciate the smooth spreading and long wearing qualities of this roof coating. Unless the roof is in bad condition, Trowel Roof Cement applied 1/16 to 1/8 of an inch thick is sufficient. When so spread 40 pounds will cover about 100 square feet of surface. See "Estimated Total Freight Charges" below at left of page.

The 50-pound pails and larger sizes shipped from stock in Warehouses near Baltimore, Md.; 50-pound pails and smaller sizes also shipped from stock in Baltimore, Md., whichever is nearest you; 5-pound cans from Baltimore only.

An Asphalt and Asbestos Product—Contains No Coal Tar

A thick black liquid of paintlike consistency. Can be applied with a brush—spreads easily and evenly. It is an asphaltum and asbestos fiber product which is very adhesive. **Contains no Coal Tar,** which tends to soften and run in hot weather and crack in cold weather. The long fiber asbestos creates a matted coating, insuring unusual weather-resisting qualities. It also gives the necessary body to prevent running or bulging under a hot sun. Proper blending of the asphaltum prevents Liquid Roof Cement from becoming hard and brittle.

Non-poisonous and will not taint or even discolor rain water. Use it on any roof, flat or slanting. A single coating about 1-32nd of an inch thick is usually enough to thoroughly seal cracks, leaks or holes in any kind of material. Makes metal, slate, tile, felt, paper or composition, thoroughly water-proof. Where roofs are badly sunken or large cracks or holes occur, use Trowel Roof Cement, listed at the left, for filling them before spreading Liquid Roof Cement. Such repairs should last for 7 years or more. This is the simplest and most economical method of repairs and at only a fraction of the cost of a new roof. You can apply it yourself with one of our roof brushes listed below.

One gallon of Liquid Roof Cement will cover 100 square feet of surface when applied on a tin or sheet metal roof, 65 square feet on paper, composition, felt or concrete roofs. (For old shingle roofs, we recommend Ward's Heavy Roof and Fence Paint listed below.)

See "Estimated Total Freight Charges" at bottom of page.

Heavy Roof Paint

80¢ A Gallon In 50-Gallon Barrels For Black

Sticks to Either Metal Or Wood

This heavy Oil Paint contains enough asphaltum to guarantee its sticking to iron, tin or other metals as well as it does to wood. Forms a tough, durable film over the surface which resists all kinds of weather. Adds years of service to old roofs. Use this heavy paint on your roof now and you will save the cost of reroofing for many years. A timely coat of this protective roof paint will also prolong the life of a new roof. Recommended for use on tanks, windmills, etc. One gallon covers 200 to 300 sq. ft., one coat.

Made According to Specifications of the American Society for Testing Materials, and

Endorsed by the U.S. Government

A high quality, refined Creosote Oil, the result of many years experimenting. Its great preservative qualities will prolong the life of fence posts, joists, sills, or any wood. Penetrates deeply, seals the pores and protects the wood from ground moisture, decay, and damage from boring insects and fungi. Adds years to the life of the wood, thereby saving many times its cost in repairs and replacements. Best results are obtained by heating the Creosote Wood Preservative before dipping.

Stains Wood a Nut Brown Color

Excellent also as a stain and preserver for shingled roofs, and as a disinfectant and lice killer for hog pens and hen houses. Five gallons sufficient to treat 100 fence posts dipped to a depth of 2½ feet; one gallon will cover 100 square feet of surface, two coats. **See "Estimated Freight Charges" at left.**

Is Your Roof Beyond Repair?

Our high quality roof preservatives will add many years of life to your roof, providing it is not beyond repair. It always pays to apply these coatings before your roofs begin to deteriorate. However, if they are in very bad condition, we recommend that you turn to Pages 432 to 434 and estimate the low cost of re-roofing with Ward's Guaranteed Roofings. Our famous RADIO Slate Surfaced Roofing will give protection from the weather and add greatly to the appearance and value of your home, yet it costs little compared to the service it renders.

Coal Tar Pitch

For gravel or tar roofs and for waterproofing foundations below the ground. Melt and apply while hot with a long handle roofing brush, such as listed above at the left. Coal Tar is sometimes added to the hot pitch for roof coating. We do not believe you can buy a better pitch anywhere for the money. Prices subject to market changes.

We do not fill orders for less than 350 pounds. You can order any number of pounds greater than 350.

Gloss or Eggshell Finish

Put Sunshine Into Any Room With TOWERLITE White Enamel

A Pure White Enamel That Stays White

Anyone, in a few hours, can add new charm to one's surroundings with this beautiful porcelain-like finish. It naturally reflects the light and makes any room brighter and more attractive. Towerlite Enamel is exceptionally fine for woodwork throughout the home, also for plain and paneled walls of kitchen, bathroom, bedroom, nursery, or laundry. Furniture requiring a durable and lasting pure white finish, can be made strikingly beautiful with Towerlite Enamel.

It flows freely under the brush, leaving no brush marks; quickly dries dust-free and hard in twenty-four hours. Will not crack, chip or peel, and can be easily washed with soap and water.

One or more coats of Towerlite White Undercoat (listed below) forms a perfect foundation for Towerlite Enamel. Furnished in gloss or eggshell (semi-gloss) finish. One gallon of Towerlite will cover 200 to 250 square feet with two coats. Shipping weights: 2, 3, 4, 15 pounds.

Nu-Kitchen Enamel Washable Sanitary Wall Finish

$3.50 A Gallon

A new, fast drying, white Enamel made especially for use on kitchen walls. It will make your kitchen the brightest, most sanitary room in your home. Also used with excellent results on bathroom or bedroom walls where a glossy, washable finish is desired. Nu-Kitchen gives an exceedingly durable, satin-luster finish that will wash "pure white" just like marble, leaving the finish clean and bright as the day it was applied.

Anyone can put on this special kitchen paint with remarkable results. It flows on smoothly and evenly without the sign of a brush mark or lap. Grease and dirt from the kitchen stove have no effect on its "porcelain like" finish as they can be washed off easily with soap and water. One or two coats of our Towerlite White Undercoat listed above at right forms a perfect foundation for this beautiful finish.

You Can Refinish the Walls of an Average Room for 35¢

Sanitary-Inexpensive-Won't Rub Off

FOR as little as 35¢ per room you can now have fresh, bright walls every season. Wardway Kalsomine will make your rooms cheerful and attractive, and you can be sure the walls are clean and sanitary. It covers well—only one coat is needed. Quickly prepared by simply mixing with water, and is easily applied. By following directions on package, you can do a good job yourself.

Can Be Applied Over Any Surface

Wardway Kalsomine can be applied over painted, enameled, varnished or shellacked surfaces, if clean and dry; or over paper, wall board, wood, stone, brick or plaster. A sponge and water will remove quickly old kalsomine and discoforations. Twelve delicate tints are listed below, so you can choose the color most becoming to your room. Dries quickly—is non-poisonous—will not rub off, crack or peel. One four-pound package will decorate about 400 square feet of smooth boards or 150 square feet of rough surface. For beautiful border effects use stencils listed below.

Choice of white and twelve beautiful colors. State color wanted.

Fresco Wall Size

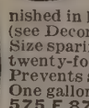
For use over new or unpainted plaster, cement or wallboard. It is a splendid undercoat for kalsomine and for Wardway Flat Wall Finish, Household Paint or Enamel. Furnished in liquid form. Not suitable for wall papering, (see Decorator's Wall Size below). Apply Fresco Wall Size sparingly and brush out thoroughly. Allow at least twenty-four hours to dry before applying a finishing coat. Prevents suction and prepares the surface for painting. One gallon treats from 400 to 600 square feet of surface.

575 F 8736—1-quart can. Shipping weight, 3 pounds..... $ .47

575 F 8738—1-gallon can. Ship. wt., 12 lbs..... 1.46

475 F 8739—5-gallon can. Ship. wt., 50 lbs..... 6.75

Decorators' Wall Size



25¢ A Pound

For sizing surfaces of plaster, wood, wallboard, burlap or canvas before hanging wall paper or before painting or kalsomining. It is a suitable under-coat for Wardway Flat Wall Finish, and Kalsomine. Kills water stains, stops suction and gives a safe foundation for wall paper or paint. Apply either hot or cold. Easily mixed with water. It will keep for several weeks in hot weather. One pound makes 1½ gallons of size, enough for the walls and ceiling of the average room. Shipping weights: 1 pound 4 ounces and 15 pounds.

575 F 8950—12 packages..... 2.75

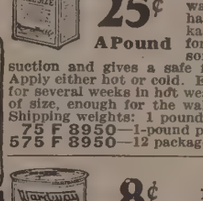
Wall Paper Cleaner

8¢ A Pkg.

For cleaning wall paper, flat paints, window shades, burlaps and rugs. Makes your walls look like new. Not injurious to the hands or surface upon which it is used. It is an excellent wall paper cleaner because it does not streak or smear; is never soggy or sticky. Safe to use; works easily and quickly. Just rub the surface to be cleaned.

86 F 856—Per package. Ship. wt., 2 pounds..... 8¢

586 F 856—12 packages. Ship. wt., 15 pounds..... 90¢



Wardway Patching Plaster

5-Pound Package 32¢

Anyone can use Wardway Patching Plaster. It is a specially prepared compound put up in dry form and needs only the addition of water to make it into plaster for patching purposes. Use it for patching broken stucco and cement surfaces or for mortar pointing between bricks. It will not shrink as does Plaster of Paris. The patch will stay—it will not crumble, crack or fall out. It is not necessary to shellac over it because it does not show through when you paint, kalsomine or paper. It hardens slowly—in from 30 to 40 minutes time so you do not have to hurry to complete your job.

Dry Bronze Powder

Finely ground Bronze of high quality for gilding or decorating radiators, and picture frames. The brilliant colors are also used for effective polychrome work on lamps, candlesticks and mirrors, frames and for bronzing statuary.

To prepare, simply mix a small quantity at a time to fairly heavy consistency; this will require about a pint of Banana or Bronzing Liquid to 6 ounces of bronze—except aluminum, which takes four ounces. The dry bronze is sifted over freshly painted or varnished surfaces in some forms of decoration.

Brighten Your Home

Anyone Can Apply These Durable Varnishes

Marproof Floor Varnish

$2.65 A Gallon — A Tough, Wear-Resisting Floor Varnish

Protect and beautify your floors with Marproof Floor Varnish, and you will see why thousands of our customers will use nothing else. It is a high quality varnish of great strength, especially prepared to resist the hard wear such as only floors receive. It dries quickly with a tough elastic finish of high luster. While low in price, it will outlast widely advertised floor varnishes selling at much higher prices.

Floors finished with Marproof Special Varnish are well protected. Hot and cold water make absolutely no impression on it. Your halls and kitchen floors that receive such hard and constant wear and must be scrubbed repeatedly are safe from all heelmarks, scratches and scars when protected by Ward's Marproof Floor Varnish. Dries over night, so that you can walk on it the next day. You save money when you buy this fine quality floor varnish and we stand firmly behind it with our 55-year-old policy of "Satisfaction Guaranteed or Your Money Back." You can flow it on easily and quickly with one of our quality brushes listed on Page 446.

Ward's Color Varnish

64¢ A Quart

Refinish the floors, woodwork and furniture in your home with Co-Var Finish in any color you desire. It is a hard drying, fine quality color varnish which not only renews the original luster, but colors the wood to resemble the wood you like best.

You don't have to spend time removing the old finish when Co-Var is used. Just apply it right over the surface whether it is paint, stain, enamel or varnish. Odd pieces of furniture can be made to match each other. The woodwork and floors can be given a brilliant new-like luster in a color to harmonize with your furniture. One coat is usually sufficient. It colors and varnishes with one stroke of the brush. If a darker shade is desired, apply another coat. When putting a lighter color over a dark surface, apply a coat of Number 192 Ground Color first.

Choice of five popular colors; also Natural and Ground Color. Make your selection from list below or refer to Page 442 where colors are shown.

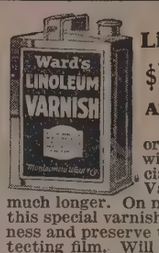
How To Order Varnishes

One gallon of Ward's Quality Varnishes will cover about 600 square feet of hardwood or about 400 square feet of softwood, with one coat, over new or unfinished surfaces. On surfaces that have been previously finished, one gallon will cover about 600 square feet.



Special Linoleum Varnish

$1.95 A Gallon — Durable, Glossy, Elastic

Cover your linoleum or oilcloth occasionally with a coat of this specially prepared Linoleum Varnish, and t will last much longer. On new linoleum or oilcloth this special varnish will retain the brightness and preserve the pattern with a protecting film. Will not crack or check. A single coat revives faded color and provides a bright luster on old linoleum or oilcloth covering. Inlaid linoleum or linoleum that has been waxed should be thoroughly cleaned with turpentine before varnishing. Ward's Linoleum Varnish is a real money saver.

Wardspar Varnish

$2.95 A Gallon — For Interior Or Exterior Work

Wardspar Varnish is widely used for fine interior finish; for floors, table tops, chairs or any surface which gets unusually hard wear.

Tough and weather-resisting, Wardspar is also an excellent varnish for outside jobs, such as porch ceilings, boat decks, airplanes, vestibules or doors. It dries in six to eight hours, giving a bright, hard finish which will stand rain, sleet, snow or the hot summer sun.

An Elastic, Wear-Resisting Varnish

Anyone can apply Wardspar and secure results equal to those of similar advertised varnishes selling at much higher prices. Kitchen, bathroom and other woodwork that requires frequent washing should be finished with Wardspar as it is not affected by hot or cold water and constant washings will not turn it white. Lasts an unusually long time under the hardest wear. Whenever a tough, durable, wear and weather-resisting finish is required, choose our Wardspar and you will be assured a highly satisfactory job.

Ward's Penetrating Wood Stain

A single coat gives new wood a soft stain effect on which you may use either lacquer wax or varnish, depending on whether you want a dull or a glossy finish. It does not raise the grain but merely penetrates and stains the wood, bringing out all the beauty of the grain. Used for new work or on old work after the varnish or paint has been removed with our Paint and Varnish Remover.

No experience is needed to apply Ward's Penetrating Stain. Various effects can be obtained according to the amount of stain applied and the time allowed for penetrating. To get a light effect, wipe off the stain quickly after applying. If a darker shade is desired, permit the stain to remain a few minutes before removing. All you need is a soft brush and some cheesecloth. Simply follow the directions on the can. Then apply a coat of Shellac listed on Page 445 to prevent staining the varnish, wax or lacquer coat that follows.

New Beauty for Floors

Ward-Lac Dries Hard in One Hour Does Not Scratch or Mar

65¢ A Pint

The newest and the most practical preparation for finishing new or old floors, furniture and woodwork, and restoring all their original beauty. You should not confuse it with ordinary varnishes. Ward-Lac when dry looks like a varnish, and is not affected by water nor will it discolor from wear. Dries with a toughness and durability that cannot be found in everyday floor varnish, and with a natural gloss finish that resists heelmarks and scratches. Floor can be walked upon one hour after Ward-Lac is applied.

Can Be Applied Directly Over Old Finish

Second coat can be put on thirty minutes after the first is applied. One gallon covers 350 square feet, one coat. It can be used over varnished surfaces without removing old finish, except where varnish is badly worn and discolored; then use Varnish Remover before applying Ward-Lac. If Ward-Lac requires thinning, use only Ward-Lac Thinner. Include a can when ordering Ward-Lac. Necessary for cleaning brushes. Full directions on can.

Liquid Paint and Varnish Remover

Ready to Use

When woodwork has become so badly marred or checked that no amount of painting or varnishing will improve its appearance, it is best to remove the old finish before applying the new. To do this simply apply our Paint and Varnish Remover with a brush and in a few m utes it has cut and softened the old finish so tha may be removed with a scraper or steel wool listed Page 445. No other remover has greater strengt works more rapidly than ours. Usually one appli tion is sufficient to clean a surface. Paint and Varr Remover will not injure the hands or discolor wood to which it is applied, nor does it take out filler or stain that is in the wood.

75 F 7796—1-pint can.	Ship. wt., 1 lb. 4 oz...	$	.

Paint and Varnish Remover (Powder Form)

One pound of Powdered Paint and Varnish Remover m with two gallons of water makes an effective and econon preparation for removing paint and varnish. It is harm to hands and clothing and will not discolor the wood. Use removing paint and varnish preparatory to refinishing, when diluted for cleaning woodwork before painting. Exce for removing paint from glass, marble and metal. You wash your overalls in it without injury to the fabric.

New Enlarged Book of Wall Paper Samples Free

Exclusive
WALL PAPERS for 1927
Montgomery Ward & Co.
CHICAGO · KANSAS CITY · ST. PAUL · BALTIMORE · PORTLAND, ORE. · OAKLAND, CALIF. · FT. WORTH

Priced as Low as 3¢ a Single Roll

Sold in Double Length Roll Only

NEW! Entirely different from any other Wall Paper Sample Book we've ever offered! Larger — finer — more interesting than ever. YOUR COPY is ready — wrapped — waiting. Just send your name and address on the coupon below and we'll mail your sample book at once — FREE.

Every sample is a generous new size—one hundred square inches of actual wall paper, each with its own special border reproduced right across the top. It shows you exactly how the paper will look on the wall.

Its wide selection of patterns brings you the newest fashion in wall papers of every kind, for every room—choice creations of twelve great wall paper mills. Naturally this means greater variety of pattern and color, and a wider range of price, than would be possible for the store that secures its papers from a single mill.

When you remember Ward's is the Wall Paper Store for over six million families throughout the country, and that we sell direct to you, it is easy to see how we can save you so much money—actually half the usual retail prices!

You Can Redecorate an Entire Room for Less Than a Dollar

You can choose papers for as little as 3¢ a single roll—enough side wall, border and ceiling to do an entire room, for less than a dollar. Or you may select papers of the same exclusive styles you would find in a city shop, the only difference being that our price is probably less than half! If you have always considered lovely wall paper expensive, you will be astonished at what five or ten dollars invested in Ward's new papers will do to transform your home—more, unquestionably, than the same amount spent in any other way.

Another special feature of our new book: It shows you in full color, pictures of actual rooms, charmingly arranged to carry out the newest ideas in interior decoration. It gives you a simple, easy-to-understand talk on how to choose wall paper to make every room look its best—to make the small room look larger, the dark room look brighter. It will make the selection of your wall paper easier and more interesting than ever.

Don't fail to get your copy of this big new book. Remember, it is waiting for you. Why not send the coupon today?

Bigger than Ever— Easier to Choose from

Everybody is Praising THIS WONDERFUL NEW LACQUER
Its Popular Brilliant Colors-Its Wear-Resisting Quality

Shabby Furniture or Worn Floors Lacquered Today Dry Bright and New for Use Tonight

Ward-Lac Brushing Lacquer solves your redecorating problems — easily, quickly, and with minimum effort on your part. Floors, woodwork, furniture, toys, bric-a-brac—completely refinished in shining beauty with your favorite colors, and ready for use in a few hours. In half an hour the first coat is dry enough to be ready for the second—if a second is needed. In most cases one coat is sufficient. Not a paint—not a varnish—not an enamel—but far better than any of these, for Ward-Lac Brushing Lacquer dries with a rich gloss, so hard that it is affected not at all by boiling water or hot dishes, and stands the wear of scuffing feet.

In the course of only a few hours time you can refinish your kitchen, porch or bathroom floor with this fast-drying, durable lacquer and settle it again, ready for use. You can get any desired color by mixing the lacquers as indicated on the opposite page.

Every Day You'll Find Another Use for This New Lacquer

Wicker furniture and baby carriages, breakfast sets and book-racks, tables and toys—any surface of wood, metal, or concrete takes Ward-Lac Brushing Lacquer perfectly. But floors show its real permanence—especially porch floors, where storm and sunshine leave its beautiful surface unimpaired, year in and year out. Splendid for basement floors.

Colors? Any color you wish! Eight of the most popular primary colors, plus white and black, come ready mixed. By combining these according to your own wishes, you can achieve any desired tint or shade, easily and quickly.

Ward's Protective Auto Varnish

$2.85 A Gallon

Apply a coat of Ward's Lustrous Automobile Varnish to that dull, faded car, and see the difference you make in its appearance. It brings out the original color and adds a high long-lasting gloss. Greatly prolongs the life of the finish. Protects it from the harmful effects of rain, snow and mud.

We recommend that you add a coat of Auto Varnish after painting your car because it serves as a protection for your enamel finish. It spreads easily, wears long, dries free from dust in 6 hours.

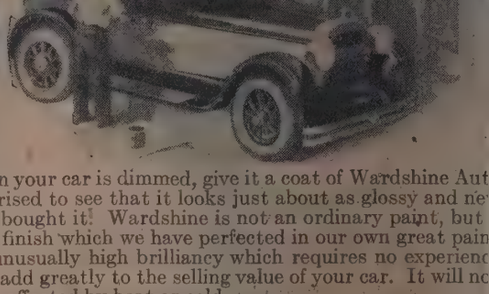
The Popular New



Wardshine Auto Enamel

If the original finish on your car is dimmed, give it a coat of Wardshine Aut Enamel. You'll be surprised to see that it looks just about as glossy and ne as it did when you first bought it. Wardshine is not an ordinary paint, but high quality automobile finish which we have perfected in our own great pain factory—an enamel of unusually high brilliancy which requires no experienc to apply, and which will add greatly to the selling value of your car. It will no crack or chip, and is not affected by heat or cold.

Dries Hard Over Night—Ten Popular Colors

Wardshine flows on smoothly and dries overnight to a hard, glossy finish which will keep its brilliance for years. No matter how old the car is, Wardshine will make it look young again. Rust spots disappear—unsightly cracks and chips on the old finish are covered up—a five-year-old automobile takes on the appearance of a new car fresh from the factory under the magic of Wardshine. Dollars in value added in a few hours—and the cost to you is only a few cents and a little time.

You'll find all the newest, most popula colors in Wardshine. Many motorists lik to change the color of their cars, eve though the original finish may still be goo Ship. wts.: 2 lbs.; 2 lbs. 4 oz.; 1, 4 and 11 lb

Lacquer Your Car This Morning Drive it This Afternoon

Nu-Car Automobile Lacquer now makes possible for you to refinish your own ca with a brilliant lustre—in any color you wis —and drive it the same day. Not only does dry in less than two hours, but the beautifu glossy finish of Nu-Car is permanent—it wi withstand storm and sun for years. You be more pleased with your car after you' dressed it up with Nu-Car—and it will b worth a whole lot more when you want t sell it. A quart will complete the job on small car, and an extra pint is needed for large car. Nu-Car is also excellent fo touching up worn or rusted spots.

Nine Beautiful New Colors and Black

See the nine beautiful colors of Nu-Car on the opposite page—and remember that with Nu-Car you can do better work, as it dries before dust has time to settle on it, leaving a smooth surface free from dust and grit.

For a further selection of colors, see Ward-Lac Brushing Lacquer on this page—which is also a splendid automobile lacquer similar to Nu-Car. Additional colors may be easily secured by mixing two or more shades of Nu-Car or Ward-Lac Brushing Lacquer. You can brush it on quickly and easily, without experience.
